CLERK: Mr. President, Senator Goll would move to amend the bill. (Goll amendment found on page 1662 of the Legislative Journal.)

SENATOR MARSH: Senator Goll.

SENATOR GOLL: Madam Chairperson, this is a technical amendment. If you will notice on page 6 of the bill, we have opened up Section 60-115 of the statutes and this is a technical amendment which will bring the statutes in conformity with the total number of sections that are now in this section of the statutes. When the act was first put in place there were only 17 sections. Now there are 30 sections in definition. So this is a technical amendment which will bring the statutes into conformity with the total sections that are there and I would ask for its adoption.
