LB 1041, 1041A

would just, at this point, like to ask that the body support the legislation. I think we put a lot of work into it as Senator Johnson suggested. It now is an industry bill and I think will enhance an industry that is extremely important to the state and I think I'd just at this point like to see us advance the bill.

SPEAKER NICHOL: The question is the advancement of the bill. All those in favor vote aye, opposed nay. Have you all voted? Record, Mr. Clerk, please.

CLERK: 29 ayes, 2 nays, Mr. President, on the motion to advance the bill.

SPEAKER NICHOL: The bill is advanced. We'll move on to LB 1041A in a moment. May I introduce some guests of Senator Eret. Were those introduced? Oh, I understand they have been introduced. Excuse me. 1041A.

It is not a process of state money support, but simply a vehicle to be able to move the trust fund monies through the process. So with that, I strongly urge you to support the 1041A to go along with 1041.

SPEAKER NICHOL: The question is the advancement of the A bill. All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 26 ayes, 0 nays, Mr. President, on the motion to advance the A bill.

SPEAKER NICHOL: The motion is advanced. We're going to
