

expediency, because time is running out, but all of a sudden we come up with this bill and I know, I was invited to the meeting at noon time to decide on this and I didn't go, but I don't like this kind of legislation. I don't like this idea of secret meetings and then we come back and we agree, three or four of us will decide how the Legislature is going to run and who is going to be heard.

PRESIDENT: The Chair is ready to make a ruling. The Chair is ready to make a ruling. The point has been made that the offering of the Hefner amendment by way of the...an amendment to the Enrollment and Review amendments is improper and the Chair finds that when an amendment the other day was accepted in a substantive nature on 835 to the Enrollment and Review amendment there was no point of order raised. But I would now rule that such a procedure is out of order. Now then, are we back to some...we are back to the E & R amendments solely. Senator Hall, they are restored to you in full faith and credit.

SENATOR HALL: Well, thank you, Mr. President. I never thought E & R amendments could be so interesting. Mr. President, I'd move the E & R amendments be adopted.

PRESIDENT: You've heard the motion to adopt the amendments. All those in favor say aye. Opposed no. Motion carried, the amendments are adopted. Before we go further, Senator Vickers has a guest under the south balcony, a student from Nebraska University from Arapahoe, Nebraska, Debbie Fitzke. Welcome to the Legislature, Debbie. Now, do we have another amendment on 311?

CLERK: Well, Mr. President, now I'm going to walk through what I have filed and the first thing I have filed is your suspension motion, Senator.

PRESIDENT: Senator Hefner.

SENATOR HEFNER: Mr. President, I ask unanimous consent to withdraw that.

PRESIDENT: The amendment is withdrawn.

CLERK: Mr. President, the next amendment I have is by Senator Pappas.

PRESIDENT: Senator Pappas, withdrawn.
