LB 408

resolution for an interim study on state aid to private schools and tuition tax credit. So if you give us tuition tax credit, and if you give us state aid to private schools, we'll gladly do away with bingo. Thank you.

SPEAKER NICHOL: Anybody else wish to speak? I have some lights on, but I don't think you mean it. Senator Hall. Senator Hall, would you like to move? I was calling on Senator Hall to move the bill.

SENATOR HALL: Mr. President, I would move that LB 408 be advanced from Select File to E & R for Engrossment.

SPEAKER NICHOL: Did you wish to speak on it? Okay. Senator Chambers.

SENATOR CHAMBERS: Mr. Chairman and members of the Legislature, I mentioned Senator Hefner by name because I had some information that may be incorrect. So I have to ask him a question. Senator Hefner, do you sell pickle cards in your establishments? Do your establishments sell pickle cards?

SENATOR HEFNER: Senator Chambers, as I said the other morning on this floor, that yes, there is one of our businesses selling them.

SENATOR CHAMBERS: So you aren't going to vote on this bill, are you?

SENATOR HEFNER: I plan to, yes.

SENATOR CHAMBERS: Thank you. Hmmm.

SPEAKER NICHOL: Is that the end of your statement?

SENATOR CHAMBERS: No. This is interesting. It requires a moment of thought and reflection, and Senator Labeledz said prayer. Pray for me, Senator Labeledz. How can a person vote on a bill that is going to benefit him, personally, and directly, and not have a conflict of interest? But somebody else, who flies helicopters to blow up ice in the river to protect down river people, who works hard on the farm, who has raised almost a baker's dozen children, works very hard, going to have a conflict of interest for going into a business? It goes back to what I said on that germaneness
