SENATOR SIECK: Mr. President, members of the body, I appreciate the comments of Senator Higgins and Senator Chambers. I know our viewpoint of religion is different between Senator Chambers and myself, but I can assure Senator Chambers that I think he is going to that wonderful place in heaven if he keeps the atmosphere that he has got, even though he talks as he does. We talk about volunteerism and feel that that may be the answer. I wonder how many in this body are volunteers? We are involved here in serving in the Legislature, that is for sure, but in serving in this area I doubt whether there is very few of us. I serve on the Ethics Committee of Region V and understand it is one of the top ethics committees in the State of Nebraska. Now, in serving on this it is all voluntary. We don't get paid for it. I'm one of two that has a child in this program who is serving. The others are attorneys, psychiatrists, doctors, drug specialists, and so on. They are all serving free. Now, many of these people who we interview, and that is because of the ethics of their problem, we want them to be citizens just as we are, no different. Many of them came from the institution on drugs. Do you know what? We've eliminated a lot of the drugs
