

September 29, 1992 LB 20

to these unfortunate people are again increased beyond what most of the people on this floor think they should be at this time. So it's a very reasonable amendment, in my mind. I think it should be adopted. And I'll just...I'll just read it again. All it does is strike that 1995 date, so that the benefits for the first six months will not be there, unless the body takes some action at some time. And it's just turning the situation around. The way the Chambers amendment reads now those benefits, which this body seems to think are not appropriate, will automatically come back into being if nothing is done. In my opinion that's not the way it should happen. It should happen the way it would happen if this amendment is adopted. And I would ask your support.

SPEAKER BAACK: Thank you, Senator Lamb. You've heard the closing on the Lamb amendment to the Chambers amendment. We will now vote on that amendment. All those in favor vote aye, opposed vote no. I will remind the body that this amendment to the amendment requires a simple majority since we are on General File. We are voting on the Lamb amendment. Have you all voted? Senator Lindsay.

SENATOR LINDSAY: Call of the house with a roll call vote in reverse order.

SPEAKER BAACK: A call of the house has been requested. We will now vote on the call of the house. All those in favor vote aye, opposed vote no. Record, Mr. Clerk.

CLERK: 19 ayes, 0 nays to go under call, Mr. President.

SPEAKER BAACK: The house is under call. All members, please report to the Chamber and record your presence. The house is under call. The house is under call. All members, please report to the Chamber and record your presence. The house is under call. We are looking for Senators Beutler, Schellpeper and Hartnett. We are just looking for Senator Beutler now. We are looking for Senator Beutler. Senator Lindsay, we cannot locate Senator Beutler. Can we go ahead and proceed with the roll call?

SENATOR LINDSAY: It's my understanding, Mr. Speaker, that Senator Wesely is on his way. If we could wait for him, or at least give Senator Beutler that much time.
