

our next fiscal year. I don't have any problem with that. I think it would be appropriate to have another 5 million coming in later on and we might have to do some adjusting...further adjustments in this fiscal year. But it just seems to me that this is a more logical way to set the tax rates, a more understandable way to set the tax rates. I just have some real problems in almost the last two months of the year, or the last month of the year telling the people of the state that they have to pay more taxes for the whole year. That is the intent of the amendment. I would urge its adoption. Thank you, Mr. President.

SPEAKER NICHOL: You've heard the amendment as explained by Senator Vickers. All those in favor vote aye, opposed nay. Senator Vickers, did you wish to be recognized? Okay.

SENATOR VICKERS: Well, you know I hate to do this this early in the morning, but I think I will. I'm going to ask for a call of the house.

SPEAKER NICHOL: The question is, shall the house go under call? All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 7 ayes, 4 nays, Mr. President, to go under call.

SPEAKER NICHOL: The house is under call. Will you please record your presence. Those outside the Chamber, please return to the Chamber and record your presence promptly so that we may continue. While those are returning to the Legislative Chamber, may I say that yesterday was Senator Cal Carsten's birthday and I understand we have some fattening things for you to eat over there that taste very good. So all of you that feel nourishment, I guess you are invited over there to help Senator Carsten out. Senator Carsten, we are happy you made it. Congratulations. We are looking for Senator Chronister, Senator DeCamp, Senator Eret, Senator Hoagland, Senator Landis, Senator Nelson, Senator Miller. Thank you. Still looking for Senator Landis. I believe that we are all here now. The question is the adoption of the Vickers amendment. The question is the adoption of the Vickers amendment. All those in favor vote aye.
