

participates in setting sanitary and safe environmental levels, in-service training programs for custodians, promoting research in building care, and promoting competence in its membership. Custodians perform a significant role in the day to day operation of hospitals, care centers, public institutions, private and public offices, and businesses. A sanitary and safe environment not only affects the health of people but equally important, the attitudes of people. The Association will hold its state convention in June at which time the custodial summer training schools are scheduled. The NSCA requests that the Legislature would declare with the resolution before us that the week of April 20th to April 26th, 1986, be designated as Custodian Week in Nebraska. The President of the Nebraska State Custodian Association is Mr. Wayne Gilmer of Omaha. I would recommend the adoption of this resolution in recognition of the work of this association. Thank you.

SPEAKER NICHOL: Thank you, Senator Eret. The question is the adoption of the resolution. All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 27 ayes, 0 nays, Mr. President, on adoption of the resolution.

SPEAKER NICHOL: The resolution is adopted. LR 368. Excuse me, I guess we're at 367, the second, no, 366, instead.

CLERK: Mr. President, 366 is by Senators Vickers, Schmit, Lamb, Carsten, Rod Johnson. It's on page 1376 of the Journal.

SPEAKER NICHOL: Senators Vickers or Schmit, which one...Senator Schmit, are you going to take this resolution?

SENATOR SCHMIT: Mr. President and members, I will lead off and then ask Senator Vickers to join me. We drafted this resolution because we concur totally and enthusiastically with the American Farm Bureau Federation proposal to restructure farm debt in a manner which is somewhat reminiscent of the procedure that was used in the thirties, what was called commissioner loans of the Federal Land Bank. The Farm Bureau Federation has suggested that there be a mechanism utilized whereby the lending institutions, and principally, of course, the Farm Credit System, would
