reports 839 to General File, and 1038 to General File with amendments. (See pages 903-4 of the Journal.)

New resolution, LR 346 by Senator Pappas. (Read summary of resolution. See pages 902-3 of the Journal.)

And Senator Hoagland has amendments to 529. That is all that I have, Mr. President. (See page 903 of the Journal.)

SPEAKER NICHOL: May I have your attention just for a moment. Tomorrow, as you well know, we are going to consent calendar. The list will be out shortly after lunch, I hope. It is down there now getting printed, so I hope it is out shortly after lunch. Those of you who wish to take off bills, of course, must have three signatures to me by tomorrow morning at nine o'clock. We're going to attempt something different this time and that is 10 minute limit on the bills instead of 15. I urge you to be on time tomorrow morning so that we can move along and not waste the time of three or four bills by being late. So please be on time in the morning. We'll go on consent calendar tomorrow. Senator Lundy, you are next.

SENATOR LUNDY: Mr. Speaker, I would move that we adjourn until 9:00 a.m., February 21.

SPEAKER NICHOL: You've heard the motion. All those in favor say aye. Opposed nay. We are adjourned until nine sharp, tomorrow. Thank you.
