

vitaly affected by this, we know there are some things we have to work out. We are willing to work them out and we are trying to get those amendments in proper form. So I guess at this time I would have no objection to moving the bill but we will have those amendments ready for Select File and they will be put on at that time or I also would join a motion at that time to kill.

SENATOR MARSH: Senator Hoagland, you may close.

SPEAKER NICHOL: No. I had my light on.

SENATOR MARSH: I am sorry. Senator Nichol.

SPEAKER NICHOL: Just in response to Senator Beyer, these are consent calendar bills, and if you have amendments, let's have them up there before we start passing things. In a year like this, then we get over to consent, and say, well, we don't have them quite worked out. I am not for advancing this bill until we do have some amendments. Thank you.

SENATOR MARSH: Senator Hoagland.

SENATOR HOAGLAND: I would simply ask the adoption of the committee amendments at this time, Madam Speaker.

SENATOR MARSH: The vote is on the committee amendments. All those in favor vote aye, opposed no. Have you all voted? Have all who wish to vote cast their vote? The Clerk will record.

SENATOR HOAGLAND: How many votes do we need to adopt the committee amendments, Madam Chairman, is it a simple majority or do we need 25?

SENATOR MARSH: We need 25.

SENATOR HOAGLAND: So we need 4 more votes to adopt the committee amendments. Is that right?

SENATOR MARSH: We have to go under call before we can discuss it.

SENATOR HOAGLAND: All right, I would ask that we go under call.
