NOTICE OF ELECTION CONTEST

December 14, 1990

Mr. Paul L. Korslund
2314 High Street
Beatrice. Nebraska 68310

Re: Nebraska Legislature, District No. 30

Dear Mr. Korslund:

NOTICE

This letter is to advise you that I am contesting the results of the general election held on November 6, 1990, in the election of the Nebraska Legislature, 30th District, inasmuch as it may be argued that you have been proclaimed elected by the votes recounted and certified to the Secretary of State by the County Clerk of Gage County and Jefferson County, following the recount conducted on December 5, 1990, and the inaction of the Board of State Canvassers thereafter.

SERVICE

Pursuant to Nebraska Statute, I am hand delivering this notice to you personally, or delivering it to your house where you last resided on this date. Also, I am sending this notice by First Class Mail, postage prepaid, certified, return receipt requested, to you at:

Paul L. Korslund
2314 High Street
Beatrice, Nebraska 68310

CONTESTED VOTES

Attached hereto as Exhibit "A" and incorporated herein by this reference, is a list of 513 absentee voters whose votes were not counted in the recount held on December 5, 1990; said 513 absentee votes constitute individuals whose votes are at issue, and the failure of those votes to be counted is being contested.

GROUNDS OF CONTEST

1. Article III, Section 10 of the Constitution of the State of Nebraska which states:

"...A majority of the members elected to the Legislature shall constitute a quorum; the Legislature shall determine the rules of its proceedings and be the judge of the election, returns, and qualifications of its members,...."

2. Article I, Section 2 of the Constitution of the State of Nebraska which states:

"All elections shall be free; and there shall be no hinderance or impediment to the right of a qualified voter to exercise the elective franchise."

3. Article VI, Section 6 of the Constitution of the State of Nebraska which states:

"All votes shall be by ballot or by other means authorized by the Legislature whereby the vote and secrecy of the electors' vote will be preserved."

4. Article V, Section 2 of the Constitution of the State of Nebraska which states:

"...The Supreme Court shall have jurisdiction in all cases relating to the revenue; civil cases in which the state is a party, mandamus, warranto quo, habeas corpus, election contests involving state officers other than members of the Legislature, and such appellate jurisdiction as may be provided by law."

5. For misconduct on the part of the Judge and Board of State Canvassers sufficient to change the result of the election.

6. For the rejection of legal ballots sufficient to change the result of the election.

7. For error by the Board of State Canvassers in counting the votes and in declaring the result of the election; said error sufficient to change the result of the election.

8. For other cause, more particularly stated below which would show I was legally elected, and that the intent of the voters is not being recognized.

9. That the absentee voters of Gage County, Nebraska, have been deprived of equal protection under the laws and violation of the Fourteenth Amendment of the Constitution of the United States.

10. That absentee ballots from other counties within the State of Nebraska showing the initials rather than names in full have been counted and certified by the local and State Canvassing Boards in other elections, including State Legislative races.

11. That the action of the County Clerk of Gage County, Nebraska, and the irregularities in the conduct of the election, and the counting of the ballots had the effect of disfranchising voters contrary to law.

12. That the irregularities of the County Clerk of Gage County, and his employees, in not complying with the provisions of Neb.Rev.Stat. §32-835(2), have deprived electors of the right to have their votes counted where they have complied with all mandatory provisions of the statute applicable to them.

13. That the language of Neb.Rev.Stat. §32-835(2) specifically requiring that the County Clerk or his employee write his or her name in full on the back of each ballot is directory, and that the failure to do so does not invalidate the votes of absentee and disabled voters.

14. That the irregularities of the County Clerk of Gage County, Nebraska, and his employees, and the Board conducting the canvass of the votes cast at the general election held on November 6, 1990, will not invalidate the votes of electors otherwise valid absent fraud, and proper effect can be given to them.

15. That the substantial compliance of the County Clerk of Gage County, Nebraska, and his staff, with Neb.Rev.Stat. §32-835(2), is not a material defect, and is not grounds sufficient to disfranchise the absentee voters.

16. That the purpose of Neb.Rev.Stat. §32-835(2) is to identify ballots that have been sent to absentee voters upon their return, and to assure the voter that he is given an authentic ballot to enable the public to identify the actual ballot cast in the event of an election contest and to prevent fraud, and that the purpose is substantially complied with by the initialing rather than the signature on each ballot when obtained by the absentee voter.

17. That the absentee voters in Gage County, Nebraska should not be deprived of their right to vote because of the neglect or carelessness of election officials.

18. The validity and legal effect of ballots cast for a State Legislative race is in the sole and exclusive jurisdiction of the Legislature, and a question for the Legislature to determine, and the Legislature should make a determination of voters' intent.

19. The State Canvassing Board has, at the time of the service of this notice upon Paul Korslund, not yet certified a winner, of the election for the 30th Legislative District. (I reserve the right to amend this notice upon the certification of election by the Board of State Canvassers at any time.)

NOTICE OF DEPOSITIONS

Pursuant to statute, the taking of your deposition and the deposition of other necessary witnesses, said depositions to be conducted in the manner provided by law for the taking of depositions in civil procedure, will be taken beginning at 9:00 a.m., on the 4th day of January, 1991, at the Gage County Courthouse, Beatrice, Nebraska, will be continued day to day and place to place until all depositions are taken in their entirety, or as otherwise stipulated by the parties.

Sincerely,

ATTORNEY GENERAL'S OPINIONS

May 18, 1990

Joanne M. Pepperl
Revisor of Statutes and
Bill Drafter
Room 358, State Capitol
Lincoln, NE 68509-4945

Dear Ms. Pepperl:

This letter is in response to your correspondence dated April 18 and April 20, 1990, in which you posed several questions with respect to the preparation of slip laws and the printing of the session laws for the 1990 session of the Unicameral. We have reviewed your correspondence together with the various supporting materials which you provided to us. Our views on the questions which you presented to us are set out below.

Your first question involves §9 of LB 1031 which establishes appropriations for the Department of Social Services. Governor Orr used her line-item veto on a number of sections of LB 1031 and communicated those various vetoes to the Legislature by means of a veto message dated April 4, 1990. That veto message indicates that the Governor line-item vetoed $35,000 from the Domestic Violence Program Aid portion of the Department of Social Services appropriation for Fiscal Year 1989-90 and for Fiscal Year 1990-91. However, the $35,000 line-item veto for Fiscal Year 1989-90 was not marked out of the General Fund and Program Total amounts shown as appropriated to Program Number 347 on page 38 of LB 1031. On the other hand, the line-item veto of $35,000 for the domestic violence program was properly indicated in other portions of LB 1031. An override motion concerning line-item vetoes of programs for the Department of Social Services was passed by the Legislature. However, the line-item veto of the $35,000 appropriation for Fiscal Year 1989-90 was not part of the override motion because it was believed that the Governor's failure to note that on LB 1031 constituted a failure to actually make that line-item veto. You now ask what figures you should print for the slip law version of LB 1031. You wish to know whether the General Fund and Program Total amounts for Program Number 347 for Fiscal Year 1989-90 should

reflect the line-item veto exercised by the Governor. We believe that the Governor's line-item veto of $35,000 from that appropriation was effective, and, since there was no override effort, the figure printed in the slip law for Program Number 347 should reflect the $35,000 reduction by the Governor for Fiscal Year 1989-90.

Under Neb.Rev.Stat. §49-702(4) (Reissue 1988) you must "prepare, arrange, and correlate for publication" the session laws enacted during each session of the Legislature. Any changes made by you as Revisor of Statutes cannot change the substantive meaning of any statute as enacted by the Legislature. State v. Karel, 204 Neb. 573, 284 N.W.2d 12 (1979). Consequently, the slip law which you prepare must reflect the cumulative actions taken by the Legislature and by the Governor in the passage of each bill.

In Opinion No. 101, dated May 23, 1977, we considered a situation where the Governor indicated by correspondence to the Legislature that he wished to line-item veto a certain portion of a bill but did not actually strike those sums from the face of the legislation. Our opinion was requested as to the status of the appropriation in question. We concluded that the line-item veto was effective even though the sums were not deleted from the face of the bill. We stated:

> The effect of these two provisions of the Constitution {Article IV, Section 7 and Article IV, Section 15} is to authorize the Governor to reduce legislative appropriations. The language about which you are concerned is clearly specified in the Governor's letter of May 17, 1977, as the sum stricken. As such, that language from page 26, line 26, through page 27, line 1, of the final reading copy of the bill was effectively stricken by the actual language used by the Governor. No specific action is required in striking or deleting sums from the face of a bill. The necessity is to specify the sum disapproved. The veto message made clear the intent of the Governor.

Report of the Attorney General 1977-1978, No. 101 at 152 (Emphasis added). We believe that this opinion deals squarely with the issue which you have raised. Article IV, Section 15 of our state Constitution does not require that line-item vetoes be set out on the face of the bill. That constitutional provision simply provides that the Governor shall return a bill with his objections to the Legislature when he reduces any item or items of appropriations. In essence, the language of the correspondence containing the Governor's objections controls. If it is clear as to the amounts reduced, the line-item veto is operative even if the actual reductions are not made on the face of the bill.

In the present instance, the Governor's correspondence of April 4, 1990, clearly indicates that Governor Orr intended to veto the

$35,000 appropriation to the Department of Social Services for Domestic Violence Program Aid for Fiscal Year 1989-90. As a result, we believe that the Governor's intent was clear, and that this line-item veto was effective even though the numbers were not changed on the face of LB 1031. Therefore, since the Legislature did not override this gubernatorial veto, the bill as it was ultimately passed does not contain the $35,000 appropriation to the Department of Social Services. You should change the numbers for the General Fund appropriation and the Program Total appropriation in the slip law version of LB 1031 to reflect the actual numbers appropriated even though those changes were not placed on the face of the bill by the Governor.

Your second question also involves LB 1031. In §19 of LB 1031, the Governor line-item vetoed certain appropriations for the Legislative Council. Specifically, the Governor line-item vetoed $130,000 from the Fiscal Year 1989-90 appropriation and $120,000 from the Fiscal Year 1990-91 appropriation for that body. However, the Governor failed to adjust for those line-item vetoes in a later portion of §19, in the "For Informational Purposes Only" section. That latter portion simply lists the fund source for the appropriations within that section. Those line-item vetoes for the Legislative Council were included in the veto correspondence from the Governor dated April 4, 1990. The Legislature failed to override those line-item vetoes. You now ask whether you may change the numbers in the For Informational Purposes Only portion of §19 of LB 1031 to reflect the Governor's line-item vetoes within that section.

We believe that this question again may be answered based upon our Opinion No. 101 cited above. The line-item veto made by the Governor is effected by the correspondence to the Legislature, and those changes do not necessarily have to be made on the face of the bill itself. Therefore the line-item vetoes for activities of the Legislative Council which were made in §19 of LB 1031 were effected by the Governor's veto message. As a result, the line-item vetoes were made in the For Informational Purposes Only portion of §19 even though they were not written into the face of the bill. Since you cannot make any substantive changes in legislation as a part of your duties, you must print the bill as it was ultimately passed. We believe that the portion of §19 labeled For Informational Purposes Only should reflect the line-item vetoes listed in the Governor's veto message.

Your final question involves LB 1220. This bill makes changes in a number of various statutes so as to place $1,740,000 in the University of Nebraska Eppley Science Hall Construction Fund to be used as partial funding for a construction project. The title of the

bill indicates that it will transfer and appropriate funds. In several places in the bill where the $1,740,000 figure was listed, Governor Orr reduced that figure to $475,000. By correspondence dated April 4, 1990, the Governor indicated that those reductions were line-item vetoes to reduce the funding for construction of the Eppley Science Hall. You have now asked whether the slip version of LB 1220 should reflect the lower number noted in each instance by the Governor. You are apparently concerned that some of these changes in various existing statutes did not constitute a change or veto of an appropriations measure. Since the Governor's line-item veto authority extends only to appropriations measures, you question whether the Governor could use a line-item veto to change the figures in the various statutes.

First of all, we believe that LB 1220 is indeed an appropriations bill. The title of the bill itself indicates that it is intended to make appropriations. Moreover, in §3 of the bill, one of the sections at issue in connection with your inquiry, there is some specific language which indicates that money in the University of Nebraska Eppley Science Hall Construction Fund is appropriated to the Board of Regents of the University of Nebraska. Consequently, we believe that the bill is by reasonable definition, an appropriations bill.

We also believe that all of the various listings of the amounts in question in LB 1220 are part of the item of appropriation. Section 3 of LB 1220, on page 9 of the bill, provides:

> There is hereby created the University of Nebraska Eppley Science Hall Construction Fund. All money accruing to the fund is hereby appropriated to the Board of Regents of the University of Nebraska and shall be used exclusively for the project authorized pursuant to this section.

Obviously, this language in itself, while it creates an appropriation, does not define the amount of the appropriation. Those numbers are provided by the other sections of the bill. For example, section 1 of the bill, on page 4, provides that "an amount not to exceed $1,740,000 shall be transferred to the University of Nebraska Eppley Science Hall Construction Fund to be used as partial funding for the University of Nebraska Eppley Science Hall Construction Project. . ." Therefore, if the Governor were to line-item veto the amount of this appropriation, it would be necessary for her to change the other figures involved in order to indicate the lesser amount created by her veto. Consequently, we believe that the item of appropriation which was altered by the Governor's line-item veto message in this case included all of the various instances where the figure $1,740,000 was listed in LB 1220. We believe that you should

change each of those figures to represent the line-item veto amount of $475,000 on the slip version of LB 1220.

Sincerely yours,

Opinion No. 90033

DATE: August 31, 1990

SUBJECT: Whether existing Nebraska statutes address the discretion of a political subdivision in allowing non-profit health and welfare groups to solicit contributions from employees during work hours.

REQUESTED BY: Senator Don Wesely

WRITTEN BY: Robert M. Spire, Attorney General
Denise E. Frost, Assistant Attorney General

We write in response to your request whether existing case law and Nebraska statutes address the question of a political subdivision's decision to allow one non-profit health and welfare group to solicit donations from employees in the workplace during working hours, but to deny like access to other similar non-profit health and welfare organizations.

According to Neb.Rev.Stat. §28-1440 et seq. (Reissue 1989) entitled "Illegal Solicitation of Funds", every person or organization soliciting funds in this state in any county other than the county in which its home office is located shall register with and be subject to the jurisdiction of the Secretary of State. Further, each such person or organization must file an annual financial report with the Secretary of State. However, the section is silent as to the fora in which solicitations may be made. In view of that significant silence, a review of case law is mandated.

There appears to be no Nebraska case law directly on point with this issue. Federally, however, this issue has arisen several times, with analysis of the issue primarily couched within the auspices of First Amendment or free speech considerations (U.S. Const. amend. I; See

also Neb.Const.art.I, §5), as well as equal protection claims (U.S.Const. amend.XIV, §1).

I. Charitable Solicitations As Protected Speech

Perhaps the best analysis of this question to date as a free speech issue is provided in Cornelius v. NAACP Legal Defense and Educational Fund, Inc., 473 U.S. 788, 105 S.Ct. 3439, 87 L.Ed.2d 567 (1985). There, relying on its holding in Village of Schaumberg v. Citizens for a Better Environment, 444 U.S. 620, 100 S.Ct. 826, 63 L.Ed.2d 73 (1980), the Court began its analysis of facts much like the question posed by this legislative opinion with the cornerstone proposition that charitable solicitations involve interests protected by the First Amendment's guarantee of freedom of speech. Further, they do not lose that constitutional protection merely because the solicitation occurs in the contest of a payroll appeal rather than a personal, face-to-face exchange. Pilsen Neighbors Community Council v. Burns, 672 F.Supp. 295 (N. Dist. Ill. 1987).

In Cornelius, the plaintiff NAACP, along with six other legal defense funds, sought to be included in a combined charity fund drive aimed at federal employees in the workplace. However, NAACP was denied permission to participate, arguably because it was not dedicated to health and welfare. However, other non-profit groups not dedicated to health and welfare were allowed to participate in the charity drive. The plaintiffs sued, alleging that their First Amendment rights were unconstitutionally abridged by their exclusion from the fund drive.

In evaluating the plaintiff's First Amendment claims, the Court applied a tripartite analysis: 1) whether the speech is protected by the First Amendment, 2) the nature of the forum in which the speech occurs, and 3) the standard of the Court's review of the government's restriction of the speech.

The Cornelius Court identified charitable solicitations as speech that is constitutionally protected by the First Amendment. The next element in the analytic formula is a determination whether the forum in which the charity wishes to speak/solicit--here, a government office--is public or nonpublic. Cornelius at 796, 105 S.Ct. at 3446. According to the Cornelius Court, the fact that the government owns or controls the workplace does not make it a per se public forum accessible for all First Amendment purposes. Rather, the Cornelius Court found that the workplace is a nonpublic forum despite its government nature because it is there for a dedicated purpose -- attending to the affairs of the government -- and "the government, as an employer, must have wide discretion and control over the management of its personnel and internal affairs." Id. at 805, 105 S.Ct. at 3451. That analysis of the federal government workplace is

likely applicable to Nebraska state and municipal offices as well, since they too are created by the government for a similar dedicated purpose.

Following the Cornelius model, the third and final determination in the First Amendment analysis is whether the restrictions that the government has imposed on access to that forum conform to the level of protection the First Amendment mandates for that particular speech in that particular forum. Here, since the workplace is a nonpublic forum, the government's reason for restricting access to it need not be compelling, as is the case with a traditional public forum, or even the most reasonable alternative, but simply reasonable.

> Implicit in the concept of the non-public forum is the right to make distinctions in access on the basis of subject matter and speaker identity. These distinctions may be impermissible in a public forum but are inherent and inescapable in the process of limiting a nonpublic forum to activities compatible with the intended purpose of the property. The touchstone for evaluating these distinctions is whether they are reasonable in light of the purpose which the forum at issue serves.

Perry Education Association v. Perry Local Educators Association, 460 U.S. 37, 49, 103 S.Ct. 948, 74 L.Ed.2d 794, 807 (1983). In other words, a government office may assert a "legitimate interest in preserving the property for the use to which it is lawfully dedicated." {Citations omitted.} Id. at 50, 74 L.Ed.2d at 808.

Therein lies the crux of the matter: May a political subdivision in Nebraska, upon its own discretion, deny access to participation by a voluntary health and welfare organization in a charity drive aimed at government employees? Following Cornelius and Perry, nothing in Nebraska state law bars a political subdivision from denying access to any organization from participation in a charity drive aimed at employees in the government workplace as long as the political subdivision can articulate a reasonable basis for that denial.

Some examples of reasonable denial are avoiding controversy or distraction that would disrupt the workplace, as well as a determination that a dollar spent by one charity for its purposes may be more beneficial than a dollar spent by another charity for its particular purpose. Cornelius, supra; Perry, supra. See also United Black Community Fund, Inc. v. City of St. Louis, Missouri, 800 F.2d 758 (8th Cir. 1986). Examples of unreasonable government denial of access to a workplace forum for the purpose of charitable solicitation include findings by the coordinator of such fund drives that the activities of one of the petitioning organizations were "detestable", NAACP Legal Defense and Educational Fund v. Horner, 636 F.Supp. 762 (D.D.C. 1986), as well as exclusion of a charity based

simply upon the fact that it was not in existence at the same time as the charity receiving preferential treatment received its exclusive grant of access to the workplace forum. Black United Fund of New Jersey, Inc. v. Kean, 593 F.Supp. 1567 (1984) rev'd on other grounds 763 F.2d 1956 (1985).

II. Equal Protection

Generally, when a law or government practice operates with the effect of conferring or denying a benefit to some but not all persons, an equal protection analysis may be merited to determine whether the law is being applied in an unconstitutionally discriminatory manner. A threshold issue in an equal protection inquiry is a determination of the type of right in question. Then, the government's reason for conferring or denying that right is examined to ascertain its constitutional relationship to the right itself.

Some rights, such as speech in a traditional public fora like a park or sidewalk, are considered fundamental. Likewise, the right to be free from discrimination based on certain immutable or "suspect" characteristics like race, national origin, alienage, gender or birth legitimacy are also considered fundamental. There, the government's reason for controlling or suppressing that right must be compelling, able to survive strict scrutiny. However, when the right is more limited in its scope and is not considered fundamental, the government's regulation of or infringement upon that right need only be rational to withstand a constitutional challenge.

The Court in Cornelius, supra, found that charitable solicitation in a government office is not a fundamental right, because a government workplace is a nonpublic forum. Where, as here, the right at issue is not fundamental, all that the government must articulate in order to abridge or deny it is a rational reason for doing so. Perry, supra, 460 U.S. at 54, 74 L.Ed.2d at 810. The "rational" test required in this equal protection analysis where no fundamental right is at stake is a less stringent standard than the "reasonable" standard applied in the context of a First Amendment analysis. Black United Fund of New Jersey, supra, 593 F.Supp. at 1575.

Turning to the inquiry at hand, if a political subdivision excludes a charitable organization from soliciting contributions in the government workplace and can articulate a basis for doing so that is sufficient to meet the higher "reasonableness" standard required by First Amendment considerations, it seems virtually certain that the basis will satisfy the lesser "rational" test as well. If the charitable organization cannot meet the First Amendment test, it probably will also fail as an equal protection agreement. Perry, 460 U.S. at 54, 74 L.Ed.2d 810. ("We have rejected this contention when cast as a First

Amendment argument, and it fares no better in equal protection garb.")

In sum, in the context of a political subdivision's decision to deny a charitable organization access to the government workplace for the purpose of soliciting contributions, an assertion of equal protection issues will fail if the political subdivision can articulate a rational basis for excluding the charitable organization.

CONCLUSION

Currently, there is no Nebraska statutory or case authority that addresses limitations upon a political subdivision's decision to allow or disallow a charitable organization access to the government workplace for the purpose of soliciting donations from government employees. Federal courts addressing this question have found that a government workplace is a nonpublic forum, and, although charitable solicitations are a form of speech deserving First Amendment protection, charitable organizations have no fundamental right to solicit contributions from employees in the government workplace. In the analytical context of the First Amendment, the government need only articulate a reasonable basis to sustain its exclusion of the charitable organization from the government workplace. (Note, however, that "{t}he existence of reasonable grounds for limiting access to a nonpublic forum will not save a regulation that is in reality a facade for viewpoint-based discretion." Cornelius at 811, 105 S.Ct. at 3453-54.) Applying an equal protection analysis, the government need only have a rational basis for denying the charitable organization access to the government workplace.

At this time, resolution of a dispute regarding access to the workplace of a Nebraska political subdivision by a charitable organization for the purpose of soliciting contributions would most likely have to be settled by the courts, relying on federal case law. Should there be a move to initiate a bill in the Nebraska legislature to statutorily address the questions discussed herein, it may be wise to look at statutes that have been passed in other states, cf. N.J.Stat. Ann. §52.14-15.9c1 (West 1985).

DATE: September 7, 1990

SUBJECT: Meaning of Neb.Rev.Stat. §12-1211 (Cum.Supp. 1990); Provisions of the Unmarked Human Burial Sites Act

REQUESTED BY: Senator Jerome Warner

WRITTEN BY: Robert M. Spire, Attorney General
Dale A. Comer, Assistant Attorney General

In your opinion request letter, you state that you are considering introduction of legislation during the next session of the Nebraska Legislature which would clarify portions of the Unmarked Human Burial Sites Act, Neb.Rev.Stat. §12-1201 et seq. (Cum.Supp. 1990). Specifically, you may wish to clarify the final portion of §12-1211 which provides, in pertinent part:

> When the disposition of any human skeletal remains or burial goods is disputed and subject to arbitration under this section, the party in possession of the remains or goods shall retain possession until the arbitration process and appeals provided for in this section are completed.

You are concerned that this statute might be subject to two different interpretations in instances where there is a dispute over disposition of part of the remains or goods for which a request for return is made. You ask, "Does this section mean that if there is any dispute, then the entire requested remains and goods must be retained by the possessing entity until the dispute is resolved? Or does it allow the possessing entity to provide the requesting party with such portions which are not in dispute, retaining only the portion which is in dispute, and thus discharging its obligation as to those undisputed items?" From the proposed legislation which you submitted to us, we assume that you prefer the latter result which allows return of the portion of the human remains and goods not in dispute. You wish to know whether legislative clarification is necessary.

At the outset, we would note that our normal policy, as set out in our Opinion No. 57 to Senator Beutler on December 20, 1985, is not to respond to legislative opinion requests concerning the meaning of existing statutes. This policy is based, in part, upon the legislative role with respect to existing law, and also, in part, upon the possibility that we may be called upon to defend current statutes. However, in

this case you have provided us with proposed legislation and clearly contemplate introduction of that legislation if necessary. In essence, your opinion request concerns that proposed legislation. Under those circumstances, we will respond to your request.

As a general rule, statutory language, in the absence of anything indicating to the contrary, is to be given its plain and ordinary meaning. State v. Quandt, 234 Neb. 402, 451 N.W.2d 272 (1990). Moreover, in construing a statute, all parts of an act relating to the same subject must be considered together, not each by itself. State v. Jennings, 195 Neb. 434, 238 N.W.2d 477 (1976). Effect must be given, if possible, to all the several parts of a statute; no sentence, clause or word should be rejected as meaningless or superfluous if it can be avoided. NC+ Hybrids v. Growers Seed Association, 219 Neb. 296, 363 N.W.2d 362 (1985).

In the present case, it seems to us that the language at issue from §12-1211, read in its plain and ordinary sense, indicates that the party in possession of disputed remains and burial goods retains possession of those disputed objects until the arbitration process is complete. This is the clear meaning of that language, and this view is consistent with the remainder of §12-1211 which deals with arbitration procedures for disposition of human remains or burial goods "whenever a dispute arises." Since §12-1211 thus applies only to remains and burial goods involved in a dispute, non-disputed objects would not be covered by that statute and must be returned to the requesting party under the other various procedures set out in the Act.

This analysis is consistent with the language of §12-1211 and also with the remainder of the Act. One of the purposes for the Unmarked Human Burial Sites Act, as discussed in §12-1203, is to "Establish procedures for the proper care and protection of unmarked human burial sites, human skeletal remains, and burial goods found in this state." Reading §12-1211 to allow the return of undisputed objects during the arbitration of disputes involving other objects comports with that legislative purpose.

Consequently, we believe that §12-1211, as presently drafted, allows a possessing entity to transfer possession of requested human remains and burial goods which are not subject to any dispute while retaining possession, pending arbitration, of other disputed remains and goods which are responsive to the same request. Nevertheless, if you believe that §12-1211 "might be subject to two different interpretations," you may still wish to introduce your clarifying legislation.

Sincerely,

ROBERT M. SPIRE

DATE: December 18, 1990

SUBJECT: Authority to Regulate Funeral Establishments

REQUESTED BY: Senator Jacklyn J. Smith

WRITTEN BY: Robert M. Spire, Attorney General
Marilyn B. Hutchinson,
Assistant Attorney General

You have asked whether the Department of Health has authority in Neb.Rev.Stat. §71-1325 to 71-1338 to adopt different regulations which apply to a "parent" funeral establishment and to its branch establishment(s). We have concluded it does not, as discussed below. What is a funeral establishment? We have concluded a funeral establishment for purposes of regulation by the state is a business which meets the statutory definition.

A "funeral establishment" is defined in Neb.Rev.Stat. §71-1325(3) (Reissue 1990) to mean:

> a place of business situated at a specific street address or location, devoted to the care and preparation for burial, disposition, or cremation of dead human bodies, and for the purpose of conducting funeral services therefrom. . .

You describe a parent funeral establishment as one where dead human bodies are prepared for final disposition and a branch establishment as one where such preparation does not occur. The viewing of the body and other funeral services occur at whichever establishment is appropriate.

In the absence of anything to indicate the contrary, words in a statute must be given their ordinary meaning. Garza v. City of Omaha, 215 Neb. 714, 717, 340 N.W.2d 409 (1983). However, sometimes a court will interpret "and" in a statute to mean "or," but only if such an interpretation is necessary to avoid an absurd result or to achieve the intent of the Legislature. State v. Kinkaid, 235 Neb.

89, 93, 453 N.W.2d 738 (1990) and Ledwith v. Banker's Life Insurance Co. of Nebraska, 156 Neb. 107, 125, 54 N.W.2d 409 (1954). What was the intent of the Legislature? We have concluded there is no certainty of the general intent of the Legislature in regulating funeral establishments but it is clear that it did not create two classes of them for different regulation.

There is no suggestion in the statute that the Legislature intended to create two classes of funeral establishments and apply different regulations to them. There is not even any suggestion in the statute about why funeral establishments are regulated. So we consider the legislative history. See, Otto v. Hahn, 209 Neb. 114, 118, 306 N.W.2d 587 (1981).

The legislative history contains no hint that the Legislature intended to create two classes of funeral establishments, but it does contain some language suggesting the purpose of the regulation. As enacted in 1937, c. 154 authorized the Department of Health to adopt reasonable regulations:

> relating to the business of a funeral director, to the sanitary condition of places where such business or practice is conducted, with particular regard to plumbing, sewage, ventilation and equipment, and generally to carry out the various provisions of sections 71-1301 to 71-1324 in the protection of the peace, health, safety, welfare and morals of the public.

Neb.Rev.Stat. §71-1312 (Reissue 1950). The definition of a "funeral establishment" included the current language and the requirement that it consist of:

> a preparation room equipped with a sanitary floor, necessary drainage and ventilation, and containing necessary instruments and supplies for the preparation and embalming of dead human bodies for burial or transportation, and a display room containing a stock of funeral caskets and shipping cases.

Neb.Rev.Stat. §71-1301 (Reissue 1950). To get a license, the proposed funeral establishment had to be constructed and equipped as required by that statute. Neb.Rev.Stat. §71-1306 (Reissue 1950). The person in charge had to be knowledgeable in the signs of death, the manner by which death may be determined, the laws governing the preparation, burial and disposal of dead human bodies and the shipment of bodies dying from infections or contagious diseases, and local health and sanitary ordinances and regulations relating to funeral directing and embalming. Neb.Rev.Stat. §71- 1303 (Reissue 1950).

All those sections were repealed by Laws 1957, LB 116. The introducer called it a "recodification" but the new law omitted the

specifics cited above. They were not reinserted by Laws 1979, LB 94, effective in 1980.

In conclusion, there is no suggestion in the current law or in the legislative history that the Legislature intended to create two classes of funeral establishments and to treat those classes differently. Thus, there is no support for an interpretation of Neb.Rev.Stat. §71-1325(3) which would substitute "or" for "and." There is a suggestion that a funeral establishment is a business location where dead human bodies are prepared for final disposition. It follows that an establishment where no preparation of dead human bodies for final disposition occurs is not a "funeral establishment" and therefore is not subject to any regulation by the Department of Health under Neb.Rev.Stat. §71-1325 to 71-1338. Thus, there is support for a conclusion that a branch establishment as you describe it is not a funeral establishment. May the Department of Health create two classes of funeral establishments by rules and regulations? We have concluded it may not.

In this case the Department of Health has been given the following rule-making authority:

> The Department of Health, upon recommendation of the Board of Examiners in Embalming and Funeral Directing, may adopt such rules and regulations as may be reasonable and proper for the purpose of carrying into effect the provisions of sections 71-1325 to 71-1338.

Neb.Rev.Stat. §71-1326 (Reissue 1990). The purpose of sections 71-1325 to 71-1338 is not stated in the statute.

> It is fundamental that the Legislature may not delegate legislative power to an administrative or executive authority. . . . The Legislature does have power to authorize an administrative or executive department to make rules and regulations to carry out an expressed legislative purpose, or for the complete operation and enforcement of a law within designated limits. . . . It is fundamental, also, that in the legislative grant of power to an administrative agency, such power must be limited to the expressed legislative purpose and administered in accordance with standards prescribed in the legislative act.

(Citations omitted.) Lincoln Dairy v. Finigan, 170 Neb. 777, 780, 104 N.W.2d 227 (1960).

> "The crucial test, for determining that which is legislative and that which is administrative, is whether the ordinance was one making a law or one executing a law already in existence; . . . ."

State ex rel. Nelson v. Butler, 145 Neb. 638, 647, 17 N.W.2d 683 (1945).

The powers of the board not granted by statute are withheld . . .

Police regulations with no other guide than the uncontrolled discretion of a board are discriminatory, and when so applied that all persons may not engage in legitimate callings upon equal terms, are void.

(Citations omitted.) State ex rel. Woolridge v. Morehead, 100 Neb. 864, 872, 161 N.W. 569 (1917).

In Seignious v. Rice, 273 N.Y. 44, 6 N.E.2d 91, 93 (1936), the court specifically held that classifying persons for different treatment was making a law and therefore could only be done by the legislature.

In conclusion, where the Legislature has not created two classes of funeral establishments, has not expressed the legislative purpose and has not prescribed standards in the statute, the Department of Health has no authority by rule and regulation to create two classes and regulate them differently.

Sincerely yours,
ROBERT M. SPIRE

SUBJECT: LB 708 (1989 - Need-based Student Aid)

REQUESTED BY: Senator Ernest Chambers
Nebraska State Legislature

WRITTEN BY: Robert M. Spire
Attorney General

You have given me a copy of LB 708, which you introduced during the 1989 session of the Legislature. You have advised me that the 1989 Legislature did not act on LB 708 and that you intend to introduce a bill in 1990 which will be essentially the same as LB 708.

You ask two specific questions about legislation in a form which is essentially the same as LB 708. These questions are:

1. Does the Legislature have the constitutional authority to pass such legislation?

Yes it does. Legislation of this nature is within the constitutional authority granted to the Legislature.

2. If such legislation is passed, which will prevail in the event of a conflict: NCAA regulations or state law?

State law as enacted by the Legislature will prevail. If there are conflicts between NCAA regulations and Nebraska statutes, Nebraska statutes will prevail. Therefore, if legislation in a form which is essentially the same as LB 708 were enacted, it would prevail over any conflicting NCAA regulations.

Sincerely yours,

PRESIDENT MOUL PRESIDING

Governor Ben Nelson delivered the following Inaugural address:

MADAM PRESIDENT, MR. SPEAKER, MR. CHIEF JUSTICE, MEMBERS OF THE NINETY-SECOND LEGISLATURE, HONORED GUESTS, MY FRIENDS, MY FAMILY, AND ALL NEBRASKANS:

AS I ACCEPT THE HONOR AND THE CHALLENGE OF BECOMING YOUR THIRTY-SEVENTH GOVERNOR, I AM HUMBLED BY THE CONFIDENCE THE PEOPLE OF NEBRASKA HAVE PLACED IN ME, AND MINDFUL OF THE TASKS THAT LIE AHEAD.

THE CHALLENGES OF THE FUTURE ARE FORMIDABLE, BUT I AM CONFIDENT IN OUR ABILITY TO MEET THEM. NEBRASKANS HAVE A HERITAGE OF WORKING TOGETHER TOWARD COMMON OBJECTIVES. WHENEVER THERE IS A JOB TO BE DONE, WE PUT ASIDE OUR OWN INTERESTS AND PULL TOGETHER AS ONE COMMUNITY, ONE NEIGHBORHOOD, OR ONE FAMILY.

BUILDING ON THIS HERITAGE, WE WILL SUCCEED IN THE YEARS THAT LIE AHEAD IF WE JOIN TOGETHER AS ONE NEBRASKA. FOR THESE ARE TIMES TROUBLED BY UNCERTAINTY:

*THE MEN AND WOMEN OF THE NEBRASKA NATIONAL GUARD AND THE ARMY AND NAVAL RESERVE JOIN THEIR COMRADES IN READINESS FOR ARMED COMBAT IN THE PERSIAN GULF;

*THE FEDERAL DEFICIT BALLOONS BY DOUBLE DIGITS, CAUSING PROBLEMS THAT ARE TRICKLING DOWN TO STATE AND LOCAL GOVERNMENTS THROUGHOUT THE COUNTRY;

*THE NATIONAL GOVERNORS' ASSOCIATION REPORTS THAT TWENTY EIGHT STATES WILL HAVE NEGATIVE TREASURY BALANCES IF THEY DO NOT CUT SPENDING OR INCREASE REVENUES BEFORE THE END OF THE FISCAL YEAR. WHILE THESE TROUBLED STATES TEND TO BE IN THE EASTERN PART OF THE NATION, THE REPORT CONCLUDES IT IS ONLY A MATTER OF TIME BEFORE THE NATIONAL RECESSION IS FELT THROUGHOUT THE COUNTRY.

NEBRASKA'S STATE BUDGET MAY NOT SEEM AS STRESSED AS SOME, BUT INDICATIONS ARE CLEAR THAT OUR OBLIGATIONS ARE SURPASSING EXPECTED GROWTH IN REVENUE. AS I TAKE OFFICE, NEBRASKA STATE GOVERNMENT IS SPENDING DOLLARS FASTER THAN THEY ARE COMING IN.

OUR DESIRE TO BOLSTER OUR ECONOMY AND ENHANCE GOVERNMENT SERVICES, FROM ELEMENTARY, SECONDARY AND HIGHER EDUCATION TO HUMAN SERVICES, HAS CAUSED THIS STATE TO SUBSTANTIALLY INCREASE ITS FINANCIAL COMMITMENTS.

THESE POLICY CHOICES, COUPLED WITH CONTINUING INCREASES IN ENTITLEMENT PROGRAMS, ESPECIALLY MEDICAID, REQUIRE MORE GROWTH IN OUR ECONOMY THAN ANYONE COULD REASONABLY EXPECT, GIVEN THE CURRENT NATIONAL TRENDS.

IN SPITE OF OUR TIGHT FISCAL SITUATION, THERE ARE NEEDS TO BE MET, ISSUES TO BE ADDRESSED, CHALLENGES WHERE STATE GOVERNMENT HAS A PROPER ROLE TO PLAY. WE CANNOT IGNORE WHAT IS HAPPENING AROUND US, NOT ONLY WITHIN OUR STATE'S BORDERS, BUT IN THE NATION AND THE WORLD AS WELL:

*PRELIMINARY CENSUS DATA INDICATE THAT 83 OF OUR 93 COUNTIES CONTINUE TO LOSE THEIR POPULATION BASE, AND WITH IT THEIR LOCAL ECONOMIES, HEALTH CARE SERVICES, AND TAX BASE;

*POVERTY LEVELS CONTINUE TO BE UNACCEPTABLY HIGH BOTH IN URBAN AND RURAL NEBRASKA;

*HEALTH CARE COSTS ARE INCREASING THE FINANCIAL BURDEN ON OUR FAMILIES AND BUSINESSES. RURAL NEBRASKANS IN PARTICULAR FACE THE THREAT OF LOSING ACCESS TO ESSENTIAL HEALTH SERVICES;

*REDUCTIONS IN FEDERAL FUNDING HAVE, AND WILL CONTINUE, TO IMPACT PROGRAMS RANGING FROM FARM PAYMENTS TO LOCAL GOVERNMENT AID, WITH NO CORRESPONDING REDUCTION IN MANDATES OR NEEDS. WE RECOGNIZE HOW INTERDEPENDENT WE HAVE BECOME UPON NATIONAL DECISIONS.

*THE NIGHTLY MESSAGES TELEVISED INTO OUR LIVING ROOMS FROM THE MIDDLE EAST ARE A GRAPHIC REMINDER THAT WE ARE ALSO PART OF AN INTERNATIONAL COMMUNITY.

YES, THESE ARE UNCERTAIN TIMES, TIMES THAT RAISE QUESTIONS IN OUR MINDS: WILL THE PEACE BE PRESERVED? CAN THE FEDERAL DEFICIT BE CONTROLLED? HOW LONG WILL IT TAKE FOR THE ECONOMY TO REBOUND? DO WE AS AMERICANS, AND CITIZENS OF THE FIFTY STATES, HAVE THE STRENGTH TO MEET THE CHALLENGES BEFORE US?

IT WOULD BE EASY TO RESPOND WITH DESPAIR, OR CYNICISM, OR SELF-CENTEREDNESS. AND PERHAPS SOME IN THIS NATION WILL CHOOSE SUCH A COURSE. BUT NOT IN NEBRASKA.

FOR WE ARE AN OPTIMISTIC PEOPLE ACCUSTOMED TO INNOVATION AND ACHIEVEMENT. IT IS NO ACCIDENT THAT OUR STATE

IS THE HOME OF INNOVATIVE IDEAS AND PRODUCTS FROM VISE GRIPS TO KOOL-AID TO STROBE LIGHTS. ENTERPRISING MEN AND WOMEN OF NEBRASKA HAVE TRADITIONALLY SEEN OPPORTUNITIES AND CREATED SOLUTIONS. SO WILL WE.

SOME WILL CAUTION A "WAIT AND SEE" APPROACH TO THE UNCERTAINTY WE FACE: WAIT AND SEE IF THE CONFLICT COMES. WAIT AND SEE WHAT WASHINGTON DOES. WAIT AND SEE IF OUR STATE'S ECONOMY SAGS OR STABILIZES.

BUT WE CANNOT AFFORD TO WAIT AND SEE. JUST AS OUR FARMERS CONTINUE TO PLANT A CROP EVERY SEASON, WITH NO GUARANTEE OF RAIN OR PRICES, WE MUST WORK TO IMPROVE THE LIVES AND OPPORTUNITIES OF OUR CITIZENS -- ALL OF OUR CITIZENS, WEST TO EAST, NORTH TO SOUTH.

NEBRASKANS ARE NOT A RECKLESS PEOPLE, AND WE WILL NOT BE RECKLESS. NEBRASKANS ARE CAPABLE OF FACING HARSH REALITIES, AND WE WILL NOT ABANDON OUR DREAMS IN THE FACE OF UNCERTAINTY. FOR THERE IS MUCH TO BE DONE.

AND, LIKE NEIGHBORS HELPING NEIGHBORS TO HARVEST A CROP, WE NEED TO FACE THESE CHALLENGES TOGETHER, AS ONE NEBRASKA. WE HAVE A DIVERSE STATE, AND WE RECOGNIZE AND CELEBRATE THAT DIVERSITY. BUT WE MUST NOT LET OUR DIFFERENCES STAND IN THE WAY OF UNITY OF PURPOSE.

FIRST, WE NEED TO BRACE OUR ECONOMY FOR THE POSSIBILITY OF A RECESSION. UNLIKE OTHER PARTS OF THE COUNTRY, WE HAVE THE BENEFIT OF SOME LEAD TIME; BUT WE DARE NOT BE COMPLACENT. THE LESSONS OF THE AGRICULTURAL CRISIS IN THE MID-1980'S -- AND THE RIPPLE EFFECT ON THE REST OF NEBRASKA'S ECONOMY -- MUST NOT BE FORGOTTEN.

WE CANNOT UNDERESTIMATE THE INTERRELATIONSHIPS OF NEBRASKA'S ECONOMY. IF OUR FARMERS AND RANCHERS ARE NOT DOING WELL, THE IMPACT IS FELT ON MAIN STREET IN OUR SMALL COMMUNITIES. IF OUR SMALL COMMUNITIES ARE IN TROUBLE, THE EFFECTS RADIATE TO COMMUNITIES LIKE BEATRICE, NORTH PLATTE AND NORFOLK, AND ON INTO OUR METROPOLITAN AREAS. WE'RE ALL IN THIS TOGETHER.

ECONOMIC DEVELOPMENT MUST BE DIRECTED TO ALL OF NEBRASKA, NOT JUST TO THOSE WHO ARE ALREADY THE STRONGEST. AND ECONOMIC DEVELOPMENT IS MORE -- MUCH MORE -- THAN TAX POLICY. ANY ECONOMIC STRATEGY MUST CONSIDER MANY COMPONENTS, FROM SCHOOLS TO HEALTH CARE TO TRANSPORTATION AND COMMUNICATION NETWORKS.

STATE GOVERNMENT HAS A KEY ROLE TO PLAY IN STRENGTHENING NEBRASKA'S ECONOMY, BUT IT SHOULD NOT BE THE DOMINANT PLAYER. THE STATE'S ROLE IN ECONOMIC DEVELOPMENT, AS IN MANY OTHER AREAS, SHOULD BE ONE OF A PARTNER AND CATALYST: IDENTIFYING THE RESOURCES, CONNECTING THEM, HELPING TO MAKE THINGS HAPPEN. THE REAL ACTION TAKES PLACE AT THE COMMUNITY LEVEL WITH THE HARD WORK AND DEDICATION OF LOCAL LEADERS.

THERE ARE COUNTLESS AGENCIES AND ORGANIZATIONS, BOTH PUBLIC AND PRIVATE, WORKING TO ASSIST COMMUNITIES AND BUSINESS LEADERS IN BUILDING OUR ECONOMY. MUCH OF THIS ACTIVITY NEEDS TO BE DIRECTED TOWARD RURAL NEBRASKA, WHERE ECONOMIC CONCERNS ARE MOST IMMEDIATE. I WILL EMPHASIZE THROUGHOUT MY TERM IN OFFICE: ECONOMIC DEVELOPMENT IS FOR ALL NEBRASKANS.

AS I HAVE MENTIONED MANY TIMES DURING THE PAST SEVERAL MONTHS, I INTEND TO ESTABLISH A RURAL DEVELOPMENT COMMISSION UNDER THE CAPABLE LEADERSHIP OF LIEUTENANT GOVERNOR MAXINE MOUL. LIEUTENANT GOVERNOR MOUL HAS ALREADY DONE AN ENORMOUS AMOUNT OF LISTENING AND LEARNING, BUILDING ON HER CONSIDERABLE EXPERIENCE WITH NEBRASKA'S RURAL ECONOMY. WITH THE HELP OF THIS RURAL DEVELOPMENT COMMISSION, WE WILL ASSESS THE ACTIVITY ALREADY UNDER WAY AND IDENTIFY THE MOST APPROPRIATE MEANS FOR STATE GOVERNMENT TO REACH OUT AND SUPPORT THE EFFORTS OF NEBRASKA CITIZENS.

DURING THIS PROCESS, THE UNIQUE NEEDS OF OUR URBAN AREAS WILL NOT BE FORGOTTEN. I HAVE ESTABLISHED THE POSITION OF URBAN AFFAIRS DIRECTOR WITHIN MY OFFICE TO ENSURE THAT THESE CONCERNS RECEIVE THE ATTENTION THEY DESERVE.

SECOND, WE MUST NOT LOSE SIGHT OF THE IMPERATIVE TO PROTECT OUR ENVIRONMENT AS WE GO ABOUT THE BUSINESS OF STRENGTHENING OUR ECONOMIC BASE. SHORT-TERM ECONOMIC GAIN WITHOUT ENVIRONMENTAL FORESIGHT WILL COST US DEARLY IN THE LONG RUN.

NEBRASKA CURRENTLY ENJOYS AN ADVANTAGE OVER MANY OTHER STATES IN THE AREA OF ENVIRONMENT AND NATURAL RESOURCES. WE STILL HAVE A BOUNTIFUL SUPPLY OF CLEAN AIR, SPARKLING WATER, AND FERTILE SOIL.

WHILE THERE IS NO QUESTION THAT ENVIRONMENTAL DAMAGE HAS BEEN DONE IN SOME PARTS OF NEBRASKA, WE HAVE BEEN FORTUNATE TO AVOID, THUS FAR, MAJOR INCIDENTS SUCH AS THOSE EXPERIENCED IN OTHER PARTS OF THE COUNTRY. BUT THERE ARE THREATS ON THE HORIZON THAT CANNOT BE IGNORED.

WE MUST CONTINUE TO TAKE AGGRESSIVE STEPS TO PROTECT THE QUALITY OF OUR WATER, BOTH ABOVE AND BELOW THE GROUND, AND WE MUST WASTE NO TIME IN CLEANING UP THOSE AREAS WHERE CONTAMINATION HAS OCCURRED. A NEBRASKA SOLUTION CAN BE ACHIEVED TO QUESTIONS SURROUNDING THE DISTRIBUTION OF WATER IN OUR RIVERS AND STREAMS, ONE WHICH BALANCES ECONOMIC AND ENVIRONMENTAL CONCERNS. FAILURE TO DO SO WILL LEAVE THE DECISION IN THE HANDS OF THOSE OUTSIDE OUR BORDERS.

IT IS CLEAR THAT OTHER STATES, PARTICULARLY WYOMING, COLORADO, AND THE DAKOTAS, HAVE A WATCHFUL AND ENVIOUS EYE ON NEBRASKA'S WATER SUPPLY. IT IS IMPORTANT THAT WE COOPERATE AND NEGOTIATE WITH NEIGHBORING STATES CONCERNING WATER THAT CROSSES STATE BOUNDARIES. BUT WE CANNOT LET DOWN OUR GUARD WHEN IT COMES TO LEGAL PROTECTION OF WATER THAT IS RIGHTFULLY OURS.

WE MUST DEVELOP A CLEAR PLAN TO DISPOSE OF THE WASTE WE GENERATE; NOT JUST LOW-LEVEL RADIOACTIVE WASTE, BUT OTHER TYPES OF WASTE AS WELL. IN PARTICULAR, SOLID WASTE IS AN ISSUE ON THE FRONT BURNER. THERE IS A GROWING AWARENESS AMONG NEBRASKANS ABOUT THE IMPORTANCE OF REDUCING THE WASTE WE GENERATE, ALONG WITH INCREASING THE AMOUNT OF RESOURCES WE RECYCLE.

WE MUST ALSO RECOGNIZE THAT OTHER STATES WILL CONTINUE TO KNOCK AT OUR DOOR WITH THEIR OWN WASTE, AND WE MUST DEAL WITH THEM FAIRLY BUT FIRMLY.

THIRD, UNITED ACTION ON OUR SHARED VISION OF EDUCATION IS A VITAL ELEMENT OF A STRONG STATE AND NATION. WE CANNOT ACCEPT THAT OUR ELEMENTARY AND SECONDARY EDUCATION SYSTEM IS SOUND MERELY ON THE BASIS OF GRADUATION RATES AND S.A.T./A.C.T. SCORES. WHILE THESE MEASURES TELL US THAT WE ARE DOING AT LEAST SOME THINGS RIGHT, WE HAVE TO ASK OURSELVES, "IS OUR EDUCATION SYSTEM PREPARING STUDENTS FOR THE 21ST CENTURY?"

A NUMBER OF EDUCATION LEADERS IN THIS STATE RECOGNIZE THAT WE ARE TRYING TO PROVIDE AN INFORMATION-AGE EDUCATION WITH AN INDUSTRIAL-ERA STRUCTURE. IMPROVING OUR EDUCATION SYSTEM WITH A "MORE OF THE SAME" APPROACH WILL NOT PREPARE STUDENTS TO COMPETE INTERNATIONALLY. NEW AND INNOVATIVE WAYS TO ACHIEVE OUR EDUCATION OBJECTIVES ARE NEEDED. AND THERE IS ACTIVITY IN THAT DIRECTION ALREADY UNDERWAY.

SEVERAL COMMUNITIES IN NEBRASKA ARE DEVELOPING AND IMPLEMENTING INNOVATIVE IDEAS TO RESTRUCTURE SCHOOLS AND CLASSROOMS. I COMMEND THE INITIATIVE OF THESE LEADERS, WHO ARE ON THE CUTTING EDGE OF EDUCATION REFORM IN THE UNITED STATES. THERE IS MUCH TO BE LEARNED FROM THEIR EXPERIENCE.

TEACHERS ARE THE KEY COMPONENT IN THE EDUCATION DELIVERY SYSTEM. THESE DEDICATED MEN AND WOMEN PLAY A PIVOTAL ROLE BECAUSE OF THEIR DAILY CONTACT WITH NEBRASKA'S CHILDREN AND YOUTH. OUR SCHOOLS SHOULD BE STRUCTURED TO EMPOWER AND REWARD TEACHERS FOR INNOVATION IN THE CLASSROOM.

INVOLVEMENT OF OUR STUDENTS, FACULTY AND SCHOOL ADMINISTRATORS IN THEIR COMMUNITIES IS A "WIN-WIN" SITUATION. THE COMMUNITY BENEFITS FROM THE SERVICE ACTIVITIES THAT SCHOOLS AND STUDENTS CAN PROVIDE; CONVERSELY, STUDENTS LEARN ABOUT THE ROOTS OF THEIR COMMUNITY AND HOW IT FUNCTIONS.

MY ADMINISTRATION WILL ENCOURAGE MORE COOPERATIVE RELATIONSHIPS BETWEEN COMMUNITY BUSINESSES AND THE SCHOOLS. GROWING SUPPORT FOR THE ROLE OF SCHOOLS IN A COMMUNITY'S ECONOMIC VITALITY IS EVIDENT THROUGHOUT THE UNITED STATES, AND THIS IS A TREND THAT SHOULD CONTINUE.

OUR EDUCATION SYSTEM MUST BE EQUIPPED TO DEAL WITH SOCIAL CONCERNS AFFECTING NEBRASKA'S QUALITY OF LIFE. FAMILY AND PERSONAL PROBLEMS AFFECTING OUR CHILDREN OFTEN SURFACE FOR THE FIRST TIME AT SCHOOL. EFFORTS ARE NEEDED TO IMPROVE OUR UNDERSTANDING OF THE DYNAMICS OF CHILDREN AND FAMILIES. DRUG AWARENESS EDUCATION CONTINUES TO BE A PRIORITY, AND OUR CHILDREN AT RISK NEED CARING ATTENTION TO THE DEVELOPMENT OF THEIR SELF-ESTEEM.

PARENTAL INVOLVEMENT IN THE SCHOOLS IS CRUCIAL TO SUCCESS IN THE CLASSROOM. THINK ABOUT HOW MUCH TIME OUR CHILDREN AND GRANDCHILDREN SPEND IN SCHOOL. THE CHANGING NATURE OF FAMILIES AND THE INCREASED DEMANDS THEY FACE MAKE IT ESSENTIAL THAT PARENTS AND SCHOOLS WORK TOGETHER. THE WELFARE OF NEBRASKA'S CHILDREN AND FAMILIES DEPENDS ON IT.

HIGHER EDUCATION IN NEBRASKA IS IN A STATE OF TRANSITION, AND I CHALLENGE OUR POST-SECONDARY INSTITUTIONS TO TAKE ADVANTAGE OF THIS OPPORTUNITY. HIGHER EDUCATION

ACCOUNTS FOR NEARLY ONE-FOURTH OF OUR STATE BUDGET, AND AS I HAVE SAID, WE'RE STRETCHED TO THE LIMIT. WE MUST FIND WAYS TO GET MORE MILEAGE OUT OF THE EDUCATION DOLLARS WE SPEND.

NEBRASKA'S COLLEGES AND UNIVERSITIES CAN AND MUST PLAY AN ACTIVE, COORDINATED ROLE IN PROBLEM-SOLVING FOR NEBRASKA. I PLACE PARTICULAR EMPHASIS ON COORDINATED, BECAUSE THE VOTERS OF THIS STATE HAVE CLEARLY INDICATED THEIR DESIRE FOR COORDINATION IN HIGHER EDUCATION. THIS MUST GO BEYOND LIP SERVICE; IT MUST BECOME A REALITY.

ROLE AND MISSION FOR THE COMMUNITY COLLEGES, STATE COLLEGES, AND THE UNIVERSITY OF NEBRASKA SHOULD BE CLEARLY ARTICULATED AND IMPLEMENTED. WE MUST EXAMINE CLOSELY WHO DOES WHAT, AND MOVE FORWARD SO THAT THE VARIOUS INSTITUTIONS ARE WORKING TOGETHER TO MAKE THE BEST OF THEIR TALENT AND RESOURCES TO SERVE OUR CITIZENS.

HIGHER EDUCATION PROVIDES TREMENDOUS BENEFITS TO THIS STATE. THEY, LINKED WITH ALL OF THE OTHER HUMAN RESOURCES IN NEBRASKA, CAN HELP US REACH OUR ASPIRATIONS FOR A PROSPEROUS STATE AND AN UNPARALLELED QUALITY OF LIFE.

EDUCATION DOES NOT STOP WITH A HIGH SCHOOL DIPLOMA OR A COLLEGE DEGREE. "LIFELONG LEARNING" IS A NECESSITY. IT IS A BIT OVERWHELMING TO CONTEMPLATE THE THINGS WE LEARN AFTER WE LEAVE THE CLASSROOM. HOW MANY OF US KNEW ABOUT SATELLITE DISHES, CELLULAR PHONES AND COMPACT DISKS WHEN WE WERE IN SCHOOL?

TECHNOLOGICAL INNOVATIONS EARLIER IN THIS CENTURY SERVED THEIR PURPOSE FOR DECADES AT A TIME, BUT THEY OFTEN BECOME OBSOLETE WITHIN YEARS OR EVEN MONTHS IN THE 1990'S. AS A RESULT, OUR WORKERS MUST BE PREPARED TO UPGRADE THEIR SKILLS FREQUENTLY, AND OUR EDUCATION SYSTEM MUST BE FLEXIBLE TO MEET THE CHALLENGE.

THE PACE OF TECHNOLOGICAL AND SOCIAL CHANGE IS ACCELERATING, AND THE IMPLICATIONS ARE PROFOUND. THE POLICY QUESTIONS WE FACE ARE MORE NUMEROUS AND MORE COMPLEX THAN EVER BEFORE, AS THOSE OF YOU IN THIS CHAMBER KNOW VERY WELL.

IF WE ARE TO TAKE SERIOUSLY THE NOTION THAT "THE SALVATION OF THE STATE IS WATCHFULNESS IN THE CITIZEN," WE AS POLICY MAKERS MUST WORK TIRELESSLY TO EDUCATE AND INFORM THE PEOPLE OF NEBRASKA ABOUT THE MYRIAD OF ISSUES AND CHOICES WE FACE.

THE AGENDA IS IMMENSE. WE WILL SUCCEED ONLY IF WE APPROACH THE TASK TOGETHER, AS ONE NEBRASKA. I DID NOT SEEK THIS OFFICE TO TAKE THE CREDIT FOR ALL THE SUCCESS STORIES WE WILL SEE IN THE COMING YEARS. RIBBON-CUTTINGS ARE IMPORTANT, BUT THE CREDIT WILL BE GIVEN TO THOSE WHO DO THE WORK.

THESE WILL BE THE GUIDING PRINCIPLES OF MY ADMINISTRATION: TEAMWORK, COOPERATION, STRENGTHENING THE ABILITY OF NEBRASKA CITIZENS TO TACKLE THEIR PROBLEMS, TO PURSUE THEIR DREAMS. MY PHILOSOPHY OF GOVERNMENT IS ONE OF SPREADING RESPONSIBILITY, OF EMPOWERING PEOPLE BOTH INSIDE AND OUTSIDE GOVERNMENT TO PLAY A PART IN BUILDING THE FUTURE OF THIS STATE.

GOVERNMENT, IN MY VIEW, IS A PARTNER IN HELPING PEOPLE AND COMMUNITIES REACH THEIR POTENTIAL. GOVERNMENT CANNOT

DO THE JOB ITSELF. IT IS UP TO US AS INDIVIDUAL CITIZENS TO SHAPE GOVERNMENT TO BEST SERVE OUR NEEDS. THAT WILL NOT HAPPEN UNLESS WE ARE WILLING TO GIVE OF OURSELVES, OUR TIME AND RESOURCES, TO MAKE THE DEMOCRATIC PROCESS WORK.

I CHALLENGE THE PEOPLE OF NEBRASKA TO RENEW THEIR COMMITMENT TO CITIZENSHIP. I AM PROUD THAT NEBRASKA IS CONSISTENTLY AMONG THE TOP STATES IN VOTER TURNOUT. BUT CITIZENSHIP GOES BEYOND THE BALLOT BOX. I ASK THE CITIZENS OF THIS STATE TO JOIN WITH ME IN PURSUING THE GOAL OF A BETTER NEBRASKA. OFFER YOUR ENERGY, YOUR SKILLS, YOUR EXPERIENCE. DEMONSTRATE YOUR COMMITMENT AND INTEREST WITH YOUR TIME AND ACTIONS, NOT MERELY YOUR WORDS AND SUGGESTIONS.

IN RETURN, I PLEDGE TO YOU MY COMMITMENT TO DEVELOP A DYNAMIC BUT POLITE AND RESPONSIVE STATE GOVERNMENT, ONE IN WHICH THE PEOPLE OF THIS STATE CAN HAVE TRUST AND CONFIDENCE: A STATE GOVERNMENT THAT DOES NOT PUSH PEOPLE TOWARD DEPENDENCE, BUT INSTEAD PROMOTES INDEPENDENCE.

TO ACCOMPLISH THIS GOAL, FIRST WE MUST REINFORCE THE BELIEF THAT STATE GOVERNMENT CANNOT BE ALL THINGS TO ALL PEOPLE. WE ARE LIVING IN A TIME IN WHICH PUBLIC RESOURCES CANNOT POSSIBLY BE STRETCHED TO MEET ALL OF SOCIETY'S NEEDS. GOVERNMENT SHOULD BE VIEWED NOT AS THE PROBLEM NOR THE SOLUTION, BUT AS A PARTNER AND CATALYST WHOSE ROLE IS TO FACILITATE PROBLEM SOLVING BY CITIZENS AND COMMUNITIES.

GOVERNMENT SHOULD BREAK DOWN BARRIERS, NOT CONSTRUCT NEW ONES. NEBRASKA CITIZENS DESERVE A GOVERNMENT COMMITTED TO PUBLIC SERVICE, ONE THAT CARES ABOUT AND RESPECTS AN INDIVIDUAL'S CIRCUMSTANCES AND NEEDS.

SECOND, PUBLIC EXPENDITURES ARE INVESTMENTS, AND THE CAPACITY TO MEASURE THE RETURN ON INVESTMENT MUST BE DEVELOPED. WE WILL SEEK TO BETTER MEASURE THE OUTPUTS THAT RESULT FROM STATE APPROPRIATIONS. OUR BUDGETING SYSTEM SHOULD BE BASED ON OUTCOMES, NOT SIMPLY INPUTS.

THIRD, I INTEND TO ENCOURAGE AND REWARD INNOVATION BY STATE EMPLOYEES. AT TIMES, I THINK OUR DEDICATED STATE WORKERS GET LITTLE APPRECIATION FROM THOSE OUTSIDE GOVERNMENT. TO THOSE OF YOU WORKING IN STATE GOVERNMENT, I THANK YOU FOR YOUR COMMITMENT, AND I CHALLENGE YOU TO REDOUBLE YOUR EFFORTS IN HELPING ME SET NEW STANDARDS FOR PUBLIC SERVICE IN THIS STATE.

FINALLY, I WILL LOOK FOR EVERY OPPORTUNITY TO INVOLVE CITIZENS IN THE DECISIONS THAT WILL AFFECT THEM. THIS WILL OBVIOUSLY INCLUDE APPOINTMENTS TO BOARDS AND COMMISSIONS, BUT THE EFFORT TO PROMOTE CITIZEN PARTICIPATION MUST BE MUCH BROADER. THE BEST DECISIONS ARE THOSE MADE CLOSEST TO THE GRASS ROOTS LEVEL, AND MY ADMINISTRATION WILL WORK DILIGENTLY TO ASSURE THAT POLICY DECISIONS ARE MADE WITH THE BEST INFORMATION POSSIBLE.

AT NO TIME IN THE HISTORY OF THE UNITED STATES HAS THE FEDERAL GOVERNMENT PLACED MORE PRESSURE UPON THOSE OF US IN STATE AND LOCAL GOVERNMENT. MY ADMINISTRATION WILL SEEK EVERY OPPORTUNITY TO COMMUNICATE EFFECTIVELY WITH NEBRASKA'S LOCAL GOVERNMENTS ABOUT OUR SHARED RESPONSIBILITIES CAUSED BY THE POLICY GRIDLOCK IN WASHINGTON.

THERE IS NO BETTER REPRESENTATION OF NEBRASKA'S DIVERSITY THAN THIS LEGISLATURE: UNIQUE, THE MOST OPEN, AND MOST RESPONSIVE STATE LEGISLATIVE BODY IN THE COUNTRY. YOUR UNDERSTANDING OF THE NEEDS AND DESIRES OF YOUR RESPECTIVE DISTRICTS PROVIDES A VITAL LINK BETWEEN COMMUNITY AND REGIONAL INTERESTS AND THOSE OF THE ENTIRE STATE.

I INVITE YOU TO JOIN ME IN MY ENDEAVOR TO BRING NEBRASKA CITIZENS INTO THE DECISION-MAKING PROCESS. BY WORKING TOGETHER, WE CAN RECONNECT NEBRASKA.

THE FUTURE OF THIS STATE DEPENDS ON A STRONG RURAL NEBRASKA AND A STRONG URBAN NEBRASKA. IN THE YEARS AHEAD, WE WILL FIND COUNTLESS OPPORTUNITIES TO STRENGTHEN OUR STATE IF WE MERELY LOOK. IT IS UP TO EACH OF US AS CITIZENS OF NEBRASKA TO CONTRIBUTE WHAT WE CAN TO MAKE THIS STATE GREAT AS WE MOVE INTO THE NEXT MILLENNIUM. WE'RE ALL IN THIS TOGETHER. WE ARE INDEED ONE NEBRASKA.

ONE NEBRASKA. A STATE OF GEOGRAPHIC VARIETY AND NATURAL BEAUTY: THE MISSOURI RIVER, PINE RIDGE, INDIAN CAVE, ASH HOLLOW, THE PLATTE VALLEY, THE SANDHILLS, THE NIOBRARA RIVER, CHIMNEY ROCK.

ONE NEBRASKA. A STATE OF CULTURAL AND ETHNIC DIVERSITY: NATIVE AMERICAN, HISPANIC, AFRICAN AMERICAN, ASIAN AMERICAN, CZECH, GERMAN, POLISH, IRISH, SCANDINAVIAN, AND MUCH MORE.

ONE NEBRASKA. A HERITAGE OF LEADERSHIP AND INNOVATION: WILLIAM JENNINGS BRYAN, STANDING BEAR, WILLA CATHER, GEORGE NORRIS, MARI SANDOZ, JOHN NEIHARDT, ROSCOE POUND, HAROLD EDGERTON, FATHER FLANIGAN.

ONE NEBRASKA. A COMMON VISION, UNITY OF PURPOSE, COURAGE AND CONVICTION, WORKING TOGETHER FOR A BRIGHT FUTURE.

PLEASE JOIN ME AS WE FACE THE CHALLENGES AHEAD. THANK YOU VERY MUCH.

RESOLUTIONS

LEGISLATIVE RESOLUTION 2. Introduced by Landis, 46.

WHEREAS, the Legislature of Nebraska in its 1976 session passed a resolution requesting a federal Constitutional Convention limited to the adoption of a balanced budget amendment; and

WHEREAS, legal opinions suggest that there is no limitation on changes that may be made to the constitution when a Constitutional Convention is convened and that any changes the delegates desire may be adopted; and

WHEREAS, there has only been one Constitutional Convention in our country's history, and the constitution then in effect was discarded and our present constitution written although the purpose of the convention was to amend the constitution not to eliminate it; and

WHEREAS, the restriction placed on the Constitutional Convention can be ignored.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Legislature hereby withdraws its request for a Constitutional Convention.

2. That the State of Nebraska hereby requests that its name be removed from the present document calling for a Constitutional Convention.

3. That the Clerk of the Legislature transmit a copy of this resolution to the President of the Senate of the United States, the Speaker of the House of Representatives of the United States, each member of the Nebraska Congressional delegation, the Secretaries of State and the Legislatures of each of the several states, and the Secretary of State for the State of Nebraska.

Referred to the Executive Board.

LEGISLATIVE RESOLUTION 3. Introduced by Hefner, 19.

WHEREAS, during the 1990 Federal Decennial Census college students were counted as residents of the communities in which they attended college; and

WHEREAS, prior to 1950, college students were counted as residents of the communities in which their parents were residents or could declare their residence; and

WHEREAS, most college students consider their stay at college temporary; and

WHEREAS, college students register to vote in the voting districts in which their parents reside and are also considered, for federal income tax purposes, as residents of the communities in which their parents reside; and

WHEREAS, the original purpose of the Federal Decennial Census was to apportion Representatives in the United States House of Representatives; and

WHEREAS, the Federal Decennial Census results are used to redistrict elected officials in the federal, state, and local governments and to determine the allocation of services and funds to state and local governments; and

WHEREAS, counting college students as residents of the communities in which they attend college skews the results in a fashion which harms communities without colleges; and

WHEREAS, Congress has delegated the responsibility of determining the policy on how college students are to be counted to the Bureau of the Census.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Legislature states that the policy of counting college students as residents of the communities where they attend college should be changed by the Bureau of the Census to instead count them as residents of the communities in which their parents reside or allow them to declare their residence, and in absence of such action by the Bureau of the Census, it should be changed by Congress.

2. That this policy change should be made before the 2000 Federal Decennial Census.

3. That copies of this resolution be sent to the Nebraska congressional delegation, the Secretary of Commerce, and the Director of the Bureau of the Census.

Laid over.

Dear Senator Baack and members of the Legislature,

With our nation now at war with the Republic of Iraq, through the combined forces of the United Nations, I would ask Nebraskans, here and safe at home, to acknowledge the supreme sacrifice their fellow citizens are now making in foreign lands.

While Nebraskans are not unified in the purpose of this war, we are as one in the concern for the lives and the safe return of our fellow citizens and all Americans to their homes.

At present, more than 1,400 Nebraska reservists and National Guardsmen have joined hundreds of Nebraskans in the regular armed forces already in Saudi Arabia and the Persian Gulf region.

In recognition of the ultimate offering made by these courageous men and women, and the tremendous stress placed on their family and friends, I am asking all Nebraskans to demonstrate their compassion through individual acts of remembrance.

Many will show their care through the wearing of a yellow ribbon. Many Nebraskans will fly the American flag as a show of support.

Many others will go to their houses of worship to pray for the safety of our fellow citizens.

Whatever the form, our remembrance and our regard for the self-giving act of these individuals should be demonstrated now and through the conclusion of this war.

Sincerely,
(Signed) E. Benjamin Nelson

RESOLUTIONS

LEGISLATIVE RESOLUTION 10. Introduced by Hefner, 19; Crosby, 29; Schellpeper, 18; Byars, 30; Pirsch, 10; Robinson, 16; Rogers, 41; Labedz, 5; Peterson, 21; L. Johnson, 15; Lamb, 43; Coordsen, 32; Robak, 22; Dierks, 40.

WHEREAS, the United States flag belongs to all Americans and ought not be desecrated by any one individual, even under principles of free expression; and

WHEREAS, the United States Supreme Court, in contravention of this postulate, has by narrow decisions held the license to destroy the flag in protest to be a First Amendment freedom; and

WHEREAS, although the right of free expression is part of the foundation of the Constitution of the United States, very carefully drawn limits on expression in specific instances have long been recognized as legitimate means of maintaining public safety, decency, orderliness, and the productive value of public debate; and

WHEREAS, certain actions, although arguably related to a person's free expression, nevertheless raise issues concerning public decency, public peace, and the rights of expression and sacred values of others; and

WHEREAS, the members of the Legislature, while respectful of dissenting political views, themselves dissent forcefully from the court decisions, which dissent echoes the belief that the flag is not private property subject to a private prerogative to maim or despoil in the passion of individual protest.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Legislature hereby petitions the Congress of the United States to propose to the states an amendment to the Constitution of the United States, specifying that Congress and the states shall have the power to prohibit the physical desecration of the United States flag.

2. That official copies of this resolution be prepared and forwarded to the Speaker of the House of Representatives and President of the Senate of the Congress of the United States and to all members of the Nebraska delegation to the Congress of the United States, with the request that it be officially entered in the Congressional Record as a memorial to the Congress of the United States.

3. That a copy of the resolution be prepared and forwarded to President George Bush.

Referred to the Reference Committee.

A Resolution to propose an amendment to the Constitution of Nebraska by amending Article III, section 7.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

Section 1. That at the general election in November 1990 there shall be submitted to the electors of the State of Nebraska for approval the following amendment to the Constitution of Nebraska by amending Article III, section 7, which is hereby proposed by the Legislature:

CIII-7 "(1) At the general election to be held in November 1964, one-half the members of the Legislature, or as nearly thereto as may be practicable, shall be elected for a term of four years and the remainder for a term of two years, and thereafter all members shall be elected for a term of four years, with the manner of such election to be determined by the Legislature. When the Legislature is redistricted, the members elected prior to the redistricting shall continue in office, and the law providing for such redistricting shall where necessary specify the newly established district which they shall represent for the balance of their term. Each member shall be nominated and elected in a nonpartisan manner and without any indication on the ballot that he or she is affiliated with or endorsed by any political party or organization.

(2) No member shall be elected to serve more than two consecutive terms. Any person appointed or elected to fill a vacancy who serves more than one-half of the term of office shall be deemed to have served a term. Terms shall be deemed consecutive unless they are at least four years apart. This subsection shall apply to terms of office beginning on or after January 1, 1993.

(3) Each member of the Legislature shall receive a salary of not to exceed one thousand dollars per month during the term of his or her office. In addition to his or her salary, each member shall receive an amount equal to his or her actual expenses in traveling by the most usual route once to and returning from each regular or special session of the Legislature. Members of the Legislature shall receive no pay nor perquisites other than his or her salary and expenses, and employees of the Legislature shall receive no compensation other than their salary or per diem.".

Sec. 2. That the proposed amendment shall be submitted to the electors in the manner prescribed by the Constitution of Nebraska,

Article XVI, section 1. The proposition for the submission of the proposed amendment shall be placed upon the ballot in the following form:

"A constitutional amendment to limit the election of members of the Legislature to two consecutive terms of office.

For

Against".

Sec. 3. That the proposed amendment, if adopted, shall be in force and take effect immediately upon the completion of the canvass of the votes, at which time it shall be the duty of the Governor to proclaim it as a part of the Constitution of Nebraska.

Referred to the Reference Committee.

LEGISLATIVE RESOLUTION 12. Introduced by Hillman, 48; Baack, 47.

WHEREAS, Chimney Rock was a beacon for overland emigrants in the nineteenth century and holds a powerful attraction for thousand of modern-day travelers; and

WHEREAS, since 1941, when Chimney Rock was deeded to the Nebraska State Historical Society, the interpretation of the enduring historical significance of the landmark has been hampered by lack of a modern visitor center containing appropriate exhibits; and

WHEREAS, despite these limitations, more than 20,000 travelers each summer stop to visit Chimney Rock; and

WHEREAS, the executive board of the Nebraska State Historical Society has made construction of a modern visitor center at Chimney Rock its highest priority and authorized a campaign to raise $475,000 of private funds to construct such a center; and

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That this Legislature commends and endorses the ongoing initiatives and contributions leading to the construction of a modern visitor center at Chimney Rock.

2. That it is the sense of this Legislature that a Chimney Rock visitor center is essential to the preservation and interpretation of

Nebraska history for public benefit and that the operation of a Chimney Rock visitor center is deserving of public support.

Laid over.

A Resolution to propose amendments to the Constitution of Nebraska by adding a new section 19 to Article XV.

WHEREAS, in 1974 the United States Supreme Court in Roe v. Wade held that government had no compelling interest to interfere with a woman's fundamental right to have an abortion in the early stages of pregnancy and that laws restricting or criminalizing such right were unconstitutional; and

WHEREAS, in 1989 the United States Supreme Court in Webster v. Reproductive Health Services held that government could enact certain laws restricting a woman's access to or practical ability to obtain an abortion at any stage of pregnancy; and

WHEREAS, one position is that every person should be free from undue governmental interference with fundamental rights, that one of those fundamental rights is the right to control private decisions, that private decisions include decisions regarding reproduction, childbearing, and one's own health and body, and that government should not intrude on these private decisions until such time as those decisions affect the life and health of a viable fetus; and

WHEREAS, one position is that the life of a human being begins at the moment of conception, that such human life is from that moment entitled to the same legal and medical protection as the life of any other human being at other stages of biological development, that abortion at any stage of pregnancy is the death of a human life which should be prohibited by law and have the attendant legal consequences of the death of a human life, and that, consistent with the recognition of the legal status of a fetus as a human being, the ability of a woman to have an abortion should be restricted as much as possible; and

WHEREAS, due to the extensive and polarizing public and legislative debate on this issue, the issue should be submitted to the voters of Nebraska as two alternative constitutional amendments in order for the Legislature to secure guidance as to the type of legislation appropriate to resolving this issue in Nebraska.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

Section 1. That at the general election in November 1992 there shall be submitted to the electors of the State of Nebraska for approval the following amendments to the Constitution of Nebraska, by adding a new section 19 to Article XV, which are hereby proposed by the Legislature:

CXV-19 "No law shall interfere with the right of a woman to choose or refuse to terminate her pregnancy, except that the Legislature may enact reasonable legislation to preserve the life or health of the woman or a fetus more than three months old. This amendment shall be paramount to any other amendment on the same subject which may be adopted at the same election with a fewer number of affirmative votes than this amendment."

CXV-19 "The planned termination of the pregnancy of any woman shall be unlawful except to preserve the life or health of the woman or to increase the probability of the live birth of a fetus. This amendment shall be paramount to any other amendment on the same subject which may be adopted at the same election with a fewer number of affirmative votes than this amendment.".

Sec. 2. That the proposed amendments shall be submitted to the electors in the manner prescribed by the Constitution of Nebraska, Article XVI, section 1. The propositions for the submission of the proposed amendments shall be placed upon the ballot in the following form:

"A constitutional amendment to provide that no law shall interfere with the right of a woman to choose or refuse to terminate her pregnancy, except that the Legislature may enact reasonable legislation to preserve the life or health of the woman or a fetus more than three months old.

For

Against"

"A constitutional amendment to provide that the planned termination of the pregnancy of any woman shall be unlawful except to preserve the life or health of the woman or to increase the probability of the live birth of a fetus.

For

Against".

Sec. 3. That either of the proposed amendments, if adopted, shall be in force and take effect immediately upon the completion of the canvass of the votes, at which time it shall be the duty of the Governor to proclaim it as a part of the Constitution of Nebraska.

Referred to the Reference Committee.

LEGISLATIVE RESOLUTION 16CA. Introduced by Beutler, 28.

A Resolution to propose an amendment to the Constitution of Nebraska by amending Article III, sections 2 and 4, and Article XVI, section 1, and by adding a new section 3A to Article III.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

Section 1. That at the general election in November 1992 there shall be submitted to the electors of the State of Nebraska for approval the following amendment to the Constitution of Nebraska by amending Article III, sections 2 and 4, and Article XVI, section 1, and by adding a new section 3A to Article III, which is hereby proposed by the Legislature:

CIII-2 "The first power reserved by the people is the initiative whereby laws may be enacted and constitutional amendments adopted by the people independently of the Legislature. This power may be invoked by petition wherein the proposed measure shall be set forth at length. If the petition ~~be~~ is for the enactment of a law, it shall be signed by seven percent of the registered voters of the state, and if the petition ~~be~~ is for the amendment of the Constitution, the petition therefor shall be signed by ten percent of such registered voters. In all cases the registered voters signing such petition shall be so distributed as to include five percent of the registered voters of each of two-fifths of the counties of the state, and when thus signed, the petition shall be filed with the Secretary of State who shall submit the measure thus proposed to the electors of the state at the first general election held not less than four months after such petition shall have been filed. The measure thus proposed shall be submitted to the electors together with any alternative measures offered by the Legislature and shall be submitted in such manner that the people can choose between the alternative measures or reject both but cannot adopt both. The same measure, either in form or in essential substance, shall not be submitted to the people by initiative petition, either affirmatively or negatively, more often than once in three years. If conflicting measures submitted to the people at the same election ~~be~~ are approved, the one receiving the highest number of affirmative votes shall thereby become law as to all conflicting provisions. The constitutional limitations as to the scope and subject matter of statutes enacted by the Legislature shall apply to those enacted by the initiative."

CIII-3A "The Legislature may enact laws expressly conditioned upon ratification by the people. Such laws shall not be presented to the Governor. Such laws may be presented on the ballot as alternative measures to measures initiated by the people or may be presented independently of measures initiated by the people."

CIII-4 "The whole number of votes cast for Governor at the general election next preceding the filing of an initiative or referendum petition shall be the basis on which the number of signatures to such petition shall be computed. The veto power of the Governor shall not extend to measures initiated by or referred to the people, to alternative measures offered by the Legislature to measures initiated by the people, to laws enacted by the Legislature expressly conditioned upon ratification by the people, or to such measures ratified by the people. A measure initiated by the people, an alternative measure offered by the Legislature, or a law enacted by the Legislature expressly conditioned upon ratification by the people shall become a law or part of the Constitution, as the case may be, when a majority of the votes cast thereon, and not less than thirty-five ~~per cent~~ percent of the total vote cast at the election at which the same was submitted, are cast in favor thereof, and shall take effect upon proclamation by the Governor which shall be made within ten days after the official canvass of such votes. The vote upon initiative, ~~and~~ referendum, and ratified measures shall be returned and canvassed in the manner prescribed for the canvass of votes for president. The method of submitting and adopting amendments to the Constitution provided by this section shall be supplementary to the method prescribed in ~~the article~~ Article XVI of this Constitution, ~~entitled, "Amendments"~~ and the latter shall in no case be construed to conflict ~~herewith~~ with this section. The provisions with respect to the initiative, ~~and~~ referendum, and ratification shall be self-executing, but legislation may be enacted to facilitate their operation. All propositions submitted in pursuance hereof shall be submitted in a ~~non-partisan~~ nonpartisan manner and without any indication or suggestion on the ballot that they have been approved or endorsed by any political party or organization. Only the title or proper descriptive words of measures shall be printed on the ballot and when two or more measures have the same title they shall be numbered consecutively in the order of filing with the Secretary of State and the number shall be followed by the name of the first petitioner on the corresponding petition."

CXVI-1 "The Legislature may propose amendments to this Constitution. ~~If the same be~~ Such amendments may be presented on the ballot as alternative measures to measures initiated by the people or may be presented independently of measures initiated by the

people. If the proposed amendments are agreed to by three-fifths of the members elected to the Legislature, such proposed amendments shall be entered on the journal, with yeas and nays, and published once each week for three consecutive weeks, in at least one newspaper in each county, where a newspaper is published, immediately preceding the next election of members of the Legislature or a special election called by the vote of four-fifths of the members elected to the Legislature for the purpose of submitting such proposed amendments to the electors. At such election, the ~~said~~ amendments shall be submitted to the electors for approval or rejection upon a ballot separate from that upon which the names of candidates appear. If a majority of the electors voting on any such amendment adopt the same, it shall become a part of this Constitution, provided the votes cast in favor of such amendment shall not be less than thirty-five ~~per cent~~ percent of the total votes cast at such election. ~~When~~ Except as otherwise provided in Article III, section 2, of this Constitution, when two or more amendments are submitted at the same election, they shall be so submitted as to enable the electors to vote on each amendment separately.".

Sec. 2. That the proposed amendment shall be submitted to the electors in the manner prescribed by the Constitution of Nebraska, Article XVI, section 1. The proposition for the submission of the proposed amendment shall be placed upon the ballot in the following form:

"A constitutional amendment to authorize the Legislature to offer alternative measures to measures initiated by the people and to enact laws expressly conditioned upon ratification by the people, to prohibit the veto power of the Governor from extending to such measures, and to provide for the manner of submission and adoption of such measures.

For

Against".

Sec. 3. That the proposed amendment, if adopted, shall be in force and take effect immediately upon the completion of the canvass of the votes, at which time it shall be the duty of the Governor to proclaim it as a part of the Constitution of Nebraska.

ATTORNEY GENERAL'S OPINION

Opinion No. 91005

DATE: January 28, 1991

SUBJECT: Governor's Withdrawal of Pending Gubernatorial Appointments

REQUESTED BY: Senator Elroy Hefner
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Dale A. Comer, Assistant Attorney General

On January 11, 1991, the Third Day of the First Session of the 92nd Nebraska Legislature, Governor Nelson submitted a letter to the Legislature in which he stated that he was "recalling for further review" a number of appointments to various boards, commissions, and committees submitted earlier by Governor Orr, but not yet confirmed by the Legislature. Governor Nelson then went on to list some seventy-one appointments ranging from individuals named to the Environmental Control Council to individuals named to the State Electrical Board as appointments which were recalled. The appointments had been submitted to the Legislature over a period of time from May 8, 1990, through January 2, 1991. However, the Legislature had not acted to confirm any of them. You now raise several questions concerning the Governor's authority to recall appointments in this fashion. As discussed in detail below, we believe that the Governor may recall or withdraw gubernatorial appointments which have not yet been confirmed by the Legislature.

Two provisions of our Nebraska Constitution deal with gubernatorial appointments which must be confirmed or approved by the Legislature. Article IV Section 10 establishes the general appointment authority held by the Governor, and provides that various gubernatorial appointments shall be "with the approval of a majority of the Legislature." Article IV Section 12 deals with

gubernatorial appointments to fill vacancies in particular non-elective offices, and those appointments again are either "subject to the approval" of the Legislature or the Legislature has the right "to approve or disapprove" them. The gubernatorial appointments in the present instance all required legislative approval. For purposes of this opinion, we also assume that they were appointments for a term of office, and not appointments at the pleasure of the Governor.

Our research has disclosed no Nebraska cases which deal directly with the issue of withdrawal of gubernatorial appointments. However, the general rule from other jurisdictions appears to be that, while appointments once made and complete are irrevocable, appointments which are not final and complete may be revoked or withdrawn. 67 C.J.S. Officers §43; 89 ALR 132.

We have also reviewed a number of cases from other jurisdictions which deal more directly with the issue of the executive's authority to recall appointments requiring legislative approval. Burke v. Schmidt, 86 S.D. 71, 191 N.W.2d 281 (1971); McBride v. Osborn, 59 Ariz. 312, 127 P.2d 134 (1942); McChesney v. Sampson, 232 Ky. 395, 25 S.W. 584 (1930); Barrett v. Duff, 114 Kan. 220, 217 P. 918 (1923). While those cases arrive at varying conclusions, we believe that the holding in Burke v. Schmidt, supra, comports with the general rule above and is most appropriate. In the Burke case, the Supreme Court of South Dakota indicated that the Governor could not withdraw an appointment when that appointment placed the appointee in office without further action. On the other hand, if the Governor's appointment required additional action such as legislative approval, it was not final and complete and could be withdrawn.

Where an appointment is made as a result of a nomination by one authority and confirmation by another, the appointment is not valid and complete until the actions of all bodies involved have been taken. State ex rel. Johnson v. Hagemeister, 161 Neb. 475, 73 N.W.2d 625 (1955); 67 C.J.S. Officers §42; 63A Am. Jur. 2d Public Officers and Employees §117; 1931-1932 Report of the Attorney General, Opinion dated February 5, 1931 at 120. In light of this rule and the authorities cited above, we believe that the appointments pending before the Legislature which were recalled by Governor Nelson were not complete and final at the time he withdrew them. Since they were not complete and final, and since those appointees in question were not actually placed in office, we believe those appointments could be recalled and withdrawn by the Governor. We would note that this conclusion is consistent with an earlier opinion of this office. 1967-1968 Report of the Attorney General, No. 12 at 19.

You also ask whether the Legislature can confirm the recalled appointments before the Governor names replacements so as to

confirm the initial appointees in office. In view of our determination that the Governor can withdraw the appointments in question, it would seem that they are no longer before the Legislature for action. Therefore, the Legislature has no appointments to confirm until the Governor resubmits names.

Finally, you point out certain misstatements concerning the dates of the appointments withdrawn in the Governor's letter of January 11th, and you ask whether those misstatements have any legal effect on the Governor's letter. We believe that the intent of that letter is clear on its face. Since it specifically lists the appointments which the Governor has withdrawn, it is our view that the inconsistencies which you have noted would have no effect on the Governor's action.

Sincerely yours,
DON STENBERG
Attorney General

ATTORNEY GENERAL'S OPINIONS

Opinion No. 91006

DATE: January 28, 1991

SUBJECT: Sales and Use Tax - Amendment of Neb.Rev.Stat. §77-2702(15)(b) (Reissue 1990) to Exclude Amounts of Manufacturer's Rebates and Incentives from the Definition of "Sales Price".

REQUESTED BY: Senator Chris Beutler
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
L. Jay Bartel, Assistant Attorney General

You have requested our opinion on the need for legislation to permit deduction of the amount of manufacturer's rebates or incentives from the basis upon which sales and use tax is computed. Specifically, your request refers to a situation in which an individual purchased a new car with a list price of $21,000. The purchaser received $4000 credit for trading in another vehicle, thus reducing the price of the vehicle to $17,000. In addition, the transaction involved a manufacturer's rebate of $1000 and a manufacturer's special incentive of $400, which effectively reduced the buyer's actual cost of purchase to $15,600. The amount of sales tax due on the transaction, however, was computed on the basis of the list price minus trade-in value {$17,000}, without any reduction based on the amounts of the manufacturer's rebate and special incentive. Your question concerns whether this is the proper interpretation of the basis for calculating the amount of sales tax due for a transaction of this nature under current Nebraska law, and, if so, whether the draft legislation you have provided for our review would effectively change this result to permit a deduction from the basis for computing sales

tax on such purchases by excluding the amount of manufacturer's rebates and incentives.

A sales tax is imposed "upon the gross receipts from all sales of tangible personal property sold at retail in this state. . . ." Neb.Rev.Stat. §77-2703(1) (Reissue 1990). A corresponding use tax is imposed "for storage, use, or other consumption in this state of tangible personal property . . . on the sales price of the property. . . ." Neb.Rev.Stat. §77-2703(2) (Reissue 1990).

"Gross receipts" is defined as "the total amount of the sale or lease or rental price . . . of the retail sales of retailers valued in money whether received in money or otherwise, without any deduction . . ." for the following: (1) "The cost of tangible personal property sold"; (2) "The cost of the materials used, labor or service costs, interest paid, losses, or any other expense"; (3) "The cost of transportation of the tangible personal property prior to its sale to the purchaser"; (4) "The amount of any excise or property tax levied against the tangible personal property. . ."; or (5) "The amount charged for warranties, guarantees, or maintenance agreements". Neb.Rev.Stat. §77-2702(4)(a) (Reissue 1990). The following are specifically excluded from the definition of gross receipts: (1) "Cash discounts allowed and taken on sales"; (2) "Sales price of tangible personal property returned by customers when the full sales price is refunded either in cash or credit"; (3) "{T}he amount charged for labor or services rendered in installing or applying the tangible personal property sold if such amount is separately stated. . ."; (4) "The amount charged for finance, carrying charges, service charges, or interest from credit extended on sales of tangible personal property. . ."; (5) "The value of tangible personal property taken by a seller in trade as all or part of the consideration for a sale of tangible personal property of any kind or nature"; (6) "The value of a motor vehicle taken by any person in trade as all or a part of the consideration for a sale of another motor vehicle"; or (7) "Receipts from conditional sale contracts, installment sale contracts, rentals, and leases executed in writing prior to June 1, 1967, ..." Neb.Rev.Stat. §77-2702(4)(d)(i)-(viii) (Reissue 1990).

"Sales price" is defined as "the total amount for which tangible personal property is sold valued in money whether paid in money or otherwise, without any deduction. . ." for the following: (1) "The cost of the tangible personal property sold"; (2) "The cost of material used, labor or service costs, interest paid, losses, or any other expenses"; (3) The cost of certain transportation of the property; (4) "The cost of computer software contained on the tangible personal property"; or (5) "The cost of any license, franchise, or lease for the use of computer software or entertainment property such as

videotapes or movie films. . . ." Neb.Rev.Stat. §77-2702(15)(a) (Reissue 1990). The following are specifically excluded from the definition of "sales price": (1) "Cash discounts allowed and taken on sales"; (2) "The amount refunded for tangible personal property returned by customers when all or part of the amount charged therefore is refunded either in cash or credit"; (3) "The amount charged for labor or services rendered in installing and applying the property sold if such amount is separately stated. . . "; (4) "The amount charged for finance charges, carrying charges, service charges, or interest from credit extended on sales of tangible personal property. . ."; (5) "The value of tangible personal property taken by a seller in trade as all or a part of the consideration for a sale of tangible personal property of any kind or nature"; (6) "The value of a motor vehicle taken by any person in trade as all or part of the consideration for a sale of another motor vehicle"; or (7) "The amount charged for labor or services rendered in incorporating tangible personal property into real estate". Neb.Rev.Stat. §77-2702(15)(b)(i)-(vii) (Reissue 1990). With respect to sales of motor vehicles, the tax imposed "shall be computed on the difference between the total sales price and the allowance for any trade-in. . . ." Neb.Rev.Stat. §77-2703(1)(j) (Reissue 1990).

In 1975, the Nebraska Department of Revenue issued a ruling relating to the effect of manufacturer's rebates associated with purchases of tangible personal property on sales and use tax liability. The ruling addressed the question of "whether consumers who have paid sales or use tax upon the total retail price and who later receive a cash rebate directly from a manufacturer would be entitled to a sales or use tax refund based on the amount of the manufacturer's rebate." Nebraska Department of Revenue Ruling 1-75-9, May 30, 1975. The Department concluded no refund was allowable under these circumstances, stating "the retail price remains at the amount agreed upon at the time of the sale, and this is the amount upon which the sales or use tax must be computed." Id. In addition, the Department has promulgated a regulation which addresses the effect of manufacturer's rebates on the basis for computing sales and use tax on retail transactions involving motor vehicles. Reg. 1-020.08 provides:

> A rebate received from a manufacturer does not reduce the sales and use tax base. Rebates are received after the sales transaction is finalized between the dealer and the consumer and does not affect the amount received by the dealer from the sale. The retail price remains at the amount agreed upon at the time of the sale which is the amount upon which the tax must be collected.

It is well established that "the interpretation of a statute given by an administrative agency to which the statute is directed is entitled to weight." Vulcraft v. Karnes, 229 Neb. 676, 678, 428 N.W.2d 505, 507 (1988); ATS Mobile Tel., Inc. v. Curtin Call Communications, Inc., 194 Neb. 404, 232 N.W.2d 248 (1975). While construction of a statute by an administrative agency charged with enforcing it is not controlling, considerable weight will be given to such construction, particularly when the Legislature has not acted to change the agency's interpretation. McCaul v. American Savings Co., 213 Neb. 841, 331 N.W.2d 795 (1983).

Even if the Department had not, by administrative construction, set forth its position that manufacturer's rebates are not excludible from the basis upon which sales or use tax liability is determined, we would concur with this interpretation based on the plain language of the pertinent statutes. The sales tax imposed pursuant to §77-2703(1) is, as previously noted, based on the "gross receipts" from sales at retail of tangible personal property. The definition of "gross receipts" excludes consideration of amounts attributable to various factors, including, inter alia, cash discounts and the value of trade-ins, including value attributable to motor vehicles traded in upon the sale of motor vehicles. Neb.Rev.Stat. §77-2702(4)(d)(i), (v), and (vi). The use tax imposed pursuant to §77-2703(2) is based on the "sales price" of purchases of tangible personal property stored, used, or consumed in the state. The definition of "sales price" mirrors, in large part, the definition of "gross receipts," and excludes, inter alia, cash discounts and the value of trade-ins, including value based upon trade-ins when motor vehicles are purchased. Neb.Rev.Stat. §77-2702(15)(b)(i), (v) and (vi). The basis for computation of sales tax liability on purchases of motor vehicles is, as noted previously, the "sales price" of the vehicle, less "allowance for any trade-in. . . ." Neb.Rev.Stat. §77-2703(1)(j).

In view of the language contained in these statutory provisions, we believe that amounts attributable to manufacturer's rebates may not be deducted from the amount of "gross receipts" or the "sales price" of tangible personal property for purposes of computing the basis for sales or use tax liability. The definitions of "gross receipts" or "sales price," while delineating numerous specific exclusions, do not provide for any deduction or exclusion for amounts related to manufacturer's rebates in connection with retail sales or purchases of tangible personal property. Absent any specific declaration of legislative intent to eliminate such amounts from the statutory definitions establishing the basis upon which sales or use tax is imposed, we cannot conclude that, under existing law, such rebates

can be utilized to reduce the amount by which sales or use tax liability must be calculated.[1]

While the Nebraska courts have not addressed an issue of this nature, the Supreme Court of Illinois dealt with a similar question in Keystone Chevrolet Co. v. Kirk, 69 Ill. 2d 483, 372 N.E.2d 651 (1978) {"Keystone"}. Keystone involved application of the Illinois Retailers' Occupation Tax to transactions involving sales of motor vehicles where purchasers were eligible to receive manufacturer's rebates. The Illinois tax was imposed upon the gross receipts from sales of tangible personal property at retail, which was defined as "the total selling price." Id. at 487, 372 N.E.2d at 653. "Selling price." in turn, was defined as "the consideration for a sale valued in money whether received in money or otherwise. . . ." Id. The court, rejecting the contention that the amount of rebates paid by the manufacturer to automobile purchasers should be deducted from the sales price in determining the amount of tax due, stated:

> We find nothing in the Act or regulations . . . permitting a seller to deduct from his gross receipts an amount paid by a third party directly to the purchaser even though the purpose of the payment is to reimburse the purchaser for a part of the purchase price. The gross receipts of the seller remain the same whether or not a rebate is paid by someone not directly involved in the retail sale.

Id.

The court also dismissed the plaintiff's argument that the tax due should be based upon the sales price less the value of the manufacturer's rebate, as, from the purchaser's standpoint, the cost of the motor vehicle did not include the amount of the rebate. In this regard, the court stated:

> This argument . . . ignores the taxation scheme provided in the Act. It is the retailer who is taxed, not the purchaser, and the retailer has the legal obligation to pay the tax whether or not he collects it from the purchaser. While the manufacturer's rebate is unquestionably offered as an inducement to a purchaser to buy a car, it neither changes the character of the transaction between seller and purchaser nor affects the liability of the retailer to pay a tax computed on the basis of the amount received by him.

Id. at 488, 372 N.E.2d at 653.

We find the rationale of the Illinois Supreme Court compelling, and, in view of the similarities between the Nebraska sales and use tax provisions and the Illinois tax statutes construed in Keystone, we believe this decision provides further support for the conclusion that manufacturer's rebates may not be excluded from the basis for determining Nebraska sales or use tax. In Illinois, the tax was

imposed on the "gross receipts" from retail sales of tangible personal property, based upon the "selling price" of the property. Id. at 487, 372 N.E.2d at 653. The court, as noted, concluded the rebate amounts were not excludible from the basis upon which the tax was to be computed, as such amounts did not affect the "gross receipts" of the seller. Similarly, under Nebraska law, the definition of "gross receipts" (utilized in computing sales tax due on retail sales of tangible personal property), and the definition of "sales price" (utilized in computing use tax due on the storage, use, or other consumption of tangible personal property purchased at retail, or the amount of sales tax due on retail purchases of motor vehicles), provide no exception which would allow exclusion of amounts received by purchasers or sellers in the nature of manufacturer's rebates, as the amount of "gross receipts" or the "sales price" is not affected by rebates paid by a third party not directly involved in the retail sale. Accordingly, it is our opinion that manufacturer's rebates are not presently excludible from the basis established for the imposition of Nebraska sales and use tax.

Having concluded that legislation is necessary to permit the taxable basis for transactions subject to sales or use tax to be reduced by the amount of manufacturer's rebates or incentives, we wish to address a few comments with respect to the specific legislative proposal you have provided to accomplish this result. First, we note that, while your proposed amendment to the definition of "sales price" to include a reduction for rebates or incentives would alter the basis upon which sales tax is computed on purchases of motor vehicles, it would also alter the basis for calculating use tax liability on all purchases of tangible personal property subject to use tax where rebates or incentives are involved. Thus, if it is your intent to limit the allowance of a reduction in taxable basis to transactions involving the sale of motor vehicles, the bill provided for our review would not accomplish this result. In fact, a bill recently introduced this session addresses this concern by limiting the amendment of the definition of "sales price" to allow an exclusion for rebates "granted by a motor vehicle manufacturer or dealer at the time of sale of the motor vehicle. . . ." LB 300, §1.

Second, absent a corresponding amendment to the definition of "gross receipts," we point out that the amendment you propose would create a situation in which an exclusion from taxable basis would be provided for sales of motor vehicles and purchases of tangible personal property subject to use tax, without providing a corresponding exclusion from the taxable basis of retail sales of tangible personal property subject to sales tax. The use tax is a correlative of, and is complementary to, the sales tax, although there

is no requirement that the taxation of transactions for use tax purposes be identical to the taxation of transactions subject to sales tax. Nevertheless, we believe it is appropriate to note this fact to advise you of the difference in treatment of transactions for sales and use tax purposes under your proposed legislation. If the Legislature were to enact legislation limiting the exclusion to rebates granted on sales of motor vehicles, such as provided under LB 300, this discrepancy would be eliminated.

[1] In addition to rebates, your proposed legislation also includes reference to "dealer incentives". Due to the varying types of dealer incentive programs offered, we cannot reach a general conclusion as to the effect of such incentives on the determination of taxable basis for sales or use tax under current law. Our opinion is therefore limited to the subject of manufacturer's rebates.

Very truly yours,
DON STENBERG

Opinion No. 91007

DATE: January 28, 1991

SUBJECT: County Agricultural Societies and the Public Meetings and Public Records Statutes

REQUESTED BY: Senator Douglas Kristensen
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Dale Comer, Assistant Attorney General

You have requested our opinion on a number of questions concerning county agricultural societies. Specifically, you wish to know if those organizations are subject to the public meetings and public records statutes. You also have additional questions regarding audits of agricultural societies, their tax levying procedures, and their

governance. Our responses to your various questions are set out below.

This office has specific enforcement responsibilities with respect to both our public records statutes, Neb.Rev.Stat. §84-712 et seq. (Reissue 1987), and our public meetings statutes, Neb.Rev.Stat. §84-1401 et seq. (Reissue 1987). Consequently, we can respond to your inquiries regarding those statutes as we would to the inquiries of any citizen. We believe that county agricultural societies are subject to both the public records and the public meetings statutes.

In Nixon v. Madison County Agricultural Society, 217 Neb. 37, 39, 348 N.W.2d 119, 120 (1984), our supreme court specifically held that ". . . a county agricultural society is a public body subject to the provisions of the public meetings law." The court appeared to base this holding on the fact that agricultural societies are organized pursuant to statute, and the fact that they have the authority to obtain the proceeds of a tax levied by the county board. The court stated:

> Although a county agricultural society resembles a private corporation in some respects, the statutory provisions which grant such a society the right to receive support from the public revenue give it a public character.

217 Neb. at 39, 348 N.W.2d at 119. As a result, county agricultural societies are clearly subject to the public meetings statutes.

While there is no case directly on point, we also believe that county agricultural societies are subject to the public records statutes. Neb.Rev.Stat. §84-712.01 makes records public which belong to ". . . this state, any county, city, village, political subdivision, or tax-supported district in this state, or any agency, branch, department, board, bureau, commission, council, subunit, or committee of any of the foregoing." Moreover, under §84-712.01(2), the public records statutes must be liberally construed when fiscal records are involved so that ". . . the citizens of this state shall have full rights to know of, and have full access to information on the public finances of the government and the public bodies and entities created to serve them." Given the fact that county agricultural societies have taxing authority, and given the public character of those societies as noted by our supreme court, we believe that county agricultural societies are also subject to our public records statutes.

Your remaining questions involve audits of agricultural societies, their taxing authority and their governance. In our Opinion No. 157 to Senator Beutler, dated December 20, 1985, we pointed out that it has been our policy to respond to opinion requests from state legislators only with respect to pending or proposed legislation. We have not responded generally to individual legislators concerning

constituent requests for legal interpretations or requests involving existing statutes. This policy is based, in part, on the role of the Legislature, and, in part, upon practical concerns such as the fact that we might be called upon to defend the constitutionality of an existing statute. In any event, you have not presented us with any proposed legislation concerning your remaining opinion requests, and you have asked us to interpret particular existing statutes. Therefore, we must respectfully decline to respond to those questions. We will, of course, be happy to respond to questions involving proposed legislation in this area. You might also wish to review our existing opinions concerning agricultural societies which may deal with some of the questions you have raised. E.g., Opinion of the Attorney General No. 219, July 23, 1984; 1979-1980 Report of the Attorney General, No. 98 at 140 and No. 201 at 288; 1977-1978 Report of the Attorney General, No. 86 at 131.

Sincerely yours,
DON STENBERG

1401 FirsTier Bank Bldg.

Dear Mr. Spray:

Pursuant to Executive Board action, we would request that you provide legal briefs to the committee regarding the following five issues.

1. Does absentee voting constitute a "right" or a "privilege", and what are the legal implications of that determination in the case now before the Legislature?
2. If the Legislature were to determine that the use of initials alone does not meet the requirements of Section 32-835(2), would that determination amount to a "hinderance or impediment" as that phrase is used in Article I, Section 22 of the Nebraska Constitution?
3. Define the terms "name in full" and "signature" as embodied in Section 32-835(2), R.R.S. Neb. 1943, applying, first, a strict construction and, second, a liberal construction to each term.
4. Does an absentee voter have a duty to know the provisions of election laws as they relate to the requirements for absentee ballots even if the voting instructions included with the absentee ballots and submitted to the voter by the Gage County election officials are deficient or incomplete?
5. From a public policy standpoint:
   A. Mr. Spray, does the Legislature have an obligation to follow a strict construction of the election statutes as well as the weight of authority under Nebraska Supreme Court cases, and, if not, why not?
   B. Mr. Thompson, tell us why, in this instance, readily apparent and agreed to voter intent should not prevail?

Please note that opposing counsel has been asked a different question #5. We do not intend for you to brief the issue presented to Mr. Thompson. We only wanted to inform you of the question posed to opposing counsel.

These briefs should not exceed 50 pages in length, double-spaced, except for lengthy quotes indented. I believe that this is consistent with Nebraska Supreme Court guidelines as relates to the preparation of briefs.

Given the interest in resolving this matter as soon as possible, we would ask that briefs be submitted to the Clerk of the Legislature's Office no later than 5:00 p.m. on Thursday, February 7, 1991. There will be no opportunity for reply briefs as time is very important.

MOTION - Escort Governor

Mr. Baack moved that a committee of five be appointed to escort the Governor to the Legislative Chamber to deliver his State Budget Message.

The motion prevailed.

The Chair appointed Messrs. Lamb, Morrissey, Wickersham, Mmes. Hillman, and Smith to serve on said committee.

The committee returned and escorted Governor Ben Nelson to the rostrum where he delivered the following State Budget Address.

STATE BUDGET MESSAGE

Madam President, Mr. Speaker, Members of the Legislature, distinguished guests, citizens of Nebraska:

When I delivered my Inaugural Address to you three weeks ago, the United States and its allies stood at the brink of war in the Persian Gulf. The battle was engaged one week later. As we begin the arduous task of constructing a budget for Nebraska state government, our thoughts and prayers go out to the men and women serving their country in combat, their families and friends, President Bush, Members of Congress, and the military leaders of the United States and its allies. We all pray that this conflict will come to a rapid and decisive conclusion.

I appear before you today to fulfill my duty as Governor of the State of Nebraska to present my budget recommendations for the next biennium. This budget has been developed through countless hours of discussion with budget and policy staff, and a thorough analysis of our state's needs and available resources. It reflects my assessment of the state of the state as presented to you in my Inaugural Address, and my priorities of economic development, environment, and education.

Let me briefly review the assumptions that provide the foundation for my budget recommendations:

First, the Persian Gulf war and recessionary trends across the country make it necessary for Nebraska to brace itself for the possibility of an economic downturn. General Fund receipts continue to fall below projections, indicating that a slowdown may have already begun. The budget for state government must therefore be

tightly constructed to prepare for the possibility of an even further erosion of revenues.

Second, decisions made in Washington will continue to have an impact on state governments across the country, both in terms of available funds and mandated spending. While actual outcomes may be difficult to predict, it is reasonable to assume that efforts will continue to reduce the federal deficit, exerting even more pressure on state budgets. In addition, the President indicated in his State of the Union message that he intends to seek further program shifts from the federal government to the states.

Third, prison overcrowding and entitlement programs such as Medicaid and Special Education are cutting substantially into our resource base. Long-term solutions must be found to reduce the growth in expenditures for these programs. I pledge to work with the members of this Legislature, our Congressional delegation, and where appropriate, other Governors, to develop these solutions as quickly as possible. In the meantime, we must be prepared to allocate significant state resources to these areas.

Fourth, policy choices made by this Legislature in recent years, such as LB 1059, have established financial commitments well into the future. These commitments, coupled with the requirements of entitlement programs, leave very little room for new spending within current tax rates. As a result, the budget I present to you today includes fund reallocations in order to meet high-priority obligations.

There are countless ideas and spending proposals in front of you worthy of state support. But we simply cannot fund them all. It is essential that we set priorities for state tax dollars and redirect a portion of existing resources toward those priorities.

The defeat of the 2 percent lid last November provides more flexibility than we would have otherwise had with its passage, but the fact that it was on the ballot sends a clear signal to those of us in government: Nebraskans are frustrated with government spending. The citizens of this state have recognized that the lid would have had a devastating impact on schools, senior centers, and other public services. But they also do not expect the message to be forgotten.

The budget I present to you today for the FY 1991-93 biennium has been developed with three basic criteria:

1. Stability of Tax Rates. Economic uncertainty and the public's attitude toward government spending demand that we fund the next biennial budget within current tax rates.

2. Affordability. We cannot simply ask if the budget is affordable this year. The long-range impact of our fiscal decisions on the state budget must be considered. If we plan ahead, we can avoid the financial distress we now see in other states.

3. Equity and Balance to the Needs for All Nebraskans. Allocation of state resources should not favor one area of the state over another.

For the next biennium, four major programs will require more revenue alone than the entire projected increase in revenues. State Aid to Education, Special Education, Medicaid and Public Assistance will cost the state an additional $164.3 million through FY 1991-93, compared with expected revenue growth of $131 million. Increased spending for these programs will exceed revenue growth by $33.3 million.

If we are to meet these needs even partially, it will be necessary to redirect financial resources from other areas of the budget. Accordingly, I am recommending that all current programs of state government be reduced across the board by two percent, and that all state aid programs other than entitlements be reduced across the board by one percent. In addition, a number of specific reductions are being recommended for certain agencies and programs.

This action is necessary and achievable. Agency directors, governing boards, commissions, and University and college administrators will be called upon to prioritize, reallocate resources, reorganize delivery systems, and reduce administrative costs to more efficiently serve Nebraska citizens.

The across-the-board reductions will not affect the voluntary agreement reached with state employee bargaining units. The salary increase policy recommended for most agencies includes a three percent increase on July 1 for all employees with satisfactory service, along with another 1.5 percent increase on each employee's anniversary date. Employees with satisfactory performance, ten or more years of service, and whose compensation is at or below the midpoint of their pay range will be eligible for an additional one percent increase.

Health insurance is budgeted at an increase of 16.2 percent for FY 1991-92 and 16.9 percent for FY 1992-93. For agencies other than higher education, this increase will not allow continuation of the current first-dollar coverage plan. However, it does include stop-loss, co-insurance, and reduced-cost prescription arrangements, and the current level of premium payment by the state will continue.

The reallocations accomplished through the across-the-board reductions will help offset the cost of the bargaining agreement, entitlement programs, and other prior commitments. In addition, some of these resources are redirected toward my priorities: developing our economy, particularly in rural Nebraska; protecting our environment; and strengthening education.

Economic Development

Continuing the development of Nebraska's economy is one of three areas receiving particular emphasis in my budget recommendation and legislative package. The prospect of a recession and the need to stabilize our population base in most Nebraska counties requires continued attention to economic development. I have stated my view that state government should be a player, although not the dominant player, in economic development activities. My budget and legislative proposals follow through on that principle.

The best economic decisions are those made at the community level. With the assistance of Senator Paul Hartnett and the Legislature, I will seek adoption of enabling legislation to implement the provisions of Amendment 3, adopted by Nebraska voters last November. The option of directing local tax revenues toward economic development adds another tool for communities to develop local and regional economic activity.

The Rural Development Commission, led by Lieutenant Governor Maxine Moul, will assess the vast array of development activities underway and make recommendations concerning the most appropriate role for state government to play in supporting Nebraska's small communities and rural areas. To support the Commission's work, I have included a recommendation for $250,000 in General Funds for the coming biennium.

The substantial impact of federal decisions on Nebraska's economy leads me to recommend the establishment of a Washington, D.C. office to ensure that our Washington delegation receives timely and adequate information on the impact of proposed federal decisions. Thirty-seven states currently have an office in Washington. Establishing such a link will enhance the ability of Nebraska state government to support our Congressional representatives in carrying out the increasingly difficult task of protecting a small rural state's interests in the highly-competitive national arena.

The Washington office will also be used to help Nebraska citizens access programs such as trade export assistance from the Department of Commerce, and to assist Nebraska businesses and individuals work through the maze of regulatory snags that stem from federal agency decisions.

Accordingly, my recommendation includes $250,000 in the Governor's budget to establish the Washington office. Given the impact of pending changes in federal highway funding alone, this investment may pay for itself in its first year.

I have also recommended that the budgets of the Governor's Office and the Policy Research/Energy Office be consolidated. I consider the staff in the Policy Research Office to be a vital part of

the Governor's Office, and this recommendation recognizes and emphasizes that close working relationship.

In the near term, I intend to continue the consolidation of the Policy Research Office and the Nebraska Energy Office that took place four years ago. With the great uncertainty in the Middle East, the Governor needs immediate access to information and policy options in the energy area. Once the situation in the Persian Gulf is resolved, I will review the consolidation and determine whether the best interests of Nebraska citizens will be served by maintaining this relationship, or by re-establishing NEO as a separate agency.

The budget includes increases in staffing for the Governor's Office. I have thoroughly reviewed the level of resources available, and the expectations I have for my staff. Based on this analysis, I have determined that additional dollars will be required. My recommendations for staffing and other budget items I consider necessary for the efficient operation of state government will be above-board, in the open. I firmly believe that sound management for state government starts in the Governor's Office, and I ask for your assistance in giving me the tools necessary to get the job done.

I am recommending $60,000 in General Funds for support of the Office on Children and Family Policy in each year of the biennium, and the same amount for support of the Office of Urban Economic Development that I have recently created. I am also requesting funds to upgrade the computer system for the Governor's Office to bring our capacity closer to that of the Legislature; $30,000 to continue operation of the Governor's Office in Western Nebraska; and $30,000 to re-establish Nebraska's relationship with the Western Governors' Association.

Nebraska's interests have much in common with the states of the WGA. In particular, we share concerns about waste and water issues, as well as concerns about the overall impact of federal decisions on the rural West. Aligning ourselves with the other western states adds a valuable tool in our quest to solve the economic and environmental problems confronting us.

My budget recommendation also includes $16.9 million for Fiscal Year 1991-92 to fulfill the commitment to repay depositors in three failed financial institutions. The expenditure of these funds awaits a decision by the Nebraska Supreme Court. I do, however, wish to signal my intent to honor this commitment should it be upheld by the Court.

Environment

The second area of policy emphasis is protecting our environment and natural resources. Senator Chris Beutler and Senator Rod

Johnson are taking the lead on my initiatives in the areas of low-level and solid waste, and will be working with others to fashion a comprehensive approach to these issues. These include Senator Spencer Morrissey, who has provided invaluable assistance in fashioning an agreement for completion of the Comprehensive State Solid Waste Management Plan; and Senator Cap Dierks and Senator Stan Schellpeper who both have a great interest in the low-level waste issue.

I have met with Boyd County representatives on both sides of the low-level issue. I have assured them that I will work tirelessly with this Legislature to see that work does not proceed on the low-level site until we have explored all available options. My initiatives will seek to ensure that all compact states share in any liability that may be associated with the site, and that deliberations of the Central States Compact Commission are held in open meetings, all records of the Commission are open to the public, and the host state is granted additional voting and non-voting Commission members.

We will cooperate fully with SCS Engineering to see that a comprehensive plan for solid waste disposal in Nebraska is developed during 1991. A more immediate concern is the importation of waste from outside the state, underscored by recent news that additional waste from New York is headed for a landfill near David City. With the help of Senator Rod Johnson, I will seek to restrict the movement of solid waste into Nebraska from other areas of the country.

Recent actions in other states point out the difficulty of accomplishing this goal in view of Interstate Commerce Clause considerations. Nevertheless, it is critical that Nebraska and other states continue to pursue solutions that are environmentally and constitutionally sound.

Two years ago, the Legislature authorized the Department of Environmental Control to provide grants to villages of 800 people or less for construction of waste water treatment facilities. By statute, the Department can obligate no more than $300,000 of state funds per year to towns experiencing serious financial difficulty.

The budget recommendation provides General Fund support at the maximum amount, $300,000 for each year of the biennium. This program, in combination with other state and federal funding assistance, promises to play a crucial role in allowing the state's smallest and most financially stressed towns to meet waste water standards without imposing an impossible financial burden on their citizens.

One foundation of any rural development effort is ensuring a sound infrastructure, a basic need for economic growth. This

program is an excellent example of investing state resources toward that end.

Federal law governing clean-up activities at Superfund sites requires a non-federal match of 10 percent of implementation costs for the first year, and responsibility for operating costs in subsequent years. The federal Environmental Protection Agency expects to begin remediation at the Well Number 3 Superfund site in Hastings within the next year.

Pursuant to a contract between the state and federal governments, the state's cost will be approximately $100,000 annually beginning in FY 1992-93, and lasting over several years. The budget recommendation includes $102,880 in General Funds for this purpose.

Since its inception the Department of Environmental Control has relied heavily on federal grants to pay the operating costs of its basic programs. This has resulted in a situation in which some important functions are inadequately funded as the federal government shifts priorities. One example is the state's solid waste program, which was cut back drastically some years ago as EPA shifted focus to hazardous waste management.

Over-reliance on federal funds also limits the Department's ability to develop and respond to Nebraska's environmental priorities. To address these concerns, the budget recommendation provides a General Fund increase of fourteen percent for basic operations through the biennium. This will allow the Department to move more effectively in many areas, including Special Protection Areas, solid waste management, and water quality.

Education

Last year, the Legislature adopted, and the voters approved, the most significant changes to the State Aid to Education formula since its inception. LB 1059 included a wide range of changes, including a limit on school budgets and increases in state tax rates to provide more state funding in an effort to reduce property taxes. The state aid formula will now be based on actual cost data and will recognize differences in school size.

The enrollment option, or "choice," program and supplementary funding for teacher salaries have also had a substantial impact on state funding for education. Unanticipated numbers of student transfers have increased expectations for General Fund support, since the state is now responsible for funding the cost of these transfers on the basis of actual, per-student costs.

My recommendation for State Aid to Education, the Enrollment Option Programs, and the salary package for teachers is based on the

increased revenue from LB 1059. I support the continuation of the Help Education Lead to Prosperity Act at its current funding level, and I have included an additional $1 million so that salary limitations included in the original program can be eliminated as proposed by Senator Lynch in LB 91.

Funding for each of these programs, however, is intended to apply toward the goal of 45 percent state funding for education in Nebraska.

The Legislature, through LB 960 passed last year, has endorsed the idea that Nebraska schools should restructure the delivery of educational services. My proposal for a State Lottery is designed to put financial resources behind school restructuring, technology enhancements, and other approaches to improving the quality of elementary and secondary education.

These funds will be directed toward pilot projects in school restructuring, including the implementation of research in improving the classroom environment, technology enhancements, and devising better methods of meeting the needs of at-risk students. I will involve teachers in decisions about the allocation of these funds, since these professionals are most closely involved with Nebraska's children and youth in the classroom. I will also ask Nebraska's business community for their input, recognizing the importance of their voice in defining the needs of a 21st century labor force.

Senator Jacklyn Smith is taking a leadership role in formulating an amendment to the Nebraska Constitution to establish a state lottery. Senator Baack, along with Senator Withem and Senator Will, have introduced enabling legislation on my behalf. Estimates indicate that we can expect in the neighborhood of $20 million annually in proceeds from this lottery proposal.

I am also recommending a $75,000 General Fund match for the Nebraska Mathematics Coalition. This public/private partnership is one of 26 such organizations in the country, dedicated to revitalizing mathematics education at all levels, kindergarten through college. The proposed state match will strengthen Nebraska's case for a $4.5 million, five-year grant from the National Science Foundation which would allow development of a comprehensive distance learning program and interactive videodisc technology for mathematics instruction.

Also included are matching funds as part of the NEB*SAT initiative, which will allow 48 additional elementary/secondary schools across the state to become active participants in the Star Schools and NEB*SAT networks. This access opens the door for students and educators in non-urban areas to advanced-level

secondary and continuing education courses, along with an expanding array of other educational resources.

The budget recommendation for Postsecondary Education provides an increase of 2.1 percent for the first year of the biennium and 8 percent for the second year. While this amounts to $33.1 million of additional state General Funds for the University of Nebraska, State Colleges, Technical Community Colleges, and the Postsecondary Coordinating Commission, it will in reality require a significant reassessment of priorities and programs. I am confident that through the coordination that will be achieved both voluntarily and through the new commission approved by the voters last November, our institutions of higher education can meet the challenges of the 90's and beyond.

Over $2.2 million of operations funding is provided for NEB*SAT and the Rural Health Education Network (RHEN) initiative. The NEB*SAT allocation also includes additional funding for the cooperative, two-tiered MBA program at Scottsbluff. The Rural Health Education Network (RHEN) initiative is designed to improve access to education programs for health professions by using the NEB*SAT system to deliver courses via satellite to selected locations. Initial sites for the RHEN program will be North Platte, Kearney, and the Grand Island/Hastings area. The goal of RHEN is to provide increased interdisciplinary education to teams of Nebraskans who are potential health professionals, and who currently reside outside Nebraska's urban centers.

The University of Nebraska at Kearney will operate as one hub institution, along with the University of Nebraska Medical Center in Omaha. Local community involvement and support, along with reallocated resources at UNMC and non-state funds will enhance financing of the project.

At this time, University Research Initiative funding is being maintained at its current level. Proposals for expanding the initiative will be examined next year, and will be contingent upon available revenues, experience and outputs, and the success of the University in meeting its commitment to provide more and better laboratory research space from non-state funds to effectively utilize any additional state research funds.

An additional $436,700 for FY 1991-92 and $438,580 for FY 1992-93 is provided to the Nebraska Educational Telecommunications Commission, along with $111,235 in deficit funding for the current year. These funds will enable the Commission to negotiate for purchase of space on the Spacenet III satellite, to provide uninterrupted satellite access for the state through the end

of the decade. This will maintain the high-quality educational television Nebraskans currently enjoy.

Funding is recommended for the Nebraska Public Radio Network to provide in-depth coverage of statewide issues affecting Nebraska citizens through development of a monthly live "Town Meeting of the Air" series. Using NEB*SAT up-links in strategic locations throughout the state, the Network will select one pertinent issue each month, convene a panel of experts, and invite a live studio audience at a different location each month to discuss the topic. Listeners throughout Nebraska will have the opportunity to call in during this two-hour broadcast. This is a low-cost way to inform and involve citizens in the policy-making process.

With plans for the organization of the new Coordinating Commission for Postsecondary Education pending before the Legislature, continuation funding for the current Commission is recommended. $1 million is allocated to the Commission for FY 1992-93 which, with the approval of the Commission, may be transferred to the University Board of Regents or the State College Board of Trustees for distribution to any four-year campus, or to governing boards of the Technical Community College areas. Distribution of the funds will be based on the Commission's selection of areas most in need of additional General Fund support for improved instruction.

Capital Construction

Perhaps the most visible issue in the area of capital construction this year will be the distribution of the proceeds from the cigarette tax that will become available with the completion of bond repayment for completed projects. As you know, several groups have already lined up to stake their claim to these dollars.

In my view, we must proceed with caution in making commitments for these funds, particularly in view of the possible need for more prison space in the coming years. This Legislature has already approved funding for more correctional facilities, but projections indicate that Nebraska's prisons will operate at roughly 150% of capacity even with the additional space. I am recommending that the commitment of these cigarette tax dollars be reserved until we have a more complete picture of prison space requirements. Toward that end, I am recommending a $75,000 appropriation to the Department of Corrections for development of a Master Plan.

Nebraska is among the top ten states in the country with respect to prison overcrowding, and several states are under court order to deal with the problem. The next-to-last thing I want to do is build more prisons; the last thing I want is to be forced into more prison

construction by the courts. I ask you, the members of the Legislature, to assist in the development of legislation that will help us reduce the growth in prison population. Like you, I would prefer any number of other uses for our state funds. But unless we find workable alternatives, investments in education, research, or other areas will be precluded by the need to build more prisons. I commend the initiative you have already taken in this area. We must continue this task together.

My recommendation for capital construction includes funding for the reaffirmation and continuation of all projects currently in progress, totalling $19.4 million in General Funds and $14.2 million in cigarette tax funds for the biennium. These projects include the College of Business Administration project at UNL; the Fine Arts Facility at UNO; the Library Automation project at the University and State Colleges; the Electrical Distribution System at UNK; the Eppley Science Hall addition at UNMC; and the two housing facilities and the Minimum Security Facility at the Department of Corrections.

In addition, the long-term payment contracts entered into by the Board of Regents and the Board of Trustees under LB 410, LB 842, and LB 218 are reaffirmed and funded, along with the Law Enforcement Training Center contract.

Funding for new construction includes over $9.8 million for the biennium, including over $2.5 million for the University and State Colleges for fire and life safety improvements; over $2.1 million for the Nebraska Educational Telecommunications Commission for the satellite transponder lease purchase agreement, $4 million for deferred repairs, and a variety of smaller fire and life safety project in several agencies.

Conclusion

This budget reflects an assessment of decisions that cannot be changed immediately, of economic conditions that are in flux. It is not enough to simply regret these conditions; what is required is that we accept the challenge to redirect our course. The world we live in will not permit business as usual.

Implementing this budget will require the best managerial skills of agency directors, education administrators, and others in management positions. They will have my full support in making the difficult decisions that lie ahead. We must ask new questions. Imagine new approaches. Seek new partners. Develop new relationships.

The businesses and industries of Nebraska live, grow and prosper in an environment such as the one we in the public sector now face.

We must be committed to demonstrating that Nebraska's government can meet that same challenge.

I ask for the help of every elected official, every government employee, and every Nebraska citizen in achieving what is, without question, a difficult task. We have the capability to meet this challenge; our efforts and desire will ensure our success. We can do what must be done.

I want to close by thanking the members of this Legislature for your help. Senator Baack, you and your colleagues have already shown the will and the skill to work together with me in achieving our common goals. As we send this budget to Senator Moore and the Appropriations Committee, I ask for your best efforts to make the sacrifices proposed in this budget in fairness, with compassion, and for the common good.

If we respond to the challenges before us, what we have accomplished will be enhanced, what we have built will be strengthened, and what we want for our future will be achieved.

Thank you very much.

The committee escorted Governor Nelson from the Chamber.

BILLS ON FIRST READING

The following bills were read for the first time by title:

LEGISLATIVE BILL 841. Introduced by Speaker Baack, 47, at the request of the Governor.

Sections 1 to 5 of this act shall apply to all civil actions that accrue on or after the operative date of this act for damages arising out of injury to or death of a person or harm to property regardless of the theory of liability. Actions accruing prior to such date shall be governed by the laws in effect immediately prior to such date.

Sec. 2. For purposes of sections 1 to 5 of this act:

(1) Claimant shall mean any person who brings or maintains an action described in section 1 of this act. If an action is brought through or on behalf of an estate, claimant shall include the claimant's decedent. If an action is brought through or on behalf of a minor, claimant shall include the claimant's parent or guardian;

(3) Noneconomic damages shall mean subjective, nonmonetary losses, including, but not limited to, pain, suffering, inconvenience, mental suffering, emotional distress, loss of society and companionship, loss of consortium, injury to reputation, and humiliation, but shall not include economic damages.

Sec. 3. Any contributory negligence chargeable to the claimant shall diminish

proportionately the amount awarded as damages for an injury attributable to the claimant's contributory negligence but shall not bar recovery, except that if the contributory negligence of the claimant is equal to or greater than the total negligence of all persons against whom recovery is sought, the claimant shall be totally barred from recovery.

Sec. 4. In an action involving more than one defendant when two or more defendants as part of a common enterprise or plan act in concert to cause harm, the liability of each such defendant for economic and noneconomic damages shall be joint and several.

In any other action involving more than one defendant, the liability of each defendant for economic damages shall be joint and several and the liability of each defendant for noneconomic damages shall be several only and shall not be joint. Each defendant shall be liable only for the amount of noneconomic damages allocated to that defendant in direct proportion to that defendant's percentage of fault, and a separate judgment shall be rendered against that defendant for that amount.

Sec. 5. A release, covenant not to sue, or similar agreement entered into by a claimant and a person liable shall discharge that person from all liability to the claimant but shall not discharge any other persons liable upon the same claim unless it so provides. 13-902. The Legislature hereby declares that no political subdivision of the State of Nebraska shall

be liable for the torts of its officers, agents, or employees, and that no suit shall be maintained against such political subdivision or its officers, agents, or employees on any tort claim except to the extent, and only to the extent, provided by ~~this act~~ the Political Subdivisions Tort Claims Act. Sec. 8. That section 25-21,185, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

25-21,185. In all actions accruing before the operative date of this act brought to recover damages for injuries to a person or to ~~his~~ property caused by the negligence or act or omission giving rise to strict liability in tort of another, the fact that the plaintiff may have been guilty of contributory negligence shall not bar a recovery when the contributory negligence of the plaintiff was slight and the negligence or act or omission giving rise to strict liability in tort of the defendant was gross in comparison, but the contributory negligence of the plaintiff shall be considered by the jury in the mitigation of damages in proportion to the amount of contributory negligence attributable to the plaintiff; and all questions of negligence or act or omission giving rise to strict liability in tort and contributory negligence shall be for the jury.

Sec. 9. That section 39-619, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

Such claim shall also not be filed against a state employee acting within the scope of his or her office; or

(h) Any claim based upon the issuance, denial, suspension, or revocation of or failure or refusal to issue, deny, suspend, or revoke any permit, license, certificate, approval, order, or similar authority. Such claim shall also not be filed against a state employee acting within the scope of his or her office.

(2) With respect to any tort claim based on the alleged insufficiency or want of repair of any highway or bridge on the state highway system, it is the intent of the Legislature to waive the state's immunity from suit and liability to the same extent that liability has been imposed upon counties pursuant to section 13-912 and only to that extent. The Legislature further declares that judicial interpretations of section 13-912 governing the liability of counties on December 25, 1969, also shall be controlling on the liability of the state for the alleged insufficiency or want of repair of any highway or bridge. It is the further intent of the Legislature that the words insufficiency or want of repair shall refer to a spot or localized highway defect and shall not be construed to refer to the general or overall condition of a highway.

Sec. 11. This act shall become operative on January 1, 1992.

Sec. 12. That original sections 13-902, 13-910, 25-21,185, and 39-619, Reissue Revised Statutes of Nebraska, 1943, and section 81-8,219, Revised Statutes Supplement, 1990, are repealed.".

WHEREAS, early motor-skill training and enjoyable experiences of physical activity strongly influence lifelong habits of physical fitness; and

ATTORNEY GENERAL'S OPINION

Opinion No. 91009

DATE: February 6, 1991

SUBJECT: LB 17, Payment of Petition Circulators

REQUESTED BY: Senator Loran Schmit

WRITTEN BY: Don Stenberg, Attorney General
Linda L. Willard, Assistant Attorney General

You have inquired of this office whether LB 17 is constitutional. LB 17 makes it illegal to pay petition circulators based upon the number of signatures obtained or contingent upon the outcome of the petition effort. It also sets a minimum rate for circulator wages and

makes any person who pays circulators an employer for purposes of the Nebraska Workers' Compensation Act and Employment Security Law.

It is our determination that the constitutionality of the proposed legislation is highly suspect based on the United States Supreme Court decision in Meyer v. Grant, 486 U.S. 414 (1988), and the Nebraska Supreme Court's adoption of Meyer in State v. Radcliffe, 228 Neb. 868, 424 N.W.2d 608 (1988). In Radcliffe, the Nebraska Supreme Court upheld a district court decision that the statute then in force prohibiting the payment of petition circulators was an unconstitutional infringement of free speech.

> Neb. Const. art. III, § 1, provides in part:
>
> The people reserve for themselves, however, the power to propose laws, and amendments to the constitution, and to enact or reject the same at the polls, independent of the Legislature, and also reserve power at their own option to approve or reject at the polls any act, item, section, or part of any act passed by the Legislature.
>
> Further, Neb. Const. art. III, § 2, provides in part:
>
> "The first power reserved by the people is the initiative whereby laws may be enacted and constitutional amendments adopted by the people independently of the Legislature."
>
> By the foregoing constitutional provisions the people of the State of Nebraska have reserved the power to propose and enact laws independent of the Legislature. Consequently, the Legislature and the electorate are concurrently equal in rank as sources of legislation. Provisions authorizing the initiative should be construed in such a manner that the legislative power reserved in the people is effectual. (Citations omitted.) Such right reserved in the people of Nebraska is so precious and jealously guarded that the Governor cannot veto measures initiated by the people. See Neb. Const. art. III, § 4.
>
> "The right of initiative is precious to the people and is one which the courts are zealous to preserve to the fullest tenable measure of spirit as well as letter." (Citations omitted.)

State ex rel. Brant v. Beerman, 217 Neb. 632, 635-636, 350 N.W.2d 18, 20-21 (1984).

In Meyer, supra, the United States Supreme Court was faced with the question of whether a Colorado law prohibiting payment of petition circulators was constitutional under the First Amendment of the United States Constitution. The United States Supreme Court determined that the Colorado statute was unconstitutional.

The First Amendment of the Constitution of the United States provides that Congress "shall make no law . . . abridging freedom of

speech, or of the press; or of the right of people peaceably to assemble, and to petition the Government for a redress of grievances." The Fourteenth Amendment makes this prohibition applicable to the states. In Meyer, the Supreme Court determined that once the state decided to confer the right of initiative and referendum on the people, it is obligated to do so in a manner consistent with the United States Constitution, specifically the First Amendment, since it involves core political speech. 486 U.S. at 420. The Court determined that:

> The refusal to permit appellees to pay petition circulators restricts political expression in two ways: First, it limits the number of voices who will convey appellees' message and the hours they can speak and, therefore, limits the size of the audience they can reach. Second, it makes it less likely that appellees will garner the number of signatures necessary to place the matter on the ballot, thus limiting their ability to make the matter the focus of statewide discussion. . . .

486 U.S. 423.

In Meyer, the appellants argued that even if the statute imposed some limitation on First Amendment expression, the burden was permissible because other avenues of expression remained open to appellees and because the state had the authority to impose limitations on the scope of the state-created right to legislate by initiative. In response, the Unites States Supreme Court stated:

> That appellees remain free to employ other means to disseminate their ideas does not take their speech through petition circulators outside the bounds of First Amendment protection. Colorado's prohibition of paid petition circulators restricts access to the most effective, fundamental, and perhaps economical avenue of political discourse, direct one-on-one communication. That it leaves open "more burdensome" avenues of communication, does not relieve its burden on First Amendment expression. . . . The First Amendment protects appellees' right not only to advocate their cause but also to select what they believe to be the most effective means for so doing.

486 U.S. at 424.

Finally, the Supreme Court held that:

> The State's interest in protecting the integrity of the initiative process does not justify the prohibition because the State has failed to demonstrate that it is necessary to burden appellees' ability to communicate their message in order to meet its concerns. The Attorney General has argued that the petition circulator has the duty to verify the authenticity of signatures on the petition and

that compensation might provide the circulator with a temptation to disregard that duty. . . .

Other provisions of the Colorado statute deal expressly with the potential danger that circulators might be tempted to pad their petitions with false signatures. It is a crime to forge a signature on a petition, . . . to make false or misleading statements relating to a petition, . . . or to pay someone to sign a petition, . . . Further, the top of each page of the petition must bear a statement printed in red ink warning potential signatories that it is a felony to forge a signature on a petition or to sign the petition when not qualified to vote and admonishing signatories not to sign the petition unless they have read and understand the proposed initiative. These provisions seem adequate to the task of minimizing the risk of improper conduct in the circulation of a petition, especially since the risk of fraud or corruption, or the appearance thereof, is more remote at the petition stage of an initiative than at the time of balloting. . . .

486 U.S. 426-427.

Neb.Rev.Stat. §§ 32-705 and 32-705.01 currently protect the integrity of the initiative and referendum process much as the Colorado laws cited in Meyer. Neb.Rev.Stat. § 32-705 (1990 Cum.Supp.) provides for the following affidavit to be signed by each circulator and notarized:

_____ being first duly sworn,
Name of Circulator

deposes and says that he or she is the circulator of the foregoing petition containing _____ signatures; that he or she is a registered voter of the State of Nebraska; that each person whose name appears on the petition sheet personally signed the petition in the presence of affiant; that the date to the left of each signature is the correct date on which the signature was affixed to the petition and that the date was personally affixed by the person signing such petition; that affiant believes that each signer has stated his or her name, street, and street number or voting precinct and his or her city, village, or post office address correctly; that affiant believes that each petition was a registered voter of the state and county at the time of signing the petition or will be a registered voter of the state and county on or before the date on which the petition is required to be filed with the Secretary of State for signature verification and qualified to sign the petition; and that affiant stated to each petitioner before he or she affixed his or her signature the purpose of such petition.

Additionally, the following warning is to appear on each petition:

> WARNING: Any person willfully and knowingly signing any name other than his or her own to any petition, any person willfully and knowingly signing his or her name more than once for the same measure at one election, any person who willfully and knowingly circulates a petition if he or she is not, at the time of circulating the same, a registered voter and qualified to circulate the same, any person who willfully and knowingly signs a petition if he or she is not a registered voter at the time of signing the petition or will not be a registered voter on or before the date on which the petition is required to be filed with the Secretary of State for signature verification and qualified to sign the petition, any person who willfully and knowingly falsely swears to any signature upon any such petition, any person who willfully and knowingly accepts money or other things of value for signing the petition, or any circulator who willfully and knowingly offers money or other things of value in exchange for a signature upon any such petition shall be guilty of a felony. . . .

Neb.Rev.Stat. § 32-705 also provides that:

> Any person willfully and knowingly circulating a petition outside of the county in which he or she is registered to vote without registering with the Secretary of State shall be guilty of a Class I misdemeanor. All signatures secured in a manner contrary to sections 32-702 to 32- 713 shall not be counted. . . .

Neb.Rev.Stat. § 32-705.01 (Reissue 1988) also provides that any person who has been induced to sign any statewide initiative or referendum petition as a result of fraud, deceit, misrepresentation, or an inadequate or incomplete explanation of the proposal by the circulator may remove his name from such petition.

Based on the Supreme Court's analysis in Meyer, Neb.Rev.Stat. §§ 32-705 and 32-705.01 would appear to adequately protect the validity of the initiative and referendum process without infringing upon the right of individuals or groups to engage in political speech. The limitation on payment of petition circulators does not appear to provide any additional safeguards for the validity of the initiative and referendum process and arguably infringes on the ability of individuals to select the means they feel most effective to get their message to the voters. Therefore, it is our determination that the section of LB 17 which restricts payment of petition circulators based on number of signatures or the petition outcome is constitutionally suspect.

That portion of LB 17 which requires that circulators be paid a minimum rate and that any person paying a circulator be deemed an employer for purposes of the Nebraska Workers' Compensation Act and the Employment Security Law addresses a legitimate state

interest in protecting employees. It does not appear to unduly restrict the ability of individuals who have the ability to pay circulators to do so and does not require that those using unpaid circulators meet any specific requirements. It is possible that a requirement to pay minimum wage only to paid circulators and allowing volunteer circulators for the same sponsor could also prove burdensome for some small or nonprofit groups wishing to hire circulators. In such a case, the interest of the state in protecting employees would necessarily have to be weighed against the limitations placed on those wishing to circulate petitions in an initiative or referendum issue. In such an instance, the state's interests in protecting employees would probably outweigh the limited requirements which this section places on petition circulators with regard to minimum wage and worker compensation. However, as this bill is currently written, if a petition sponsor pays even one circulator, it must pay all of its circulators and must pay them a minimum wage. The chances of this requirement being unduly burdensome, as currently written, are considerably greater.

Sincerely,
DON STENBERG
Attorney General

BILL ON FIRST READING

The following bill was read for the first time by title:

LEGISLATIVE BILL 209A. Introduced by Withem, 14.

A BILL FOR AN ACT relating to appropriations; to appropriate funds to aid in carrying out the provisions of Legislative Bill 209, Ninety-second Legislature, First Session, 1991.

ATTORNEY GENERAL'S OPINION

Opinion No. 91010

DATE: February 7, 1991

SUBJECT: Community Services Block Grant Funding; Propriety of Legislation Specifying Formula

REQUESTED BY: Carson H. Rogers, State Senator

WRITTEN BY: Don Stenberg, Attorney General
Royce N. Harper, Senior Assistant Attorney General

QUESTION: Can the Nebraska Unicameral pass legislation and specify in statute a formula by which the Department of Social Services shall allocate Community Service Block Grant funds to the nine Community Action Agencies in Nebraska?

CONCLUSION: Yes, on the condition that the legislation is in compliance with federal guidelines.

The Supreme Court has long recognized that Congress may fix the terms on which it will dispense federal money to the states. Oklahoma v. CSC, 330 U.S. 127 (1947); King v. Smith, 392 U.S. 309 (1968); Rosado v. Wyman, 397 U.S. 397 (1970). Legislation enacted pursuant to the spending power of Congress is much in the nature of a contract; in return for federal funds, the states agree to comply with federally imposed conditions. "The legitimacy of Congress' power to legislate under the spending power thus rests on whether the state voluntarily and knowingly accepts the terms of the contract. Accordingly, if Congress intends to impose a condition on the grant of federal monies, it must do so unambiguously." Pennhurst State School v. Haldeman, 451 U.S. 17 (1980). Thus, it is a legitimate Congressional prerogative to provide for conditionally funded grants as long as the guidelines states must adhere to in order to qualify for those grants are unambiguously delineated.

The Community Services Block Grant program was created by Congress in 1981 to provide federal funds to states to administer as long as that administration took place within the general and well specified guidelines as set forth by Congress in Subtitle B, the Community Services Block Grant Program. The Block Grant

program has thus been established through a legitimate use of Congress' spending power.

Section 675 of the Community Service Block Grant Program governs the requirements each state must meet in order to receive federal funding. As related to the question presented, Section 675 sets out the following guidelines:

(a) Each state desiring to receive an allotment for a fiscal year under this subtitle shall submit an application to the Secretary....Each such application shall contain assurances by the chief executive officer of the state that the state will comply with subsection (b) and will meet the conditions enumerated in subsection (c).

(b) ...no funds shall be allotted to such state for any fiscal year under this subtitle, unless the legislature of the state conducts public hearings on the proposed use and distribution of funds to be provided under this subtitle for each fiscal year.

Part C of Section 675 contains a list of guidelines Congress set forth establishing the criteria each state's program must meet.

The pertinent portion of this section as concerns the question presented establishes that the governor of each state receiving funds must certify that the state's program meets the Section 675(c) guidelines. Indeed, the courts that have interpreted the provisions of Section 675 focus on the need for the governors to certify that any changes in the state's program are in compliance with Congressional guidelines.

For instance, Rural Alaska Community Action Program v. Smith, 847 F.2d 535 (9th Cir. 1988) involved a case where a state agency brought a suit challenging an amendment to a plan for proposed use of federal Community Services Block Grant funds. The court held that as long as the governor of the state certified that the state administered the Block Grant program in compliance with Congressional standards, no additional procedural requirements had to be met.

As confirmed by Section 675 and case law, the essential procedural requirement of states that apply for Block Grant funds is that the governor must certify that the state's program conforms with the program's guidelines as mandated by Congress.

Section 675 also requires public hearings be held concerning any proposals that would change the state's Community Block Services program. South Eastern Human Development Corporation v. Schweiker, 687 F.2d (8th Cir. 1982) concerned a state's attempt to change guidelines formerly utilized to administer the Community Block Grant program. The court interpreted Section 675(b) as requiring the Legislature to hold public hearings if it chooses to

utilize new guidelines when administering the federal funds in question. Id. at 1156.

Therefore, as interpreted by the courts, Congress has apparently allowed for the involvement of state legislatures in the administration of Community block Grant funds as long as that involvement is in compliance with federal guidelines. The two essential components of those guidelines are that:

(1) The Unicameral must have the Governor certify that the changes implemented by the legislative body do not violate the Congressional guidelines for the administration of the program as contained in Section 675(c).

(2) The Unicameral is required by Section 675(b), to hold public hearings on the "proposed use and distribution of funds." Some courts such as the court in Schweiker, supra, have recognized that the State's executive branch may also conduct the requisite public hearings.

In conclusion, the Community Services Block Grant Act and the majority of courts seem to recognize that if the requirements listed in (1) and (2) above are met, the Unicameral can pass legislation affecting the Community Services Block Grant program.

Sincerely,
DON STENBERG
Attorney General

ELECTION CONTEST REPORTS

Pursuant to Legislative action on the 15th day of January, 1991, the Executive Board of the Legislative Council was appointed to hear and review the Election Contest of Mr. Paul Korslund for the 30th Legislative District. The Executive Board conducted a hearing on January 26, 1991, at which time both parties through legal counsel presented their arguments. Subsequent to that hearing, the Executive Board asked counsel for both parties to prepare legal briefs.

Based on the briefs, hearing held on January 26, 1991, depositions submitted and other public records available to the committee, the Executive Board finds:

1. That over 500 absentee ballots cast in Gage County which are the subject of the Korslund petition found on page 11 of the

1991 Legislative Journal, should not be counted in the general election returns for the 30th Legislative District in that they do not comply with 32-835 (2) R.R.S. of Nebraska, 1943, which reads:

"Before any absent voter is issued a ballot, the county clerk, election commissioner, or any employee working in his or her office shall first write his or her name in full on the back of such ballot. No ballot shall be counted by the absent voters' counting board or canvassing board unless the ballot is identified by a signature as set out in this section."

2. That as a result of the Gage County absentee ballots not being counted, the following represents the vote totals for each of the candidates for the 30th Legislative District:

Paul Korslund 5599
Dennis Byars 5585

3. That the Committee recommends that Paul Korslund be declared the winner in the 30th Legislative District and, as such, be seated as a member of the 92nd Legislature.

These findings were adopted by the Committee on a 6-3 vote with Senators Warner, Baack, Chambers, Hall, Lindsay, and Schimek voting "Aye" and Senators Haberman, Hefner, and Wehrbein voting "No".

MINORITY REPORT

Pursuant to legislative action on the 15th day of January, 1991, the Executive Board of the Legislative Council was appointed to hear and review the Election Contest of Mr. Paul Korslund for the 30th Legislative District. The Executive Board conducted a hearing on January 26, 1991, at which time both parties through legal counsel presented their arguments. Subsequent to that hearing, the Executive Board asked counsel for both parties to prepare legal briefs.

Based on the briefs, the hearing held on January 26, 1991, depositions submitted and other public records available to the committee, the following members of the Executive Board (signed below) respectfully dissent from the majority decision and state:

1. That the absentee ballots cast in Gage County which are the subject of the Korslund petition found on page 11 of the Legislative Journal should be counted in the general election returns for the 30th Legislative District for the following reasons.

a. The members concur that the ballots in question do not fully comply with section 32-835 (2) R.R.S. of Nebraska, 1943, but that the Constitution of the State of Nebraska requires that the ballots be counted notwithstanding that section.

Article I, section 22 states: "All elections shall be free and there shall be no hindrance or impediment to the right of a qualified voter to exercise the elective franchise."

Article VI, Section 6 states: "All votes shall be by ballot or other means authorized by the Legislature whereby the vote and the secrecy of the elector's vote will be preserved."

The members of the Legislature have sworn an oath to uphold the Constitution of the United States and the Constitution of the State of Nebraska. When a conflict arises between state statutes and the State Constitution, the members are bound to follow the dictates of the Constitution. Therefore, the members state that the ballots in question should be counted notwithstanding section 32-835 (2) because Article I, section 22 and Article VI, section 6 supersede that section and require that the ballots be counted in order that the right of the voters be preserved and to prevent any hindrance or impediment for qualified voters who exercised their elective franchise in this contested election.

b. The Nebraska Supreme Court has held on numerous occasions that a substantial compliance standard be used to determine whether votes should be counted. When the election laws are considered in whole along with their intent, purpose, and spirit, the members state that in order to comply with the law the ballots should be counted to avoid disenfranchising any voters, and uphold the State Constitution.

c. The members state that absentee voting is a right which cannot be abandoned and that a majority of courts have abandoned the position that absentee voting is a mere privilege, and have consistently determined that absentee voting is as much a right as voting in person.

2. That as a result the vote totals for each of the candidates for the 30th Legislative District shall remain as reported and approved by the State Board of Canvassers.

3. That Dennis Byars be declared the duly elected Senator for the 30th Legislative District and as such that he be seated as a member of the 92nd Legislature.

The following members respectfully dissent from the majority's findings and urge the Legislature to reject the majority report and adopt the minority report.

UNANIMOUS CONSENT - Print in Journal

Mr. Hall asked unanimous consent to print the following in the Journal. No objections. So ordered.

Amend the Minority Report found beginning on page 698 of the Journal:

In paragraph 1 a strike the language which reads "but that the Constitution of the State of Nebraska requires that the ballots be counted notwithstanding that section." and also strike the entire paragraph that reads:

"The members of the Legislature have sworn an oath to uphold the Constitution of the United States and the Constitution of the State of Nebraska. When a conflict arises between state statutes and the State Constitution, the members are bound to follow the dictates of the Constitution. Therefore, the members state that the ballots in question should be counted notwithstanding section 32-835 (2) because Article I, section 22 and Article VI, section 6 supersede that

section and require that the ballots be counted in order that the right of the voters be preserved and to prevent any hindrance or impediment for qualified voters who exercised their elective franchise in this contested election."

Strike all of paragraph 1 b and 1 c that reads:

"b. The Nebraska Supreme Court has held on numerous occasions that a substantial compliance standard be used to determine whether votes should be counted. When the election laws are considered in whole along with their intent, purpose, and spirit, the members state that in order to comply with the law the ballots should be counted to avoid disenfranchising any voters, and uphold the State Constitution.

c. The members state that absentee voting is a right which cannot be abandoned and that a majority of courts have abandoned the position that absentee voting is a mere privilege, and have consistently determined that absentee voting is as much a right as voting in person."

SPEAKER SIGNED

While the Legislature was in session and capable of transacting business, the Speaker signed the following resolution: LR 28.

ELECTION CONTEST - 30th District

Mr. Withem moved to refer the Minority Report to Executive Board.

Mr. Withem withdrew his pending motion.

Mr. Landis renewed his pending amendment, found in the Journal on page 715.

Mr. Landis asked unanimous consent to replace his pending amendment, found in the Journal on page 715, with a substitute amendment. No objections. So ordered.

Mr. Landis offered the following substitute amendment:

Amend Senator Hefner's motion to approve Minority Report:

That the Speaker subpoena all "in person ballots" in Gage County and Jefferson County which show a single set of initials or no initials which were not counted in the recount of the Thirtieth Legislative District on December 5, 1990, approximately 100 in number, and that the ballots be presented to the Legislature for counting at 9:00 a.m., on February 21, 1991. That the Legislature then add the number of votes as appears on the recount abstract of Gage and Jefferson Counties, Byars 5585, Korslund 5599; plus the Gage County absentee ballot totals, Byars 269, Korslund 216; plus the totals from the in person ballots which show a single set of initials or no initials, and a final report of the vote total be given on the floor that morning.

Mr. Landis withdrew his pending substitute amendment.

Mr. Hall renewed his pending amendment, found in the Journal on page 721.

Mr. Landis asked unanimous consent to be excused. No objections. So ordered.

Mr. Hall withdrew his pending amendment.

Messrs. Warner and Hall offered the following amendment:

Strike all the contents of the Minority Report and insert:

Pursuant to legislative action on the 15th day of January, 1991, the Executive Board of the Legislative Council was appointed to hear and review the Election Contest of Mr. Paul Korslund for the 30th Legislative District. The Executive Board conducted a hearing on January 26, 1991, at which time both parties through legal counsel presented their arguments. Subsequent to that hearing, the Executive Board asked counsel for both parties to prepare legal briefs.

Based on the briefs, the hearing held on January 26, 1991, depositions submitted and other public records available to the committee, the Legislature finds

1. That the absentee ballots that were the subject of the Contest of Election found on page 11 of the Legislative Journal, although they may not fully comply in every detail with section 32-835 (2) R.R.S. of Nebraska, should be counted in the general election returns for the 30th Legislative District for the reason that the endorsement of the absentee ballots through the use of initials by the election clerk or his employees substantially complies with that section.

2. That as a result the vote totals for each of the candidates for the 30th Legislative District shall remain as reported and approved by the State Board of Canvassers.

3. That as a result the Legislature dismisses the Contest of Election and seats Dennis Byars as a member of the Ninety-Second Legislature representing the 30th Legislative District.

Mr. Chambers offered the following amendment to the pending Warner-Hall amendment:

In third line of paragraph numbered as "1.", strike "may" and insert "do".

Pending.

COMMUNICATION

Mr. Speaker:

I filed my election contest because I was concerned only that the election laws were being inconsistently enforced in Gage County. I sincerely believed that the voiding of ballots cast at the polling place because they did not comply with the requirements of law while counting absentee ballots which likewise did not comply with the

requirements of law, was not acceptable enforcement of the election laws.

I maintained this posture through the courts and the Legislature's Executive Board, and was affirmed by all those entities. However, the Legislature as a whole has considered that our position must give way to other arguments, and I am now convinced that further consideration of the issues and delay in determination of a representative for the 30th District is detrimental to the process of government.

Accordingly, I ask that I be permitted to withdraw my contest of the election previously filed with the Legislature.

(Signed) Paul Korslund

MOTION

Mr. Warner moved the permanent seating of Dennis Byars to the 30th Legislative District.

Mr. Hall raised a point of order on whether the contest of election can be withdrawn by the contestant at this time.

The Chair ruled the contest of election can be withdrawn without requiring any further Legislative action.

Mr. Chambers challenged the ruling of the Chair. The question is, "Shall the Chair be overruled?"

Mr. Beutler asked unanimous consent to be excused until he returns. No objections. So ordered.

Mr. Dierks moved the previous question. The question is, "Shall the debate now close?" The motion prevailed with 25 ayes, 9 nays, and 15 not voting.

Mr. Chambers moved for a call of the house. The motion prevailed with 26 ayes, 0 nays, and 23 not voting.

Mr. Chambers requested a record vote on his motion to overrule the Chair.

The Chair was sustained.

The Warner pending motion, found in this day's Journal, for the permanent seating of Dennis Byars to the 30th Legislative District, was renewed.

Mr. Chambers raised a point of order regarding whether the election contest could be withdrawn without the approval or authorization of the Legislature.

Mr. Lindsay raised a point of order that this issue had been decided as the result of the previous ruling on the point of order from Mr. Hall.

The Chair ruled that the result of the previous ruling was that the election contest was no longer before the Legislature because it had been withdrawn by the communication from Mr. Korslund.

The Warner pending motion, found in this day's Journal, for the permanent seating of Dennis Byars to the 30th Legislative District, was renewed.

Mr. Chambers offered the following amendment to the pending Warner motion:

3. That as a result the Legislature dismisses the Contest of Election and seats Dennis Byars as a member of the Ninety-Second Legislature representing the 30th Legislative District.

The Chair declared the call raised.

Mr. Lynch asked unanimous consent to be excused. No objections. So ordered.

Mr. Chambers withdrew his pending amendment.

Mr. Lindsay offered the following amendment to the pending Warner motion:

that the Warner motion be amended to insert the following section:

"The Legislature approves the withdrawal of election contests by Paul Korslund and Dennis Byars."

Messrs. Morrissey and R. Johnson asked unanimous consent to be excused. No objections. So ordered.

Mr. Lindsay withdrew his pending amendment.

that the Warner motion be amended to insert the following new section:

"The Legislature having received the withdrawal of election contests by Paul Korslund and Dennis Byars hereby permanently seats Dennis Byars as a member of the Ninety-Second Legislature representing the 30th Legislative District."

The Ashford amendment was adopted with 38 ayes, 0 nays, 7 present and not voting, and 4 excused and not voting.

WHEREAS, the Ninetieth Legislature of Nebraska, Second Session, on February 22, 1988, approved the construction of Phase I

WHEREAS, on December 8, 1990, the Board of Trustees of the Nebraska State Colleges authorized the construction of Phase II of the student union facility on that campus; and

LEGISLATIVE BILL 718. Placed on General File as amended. (Standing Committee amendment printed separately from the Journal and on file in the Bill Room - Room 1102 - AM0425.)

(Signed) Jacklyn Smith, Chairperson

RESOLUTION

LEGISLATIVE RESOLUTION 31. Introduced by Schrock, 39; Elmer, 38; Schellpeper, 18; Morrissey, 1; Rogers, 41; Cudaback, 36; Hefner, 19; Coordsen, 32.

WHEREAS, Nebraska Good Seed Week is an annual observance which focuses statewide attention on the important contributions and the benefits that crop seed and the crop seed industry make to the Nebraska economy; and

WHEREAS, the official observance for Nebraska Good Seed Week 1991 is March 10 to 16, 1991, a significant time of year in decisionmaking and planning for spring seeding, a time when choices of seed variety, seed source, and seed quality are being made, and a time of the reawakening of the wheat crop from winter dormancy; and

WHEREAS, the objective of the Nebraska farmer is to get the greatest possible dollar return for every dollar invested and nothing in crop production can offer a better return to the farmer than an investment in high-quality seed of adapted varieties; and

WHEREAS, the scheduling of Nebraska Good Seed Week is symbolic, as all across the nation people will celebrate agriculture during the week of March 17 to 23, 1991, and National Ag Day 1991 is March 21, 1991. Therefor, Nebraska Good Seed Week is held first because "Good agriculture begins with good seed"; and

WHEREAS, on March 15, 1902, seven men interested in maintaining Nebraska's position among the corn-growing states first met to organize the Nebraska Corn Improvers' Association. The objective of the association, as expressed by its organizers, was "...to promote the growing of corn in Nebraska by improvement of seed and in methods of tillage and such other means as the Association should adopt...". Through the years and adapting to changes and needs in agriculture, the original Nebraska Corn Improvers' Association evolved into today's Nebraska Crop Improvement Association; and

WHEREAS, the passage of House Roll 67 on March 16, 1931, provided for certification as to quality of seeds produced and sold in Nebraska. House Roll 67 was introduced and fostered by J.S. Steele, a Kimball county wheat farmer, longtime leader in the Nebraska Farm Bureau Federation, and member of the Nebraska House of Representatives from 1931 to 1935. The legislation is now part of the Nebraska Seed Law and is regulated by the Department of Agriculture and administered by the Nebraska Crop Improvement Association; and

WHEREAS, Nebraska Statehood Day is March 1, and the sower which stands atop the State Capitol in Lincoln was placed there to emphasize the importance of agriculture in the state. While the importance of agriculture has not changed over the years, farming techniques have. Today, it is vital that the farmer make careful plans for the most return from the investment made in each acre. A key decision in those plans is the selection and planting of high-quality seed.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Legislature recognizes the importance of seed variety, seed source, and seed quality to the agricultural sector of Nebraska's economy.

2. That the Legislature recognizes and commends the work by plant breeders, seed producers, and seedsmen who, through

cooperative efforts with the Nebraska Crop Improvement Association, the Nebraska Seed Trade Association, the Department of Agriculture, and the University of Nebraska, develop and maintain high-quality seeds for the benefit of Nebraska farmers.

3. That the Legislature recognizes the week of March 10 to 16, 1991, as Nebraska Good Seed Week.

Laid over.

MESSAGE FROM THE GOVERNOR

February 28, 1991

Madam President, Mr. Speaker
and Members of the Legislature
State Capitol
Lincoln, Nebraska 68509

Dear Madam President and Senators:

Today I signed and delivered to the Secretary of State LB 69, the collegiate student aid and athletics bill. LB 69 provides that no institution shall adopt or enforce a regulation requiring a college student to forgo student aid on the basis of financial need due to participation in intercollegiate sports. The bill contains findings, mandates investigations, and provides for redress and penalization. The new law becomes operative on June 1, 1992.

It is clear from the debate on this measure that a substantial majority of the representatives of the people of Nebraska want to

send a strong message on behalf of students to the National Collegiate Athletic Association (NCAA) through enactment of this legislation. By signing the bill into law, I have joined them in the fervent hope that this voluntary national organization will do the right thing and allow both needy and academically talented young Americans to draw all the student aid for which they qualify. All of us are concerned about improving students' access to higher education and improving their chances of staying in school and successfully completing their courses of study.

The delayed date will permit timely action on this issue. However, should there be an impasse, I will support legislation during the 1992 legislative session to extend the deadline. This will permit reconsideration by the NCAA and thereby avoid costly legal action for the State of Nebraska.

The NCAA's desire to create as level a "playing field" as possible for athletes at a wide range of institutions across the country has some merit, and I am aware of the complexities of the organization's structure and governance process. Those circumstances, however, do not justify perpetuating the unfair effects of NCAA rules. Of particular concern is the uneven "playing field" that results for students within institutions from the imposition of restrictions that create obstacles to academic opportunity only for athletes.

Sincerely,
(Signed) E. Benjamin Nelson
Governor

ATTORNEY GENERAL'S OPINION

Opinion No. 91013

DATE: February 28, 1991

SUBJECT: Constitutional amendment to provide for recall of elected constitutional officers.

REQUESTED BY: Senator Ron Withem, 14th Legislative District

WRITTEN BY: Don Stenberg, Attorney General
Harold Mosher,
Senior Assistant Attorney General

You have asked whether an amendment to the Nebraska Constitution is needed to permit the recall of an elected State constitutional officer. Specifically, your question pertains to members of the University of Nebraska Board of Regents (hereinafter, Board of Regents).

It should be noted at the outset that Neb.Const., Art. VII, §10, states that the general government of the University of Nebraska shall, under the direction of the Legislature, be vested in a board of not less than six nor more than eight regents. It mandates that the voting members thereof shall be elected (except vacancies) from and by districts and fixes the term of the elected members at six years each. It also provides for three students of the University of Nebraska who serve as nonvoting members and fixes the terms of their office. The Board of Regents are thus constitutional officers who serve a fixed term.

Traditionally, Nebraska has afforded constitutional officers more protection than statutory officers in terms of the possible ways such officers may be removed from office. See and compare, State ex rel. Lottman v. Board of Education of School District No. 103, 201 Neb. 486, 268 N.W.2d 435 (1978) with Fitzgerald v. Kuplinger, 163 Neb. 286, 79 N.W.2d 547 (1956). Lottman dealt with and permitted the recall of the members of a board of education. Fitzgerald dealt with a suit brought by the Douglas County Attorney to enjoin the county election commissioner from placing the names of two candidates for county attorney on the general election ballot. In its opinion, the Nebraska Supreme Court addressed at length the removal or suspension of constitutional officers. It then held the provisions of Neb.Const., Art. III, §23, "as to removal and vacation, are exclusive as to constitutional offices and the Legislature has no power to add other or different grounds." It thereupon declared Neb.Rev.Stat. §32-503 (Supp. 1955), to the extent that it was attacked in that case, unconstitutional, null and void.

Based upon Fitzgerald, it would seem that the Legislature has no power to provide by statute for the removal of a member of the Board of Regents. However, Neb.Const., Art. III, §23, which sets out the exclusive provisions for removal of State constitutional officers, and upon which the holding in Fitzgerald was based, was repealed in 1972.

The legislative history of the repeal of Neb.Const., Art. III, §23, states that the content thereof was to be provided for in Neb.Const., Art. IV. Subject to certain exceptions which are not pertinent to this inquiry, Neb.Const., Art. IV, §11, provides for the appointment of elected state offices created by the Constitution which became vacated by "death, resignation, or otherwise." It does not elaborate on the word "otherwise." It seems logical that it refers to and means causes stated in the Constitution, other than death or resignation, by which elected State constitutional offices can become vacant. One such cause, for example, is by impeachment, Neb.Const., Art. III, §17 and Neb.Const., Art. IV, §5. Another is refusal to take the Oath of Office or the violation of said oath, as provided by Neb.Const., Art. XV, §1. See also, Neb.Const., Art. XV, §2.

Last, but not least important, it should be noted that Fitzgerald has not been overruled. In fact, Fitzgerald is the latest in a line of cases. See, for example, Laverty v. Cochran, 132 Neb. 118, 271 N.W. 354 (1936); and Conray v. Hallowell, 94 Neb. 794, 144 N.W. 895 (1913). We are, therefore, of the opinion that elected State constitutional officers can only be removed from office for those reasons enumerated in the Nebraska Constitution. We are of the further opinion that an appropriate constitutional amendment would be required to permit the recall of a State constitutional officer, including members of the Board of Regents.

Respectfully submitted,
DON STENBERG

1. Insert the following new section:

"Section 1. That section 48-120, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

48-120. The employer shall be liable for all reasonable medical, surgical, and hospital services, including plastic or reconstructive but not cosmetic surgery when the injury has caused disfigurement, appliances, supplies, prosthetic devices, and medicines as and when needed, which are required by the nature of the injury and which will relieve pain or promote and hasten the employee's restoration to health and employment, and shall include damage to or destruction of artificial members, dental appliances, teeth, hearing aids, and eyeglasses, but, in the case of dental appliances, hearing aids, or eyeglasses, only if such damage or destruction resulted from an accident which also caused personal injury entitling the employee to compensation therefor for disability or treatment, subject to the approval of and regulation by the Nebraska Workers' Compensation Court, not to exceed the regular charge made for such service in similar cases. The compensation court may establish ~~and publish~~ schedules of maximum fees for such services. If the compensation court establishes such a schedule, it shall publish and furnish such schedule to the public. The compensation court shall review such schedule ~~annually~~

at least biennially and adopt appropriate changes when necessary. The compensation court ~~may~~ shall contract with any person, firm, corporation, organization, or government agency to secure adequate data to establish such fees. The provider or supplier of such services shall not collect or attempt to collect from any employer, insurer, government, or injured employee or dependent or the estate of any injured or deceased employee any amount in excess of the maximum fee established by the compensation court for any such service. The compensation court ~~may~~ shall establish and charge a fee to recover the cost of published fee schedules. The employee shall have the right to make the initial selection of his or her physician from among all licensed physicians in the state and shall have the right to make an alternative choice of physician if he or she is not satisfied with the physician first selected. If the employee shall select a physician located in a community not the home or place of work of the employee and a physician is available in the local community or in a closer community, no travel expenses shall be required to be paid by the employer or his or her insurer. In cases of injury requiring dismemberment or injuries involving major surgical operation, the employee may designate to his or her employer the physician or surgeon to perform the operation. If the injured employee unreasonably refuses or neglects to avail himself or herself of medical or surgical treatment, except as herein and otherwise provided, the employer shall not be liable for an aggravation of such injury due to such refusal and neglect and the compensation court or judge thereof may suspend, reduce, or limit the compensation otherwise payable under the Nebraska Workers' Compensation Act.

If, due to the nature of the injury or its occurrence away from the employer's place of business, the employee is unable to make such selection, the selection requirements of this section shall not apply as long as the inability to make a selection persists. The physician selected may arrange for any consultation, referral, or extraordinary or other specialized medical services as the nature of the injury shall require. The employer shall not be responsible for medical services furnished or ordered by any physician or other person

selected by the employee in disregard of this section.

No claim for such medical treatment shall be valid and enforceable unless, within fourteen days following the first treatment, the physician giving such treatment furnishes the employer and the Nebraska Workers' Compensation Court a report of such injury and treatment on a form prescribed by the compensation court. The compensation court may excuse the failure to furnish such report within fourteen days when it finds it to be in the interest of justice to do so.

All physicians attending injured employees shall comply with all the rules and regulations adopted and promulgated by the Nebraska Workers' Compensation Court and shall make such reports as may be required by it at any time and at such times as required by it upon the condition or treatment of any injured employee or upon any other matters concerning cases in which they are employed. Generally, all medical and hospital information relevant to the particular injury shall, on demand, be made available to the employer, employee, carrier, and the compensation court. The party requesting such medical and hospital information shall pay the cost thereof. No such relevant information developed in connection with treatment or examination for which compensation is sought shall be considered a privileged communication for purposes of a workers' compensation claim. When a physician willfully fails to make any report required of him or her under this section, the compensation court may order the forfeiture of his or her right to all or part of payment due for services rendered in connection with the particular case.

Whenever the Nebraska Workers' Compensation Court deems it necessary, in order to assist it in resolving any issue of medical fact or opinion, it shall cause the employee to be examined by a physician or physicians selected by the compensation court and obtain from such physician or physicians a report upon the condition or matter which is the subject of inquiry. The compensation court may charge the cost of such examination to the carrier. The cost of such examination shall include the payment to the employee of all necessary and reasonable expenses incident to such examination, such as transportation and loss of wages.

The Nebraska Workers' Compensation Court shall have the authority to determine the necessity, character, and sufficiency of any medical services furnished or to be furnished and shall have authority to order a change of doctor, physician, hospital, or rehabilitation facility when it deems such change is desirable or necessary. For the purpose of this section, physician shall mean any person licensed to practice medicine and surgery, osteopathic medicine, chiropractic, podiatry, or dentistry.

The Nebraska Workers' Compensation Court shall order the employer to make payment directly to the supplier of any services provided for in this section or reimbursement to anyone who has made any payment to the supplier for services provided in this section. No such supplier or payor may be made or become a party to any action before the compensation court.".

ATTORNEY GENERAL'S OPINION

Opinion No. 91014

DATE: March 1, 1991

SUBJECT: LB 68; Constitutionality of a Bill That Would Require Payment of a Stipend to University Football Players in Light of Concerns Involving the Contingent Operation of the Bill and Vagueness

REQUESTED BY: Senator Elroy Hefner, Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Dale A. Comer, Assistant Attorney General

LB 68 is a bill which would require that football players at the University of Nebraska-Lincoln be paid a stipend, the amount of which would be determined by the University. The bill provides that it shall become operative "whenever laws requiring a similar stipend for football players are enacted in four additional states which are members of the Big Eight Conference." You are concerned about the bill's constitutionality for several specific reasons described in your correspondence to us. You also raise some additional questions concerning continued operation of the bill in the event of certain actions by the other states involved. Our responses to your various questions are set out below.

You first ask if LB 68 is constitutional with specific reference to the contingency provisions of the bill which make its operation contingent upon enactment of similar laws in four additional states. We do not believe that this contingency provision is unconstitutional.

There is considerable authority in Nebraska which indicates that, while the Legislature cannot delegate its authority to make a law, it can make a law which becomes operative on the happening of a certain contingency. State ex rel. Douglas v. Sporhase, 208 Neb. 703, 305 N.W.2d 614 (1981); State v. Padley, 195 Neb. 358, 237 N.W.2d 883 (1976); Lennox v. Housing Authority of the City of Omaha, 137 Neb. 582, 290 N.W. 451 (1940). In fact, we have had occasion to consider the constitutionality of a bill with contingency provisions quite similar to those set out in LB 68. In Opinion of the Attorney General No. 87066, dated May 4, 1987, we indicated that a provision making the operation of a particular bill effective upon passage of identical acts by certain contiguous states did not constitute an unconstitutional delegation of legislative authority. In a similar fashion, we believe that the contingency provision of LB 68 is constitutional.

You next ask whether the language in section 5 of LB 68 referring to "laws requiring a similar stipend" is unconstitutionally vague, and whether it is likely to result in litigation to ascertain its meaning. You are particularly concerned with the use of "similar" in "similar stipend." While our assessment of the likelihood of litigation regarding the meaning of "similar stipend" would be speculative at best, we do believe that this language in the bill is not unconstitutionally vague.

It is a general rule that a statute must be reasonably clear and definite to be constitutionally valid. Neeman v. Nebraska Natural Resources Commission, 191 Neb. 672, 217 N.W.2d 166 (1974). The void for vagueness doctrine is based on the due process requirements contained in the Fifth and Fourteenth Amendments to the Federal Constitution and contained in Article I, Section 3 of our Nebraska Constitution. U.S. v. Articles of Drug, 825 F.2d 1238 (8th Cir. 1987); State v. A. H., 198 Neb. 444, 253 N.W.2d 283 (1977). In order to pass constitutional muster, a statute must be sufficiently specific so that persons of ordinary intelligence must not have to guess at its meaning, and the statute must contain ascertainable standards by which it may be applied. State v. A. H., supra.

Many cases involving the question of unconstitutional vagueness have dealt with statutes or ordinances imposing criminal sanctions. However, the void for vagueness doctrine does apply equally to civil statutes. Id. Even though this is the case, greater vagueness is generally tolerated in civil statutes than in criminal statutes. U.S. v.

Articles of Drug, supra. A statute which is otherwise valid will not be held void for vagueness unless it is so deficient in its terms as to render it impossible to enforce. Neeman v. Nebraska Natural Resources Commission, supra. The constitutional requirement of reasonable certainty in statutory language is satisfied by the use of ordinary terms which find adequate interpretation in common usage and understanding. Fulmer v. Jensen, 221 Neb. 582, 379 N.W.2d 736 (1986). Statutes are sufficiently definite when they use language which is commonly grasped. State v. Metteer, 203 Neb. 515, 279 N.W.2d 374 (1979).

The language at issue in LB 68 involves the use of "similar" in the phrase "similar stipend." It appears to us that "similar" is in ordinary and common usage and can be commonly understood. Moreover, under the standards described above, persons of ordinary intelligence would probably not have to guess at its meaning. Therefore, we do not believe that LB 68 is unconstitutionally vague.

Your final questions concern how LB 68 would be affected if it became operative upon the action of other states in the Big Eight Conference, and then one of the statutes from those other states establishing a similar stipend was abrogated in some way. Specifically, you wish to know what would happen if, under those circumstances, a similar statute in the other states was declared unconstitutional, enjoined, or repealed. We believe that such an action in another state would have no effect on LB 68, and it would remain in force.

LB 68 provides that its provisions will become operative when four additional states which are members of the Big Eight Conference enact laws requiring a similar stipend. While the bill conditions its operation upon the actions of other states, there is no language which indicates that the bill will become inoperative or suspended if something should alter the action of the four additional states involved. In general, statutes not limited in their operation to a particular term of time are, in legal contemplation, perpetual, and continue in force until duly altered or repealed by competent authority. 73 Am.Jur.2d Statutes § 375. Since nothing in LB 68 would limit its operation if one of the four additional states requiring similar stipends changed that requirement, we believe that the bill would continue in force under those circumstances. Once the bill becomes operative, it will remain so until its altered or repealed.

Sincerely,
DON STENBERG
Attorney General

ATTORNEY GENERAL'S OPINION

Opinion No. 91015

DATE: March 4, 1991

SUBJECT: Constitutionality of LB 783, First Session, Ninety-Second Legislature, dealing with

revitalizing, acquiring and operating light-density railroad lines by the State of Nebraska.

REQUESTED BY: Senator Howard A. Lamb
Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Warren D. Lichty, Assistant Attorney General

You have inquired as to the constitutionality of LB 783 and also whether any other problems are apparent with this proposed legislation (the "Bill"). The Bill deals with the three functions of acquiring, operating and revitalizing rail lines. Generally, we believe all three functions are possible of accomplishment under the Constitution of the State of Nebraska.

As to the first function, acquisition, there would appear to be no doubt that the State can be authorized to acquire a railroad right-of-way, its appurtenances, and even rolling stock. There are some problems in connection therewith, however.

First, Neb.Rev.Stat. §74-424 (Reissue 1990) limits the power of State agencies to acquire railroad right-of-way. The second problem has to do with acquisition of abandoned railroad right-of-way, as authorized in section 11, page 8, lines 24-26 of the bill. Once a railroad abandons the use of its right-of-way for railroad purposes, any easement it is occupying terminates and the unencumbered fee title to the property reverts to the adjoining landowner or owners. This is true whether the railroad had originally acquired its right-of-way by right of eminent domain, as held in Lillich v. Lowery, 211 Neb. 757, 320 N.W.2d 463 (1982), or whether it acquired it by right-of-way deed, as in George v. Parcheil, 92 Neb. 81, 137, N.W. 880 (1912). Also, many railroad acquisitions were similar to the one addressed in Bode v. Flobert, 197 Neb. 488, 249 N.W.2d 750 (1977), in which the railroad acquired the property by warranty deed for railroad purposes, which deed included reverter upon abandonment language. Thus, there are practical problems in connection with railroad right-of-way that has been abandoned, and it is likely, in such cases, that the railroad would have no title to give and that the State would have to acquire right-of-way from the abutting landowners.

As to the second function, operating a railroad, the Constitution of the State of Nebraska, Article X, section 4, provides that railroads are declared public highways and are open to all. It should therefore be possible to authorize the State to operate railroads for the benefit

of the public. See, Oxnard Beet Sugar Co. v. State, 73 Neb. 66, 105 N.W. 715 (1905). Again, the principal problems in connection therewith seem to be practical ones. Would the State's operation of the railroad be conducted by public employees? If not, what bidding procedures would be used in connection with acquiring a contractor to operate the railroad for the State? How often would such a contract need to be rebid?

An analysis of the third function of the Bill, which is revitalization of light-density railroad lines, involves the review of two provisions of the constitution of the State of Nebraska.

The first such provision is Article XI, section 1, which provides:

> No city, county, town, precinct, municipality, or other sub-division of the state, shall ever become a subscriber to the capital stock, or owner of such stock, or any portion or interest therein of any railroad, or private corporation, or association.

Neb.Const. art. XI, §1 (emphasis added). In Nebraska League of Savings and Loan Associations v. Mathes, 201 Neb. 122, 266 N.W.2d 720 (1978), the defendant was the state investment officer of the State of Nebraska. Pursuant to the provisions of Neb.Rev.Stat. §72-1243 (Reissue 1990), the State investment officer is to invest money in all State funds. Thus, it could be argued Mathes supports the proposition that the phrase "sub-division of the state" in Article XI, section 1, of the Constitution, applies to departments and agencies of the State, as well as cities and counties. However, it is our opinion the phrase "sub-division of the state" should be read in pari materia with the foregoing terms "city", "county", etc. Therefore, despite Mathes it would appear that the State of Nebraska, or a department thereof, does not constitute a "sub-division" for purposes of Article XI, section 1, and the prohibition against stock ownership does not affect the validity of the Bill.

The second provision which should be considered is Article XIII, section 3, of the Constitution of Nebraska, which provides: "The credit of the state shall never be given or loaned in aid of any individual, association, or corporation. . . ." This provision not only prevents making loans to private corporations and persons, but is generally interpreted to prohibit the expenditure of public funds for a private purpose.

Whether the revitalization of light-density rail lines, in accordance with the provisions of the Bill, constitutes a "public purpose" is the type of determination which is made on a case by case basis and for which no hard set rules exist. As the Nebraska Supreme Court has noted, "The notion of what is public use changes from time to time." State ex rel. Douglas v. Nebraska Mortgage Finance Fund, 204 Neb.

445, 457, 283 N.W.2d 12 (1979) (quoting Minnesota Housing Finance Agency v. Hatfield, 297 Minn. 155, 210 N.W.2d 298).

In our Opinion No. 209, dated January 23, 1980, concerning the constitutionality of LB 507 (the source of the Agriculture and Industrial Branch Rail Line Revitalization Act), we discussed the concept of "public purpose" at length.

> What is a public purpose is primarily for the Legislature to determine. A public purpose has for its objective the promotion of the public health, safety, morals, security, prosperity, contentment, and the general welfare of all the inhabitants. No hard and fast rule can be laid down for determining whether a proposed expenditure of public funds is valid as devoted to a public use or purpose. Each case must be decided with reference to the object sought to be accomplished and to the degree and manner in which that object affects the public welfare. . . It is the province of the Legislature to determine matters of policy and appropriate the public funds. If there is reason for doubt or argument as to whether the purpose for which the appropriation is made is a public or a private purpose, and reasonable men might differ in regard to it, it is essentially held that the matter is for the Legislature. . . .

1979-80 Report of the Nebraska Attorney General No. 209 (January 23, 1980) (quoting Douglas v. Nebraska Mortgage Finance Fund, 204 Neb. 445, 283 N.W.2d 12 (1979)).

> The principles which must guide {a} court in the determination of whether the act contemplates a public purpose are these: It is for the Legislature to decide in the first instance what is and what is not a public purpose, but its determination is not conclusive on the courts. However, to justify a court in declaring a tax invalid because it is not for a public purpose, the absence of public purpose must be so clear and palpable as to be immediately perceptible to the reasonable mind.

Id. (quoting State ex rel. Douglas v. Thone, 204 Neb. 836, 286 N.W.2d 249 (1979)).

> Competition with private industry does not in and of itself make the expenditure one for a private purpose. The fact that the plants and facilities may be managed by private corporations or individuals under management contracts does not make the purpose private.

Id.

Thus, while a legislative declaration of public purpose, as set forth in section 1(2) of the Bill, carries with it certain presumptions of validity, such a declaration is not conclusive on a court. State ex rel. Douglas v. Thone, 204 Neb. 836, 843, 286 N.W.2d 249 (1979).

Nonetheless, in light of the findings in State ex rel. Douglas v. Thone, it is our opinion a court would uphold the legislative determination of public purpose contained in the Bill.

We note that while the Bill is likely constitutional, the use of state funds under provisions of the Bill such as section 19(4), which authorizes the division of railroads to invest in the revitalization or acquisition of light-density rail lines, and section 19(6), which authorizes the division of railroads to grant or lend money, must be applied carefully in a manner consistent with constitutional restrictions on expenditure of public funds for private purposes.

Sincerely yours,
DON STENBERG

SPEAKER'S ANNOUNCEMENT

I want to alert each of you to important information about priority bills.

Rule 5, section 5 of our rules provides that each senator may designate one bill as a priority bill, and each chairperson of those committees which are authorized to hold public hearings on bills may designate two of the bills referenced to its committee and on which the committee has held a public hearing.

Our rules further provide that the designation deadline for the 90-day session must be set by the Speaker as a time prior to the 45th legislative day.

Accordingly, I am setting Noon, Monday, March 18 (the 44th day), as the deadline for designation of individual and committee priority bills. (This deadline will also apply to requests for Speaker priority bills).

Members and chairpersons must submit their designations in writing to the Speaker's office by this deadline in order to obtain priority status. Designating priority legislation may be done at any time so

we can begin work on the bills as soon as they are advanced from committee.

Thank you for your cooperation.

(Signed) Speaker Dennis Baack

WHEREAS, Sidney Johnsen Wayland, daughter of the late businessman and humanitarian Johnny E. Johnsen, has bestowed as a gift upon the University of Nebraska-Lincoln an invaluable copy of the First Folio of William Shakespeare's plays; and

WHEREAS, this copy of the First Folio was published in 1623, no two of which are exactly alike, and is one of approximately two hundred copies still in existence in the world today.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

LEGISLATIVE RESOLUTION 45. Introduced by Crosby, 29.

WHEREAS, acidic paper, which is present in most writing and printing papers produced since the mid-nineteenth century, has drastically reduced the life of books, documents, and other publications; and

WHEREAS, the deterioration of collections in Nebraska's libraries, archives, and other record-holding agencies is well documented; and

WHEREAS, large expenditures of funds are necessary to prevent further deterioration of collections through microfilming or other means of reproduction; and

WHEREAS, the potential loss of Nebraska's written heritage poses a threat to the rights of citizens to access information and to the history of this great state; and

WHEREAS, alkaline paper production is more environmentally sound than acidic paper production since alkaline processes reduce water consumption and facilitate waste management; and

WHEREAS, the United States Congress has urged states to adopt the use of alkaline permanent paper for the printing of documents and other records of enduring value; and

WHEREAS, the National Information Standards Organization and the American Library Association have urged publishers to use paper meeting the American National Standards Institute's Standard for Permanent Paper for Printed Materials, ANSI Z39.48-1984; and

WHEREAS, alkaline permanent paper is as accessible as acidic paper and costs no more.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE NINETY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Legislature urges state and local governmental agencies to publish documents, letters, and other papers of enduring value on alkaline permanent paper.

2. That the State Energy Office and the State Records Administrator study the use of alkaline permanent paper, including recycled alkaline paper, in state and local government and submit a record to the Committee on Government, Military and Veterans Affairs within twelve months from the date of this resolution.

"Sec. 7. That section 77-4303, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

77-4303. (1) A tax is hereby imposed on marijuana and controlled substances at the following rates:

(a) On each ounce of marijuana or each portion of an ounce, one hundred dollars;

(b) On each gram or portion of a gram of a controlled substance that is customarily sold by weight or volume, one hundred fifty dollars; or

(c) On each fifty dosage units or portion thereof of a controlled substance that is not customarily sold by weight, five hundred dollars.

(2) For purposes of calculating the tax under this section, marijuana or any controlled substance that is customarily sold by weight or volume shall be measured by the weight of the substance in the dealer's possession. The weight shall be the actual weight, if known, or the estimated weight as determined by the Nebraska State Patrol or other law enforcement agency. Such determination shall be presumed to be the weight of such marijuana or controlled substances for purposes of sections 77-4301 to 77-4316 and sections 11, 12, and 18 of this act.

(3) The tax shall not be imposed upon a person registered or otherwise lawfully in possession of marijuana or a controlled substance pursuant to Chapter 28, article 4.

Sec. 14. That section 77-4312, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

77-4312. (1) Any person who receives a notice of jeopardy determination of the tax imposed by section 77-4303 may petition the Tax Commissioner for a redetermination of the amount of the assessed deficiency.

(2) The petition for redetermination shall be filed within ten days of the receipt of the notice of jeopardy determination whenever service is in person or within ten days of the mailing of such notice by certified or registered mail to the last-known address of the person.

(3) The petition for redetermination shall be in writing and shall state the specific grounds upon which the claim is founded.

(4) The petition for redetermination shall be

accompanied by the payment of the tax or suitable security for the payment of the tax.

(5) The consideration of the petition for redetermination shall be made pursuant to the Administrative Procedure Act to the extent the act is not in conflict with sections 77-4301 to 77-4316 and sections 11, 12, and 18 of this act.

(6) The determination of the amount of the deficiency shall become final, and the amount shall be deemed to be assessed on the date provided in subsection (2) of this section if the person fails to file the petition for the redetermination and the appropriate security within the ten-day time period.

(7) When a petition for redetermination and the appropriate security is filed within the ten-day period, the amount of the deficiency shall be deemed to be assessed upon the date the determination of the Tax Commissioner becomes final.

(8) If the amount of the deficiency determined under such sections is not paid upon the receipt of the notice, the deficiency shall accrue interest at the rate specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, for the period from the date the tax was due until the date such deficiency is paid. ~~The person against whom a jeopardy determination is made may petition for a hearing pursuant to the Administrative Procedure Act.~~

~~(2)(a)~~ (9)(a) When a jeopardy determination or any other final determination has been made by the Tax Commissioner, the property seized for collection of the taxes and any penalty shall not be sold until the time has expired for filing an appeal. If an appeal has been filed, no sale shall be made unless the taxes and any penalty remain unpaid for a period of more than thirty days after final determination of the appeal by the district court.

(b) Notwithstanding subdivision (a) of this subsection, seized property may be sold if the taxpayer consents in writing to the sale or the Tax Commissioner determines that the property is perishable or may become greatly reduced in price or value by keeping or that such property cannot be kept without great expense.

(c) The property seized shall be returned by the Tax Commissioner if the owner gives a surety bond

equal to the appraised value of the owner's interest in the property, as determined by the Tax Commissioner, or deposits with the Tax Commissioner security in such form and amount as the Tax Commissioner deems necessary to insure payment of the liability but not more than twice the liability.

(d) Notwithstanding any other provision to the contrary, if a levy or sale pursuant to this section would irreparably injure rights in property which the court determines to be superior to rights of the state in such property, the district court may grant an injunction to prohibit the enforcement of such levy or to prohibit such sale.

(e) Any action taken by the Tax Commissioner pursuant to this section shall not constitute an election by the state to pursue a remedy to the exclusion of any other remedy.

(f) After the Tax Commissioner has seized the property of any person, that person may, upon giving forty-eight hours notice to the Tax Commissioner and to the court, bring a claim for equitable relief before the district court for the release of the property to the taxpayer upon such terms and conditions as the court deems equitable.

ATTORNEY GENERAL'S OPINION

Opinion No. 91016

DATE: March 7, 1991

SUBJECT: Constitutionality of Service by Members of the Legislature on Commissions and Boards Which are Part of the Executive Branch of State Government

REQUESTED BY: Senator LaVon Crosby, Nebraska State Legislature

WRITTEN BY: Don Stenberg, Attorney General
Dale A. Comer, Assistant Attorney General

You have requested our opinion on the following question:

When the Legislature creates commissions, boards, and other similar committees to be housed in the Executive branch of state government, is it a violation of the State Constitution for a member of the legislature to serve on that commission or board?

You then specifically reference Article II, Section 1 of the Nebraska Constitution dealing with the distribution of governmental powers.

For the reasons discussed below, we believe that such service by a member of the Legislature does violate our State Constitution.

Before we discuss the question posed in your Opinion request, we must point out that your request letter does not reference any specific bill or legislation which is the subject of your concern. Therefore, our response to your question must necessarily be general rather than directed at any particular proposed legislation. We must also point out that, for reasons stated in our Opinion No. 157 to Senator Beutler dated December 20, 1985, we cannot provide Opinions to the Legislature on existing statutes. Consequently, this Opinion cannot be considered as directed at any statute currently in force.

We have issued previous Opinions on the question presented in your letter. For example, in our Opinion of the Attorney General No. 69, dated April 23, 1985, we considered the propriety of service by the Chair of the Legislature's Revenue Committee on a proposed Agricultural Land Valuation Advisory Board, a Board otherwise to be made up of appointees designated by the Governor. The duties of the Board included review of an agricultural land valuation manual developed by the Department of Revenue and formulation of recommendations to the Tax Commissioner for changes in the manual. We concluded that such service by the Chair of the Revenue Committee was unconstitutional as a violation of Article II, Section 1 of the Nebraska Constitution which deals with separation of powers. We also pointed out that such service on the Board by a member of the Legislature raised constitutional questions under Article IV, Section 10 of the Nebraska Constitution which deals with the Governor's appointment power, and Article III, Section 9 of the Nebraska Constitution which forbids persons elected or appointed to the Legislature from receiving civil appointments to a state office while holding membership in that body. See also, Opinion of the Attorney General No. 37, April 4, 1983 (members of the Legislature could not serve along with the Governor and the Tax Commissioner on a State Tax Board which would take the place of the State Board of Equalization); Report of the Attorney General, 1967-1968, No. 86 at 120 (State Senators could not serve as members of the Nebraska Coordinating Council for Higher Education). We have reviewed these earlier Opinions and the authorities cited therein, and we agree with their conclusions.

In addition, while there are no Nebraska cases directly on point, courts from other jurisdictions have examined situations where a legislative body attempted to place its members on various boards or commissions which were essentially administrative or executive in character. A majority of those cases have held that such attempts violate the separation of powers doctrine. Alexander v. State, 441

So.2d 1329 (Miss. 1983) State ex rel. Wallace v. Bone, 286 S.E.2d 79 (N.C. 1982) Greer v. State, 233 Ga. 667, 212 S.E.2d 836 (1975); State ex rel. State Building Commission of West Virginia v. Bailey, 151 W.Va. 79, 150 S.E.2d 449 (1966); 16 C.J.S. Constitutional Law § 134.

As a result, we believe that members of the Legislature cannot serve on boards or commissions of state government which exercise primarily an executive or administrative function. Such dual service would violate the separation of powers doctrine and also would be suspect under Article III, Section 9 and Article IV, Section 10 of the Nebraska Constitution.

Sincerely,
DON STENBERG
Attorney General

"Section 1. This act shall be known and may be cited as the Critical Incident Stress Debriefing Act.

Sec. 2. For purposes of the Critical Incident Stress Debriefing Act:

(1) Committee shall mean the Interagency Management Committee;

(2) Council shall mean the Critical Incident Stress Debriefing Council;

(3) Critical incident shall mean a traumatic or crisis situation;

(4) Critical incident stress shall mean a strong emotional, cognitive, or physical reaction which has the potential to interfere with normal functioning; including physical and emotional illness, loss of interest in the job, personality changes, marital discord, and loss of ability to function;

(5) Emergency service agency shall mean any law enforcement agency, fire department, ambulance service, dispatcher, rescue service, first responder service, or other entity which provides emergency response services;

(6) Emergency service personnel shall include law enforcement personnel, firefighters, and emergency medical services personnel; and

Sec. 3. The Legislature hereby finds that emergency service personnel are potentially placed in a high-risk situation every time they are called upon to respond to an emergency since the extent of the emergency cannot be anticipated and the eventual outcome cannot be predicted. Since the services of emergency service personnel affect the public health, safety, and welfare, the Legislature declares that a critical incident stress debriefing program designed to reduce critical incident stress experienced by such personnel would be in the public interest and would assist such personnel with the demands which occur in their work.

Sec. 4. There is hereby created the Critical Incident Stress Debriefing Program. The focus of the program shall be to minimize the harmful effects of critical incident stress for emergency service personnel, with a high priority on confidentiality and respect for the individuals involved. The program shall:

(1) Provide a debriefing session to emergency service personnel who appropriately request such assistance in an effort to address critical incident

stress;

(2) Assist in providing the emotional and educational support necessary to ensure optimal functioning of emergency service personnel;

(3) Conduct preincident educational programs to acquaint emergency service personnel with stress management techniques;

(4) Promote interagency cooperation; and

(5) Provide an organized statewide response to the emotional needs of emergency service personnel impacted by critical incidents.

Sec. 5. There is hereby created the Critical Incident Stress Debriefing Council. The council shall be composed of the Director of Health, the Director of Public Institutions, the State Fire Marshal, and the Superintendent of Law Enforcement and Public Safety. The council shall specify the organizational and operational goals for the program and shall provide overall policy direction for the program.

Sec. 6. There is hereby created the Interagency Management Committee. Each member of the council shall designate a representative of his or her agency to be a member of the committee. The committee shall be responsible for:

(1) Planning and budget development;

(2) Program development and evaluation;

(3) Coordination of program activities and emergency response;

(4) Providing a mechanism for quality assurance which may include certification of critical incident stress debriefing team members;

(5) Identifying critical incident stress debriefing regions;

(6) Developing regulations and standards;

(7) Arranging for and supporting training of critical incident stress debriefing teams; and

(8) Back-up to regional critical incident stress debriefing teams.

Sec. 7. The Department of Health shall be the lead agency for the program. The department shall:

(1) Provide office support to program activities;

(2) Provide necessary equipment for the program and participants;

(3) Provide staff support to the council;

(4) Adopt and promulgate rules and regulations to implement the program;

(5) Recruit emergency medical workers to be trained as critical incident stress debriefing peers;

(6) Participate in the training and continuing education of such peers and mental health professionals; and

(7) Appoint a director for the program who shall be an employee of the department and shall be the chairperson of the committee.

Sec. 8. (1) The Department of Public Institutions shall participate in the council and committee, recruit mental health workers for each critical incident stress debriefing region, and participate in the training and continuing education activities of critical incident stress debriefing peers and mental health professionals.

(2) The Nebraska State Patrol shall participate in the council and committee, receive all initial requests for debriefings, coordinate transportation requirements for critical incident stress debriefing team members, recruit members of the law enforcement profession in each region to be trained as critical incident stress debriefing peers, participate in the training and continuing education activities of critical incident stress debriefing peers and mental health professionals, and appoint a member of the patrol to each regional management committee.

(3) The State Fire Marshal shall participate in the council and committee, cooperate in providing transportation for critical incident stress debriefing teams, recruit firefighters to be trained as critical incident stress debriefing peers in each critical incident stress debriefing region, participate in the training and continuing education activities of critical incident stress debriefing peers and mental health professionals, and appoint an individual who is employed by the State Fire Marshal to be on each regional management committee.

Sec. 9. The council shall appoint a statewide clinical director. The statewide clinical director shall be a member of the committee and, working with the committee, shall supervise and evaluate the professional

and peer support team members, including the regional clinical directors. The statewide clinical director may conduct critical incident stress debriefing training and continuing education activities.

Sec. 10. Each critical incident stress debriefing region shall have a regional management committee composed of representatives of the Department of Health, the State Fire Marshal, and the Nebraska State Patrol and a regional clinical director. The regional clinical director shall have a graduate degree in a mental health discipline. The regional management committee shall be responsible for the implementation and coordination of the program in the region according to the specifications developed by the council and Interagency Management Committee. The regional management committee shall develop critical incident stress debriefing teams to facilitate the debriefing process.

Sec. 11. No individual who provides gratuitous assistance to emergency service personnel as a member of the statewide critical incident stress debriefing team in accordance with the Critical Incident Stress Debriefing Act and the rules and regulations shall be held liable for any civil damages as a result of any act of commission or omission arising out of and in the course of rendering such assistance in good faith or any act or failure to act to provide or arrange for mental health treatment or care for emergency service personnel.".

The commission may adopt

and promulgate rules and regulations governing interstate combined wagering pools.

ATTORNEY GENERAL'S OPINION

Opinion No. 91017

DATE: March 15, 1991

SUBJECT: Distribution of Payments Based on Gross Revenues Made by Public Power Districts under Neb.Rev.Stat. § 70-651.04 (Reissue 1990).

REQUESTED BY: John Breslow, Auditor of Public Accounts

WRITTEN BY: Don Stenberg, Attorney General
L. Jay Bartel, Assistant Attorney General

You have requested us to review the conclusion reached in our letter opinion to former State Auditor Ray A. C. Johnson dated July 13, 1989, regarding the interpretation of the distribution under Neb.Rev.Stat. § 70-651.04 (Reissue 1990) to local government subdivisions of the five percent gross revenue payments made by certain public power and irrigation districts pursuant to Neb.Rev.Stat. § 70-651.03 (Reissue 1990).

Section 70-651.03 provides:

> Beginning in 1960, every public corporation and political subdivision of the state, which is organized primarily to provide electricity or irrigation and electricity, and which sells electricity at retail within incorporated cities or villages, shall on or before April 1, of each year, pay to the county treasurer of the county in which any such incorporated city or village may be located, a sum equivalent to five per cent of the gross revenue derived by it during the preceding calendar year from retail sales of electricity within

such incorporated city or village, less an amount equivalent to the amount paid by such public corporation in lieu of taxes in the 1957 calendar year with respect to its properties in such city or village.

The distribution of payments received by a County Treasurer is governed by §70-651.04, which provides:

All payments which are based on retail revenue from each incorporated city or village shall be divided and distributed by the county treasurer to that city or village, to the school districts located in that city or village, and to the county in which may be located any such incorporated city or village in the proportion that their respective property tax levies in the preceding year bore to the total of such levies. (Emphasis added).

The distribution language contained in §70-651.04 is very similar to language establishing the method of distributing in lieu of tax payments by public power districts previously contained in Neb.Rev.Stat. §70-653 (Reissue 1950) (repealed Laws 1959, c.317, §6). Section 70-653 provided that such payments were to be distributed ". . . proportionate to the respective tax levies for the current year of the state and governmental subdivisions entitled to participate in such distribution." The method of distribution set forth in §70-653 was interpreted in State ex rel. School District of Scottsbluff v. Ellis, 160 Neb. 400, 70 N.W.2d 320 (1955) to mean that each governmental subdivision was entitled to participate in distribution of the total amount paid in lieu of taxes in each county proportionately based on the ratio which the mill levy of each subdivision bore in relation to the total mill levy. See also Report of Attorney General 1959-60, Opinion No. 118, p. 205.

Based on the foregoing, we concluded in our prior opinion that, under current §70-651.04, any in lieu of tax payments received by a County Treasurer pursuant to §70-651.03 must be distributed to the ". . . city or village, to the school districts located in that city or village, and to the county in which may be located any such incorporated city or village in the proportion that their respective property tax levies in the preceding year bore to the total of such levies." (Emphasis added). We believe this language is clear and straightforward, and mandates distribution to the respective subdivisions based on the proportion which their particular property tax rate for the year preceding distribution bears in relation to the total property tax rate for all such entities in that year.

In asking us to review our conclusion, you have directed us to a prior opinion of this office discussing the distribution to local subdivisions of fees deposited in the Motor Vehicle Tax Fund under former Neb.Rev.Stat. § 77-1241.09 (transferred to Neb.Rev.Stat. § 60-305(15) (Reissue 1988)). Report of Attorney General 1979-80,

Opinion No. 322, p. 465. In this opinion, we concluded the term "levy," in the context of construing the statutory requirement that funds deposited in the Motor Vehicle Tax Fund be distributed to taxing agencies within a county "in the same proportion that the levy of each such taxing agency bears to the total of such levies of all taxing agencies in the county," referred to the amount of taxes levied, as opposed to the rate of tax imposed. We noted that the word "levy" has been used interchangeably with the term "mill levy," and thus could be interpreted as being "either the amount of taxes to be collected or the rate of taxation, i.e. mill levy." Id. at 466. Construing the particular statute at issue, we determined that the word "levy" was intended to refer to the total amount of taxes levied, as opposed to the rate of taxation. Id. at 467.

In construing the distribution formula set forth in § 70-651.04, however, it must be remembered that the authority for the Legislature to require certain public power districts to make payments based on a portion of their gross revenues, and the distribution of funds received from public power districts in this manner, emanates from a specific grant of constitutional power. Article VIII, Section 11, of the Nebraska Constitution, provides, in part:

> Every public corporation and political subdivision organized primarily to provide electricity or irrigation and electricity shall annually make the same payments in lieu of taxes as it made in 1957, which payments shall be allocated in the same proportion to the same public bodies or their successors as they were in 1957.
>
> The legislature may require each such public corporation to pay to the treasurer of any county in which may be located any incorporated city or village, within the limits of which such public corporation sells electricity at retail, a sum equivalent to five (5) per cent of the annual gross revenue of such public corporation derived from retail sales of electricity within such city or village, less an amount equivalent to the 1957 payments in lieu of taxes made by such public corporation with respect to property or operations in any such city or village. The payments in lieu of tax as made in 1957, together with any payments made as authorized in this section shall be in lieu of all other taxes, but shall not be in lieu of motor vehicle licenses and wheel taxes, permit fees, gasoline tax and other such excise taxes or general sales taxes levied against the public generally.

Of particular importance with regard to interpreting the proper distribution under § 70-651.04 of payments by public power districts of five per cent of gross revenues (less the in lieu payment amount) is the final portion of Article VIII, Section 11, which provides:

So much of such five (5) per cent as is in excess of an amount equivalent to the amount paid by such public corporation in lieu of taxes in 1957 shall be distributed in each year to the city or village, the school districts located in such city or village, the county in which such city or village is located, and the State of Nebraska, in the proportion that their respective property tax mill levies in each such year bear to the total of such mill levies. (Emphasis added).

While we noted in our 1980 opinion that the term "levy" may be used to refer to either the amount of taxes levied or the rate of taxation (i.e., mill levy), the provisions of Article VIII, Section 11, mandating distribution of the five per cent gross revenue payments made by public power districts to subdivisions based on the proportion in the respective "property tax mill levies" bear to the "total of such mill levies," eliminates any possible ambiguity as to the meaning of the word "lev{y}" in § 70-651.04. As we stated in our earlier opinion, the term "mill levy" can only refer to the rate of taxation; it cannot be construed to mean the amount of taxes levied. Thus, while it is true that property tax rates in Nebraska are no longer stated as "mill levies," it is our conclusion that the reference in § 70-651.04 to distribution of proceeds of payments made by public power districts based on gross revenues pursuant to § 70-651.03 must be based on the proportion that each subdivision's property tax rate bears to the total property tax rate for all subdivisions.

Very truly yours,
DON STENBERG

ATTORNEY GENERAL'S OPINION

Opinion No. 91018

DATE: March 20, 1991

SUBJECT: Constitutionality of legislative act providing state income tax deductions for certain educational expenses incurred by individuals whose dependent(s) attend nonprofit public or private elementary or secondary schools in Nebraska.

REQUESTED BY: Senator Timothy J. Hall
Nebraska State Legislature

OPINION BY: Don Stenberg, Attorney General

L. Steven Grasz, Deputy Attorney General

You have requested an opinion as to the constitutionality of the tuition tax deduction proposed in LB 332 of the Ninety-Second Legislature, First Session (1991). Specifically, you have asked us to consider the constitutionality of this proposal in light of the Nebraska Supreme Court's decision in Cunningham v. Lutjeharms, 231 Neb. 756, 437 N.W.2d 806 (1989).

Section one of LB 332 would amend Neb.Rev.Stat. §77-2716.01 (Reissue 1990) by adding subsection (4) thereto, and thus create a state income tax deduction as follows:

4. (a) Every resident individual shall be allowed to subtract from federal adjusted gross income the actual amount paid to others for tuition, textbooks, and transportation during the tax year not in excess of one thousand one hundred dollars for each dependent in grades kindergarten through six and one thousand seven hundred dollars for each dependent in grades seven through twelve attending a public or nonpublic elementary or secondary school. No deduction shall be allowed under this subsection unless the school is located in the state, is not operated for profit, does not discriminate on the basis of race, color, or national origin, and fulfills the school term requirements prescribed in section 79-201.

(b) For purposes of this subsection:

(i) Textbooks shall mean and include books, instructional materials, and equipment used in teaching the elementary or secondary instructional program prescribed by the rules and regulations of the State Board of Education. Textbooks shall not include books, instructional materials, or equipment used in the teaching of religious tenets, doctrines, or worship or for extracurricular activities;

(ii) Transportation shall not include transportation to and from extracurricular activities; and

(iii) Dependent shall mean a person for whom the individual claims a dependency exemption on his or her federal income tax return.

For the reasons set forth below, it is the opinion of the Attorney General LB 332 does not violate the Constitution of the State of Nebraska or the Constitution of the United States.

Article VII, §11 of the Constitution of the State of Nebraska provides public funds may not be appropriated to a school not owned or controlled by the State:

Notwithstanding any other provision in the Constitution, appropriation of public funds shall not be made to any school or

institution of learning not owned or exclusively controlled by the state or a political subdivision thereof. . . .

The benefits of LB 332 would clearly be available on a nondiscriminatory basis to state tax payers whose dependents attend nonprofit private and parochial schools as well as public schools. At issue then, is whether the tuition tax deductions contained in LB 332 constitute an appropriation of funds to non-state owned or controlled schools.

The "appropriation of public funds," in the context of Art. VII, §11, has been defined by the Nebraska Supreme Court as follows:

> Regarding appropriation of public funds, to appropriate means to set apart, or assign to a particular person or use in exclusion of others, to use or employ for a particular purpose, or in a particular case.

State ex rel. Creighton University v. Smith, 217 Neb. 682, 688, 353 N.W.2d 267 (1984).

The Nebraska Supreme Court has repeatedly held Art. VII, §11 should be interpreted literally. Thus, §11 "prohibits appropriations by the Legislature to nonpublic schools." Cunningham v. Lutjeharms, 231 Neb. 756, 759, 437 N.W.2d 806 (1989) (emphasis in original); State ex rel. Creighton, 217 Neb. at 689; State ex rel. Bouc v. School Dist. of City of Lincoln, 211 Neb. 731, 736, 320 N.W.2d 472 (1982); Lenstrom v. Thone, 209 Neb. 783, 787, 311 N.W.2d 884 (1981). As the court has made clear, "{Article VII, §11} says what it means and means what it says." Lenstrom, 209 Neb. at 788.

Consistent with the holdings in Cunningham, Bouc, and Lenstrom, we find that LB 332 does not authorize an appropriation of funds to nonpublic schools. Furthermore, any indirect benefit to such institutions does not violate Art. VII, §11. "{A}ny benefit that may inure to the nonprofit private institution is merely incidental and certainly cannot be deemed to be an 'appropriation . . . to' that institution." Bouc, 211 Neb. at 737, 320 N.W.2d at 476. Therefore, it is our opinion LB 332 does not violate Art. VII, §11.

As to the question of whether LB 332 violates the Establishment Clause of the First Amendment to the Constitution of the United States (made applicable to the states through the Fourteenth Amendment), it is the opinion of the Attorney General LB 332 is constitutionally sound.

The United States Supreme Court's most well-developed "tests" for application of the Establishment Clause were set out in Lemon v. Kurtzman. These tests are as follows:

> First, the statute must have a secular legislative purpose; second, its principal or primary effect must be one that neither

advances nor inhibits religion, . . . finally, the statute must not foster "an excessive government entanglement with religion." . . . Lemon v. Kurtzman, 403 U.S. 613, 91 S.Ct. 2105, 2111 (1971).

In Mueller v. Allen, 463 U.S. 388, 394, 103 S.Ct. 3062, 3066 (1983), the United States Supreme Court upheld a Minnesota statute which, like LB 332, allows state taxpayers, in computing their state income tax, to deduct expenses incurred in providing tuition, textbooks, and transportation for their children attending public or private elementary or secondary school. Mueller v. Allen is dispositive of the Establishment Clause issues arising from LB 332. The tax deduction provided for in LB 332 has a secular legislative purpose. See Mueller v. Allen, 463 U.S. at 394. "A State's decision to defray the cost of educational expenses incurred by parents - regardless of the type of schools their children attend - evidences a purpose that is both secular and understandable." Id. at 395.

LB 332 does not have the primary effect of advancing religion. See Mueller v. Allen, 463 U.S. at 396-397. Here, as in Mueller, "the deduction is available for educational expenses incurred by all parents. . . ." Id. at 397. Likewise, "Public funds become available only as a result of numerous private choices of individual parents of school-age children." Id. at 399. As the Supreme Court noted, "The historic purposes of the {Establishment} Clause simply do not encompass the sort of attenuated financial benefit, ultimately controlled by the private choices of individual parents, that eventually flows to parochial schools from the neutrally available tax benefits at issue in this case." Id. at 400. Furthermore, under LB 332, as under Minnesota's statute, "If parents of children in private schools choose to take special advantage of the relief provided by {the bill} it is no doubt due to the fact that they bear a particularly great financial burden in educating their children." Id. at 402.

Finally, LB 332 does not excessively entangle the State in religion. See Mueller v. Allen, 403 U.S. at 388. See also Cunningham, 231 Neb. at 763.

In conclusion, LB 332 violates neither Neb.Const.Art. VII, §11 nor the Establishment Clause of the First Amendment to the Constitution of the United States. Attorney General Opinion No. 89012 dated March 9, 1989, is hereby expressly overruled.

Respectfully submitted,

Sincerely yours,
DON STENBERG

Standing Committee amendment to LB 320:
AM0783

1. Strike original sections 3, 7, 10, and 13 and insert the following new sections:

"Sec. 6. The Legislature prescribes the method described in this section as an accurate and fair measure of the actual value of agricultural land and horticultural land for purposes of property taxation. The Department of Revenue shall collect market information of actual sales of agricultural land and horticultural land and shall collect information to determine net income per acre as a percentage of actual sales price of such land. A market value as determined by the market information collected shall be divided into the net income per acre producing a market-derived capitalization rate. The department shall adjust the market-derived capitalization rates for risk and parcelization effects of agricultural land and horticultural land markets. The adjustment shall be an equal percentage across all categories of agricultural

land and horticultural land, except that for tax year 1992 the adjustment shall be one hundred twenty-five percent of the market-derived capitalization rate. The actual value per acre shall be determined by taking the net income per acre and dividing it by the adjusted market-derived capitalization rate.

Sec. 9. That section 77-1363, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

77-1363. ~~For assessment year 1989, agricultural land and horticultural land shall be divided into five major categories, including irrigated cropland, dryland cropland, pasture, rangeland, and wasteland. For assessment year 1990 and each year thereafter, agricultural~~ Agricultural land and horticultural land shall be divided into four major categories, including irrigated cropland, dryland cropland, grassland, and wasteland. Intensive agricultural uses, such as nurseries, feedlots, and orchards, shall be categorized as either irrigated cropland or dryland cropland. Such categories shall be divided into subclasses based on soil classification standards developed by the United States Department of Agriculture Soil Conservation Service. Land enrolled in a federal or state program in which payments are received for removing such land from agricultural or horticultural production shall be classified according to its ~~use in the assessment year prior to its enrollment in such program~~ actual value as determined in section 6 of this act. County assessors shall utilize and implement soil surveys in the tax year after the soil survey maps become available. County assessors shall utilize and implement soil classifications as converted into land valuation groups provided by the Tax Commissioner.

Sec. 12. That section 77-1506.02, Reissue Revised Statutes of Nebraska, 1943, be amended to read as follows:

77-1506.02. Upon the completion of the equalization of individual assessments of real or personal property pursuant to sections 77-1502 and 77-1504, the county board of equalization may increase or decrease by a percentage the valuation of all of a class or subclass of property, as defined by the Tax

Commissioner. The county board of equalization may increase or decrease by a percentage the valuation of a subclass of agricultural land or horticultural land but may not increase or decrease the valuation of the class of agricultural land or horticultural land. ~~, except on and after assessment year 1991 agricultural land or horticultural land as defined in section 77-1359.~~ Any adjustment made pursuant to this section shall be made to achieve the uniform and proportionate valuation of the classes or subclasses within the county. Notice shall be given by publication in a newspaper of general circulation within the county~~. Such notice shall be given~~ at least ten days before the final action of the county board of equalization is taken. Nonresident owners of real property ~~affected by such action~~ whose valuation is adjusted by the action of the county board of equalization shall be notified by mail of any changes in the valuation if the nonresident owner has an address of record on file with the county assessor as of January 1 of each year. The notice shall be mailed within ten days from the date on which the county board of equalization took final action pursuant to this section. No action shall be taken by the county board of equalization pursuant to this section after June 15 of each year.

When making percentage adjustments to classes or subclasses of property pursuant to this section, the county board of equalization shall make such adjustments so that the valuation of the classes or subclasses is adjusted to the aggregate level of values of all taxable property in the county, except any adjustment to a subclass of agricultural land or horticultural land shall be to the aggregate level of value of all agricultural land or horticultural land in the county.

~~For assessment year 1989, the Department of Revenue shall calculate an adjustment factor for all subclasses within each land-use category of agricultural land and horticultural land. On or before May 1, 1989, the department shall provide such adjustment factors to each county board of equalization. The adjustment factors shall be calculated in order to adjust the values found in the 1989 agricultural land valuation manual to comply with the actual value standard prescribed in section 77-112. The county board of~~

~~equalization shall use such adjustment factors to determine the actual value of agricultural land and horticultural land.~~

~~For assessment years 1989 and 1990, the county board of equalization shall adjust the actual value of agricultural land and horticultural land in order to correlate and equalize agricultural land and horticultural land value with that of all other property classes.~~.".

A BILL FOR AN ACT relating to appropriations; to appropriate funds to aid in carrying out the provisions of Legislative Bill 585, Ninety-second Legislature, First Session, 1991.

MESSAGES FROM THE GOVERNOR

March 21, 1991

Madam President, Mr. Speaker
and Members of the Legislature
State Capitol
Lincoln, NE 68509

Dear Madam President and Senators:

I am returning LB 100 without my signature and with my objections.

LB 100 would change the point of sale for retailers delivering live plants or live flower arrangements for purposes of assessing local option sales tax.

Last year the Attorney General issued an opinion that raised questions regarding the Constitutionality of LB 1219, which contained essentially the same provisions as LB 100. In the Opinion, the Attorney General stated that such legislation may constitute unreasonable class legislation, violating Article III, Section 18 of the Nebraska Constitution.

Sincerely,
(Signed) E. Benjamin Nelson
Governor

March 21, 1991

Patrick J. O'Donnell
Clerk of the Legislature

State Capitol
Lincoln, NE 68509

Dear Mr. O'Donnell:

Engrossed Legislative Bills 36, 313, 330, and 837 were received in my office on March 18, 1991.

These bills were signed by me on March 21, 1991, and delivered to the Secretary of State.

Sincerely,
(Signed) E. Benjamin Nelson
Governor

ATTORNEY GENERAL'S OPINION

Opinion No. 91019

DATE: March 14, 1991

REQUESTED BY: Senator David F. Bernard-Stevens

WRITTEN BY: Don Stenberg, Attorney General
David Edward Cygan,
Assistant Attorney General

SUBJECT: Constitutionality of LB 695, Authorizing refusal of motor vehicle registration due to outstanding distress warrants.

LB 695 would permit the county treasurers to adopt policies under which they may refuse to receive or accept application or registration fees or to issue registration certificates for motor vehicles unless the applicants exhibit proof of payment of all distress warrants outstanding in the county for personal property. Thus, those individuals who have not properly paid their distress warrants may not be permitted to register their motor vehicles. You have requested our opinion as to whether LB 695 violates the Constitution of Nebraska. We believe that the bill is constitutionally permissible. Our analysis is set forth below.

As we have noted on previous occasions, a general question on the constitutionality of a legislative bill will necessarily result in a general response from this office. See Opinion of the Attorney General 89028,

April 4, 1989; Opinion of the Attorney General 85157, December 20, 1985. If we are to address specific questions or potential problems with a bill they must be set out in the opinion request. You have simply asked whether LB 695 violates our state constitution in any sense. We must, therefore, provide a general response to your question in the absence of any description of your specific concerns.

We have contacted you and your staff, and you were unable to identify any specific questions regarding the constitutionality of the bill. We have, at your direction, contacted the Nebraska Association of County Officials. It is now our understanding that the sole concern of this opinion request is the impact of the proposed legislation upon joint owners of a motor vehicle where an individual is delinquent to the county on his payment of personal property taxes. Initially, permit us to direct your attention to the fact this hypothetical situation is no different than a sale of real estate for taxes where such real estate is held in joint tenancy, and one of the joint tenants is delinquent on real property taxes. Individuals should exercise discretion as to whom they choose for a business or financial partner.

We assume that the question before us is whether the joint owner of a motor vehicle is denied due process of law when the county treasurer refuses registration of the motor vehicle due to the outstanding distress warrant of the partner. As indicated above, LB 695 creates a mechanism by which a county sheriff may notify the county treasurer of outstanding distress warrants for personal property in the county. The county treasurer then may refuse to register motor vehicles for the applicants until they have exhibited proof of payment of the distress warrant. The issue that comes immediately to our attention is whether or not such action requires substantive due process, and if so, has substantive due process already been afforded. Note immediately that the operation of a motor vehicle in the state is a privilege afforded by the state. Bell v. Burson, 402 U.S. 535 (1971). Although the revocation of such privilege may initiate the requirements of substantive due process, initial issuance of such a privilege does not. The reason why is that the applicant has no property interest based upon an expectation of issuance of the registration. Id. Accordingly, the answer must be that the joint owner is not denied due process, for the reason that he/she was never entitled to due process.

We foresee no constitutional difficulty with LB 695. If you have more specific questions regarding the constitutionality of LB 695, we will be willing to provide you with a more detailed analysis.

Respectfully Submitted,
DON STENBERG
