

May 21, 1985

May 22.

SPEAKER NICHOL: You've heard the motion. All those in favor say aye. Opposed nay. We are adjourned. Please keep in mind that we may work late tomorrow night. We'll start at nine in the morning, and we may work late tomorrow night because we should really be getting through these appropriation bills. So plan on working late. I know it is difficult for you, but we've really gotten behind on our appropriation bills. Should attempt to get them advanced by tomorrow night. Thank you.
