

with that button...

PRESIDENT: One minute.

SENATOR WARNER: ...affect the future of Nebraska, affect the future of young people, determine economic development if you don't understand that. All I have got to do is push a green or red button. I would suggest that we go back and think what Final Reading, at least what I always use it for and why I like to keep it intact, it's the one time during all the legislative process that I am alone. I am responsible for which button I push with my finger and we are in our seats because we are to be isolated to search our own conscience of what is right public policy and I would urge, I would urge that you really give deep thought. I hope you will vote green both on this one and I assume a reconsideration on 35. A lot more rides on that vote than any of us I think can begin to imagine. So think well.

PRESIDENT: Senator DeCamp.
