

qualities of Senator Marvel which made him an outstanding legislator, made him an outstanding citizen, an outstanding husband and father and friend. I need not repeat those comments again now except to say that certainly he epitomized the kind of an individual who, I believe, is an example of the entire Legislature many times in their dedication to service to the people of the State of Nebraska. I believe it is fitting under those conditions that the State Office Building be named after someone whom we all knew and whom we all loved and that it be named...the building be named after a legislator because that is the business of the Legislature, to conduct the business of the State of Nebraska, and certainly people who come along in later years we hope will be encouraged to model their lives and their habits and their political activities after the actions and life of Senator Marvel. With that, Mr. President, I would ask that you support the resolution. Thank you very much.

SPEAKER NICHOL: Thank you. Senator Hefner, please.

SENATOR HEFNER: Mr. President and members of the body, first of all, let me commend Senator Schmit for getting the ball rolling and introducing this resolution and letting us...some of the rest of us members sign it and I hope that everybody does sign it. But I think it is proper and fitting to recognize a legislator by naming a particular building after him. I think it will look a lot better to see a name of a legislator, like Senator Richard Marvel, on the face of that building rather than just State Office Building. So, again, let me commend Senator Schmit and hopefully this will be a unanimous vote to do this.

SPEAKER NICHOL: Senator Smith, please.

SENATOR SMITH: Thank you, Mr. President. I rise to offer my support for the resolution and to, more than that, thank Senator Schmit on behalf of Richard Marvel's widow, Oline, and the District 33 that he represented for so many years so well, and myself. I just wanted to say that I think it is very fine of him to have made this suggestion and I would ask for the unanimous support of the body. Thank you.

SPEAKER NICHOL: Senator Chambers, please.

SENATOR CHAMBERS: Mr. Chairman and members of the Legislature, I have a very difficult thing to do this morning. First of all, I agree with all of the nice things that have been said about Senator Marvel, and when he was challenging a former Governor,
