LB 435 amends provisions of the Conveyance Safety Act.

References to certain standards (from the American Society of Mechanical Engineers) are specified as to which year's edition shall be utilized.

Section 5 changes the State Fire Marshal's power to grant variances under the act to granting an equivalency request.

Section 9 amends language regarding the information which shall be contained for an elevator mechanic license application. In addition, language is provided regarding information required for applications for elevator contractor licenses.

The State Fire Marshal estimates no fiscal impact. This estimate appears to be reasonable.
