LB 259 repeals the Light-Density Rail Line Assistance Act which includes the Railway Council.

In order to fund meetings of the Railway Council a small General Fund appropriation has historically been provided. For FY10-11 the appropriation is \$2,429. Elimination of the Council will eliminate the need for this appropriation resulting in a General Fund savings of \$2,429 annually.

The Governor's budget recommendation reflects the elimination of the Railway Council and the expenditure savings.
