

Roads. There was a time, too, that we could have taken the sales tax off of motor vehicles and put it in the General Fund rather than the Department of Roads, at least part of it, and would had sufficient amount of money that there possibly would not have been any overrides whatsoever or any vetoes by the Governor, but since we didn't have the money to do it, and I am opposed to raising the sales or income tax, I voted to sustain every veto. It is unfortunate that we were not able to come up with the gasoline tax or the sales tax on motor vehicles, and as Senator Loran Schmit said, it is the sacred cow and we don't touch it. Thank you.
