

announce that former Sergeant-at-Arms Ray Wilson last week underwent abdominal surgery, now convalescing in Bryan Hospital. Prognosis is complete recovery and we are circulating a get well card, and Senator Wesely, please.

SENATOR WESELY: Thank you. Mr. Speaker, members, Senator Haberman made a good point about making it very clear, even though the bill appears to be clear about where we are providing for this licensure, and this would add on page 2, line 10, that this would be in the area...in the treatment of athletic injuries so that all those other activities we talked about, wouldn't have any question about it. I don't think there is any doubt in the bill now but just to again, as Senator Haberman pointed out, there may be some who could misinterpret. So we don't want to have any doubts and that would be clarified with this amendment. I would ask your support for it.

SPEAKER NICHOL: Senator Haberman, please.

SENATOR HABERMAN: (Response inaudible.)

SPEAKER NICHOL: Okay, the question is the adoption of the amendment. All those in favor vote aye, opposed nay. The call is raised. Record, Mr. Clerk, please.

CLERK: 26 ayes, 0 nays, Mr. President, on adoption of the Wesely amendment.

SPEAKER NICHOL: The motion is adopted.

CLERK: I have nothing further on the bill, Mr. President.

SPEAKER NICHOL: Senator Goll, we are back on the bill. Do you want to move it or something?

SENATOR GOLL: Yes, Mr. President, I would move the advancement.

SPEAKER NICHOL: Okay, Senator Haberman.

SENATOR HABERMAN: Mr. President, members of the body, may I ask Senator Goll a couple of questions.

SPEAKER NICHOL: Senator who?
