

resolution we are going to have a good time and we are going to discuss that letter which was the opening shot in Senator Beutler's campaign for governor.

PRESIDENT: Senator Goodrich.

SENATOR GOODRICH: I just want to...Mr. President and members of the body, since Senator Chambers brings the point up of what we endorse and what we do not endorse, I would just like to go on record and at least have one member of the body with guts enough to go on record saying that I do not endorse anything that Senator Chambers says or does, nor do I expect him to endorse anything I say or do. SENATOR CHAMBERS: Oh, okay. Then I don't have any particular objection to putting the bill on General File but I would object strenuously to our placing it on General File then having the sham of the hearing afterward. So I am going to reserve my vote at this stage until I determine how it is going to be handled. If the rules are suspended and it is placed on General File without the hearing and then subsequently a decision is made to have a sham hearing, then
