

that the schools receive through the sponsorship of program conducted by the Federal Department of Education I believe has brought out one thing that impressed me and I understand that these schools that receive this award, one of the requirements is that the student bodies of these schools are extensively interviewed by the review teams. And the schools that receive these rewards represent those whose student bodies exhibit a positive attitude towards themselves, towards their school, towards their community and towards anything progressive about our country. So I think it is a tribute to the students of these schools. Thank you.

SPEAKER NICHOL: The resolution is adopted. Move on to LR 22, please.

CLERK: LR 22, Mr. President, offered by Senators Beyer and Withem is found on page 205 of the Journal.

SPEAKER NICHOL: Senator Withem, please.

SENATOR WITHEM: Mr. President, members of the body, we have a very minor technical sort of amendment that the Clerk tells me we need to formally adopt as the amendment as it came back from the Bill Drafters Office did not have the proper name of the high school. So we're talking...this is a resolution which honors a football team for a successful season. The correct name should be the Papillion-LaVista High School football team. Therefore, I would like to first offer this amendment to correct the language of the resolution.

SPEAKER NICHOL: We'll take the amendment first. Senator Beyer, did you wish to speak on the amendment? The question is the adoption of the amendment first. All those in favor vote aye, opposed nay. Record, Mr. Clerk, please.

CLERK: 26 ayes, 0 nays on adoption of the amendment, Mr. President.
