LB 965, 1016, 1124  
LR 415

We really, really do need to save time. Two other things I suggest that we do. One is don't talk so often and one is don't talk so long so that we can conserve the time. We do not need to go into many details as to the background and so forth and most of these bills we have talked before about. In fact, all of them we have talked before about. So we do not need to talk as long and we do not need to talk as much. I certainly do not want to thwart debate or thwart knowledge as far as these bills are concerned, but many times it is ridiculous the amount of time and effort we spend in plowing the ground over and over again. So that I don't talk too long again, I urge you to take these steps and push along so that we can get to the Final Reading that will be over there and the override attempts if you wish to do so. I really urge your cooperation and it has been good up to now and, of course, I expect the last few days. Thank you.

PRESIDENT: Proceed to LB 1016.

CLERK: Mr. President, if I might right before that, Senator Withem would like to add his name to 965 and Senator Conway to 1124.

PRESIDENT: Is there objection? So ordered.

PRESIDENT: While the Legislature is in session and capable of transacting business, I propose to sign and do sign LR 415.

CLERK: Mr. President, on LB 1016 the first item are E & R amendments, Senator.

SENATOR HALL: Mr. President, I would move the E & R amendments be adopted.

CLERK: Mr. President, the next amendment I have to the bill is by Senator Miller.

PRESIDENT: Is Senator Miller here? Senator Miller, oh, there you are.
