

have no real redeeming quality and so...

SENATOR WARNER PRESIDING

SENATOR WARNER: One minute.

SENATOR SCHMIT: ...I'm all in favor of Senator Wesely's amendment. I'm glad you're seeing the light, Senator Wesely, and welcome to the crowd. I hope it doesn't ruin..., but I guess maybe that's a throwback to your Butler County birthright, so hopefully the city fathers don't throw you out of town. I support Wesely's amendment. I support whatever you want to do with it. I think you ought to broaden the use of that money and if at all possible, you ought to use some of it, maybe, Senator Wesely, to pay back the Commonwealth depositors.

SENATOR WARNER: Senator Chambers.

SENATOR CHAMBERS: Mr. Chairman and members of the Legislature, one difficulty I have with what Senator Schmit suggested is that the day might come when they'll try to reduce the payout to the suckers in order to make more available for the city, but I have a question or two I'd like to ask Senator Hall, if I won't interrupt him too much.

SENATOR WARNER: Senator Hall.

SENATOR HALL: Yes.

SENATOR CHAMBERS: Senator Hall, Senator Wehrbein was getting close to one of the serious things that I was interested in bringing to you, but first I'll ask a preliminary question. Would the seller, Mr. Cherry, be willing to rely on the proceeds alone for the purchase of this team?

SENATOR HALL: When you say proceeds...

SENATOR CHAMBERS: From keno.

SENATOR HALL: From keno?

SENATOR CHAMBERS: Do you think...let me put it like this. Would he enter a contract saying that the purchase price will be paid off through the proceeds of keno alone?
