

October 17, 1985

for hearing.

In addition, I have received an Attorney General's opinion addressed to Senator Haberman regarding tractor engine testing. That will also be inserted in the Legislative Journal at this time. (See pages 9-12.)

SPEAKER NICHOL: Is that it?

CLERK: That is all that I have, Mr. President.

SPEAKER NICHOL: Ladies and gentlemen, several of you have asked when the Governor would come to speak to us. I understand he is not available today but will be here tomorrow and he should be in to speak to us shortly after our convening tomorrow morning at nine o'clock. So plan on listening to the Governor tomorrow shortly after nine o'clock. I would like to have a chairmen's meeting, committee chairmen's meeting, right after this session adjourns. Committee chairmen's meeting upon adjournment of this session at Room 2102. The purpose is to talk about that Friday, the 2nd of November, I believe it is. Senator Warner, did you wish to speak?

SENATOR WARNER: Mr. President, in view of your announcement about chairmen's meeting, I would amend the Appropriations Committee's meeting time to, what, a half hour after we adjourn, would that be adequate?

SPEAKER NICHOL: Our meeting should not last that long, Senator Warner. That would be fine.

SENATOR WARNER: So the Appropriations Committee will meet one-half hour after adjournment today.

SPEAKER NICHOL: In your Appropriations room, I assume. All right, thank you. Anything further, Mr. Clerk? Once again, is there anybody present who has a bill that they would like to put in today that has not done so? Senator Pappas, you do have one? All right, we will wait until you get it here before we adjourn. Senator Pappas, has your bill been turned in? All right, are there any others who have a bill that they would like to turn in? One more coming. All right, we will wait. May I have your attention for a moment please. This is very important. (Gavel.) I think you will find this important if I can have your attention, please.
