

am not saying they do, that they ever have or ever will, but it would not be unheard of in government for some of us not to take full responsibility for our actions. I think it is important, I think it is important. It has worked well for the wheat people. I think it is working better for beef. I believe it will work for corn. I would like to give it a chance. And as I said, I would like to sit down with anyone, and I would do it anyway regardless of whether the amendment passes or not, to see if there isn't a better way to coordinate the activities of the commodity boards. They have an opportunity to do a great deal of good. We ought to maximize that as much as possible. Thank you very much and I ask for your support of the amendment.
