abdicated your legislative responsibility. He can just tailor the bills on a daily basis for you, extend you here forever, and I think that is something you should remember. I am not against your dealing with the income tax. It is outside the call originally and, yes, I think if he wants to do it he can "have another call." I don't want that. I would oppose that but I think that is the practical way if he wants to do it and I think there is some other questions that have to be answered at this point. Is the Speaker viewing this or whoever is in charge of this organization in terms of making a ruling on this issue, and it may ultimately lead to the courts, are we viewing this then as being part of the call now, and are we viewing this as requiring a new bill or allowing us to deal with the bill on the floor? What about all these questions and when do they get answered and how do we deal with this whole picture? I think if anything we just added total confusion to a difficult situation.

So with that, we will move along but I did wish to...how do you like that for an answer? Senator Morehead either has or will have 35 students from Kappa Alpha Theta Sorority and Ag-Man FarmHouse and Sigma Chi fraternities, the University of Nebraska at Lincoln. Rob Penner is the Vice-President of ASUN Coordinator in the north balcony. Are you folks here? Would you please stand and be recognized. Thank you for visiting the Legislature today. Senator Warner please. Senator Warner, did you wish to speak on this? You don't have to.

SENATOR WARNER: That is probably the best suggestion I have had today. Naw, I had better. Mr. President and members of the Legislature, I suppose my position is different than some. You see I was ready to argue LB 10 as being in the call, or at least if it wasn't in the call that the Office of Governor couldn't so restrain the Legislature. If you
