that the Education Committee created last spring will also like to speak to you about another study that is going to be coming to you on the total issue of special education. So, we would hope that you would take these studies, take them back to your office and have them available as a reference for you and for your staff and while I'm at it I would like to thank all of those staff members of the Legislature that took a...put a lot of time in this summer in compiling this report and to thank my fellow members of both the Education Committee and the special committee that spent a lot of time on that issue as well. So, thank you, Mr. President, and I would like to recognize Senator Baack.

PRESIDENT: (Gavel.) Order in the Chamber, please. The Chair recognizes Senator Baack with a point of personal privilege.

SENATOR BAACK: Mr. President and members, I would like to draw to your attention the...it's also being passed out right now, is the study resolution dealing with the special education cost containment in the State of Nebraska. We did the study this summer and we did a very extensive study of all phases of special education and I think you will find that this study has a lot of good information in it. We're going to have some legislation coming along during this session dealing with special ed that came out of the recommendations from this task force. So I would urge you to take a close look at this and to keep this study in hand for future reference when it comes to dealing with special education issues. Thank you.

PRESIDENT: Thank you, Senator. Mr. Clerk.

CLERK: Mr. President, the next motion I have with regards to the rules is by the Rules Committee. Senator, this is the motion regarding Rule 7, Section 7, reconsideration. Is that the one you have?

PRESIDENT: Senator Morehead.

SENATOR MOREHEAD: Thank you, Mr. President, members of the body. This was a motion that was brought to the Rules Committee by Senator Hoagland and it has been modified some from Senator Hoagland's original motion, but I am going to call upon him to explain what his idea was and then we'll follow on the closing. Thank you.
