CLERK: Mr. President, Senator Wesely as Chair of the Public...or Health and Human Services Committee reports favorably upon the appointments of certain individuals. The report is found on page 738 of the Journal.

PRESIDENT: The Chair recognizes the Chairman of the Health and Human Services Committee, Senator Wesely.

SENATOR WESELY: Thank you. Mr. President, members, this is a confirmation report for the membership on the State Board of Health. There are, I think, six individuals or so that are appointed. I would note one fact that the committee hopes they deal with in the future that concerned us about these appointments. One individual was appointed to represent osteopathy on the State Board of Health. This individual does not live in Nebraska, lives in Iowa but practices in Nebraska. I'm a bit concerned, and some of the committee members are as well, that we would have a member of a board of Nebraska State Board of Health that was not from Nebraska, even though they do practice here. So we hope to change that situation, but for now it is legal, and evidently in osteopathy there are so few people they can't find any from Nebraska to serve in this position. So we hope to change that as well. There is no reason that osteopathy ought to have a representative on the State Board of Health. So a couple of changes have resulted out of...or, hopefully, will result out of this. But, at this time, I would ask for your support for these nominations.
