Section 1. Section 77-2906, Reissue Revised Statutes of Nebraska, is amended to read:

(1) Within twelve months after the date on which the historically significant real property is placed in service, a person whose application was approved under section 77-2905 shall file a request for final approval containing all required information with the officer on a form prescribed by the officer and shall include a fee established by the officer pursuant to section 77-2907. The officer shall then determine whether the work substantially conforms to the application approved under section 77-2905. If the work substantially conforms and no other significant improvements have been made to the historically significant real property that do not substantially comply with the standards, the officer shall approve the request for final approval and refer the application to the department to determine the amount of eligible expenditures, calculate the amount of the credit, and issue a certificate to the person evidencing the credit. If the work does not substantially conform to the approved application or if other significant improvements have been made to the historically significant real property that do not substantially comply with the standards, the officer shall deny the request for final approval and provide the person with a written explanation of the decision. The officer shall make a determination on the request for final approval in writing within thirty days after the filing of the request. If the officer does not make a determination within thirty days after the filing of the request, the request shall be deemed approved and the person may petition the department directly to determine the amount of eligible expenditures, calculate the amount of the credit, and issue a certificate evidencing the credit.

(b) The department shall determine the amount of eligible expenditures, calculate the amount of the credit, and issue one or more certificates evidencing the credit within sixty days after referral of the application to the department by the officer or the filing of a petition pursuant to subdivision (1)(a) of this section. The person filing the request for final approval and the department may also agree to extend the sixty-day period, but such extension shall not exceed an additional thirty days. If the department does not determine the amount of eligible expenditures, calculate the amount of the credit, and issue one or more certificates evidencing the credit within such sixty-day period or agreed-upon longer period, the credit shall be deemed to have been issued by the department for the amount requested in such person's request for final approval, except that such amount shall not exceed one hundred ten percent of the amount of credits allocated by the officer under section 77-2905 and such amount shall not increase or decrease the total amount of credits that may be allocated by the officer under section 77-2905 in any calendar year.

(2) Any denial of a request for final approval by the officer or any determination of the amount of eligible expenditures or calculation of the amount of the credit by the department pursuant to this section may be appealed, and the appeal shall be in accordance with the Administrative Procedure Act.

(3) The department shall divide the credit and issue multiple certificates to a person who qualifies for the credit upon reasonable request.

(4) In calculating the amount of the credits to be issued pursuant to this section, the department may issue credits in an amount that differs from the amount of credits allocated by the officer under section 77-2905 if such credits are supported by eligible expenditures as determined by the department, except that the department shall not issue credits in an amount exceeding one hundred ten percent of the amount of
3 credits allocated by the officer under section 77-2905. If the amount of
4 credits to be issued under this section is more than the amount of
5 credits allocated by the officer pursuant to section 77-2905, the
6 department shall notify the officer of the difference and such amount
7 shall be subtracted from the annual amount available for allocation under
8 section 77-2905. If the amount of credits to be issued under this section
9 is less than the amount of credits allocated by the officer pursuant to
10 section 77-2905, the department shall notify the officer of the
11 difference and such amount shall be added to the annual amount available
12 for allocation under section 77-2905.

14 under this section until the recipient of the credit has paid to the
15 department;
