

occasion in the Judiciary Committee, Senator Beutler has greatly disappointed me and he has not measured up to the standard of excellence that he, himself, has established. If he can show me, in this language, and you can find it in LB 230 if you want to know exactly what the language is we are talking about, if he can show me where the law by its terms "require what you write or print" has to be shown to anybody, then I will stand up and give my mea culpa's, and once again it will show that Senator Beutler has been more microscopic in his examination of the law than I have been and he has instructed me. But if he cannot do that, he's got to admit that he made a mistake,...

PRESIDENT: One minute.

SENATOR CHAMBERS: ...which he can't do.

PRESIDENT: One minute.

SENATOR CHAMBERS: So why would Senator Beutler do this this morning? I'm not a mind reader and a fortune teller as he himself wants law enforcement officers to be with reference to a bill to regulate certain groups that he's now supporting. I can't look into somebody's mind and tell precisely what they are thinking. So I don't know why he's doing it. Maybe he will state categorically and specifically exactly why he is in favor of making it a crime to write something or print something even in the privacy of your own home.

PRESIDENT: The Chair recognizes Senator Hall.

SENATOR HALL: Question.

PRESIDENT: Question has been called and there are other speakers on the request list. Do I see five hands? I do. The question is, shall the debate cease. All those in favor vote aye, opposed vote nay. Motion is to cease debate on the Beutler amendment. Please record your vote. If you wish to cease debate or not to cease debate, please record your vote. The question is, shall the debate close? Please record your vote. Have you all voted? Record the vote, Mr. Clerk.

ASSISTANT CLERK: 25 ayes, 0 nays to cease debate, Mr. President.
