

constituents on that issue, but I think we should devoid ourselves from that question and talk more specifically about water conservation districts and the merits or demerits of those districts. And in this particular case it is working. It is working well. If it was not working, I am assuming the Natural Resource District in that particular area would be coming in here and telling us, let's get rid of them. But in this particular case it is working very well and I would like to see them provided the opportunity to extend their life, to continue the work that they have been doing and, hopefully, through this effort we will be able to do a better job of both conserving our water and protecting our water. I would move for the advancement of LB 124.
