SENATOR BEUTLER: To speak frankly, Mr. President, Senator DeCamp has asked to talk to the attorneys involved in this out back, for about five minutes. We think it can be resolved. We would ask the indulgence of the body for about five minutes, if that seems to be appropriate.

SENATOR BEUTLER: Thank you.

SPEAKER NICHOL PRESIDING

SPEAKER NICHOL: Ladies and gentlemen, while the powers that be are discussing the possibility of working out an agreement, at least as far as they are concerned, we are discussing, we are contemplating coming back into session in a moment or two and attempting to advance the bill from General to Select File. We'll adjourn until after lunch, probably one-thirty or two. But stick around so that we can attempt to advance the bill now, or in a few minutes, from General File to Select File. Then after lunch we'll probably come back at one-thirty or two and advance it, we hope, or attempt to advance it from Select to Final Reading. So as soon as the attorneys come in we will let you know what is happening, but don't go home now. The gentlemen, I guess they are all gentlemen, that are working on the agreement that is being worked out say that they will have it probably one-thirty or two. But prior to that Senator Rex Haberman has an amendment that he wishes to run at this time. Following that, if nobody else wants to run their amendments, we'll advance the bill or attempt to advance the bill from General to Select File. So, Senator Haberman, are you about? Senator Haberman.

SENATOR HABERMAN: Well, Mr. President, I would feel a lot better, on my amendment, to wait until everybody is back in the body...everybody is back on the floor of the Legislature. I feel that...

SPEAKER NICHOL: Are you asking for a call of the house?
