(4) Alternative payment models that deliver high-quality care and spend health care dollars more wisely;

(5) The public health benefits for Nebraska residents if the level of primary care investment in Nebraska increased;

(6) The estimated cost savings for health care consumers as well as public and private payors if the level of primary care investment increased in Nebraska;

72-234 School lands; lease; terms; period of lease.

The board shall, if the foregoing proceedings appear to be regular, issue to the applicant a lease on the land. Each lease shall contain a covenant or provision (1) that the Board of Educational Lands and Funds may, whenever such board deems it to be for the best interest of the state, adjust the rental of such lands; (2) that the lessee will not sublease or otherwise dispose of such lands without the written consent of the board and will commit no waste or damage on the land nor permit others to do so; (3) that the lessee will observe and carry out soil conservation requirements according to the rules and regulations of the board; (4) that the lessee will pay for the use of such lands the fair market rental as determined by the board; (5) that, upon a failure to pay any rental for a period of sixty days from the time the payment becomes due or upon failure to perform any of the covenants of the lease, the lease may be forfeited and fully set aside, as provided for in sections 72-235 to 72-239; (6) that the lessee will promptly pay the rental semiannually in advance; (7) that in the event the lessee shall fail to pay rental in advance by the due date, interest shall be assessed at an annual interest rate of nine percent until such time as the rent is paid; and (8) that the premises will be surrendered at the expiration of the lease, unless renewed, or upon violation of any of the terms of the lease. Leases shall be for periods of five to twelve years less the period intervening between the date of the execution of the lease and December 31 of the previous year. The board may offer a lease for a period of less than five years if a lease failed to generate interest at an auction and if the board agrees that reducing the minimum lease term will attract a bid or bids for such a lease. When two or more contiguous tracts are under separate lease with different expiration dates, the board may, if it is deemed to be in the best interest of the state, offer leases for less than twelve years on tracts having the earlier lease expiration date, to coincide with the last expiring lease, in order that all contiguous lands eventually may be offered under one lease.

(d) REVIEW OF NEBRASKA INVESTMENT COUNCIL

72-1277 Legislative findings.

The Legislature finds that:

(1) The Nebraska Investment Council was created by the Legislature in Laws 1967, LB 335. Additional legislation was passed in Laws 1969, LB 1345, which provided for centralization of the investment of state funds and addressed types of authorized investments and since then the statutory framework of the council has been modified periodically by the Legislature;

(2) The laws of Nebraska provide that the appointed members of the council and the state investment officer are deemed fiduciaries with respect to investment of the assets (a) in the retirement systems, the achieving a better life experience program pursuant to sections 77-1401 to 77-1409, and the Nebraska educational savings plan trust and as fiduciaries are required to discharge their duties with respect to such assets solely in the best interest of the members and beneficiaries of such plans and (b) of other state funds solely in the best interest of the residents of Nebraska;

(3) As fiduciaries, the appointed members of the council and the officer must act with the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in like capacity and familiar with such

matters would use in the conduct of an enterprise of like character with like aims by diversifying the investments of assets in the various plans so as to minimize the risk of large losses;

(4) The council managed over fifteen billion three hundred million dollars of assets as of September 30, 2007. Those assets have quadrupled since 1995. The assets managed by the council produced almost one billion five hundred million dollars in investment earnings in 2006 and almost seven billion dollars of investment earnings since December 31, 1995;

(5) The council has the responsibility of the management of portfolios for over thirty state entities. The financial markets and investment strategies that must be employed to achieve satisfactory returns have become more complex and the best practices of similar state government investment agencies have evolved since the creation of the council; and

(6) Pursuant to section 72-1249.02, the operating costs of the council are charged to the income of each fund managed by the council, and such charges are transferred to the State Investment Officer's Cash Fund. Management, custodial, and service costs that are a direct expense of state funds are paid from the income of such funds.

73-902 Legislative findings.

The Legislature finds that:

(1) Dealings with commercial entities that are organized under the laws of a foreign adversary or that have their principal place of business within a foreign adversary tend to be less commercially sound because such entities are unusually likely to be acting on noncommercial motivations and carry increased political risk, including from United States federal sanction authorities;

(2) When such a commercial entity is a state-owned entity, it presents heightened concerns and threatens this state's security, including by making accessible to the foreign adversary information about the structure, operations, resources, and infrastructure of the government of this state; and

(3) Dealings with such commercial entities, and especially state-owned entities, threaten the privacy and security of residents of this state, to the extent that they involve the personal information of such residents.

Section
76-711. Condemner; interest in property; deposit of awards; abandonment; appeal; interest; writ of assistance; removal of property; liability.

76-711 Condemner; interest in property; deposit of awards; abandonment; appeal; interest; writ of assistance; removal of property; liability.

The condemner shall not acquire any interest in or right to possession of the property condemned until he or she has deposited with the court the amount of the condemnation award in effect at the time the deposit is made. The condemner shall have sixty days from the date of the award of the appraisers to deposit with the court the amount of the award or the proceeding will be considered as abandoned. When the amount of the award is deposited with the court by the condemner, the condemner shall be deemed to have accepted the award unless he or she gives notice of appeal from the award of the appraisers pursuant to section 76-715. If the proceeding is abandoned, proceedings may not again be instituted by the condemner to condemn the property within two years from the date of abandonment.

If an appeal is taken from the award of the appraisers by the condemnee and the condemnee obtains a greater amount than that allowed by the appraisers, the condemnee shall be entitled to interest from the date of the deposit at the rate provided in section 45-104.02, as such rate may from time to time be adjusted, compounded annually, on the amount finally allowed, less interest at the same rate on the amount withdrawn or on the amount which the condemner offers to stipulate for withdrawal as provided by section 76-719.01. If an appeal is taken from the award of the appraisers by the condemner, the condemnee shall be entitled to interest from the date of deposit at the rate provided in section 45-104.02, as such rate may from time to time be adjusted, compounded annually, on the amount finally allowed, less interest at the same rate on the amount withdrawn or on the amount which the condemner offers to stipulate for withdrawal as agreed to by the condemnee as provided by section 76-719.01.

Upon deposit of the condemnation award with the court, the condemner shall be entitled to a writ of assistance to place him or her in possession of the property condemned and the condemnee shall be liable for diminution in the value of the property caused by the condemnee's purposeful removal of real or personal property not previously agreed to in writing by the condemner and condemnee from the condemned property.

(c) NEBRASKA CONDOMINIUM ACT

CREATION, ALTERATION, AND TERMINATION OF CONDOMINIUMS

MANAGEMENT OF CONDOMINIUM

PROTECTION OF CONDOMINIUM PURCHASERS

(a) CONDOMINIUM PROPERTY ACT

76-808 Co-owner; use of common elements; responsibility for maintenance, repair, and replacement.

(1) Each co-owner may use the elements held in common in accordance with the purpose for which they are intended, without hindering or encroaching upon the lawful rights of the other co-owners.

(2) The association of co-owners and board of administrators, or other administrative body governing the condominium, is responsible for maintenance, repair, and replacement of the common elements. Each co-owner of an apartment is responsible for maintenance, repair, and replacement of such co-owner's apartment.

76-816 Board of administrators; records; examination; condominium statement; filing with register of deeds.

(1) The board of administrators or other administrative body specified in the bylaws shall keep or cause to be kept a book with a detailed account, in

chronological order, of the receipts and expenditures affecting the condominium property regime and its administration and specifying the maintenance and repair expenses of the common elements and all other expenses incurred. Both the book and the vouchers accrediting the entries made thereupon shall be available for examination by any co-owner or any prospective purchaser at convenient hours on working days that shall be set and announced for general knowledge. Any prospective purchaser must be designated as such by a co-owner in writing. For condominiums created in this state before January 1, 1984, the provision on the records of the administrative body or association in section 76-876 shall apply to the extent necessary in construing the provisions of sections 76-827, 76-829 to 76-831, 76-840, 76-841, 76-869, 76-874, 76-876, 76-884, and 76-891.01, and subdivisions (a)(1) to (a)(6) and (a)(11) to (a)(16) of section 76-860 which apply to events and circumstances which occur after January 1, 1984.

Such filing shall be made every year on or before December 31. The receipt of any legal notice by or service of process on such officer personally or at such officer's filed address shall constitute notice to the board or other administrative body administering the condominium and its common elements. If the board or other administrative body fails to make the filing required by this subsection, the posting of the legal notice or process at the entrance, main office, or other prominent location in the common area of the condominium shall constitute notice to the board or other administrative body until such filing is made.

(c) NEBRASKA CONDOMINIUM ACT

CREATION, ALTERATION, AND TERMINATION OF CONDOMINIUMS

76-842 Declaration; contents.

(a) The declaration for a condominium must contain:

(1) the name of the condominium, which must include the word condominium or be followed by the words a condominium, and the name of the association;

(2) the name of every county in which any part of the condominium is situated;

(3) a legally sufficient description of the real estate included in the condominium;

(4) a statement of the anticipated number of units which the declarant reserves the right to create, subject to an amendment of the declaration to add more units pursuant to the Nebraska Condominium Act;

(5) a description of the boundaries of each unit created by the declaration, including the unit's identifying number;

(6) a description of any limited common elements, other than those specified in subdivision (b)(8) of section 76-846;

(7) a general description of any development rights and other special declarant rights defined in subdivision (23) of section 76-827 reserved by the declarant;

(8) an allocation to each unit of the allocated interests in the manner described in section 76-844;

(9) any restrictions on use, occupancy, and alienation of the units;

(10) for a condominium project with more than fifteen units, exclusive of common area, a plan prepared by a licensed engineer or architect for the preventive maintenance of the condominium and all common elements therein, including, but not limited to, depreciation studies and reserve analyses, an annually updated five-year capital plan, and minimum financial reserves based on the reserve analyses; and

(11) all matters required by sections 76-843 to 76-846, 76-852, and 76-853, and subsection (d) of section 76-861.

(b) Except as otherwise provided in section 76-856, the declaration may contain any other matters the declarant deems appropriate.

76-844 Allocation of common elements, expenses, and votes; how made.

(a) The declaration shall allocate a fraction or percentage of undivided interests in the common elements and in the common expenses of the association, and a portion of the votes in the association, to each unit and state the formulas used to establish those allocations.

(b) If units may be added to or withdrawn from the condominium, the declaration must state the formulas to be used to reallocate the allocated interests among all units included in the condominium after the addition or withdrawal.

(c) The declaration may provide: (i) that different allocations of votes shall be made to the units on particular matters specified in the declaration; (ii) for cumulative voting only for the purpose of electing members of the executive board; and (iii) for class voting on specified issues affecting the class if necessary to protect valid interests of the class. A declarant may not utilize cumulative or class voting for the purpose of evading any limitation imposed on declarants by the Nebraska Condominium Act, nor may units constitute a class because they are owned by a declarant.

(d) Except for minor variations due to rounding, the sum of the undivided interests in the common elements and common expense liabilities allocated at any time to all the units must equal one if stated as fractions or one hundred percent if stated as percentages. In the event of discrepancy between an allocated interest and the result derived from application of the pertinent formula, the allocated interest prevails.

(e) The common elements are not subject to partition, and any purported conveyance, encumbrance, judicial sale, or other voluntary or involuntary

transfer of an undivided interest in the common elements made without the unit to which that interest is allocated, is void.

76-846 Plats and plans; requirements.

(a) Plats and plans are a part of the declaration. Separate plats and plans are not required by sections 76-825 to 76-894 if all the information required by this section is contained in either a plat or plan.

(b) Each plat must show:

(1) the name and a survey or general schematic map of the entire condominium;

(2) the extent of any existing encroachments by or upon any portion of the condominium;

(3) to the extent feasible, a legally sufficient description or drawing of all easements serving or burdening any portion of the condominium;

(4) the location and dimensions of any vertical unit boundaries not shown or projected on plans recorded pursuant to subsection (d) of this section and that unit's identifying number;

(5) the location with reference to an established datum of any horizontal unit boundaries not shown or projected on plans recorded pursuant to subsection (d) of this section and that unit's identifying number;

(6) a legally sufficient description of any real estate in which the unit owners will own only an estate for years, labeled as leasehold real estate;

(7) the distance between noncontiguous parcels of real estate comprising the condominium; and

(8) the location and dimensions of limited common elements, including porches, balconies, and patios, other than parking spaces and the other limited common elements described in subdivisions (2) and (4) of section 76-839.

(c) A plat may also show the intended location and dimensions of any contemplated improvement to be constructed anywhere within the condominium. Any contemplated improvement shown must be labeled either Must Be Built or Need Not Be Built.

(d) To the extent not shown or projected on the plats, plans of the units must show or project:

(1) the location and dimensions of the vertical boundaries of each unit, and that unit's identifying number;

(2) any horizontal unit boundaries, with reference to an established datum, and that unit's identifying number; and

(3) any units in which the declarant has reserved the right to create additional units or common elements pursuant to subsection (c) of section 76-847, identified appropriately.

(e) Unless the declaration provides otherwise, the horizontal boundaries of part of a unit located outside of a building have the same elevation as the horizontal boundaries of the inside part, and need not be depicted on the plats and plans.

(f) Upon exercising any development right, the declarant shall record either new plats and plans necessary to conform to the requirements of subsections

(a), (b), and (d) of this section, or new certifications of plats and plans previously recorded if those plats and plans otherwise conform to the requirements of those subsections.

(g) Any plat or plan required by sections 76-825 to 76-894 must be prepared by a professional land surveyor, an architect, or a professional engineer.

76-854 Amendment to declaration; procedure.

(a) Except in cases of amendments that may be executed by (1) a declarant under subsection (f) of section 76-846 or under section 76-847, (2) the association under section 76-831 or 76-850, subsection (d) of section 76-843, subsection (c) of section 76-845, or subsection (a) of section 76-849, or (3) certain unit owners under subsection (b) of section 76-845, subsection (a) of section 76-849, subsection (b) of section 76-850, or subsection (b) of section 76-855, and except as limited by subsection (d) of this section, the declaration, including the plats and plans, may be amended only by vote or agreement of unit owners of units to which at least sixty-seven percent of the votes in the association are allocated or any larger majority the declaration specifies up to eighty percent of the votes in the association exclusive of the declarant. The declaration may specify a smaller number only if all of the units are restricted exclusively to nonresidential use.

(b) No action to challenge the validity of an amendment adopted by the association pursuant to this section may be brought more than one year after the amendment is recorded.

(c) Every amendment to the declaration must be recorded in every county in which any portion of the condominium is located and is effective only upon recordation.

(d) Except to the extent expressly permitted or required by other provisions of the Nebraska Condominium Act, no amendment may create or increase special declarant rights, increase the number of units, or change the boundaries of any unit, the allocated interests of a unit, or the uses to which any unit is restricted in the absence of the unanimous consent of the unit owners. In addition, no amendment may change the boundaries of any unit, increase the allocated interests of any unit, or change the uses to which any unit is restricted, without the consent of the owner of the unit.

(e) Amendments to the declaration required by the act to be recorded by the association shall be prepared, executed, recorded, and certified on behalf of the association by any officer of the association designated for that purpose or, in the absence of designation, by the president of the association.

76-856 Rights of secured lenders; limitations; restrictions on lien.

(a) The declaration may require that all or a specified number or percentage of the mortgagees or beneficiaries of deeds of trust encumbering the units approve specified actions of the unit owners or the association as a condition to the effectiveness of those actions, but such a requirement shall be enforceable

only as to matters involving the subdivision of any unit and the creation of any timeshare or as to proposed amendments to the declaration that adversely affect the priority of the mortgagee's or beneficiary's lien or the mortgagee's or beneficiary's rights to foreclose its lien by judicial or nonjudicial means, or that otherwise materially affect the rights and interests of the mortgagee or beneficiary and no requirement for approval may operate to (i) deny or delegate control over the general administrative affairs of the association by the unit owners or the executive board, or (ii) prevent the association or the executive board from commencing, intervening in, or settling any litigation or proceeding, or receiving and distributing any insurance proceeds except pursuant to section 76-871. The declaration may not provide that a lien on a member's unit for any assessment levied against the unit relates back to the date of filing of the declaration or that such lien takes priority over any mortgage or deed of trust on the unit recorded subsequent to the filing of the declaration and prior to the recording by the association of the notice required under subsection (a) of section 76-874.

(b) In securing approval from a mortgagee or beneficiary of a deed of trust for a proposed amendment to a declaration, the association shall be entitled to rely upon public records to identify the holders of outstanding mortgages or beneficiaries of deeds of trust. The association may use the address provided in the original recorded mortgage or deed of trust document, unless there is a different address for the holder of the mortgage or beneficiary of the deed of trust in a recorded assignment or modification of the mortgage or deed of trust, which recorded assignment or modification shall reference the official records book and page on which the original mortgage or deed of trust was recorded. Once the association has identified the recorded mortgages or deeds of trust of record, the association shall, in writing, request of each unit owner whose unit is encumbered by a mortgage or deed of trust of record any information the owner has in the owner's possession regarding the name and address of the person to whom mortgage or deed of trust payments are currently being made. Notice shall be sent to such person if the address provided in the original recorded mortgage or deed of trust document is different from the name and address of the mortgagee or assignee of the mortgage or beneficiary or assignee of the deed of trust as shown by the public record. The association shall be deemed to have complied with this requirement by making the written request of the unit owners required under this subsection. Any notices required to be sent to the mortgagees, beneficiaries, or assignees under this subsection shall be sent to all available addresses provided to the association.

(c) If any mortgagee or beneficiary of a deed of trust encumbering a unit has been requested by certified mail, return receipt requested, to approve a proposed amendment to a declaration, and such mortgagee or beneficiary fails to approve or object to such request in writing delivered to the requestor by certified mail within sixty days after the date such request has been received by the mortgagee or beneficiary, such failure to respond shall be deemed approval to the amendment.

(d) Any amendment adopted without the required approval of a mortgagee or beneficiary of the deed of trust shall be voidable only by a mortgagee or beneficiary who was entitled to notice and an opportunity to approve. An action to void an amendment shall be subject to the statute of limitations beginning five years after the adoption of an amendment to a declaration. This subsection

shall apply to all mortgages, regardless of the date of recordation of the mortgage or deed of trust.

76-857 Corporation, unincorporated association, master association, executive board; powers authorized.

(a) If the declaration for a condominium provides that any of the powers described in section 76-860 are to be exercised by or may be delegated to a profit or nonprofit corporation, or unincorporated association, which exercises those or other powers on behalf of one or more condominiums or for the benefit of the unit owners of one or more condominiums, all provisions of the Nebraska Condominium Act applicable to unit owners associations apply to any such corporation or unincorporated association, except as modified by this section. However, in no case shall the declaration provide that the power to institute or intervene as a plaintiff in litigation or administrative proceedings, other than litigation or administrative proceedings to enforce covenants, bylaws, or rules against unit owners or the unit owners association, be delegated to or exercised by any party other than the unit owners or the declarant.

(b) Unless a master association is acting in the capacity of an association described in section 76-859, it may exercise the powers set forth in subdivision (a)(2) of section 76-860 only to the extent expressly permitted in the declarations of condominiums which are part of the master association or expressly described in the delegations of power from those condominiums to the master association.

(c) If the declaration of any condominium provides that the executive board may delegate certain powers to a master association, the members of the executive board have no liability for the acts or omissions of the master association with respect to those powers following delegation.

(d) The rights and responsibilities of unit owners with respect to the unit owners association set forth in sections 76-861, 76-866 to 76-868, and 76-870 apply in the conduct of the affairs of a master association only to those persons who elect the board of a master association, whether or not those persons are otherwise unit owners within the meaning of the act.

(e) Notwithstanding the provisions of subsection (f) of section 76-861 with respect to the election of the executive board of an association, by all unit owners after the period of declarant control ends, and even if a master association is also an association described in section 76-859, the articles of incorporation or other instrument creating the master association and the declaration of each condominium the powers of which are assigned by the declaration or delegated to the master association may provide that the executive board of the master association must be elected after the period of declarant control in any of the following ways:

(1) All unit owners of all condominiums subject to the master association may elect all members of that executive board.

(2) All members of the executive boards of all condominiums subject to the master association may elect all members of that executive board.

(3) All unit owners of each condominium subject to the master association may elect specified members of that executive board.

(4) All members of the executive board of each condominium subject to the master association may elect specified members of that executive board.

76-861 Executive board; members and officers; powers and duties; condominium statement; filing with register of deeds.

(a) Except as provided in the declaration, the bylaws, subsection (b) of this section, or other provisions of the Nebraska Condominium Act, the executive board may act in all instances on behalf of the association. In the performance of their duties, the officers and members of the executive board are required to exercise ordinary and reasonable care.

(b) The executive board may not act on behalf of the association to commence litigation on behalf of the unit owners or the unit owners association, to amend the declaration pursuant to section 76-854, to terminate the condominium pursuant to section 76-855, or to elect members of the executive board or determine the qualifications, powers and duties, or terms of office of executive board members pursuant to subsection (f) of this section, but the executive board may fill vacancies in its membership for the unexpired portion of any term.

(c) Within thirty days after adoption of any proposed budget for the condominium, the executive board shall provide a summary of the budget to all the unit owners, and shall set a date for a meeting of the unit owners to consider ratification of the budget not less than fourteen nor more than thirty days after mailing of the summary. Unless at that meeting a majority of all votes in the association or any larger vote specified in the declaration reject the budget, the budget is ratified, whether or not a quorum is present. In the event the proposed budget is rejected, the periodic budget last ratified by the unit owners shall be continued until such time as the unit owners ratify a subsequent budget proposed by the executive board.

(d) Subject to subsection (e) of this section, the declaration may provide for a period of declarant control of the association, during which period a declarant, or persons designated by him or her, may appoint and remove the officers and members of the executive board. Regardless of the period provided in the declaration, a period of declarant control terminates no later than the earlier of: (i) Sixty days after conveyance of ninety percent of the units which may be created to unit owners other than a declarant; or (ii) two years after all declarants have ceased to offer units for sale in the ordinary course of business. A declarant may voluntarily surrender the right to appoint and remove officers and members of the executive board before termination of that period, but in that event he or she may require, for the duration of the period of declarant control, that specified actions of the association or executive board, as described in a recorded instrument executed by the declarant, be approved by the declarant before they become effective. Successor boards following declarant control may not discriminate nor act arbitrarily with respect to units still owned by a declarant or a successor declarant.

(e) Not later than sixty days after conveyance of fifty percent of the units which may be created to unit owners other than a declarant, at least one member and not less than twenty-five percent of the members of the executive board shall be elected exclusively by unit owners other than the declarant.

(f) Not later than the termination of any period of declarant control, the unit owners shall elect an executive board of at least three members, at least a majority of whom must be unit owners. The executive board shall elect the officers. The executive board members and officers shall take office upon election.

(g) Notwithstanding any provision of the declaration or bylaws to the contrary, the unit owners, by a two-thirds vote of all persons present and entitled to vote at any meeting of the unit owners at which a quorum is present, may remove any member of the executive board with or without cause, other than a member appointed by the declarant.

(h) The association shall file with the register of deeds of the county in which the condominium is located a condominium statement listing the name of the association and the names and addresses of the current officers of the association. Such filing shall be made every year on or before December 31. The receipt of any legal notice by or service of process on such officer personally or at such officer's filed address shall constitute notice to the association. If the association fails to make the filing required by this subsection, the posting of the legal notice or process at the entrance, main office, or other prominent location in the common area of the condominium shall constitute notice to the association until such filing is made.

76-867 Quorums.

(a) Unless the bylaws provide otherwise, a quorum is present throughout any meeting of the association if persons entitled to cast thirty-five percent of the votes which may be cast for election of the executive board are present in person or by proxy at the beginning of the meeting.

(b) Unless the bylaws specify a larger percentage, a quorum is deemed present throughout any meeting of the executive board if persons entitled to

cast fifty percent of the votes on that board are present at the beginning of the meeting.

76-869 Tort and contract liability.

(a) Neither the association nor any unit owner except the declarant is liable for that declarant's torts in connection with any part of the condominium which that declarant has the responsibility to maintain. Otherwise, an action alleging a wrong done by the association must be brought against the association and not against any unit owner. If the wrong occurred during any period of declarant control and the association gives the declarant reasonable notice of and an opportunity to defend against the action, the declarant who then controlled the association is liable to the association or to any unit owner only for costs the association would not have incurred but for a breach of contract or other negligent act or omission by the declarant. A unit owner is not precluded from bringing an action contemplated by this section because he or she is a unit owner or a member or officer of the association. Liens resulting from judgments against the association are governed by section 76-875.

(b) The declarant shall not be liable for any action, loss, or cost pursuant to this section if at the time the loss occurred, insurance required by section 76-871 was in place.

76-870 Encumbrance or conveyance of common elements; procedure.

(a) Portions of the common elements may be encumbered or conveyed or otherwise subjected to a security interest by the association if persons entitled to cast at least sixty-seven percent of the votes in the association, including sixty-seven percent of the votes allocated to units not owned by a declarant, or any larger percentage the declaration specifies, agree to that action; but all the owners of units to which any limited common element is allocated must agree to encumber or convey that limited common element or subject it to a security interest. The declaration may specify a smaller percentage only if all of the units are restricted exclusively to nonresidential uses. Proceeds of the sale are an asset of the association.

(b) An agreement to encumber or convey common elements or subject them to a security interest must be evidenced by the execution of an agreement, or ratifications thereof, in the same manner as a deed, by the requisite number of unit owners. The agreement must specify a date after which the agreement will be void unless recorded before that date. The agreement and all ratifications thereof must be recorded in every county in which a portion of the condominium is situated and is effective only upon recordation.

(c) The association, on behalf of the unit owners, may contract to encumber or convey common elements or subject them to a security interest, but the contract is not enforceable against the association until approved pursuant to subsections (a) and (b) of this section. Thereafter, the association has all powers necessary and appropriate to effect the conveyance or encumbrance, including the power to execute deeds or other instruments.

(d) Any purported conveyance, encumbrance, judicial sale, or other voluntary transfer of common elements, unless made pursuant to this section, is void.

(e) A conveyance or an encumbrance of common elements pursuant to this section does not deprive any unit of its rights of access and support.

(f) Unless the declaration otherwise provides, a conveyance or an encumbrance of common elements pursuant to this section does not affect the priority or validity of preexisting encumbrances.

PROTECTION OF CONDOMINIUM PURCHASERS

76-884 Resale of unit; information required.

(a) Except in the case of a sale where delivery of a public-offering statement is required or unless exempt under subsection (b) of section 76-878, the unit owner and any other person in the business of selling real estate who offers a unit to a purchaser shall furnish to a purchaser before conveyance a copy of the declaration other than the plats and plans, the bylaws, the rules or regulations of the association, and the following information:

(1) a statement setting forth the amount of the monthly common expense assessment and any unpaid common expense or special assessment currently due and payable from the selling unit owner;

(2) any other fees payable by unit owners;

(3) the most recent regularly prepared balance sheet and income and expense statement, if any, of the association;

(4) the current operating budget of the association, if any;

(5) a statement that a copy of any insurance policy provided for the benefit of unit owners is available from the association upon request;

(6) a statement of the remaining term of any leasehold estate affecting the condominium and the provisions governing any extension or renewal thereof; and

(7) a disclosure of any threatened or pending litigation involving the unit or the association.

(b) The association, within ten days after a request by a unit owner, shall furnish in writing the information necessary to enable the unit owner to comply with this section. A unit owner providing information pursuant to subsection (a) of this section is not liable to the purchaser for any erroneous information provided by the association and included in the certificate.

(c) A purchaser is not liable for any unpaid assessment or fee greater than the amount set forth in the information prepared by the association. The unit owner or any other person in the business of selling real estate who offers a unit to a purchaser is not liable to a purchaser for the failure or delay of the association to provide such information in a timely manner.

76-890 Warranties; statute of limitations; judicial proceedings; notice; effect; strict compliance; required.

(a) A judicial proceeding for breach of any obligation arising under section 76-887 or 76-888 must be commenced within two years after the cause of

action accrues, but the parties may agree to reduce the period of limitation to not less than one year. With respect to a unit that may be occupied for residential use, an agreement to reduce the period of limitation must be evidenced by an instrument executed by the purchaser. Prior to commencing any judicial proceeding under this section, the person seeking to commence the judicial proceeding must (1) provide written notice of the proposed proceeding and the specific alleged defect or defects to the prospective defendant or defendants and (2) give the prospective defendant or defendants at least three months to cure the alleged defect or defects. If the defect or defects are such that they cannot reasonably be cured within three months, the cure period shall extend as long as the prospective defendant has commenced and is diligently proceeding with repairs. Providing the notice in this section in a manner reasonably understood to inform the prospective defendant of the specific alleged defect or defects shall toll any applicable statute of limitations until the alleged defect or defects are cured. Any proceeding commenced without strict compliance with this section is subject to dismissal for such noncompliance.

(b) Subject to subsection (c) of this section, a cause of action for breach of warranty, regardless of the purchaser's lack of knowledge of the breach, accrues:

(1) as to a unit, at the time the purchaser to whom the warranty is first made enters into possession if a possessory interest was conveyed or at the time of acceptance of the instrument of conveyance if a nonpossessory interest was conveyed; and

(2) as to each common element, at the time the common element is completed or, if later, (i) as to a common element that may be added to the condominium or portion thereof, at the time the first unit therein is conveyed to a bona fide purchaser, or (ii) as to a common element within any other portion of the condominium, at the time the first unit in the condominium is conveyed to a bona fide purchaser.

(c) If a warranty explicitly extends to future performance or duration of any improvement or component of the condominium, the cause of action accrues at the time the breach is discovered or at the end of the period for which the warranty explicitly extends, whichever is earlier.

If the breach is remediable by repairs or the payment of damages or otherwise and the tenant adequately remedies the breach prior to the date specified in the notice, the rental agreement will not terminate. If substantially the same act or omission which constituted a prior noncompliance of which notice was given recurs within six months, the landlord may terminate the rental agreement upon at least fourteen days' written notice specifying the breach and the date of termination of the rental agreement.

(5)(a) A landlord shall not take action under subsection (4) of this section if the violent criminal activity, illegal sale of any controlled substance, or other activity that threatens the health or safety of other tenants, the landlord, or the landlord's employees or agents, as set forth in subsection (4) of this section, is conducted by a person on the premises other than the tenant or a household member and the tenant or household member takes at least one of the following measures:

If both the victim who takes measures under this subsection and perpetrator of an act of domestic violence are parties to a rental agreement, a landlord shall only take action under subsection (4) of this section against the perpetrator.

All penalties shall be remitted to the State Treasurer for distribution in accordance with Article VII, section 5, of the Constitution of Nebraska.

(2) Beginning September 1, 2024:

(ii) When any person other than the State Fire Marshal has reason to believe that any violation described in subdivision (b) of this subsection has occurred, such person may submit information to the State Fire Marshal regarding such violation on a form prescribed by the State Fire Marshal. Upon receipt of such information, the State Fire Marshal may conduct an investigation to determine the facts and circumstances of such alleged violation and, if conducted, shall give prior notice of such investigation by first-class mail or electronic mail to both the person being investigated and the person who submitted the information to the State Fire Marshal.

(iii) The State Fire Marshal shall refer the findings of the investigation to the committee for its determination. Except as otherwise provided in subdivision (2)(a)(iv) of this section, the committee shall issue a written determination stating findings of fact, conclusions of law, and the civil penalty, if any, to be assessed for such violation and serve a copy of the written determination by personal service or by certified mail, return receipt requested, upon such person. If the State Fire Marshal's investigation was commenced based on information provided pursuant to subdivision (2)(a)(ii) of this section, a copy of the written determination shall also be delivered by first-class mail to the person providing such information.

(v) Not later than thirty days after receipt of the committee's written determination, any party may submit a written request to the State Fire Marshal for a hearing on the matter. The committee shall then appoint a hearing officer to conduct such hearing and set a hearing date and provide written notice of hearing to the parties at least thirty days prior to the date of the hearing. Such notice shall contain the name, address, and telephone number of the hearing officer, a copy of the written determination upon which the hearing shall be held, and the date, time, and place of hearing. (vii) A party may appear at the hearing with or without the assistance of counsel to present testimony, examine witnesses, and offer evidence. A stenographic record of all testimony and other evidence received at the hearing shall be made and preserved pending final disposition of the matter.

(viii) Unless all requests for hearing are withdrawn prior to the hearing, following the hearing the hearing officer shall prepare written findings of fact and conclusions of law, and based on such findings of fact and conclusions of law, the committee shall affirm, modify, or reverse the written determination issued under subdivision (2)(a)(iii) of this section and issue a final order. The committee's final order may include an assessment of costs incurred in conducting the hearing, including the costs of the hearing officer and compelling the attendance of witnesses, and assess such costs against the parties. Any party aggrieved by the final order of the committee may appeal the decision, and such appeal shall be in accordance with the Administrative Procedure Act; and

(b)(i) Except as provided in subdivision (2)(b)(ii) of this section, any person who violates section 76-2320, 76-2320.01, 76-2320.02, 76-2321, 76-2322, 76-2323, 76-2326, 76-2330, or 76-2331 or any rule or regulation adopted and promulgated by the State Fire Marshal pursuant to section 76-2319 shall be subject to a civil penalty as follows:

(iii) When imposing a civil penalty, the committee shall consider the nature, circumstances, and gravity of the violation and, with respect to the person found to have committed the violation, the degree of culpability, the absence or existence of prior violations, whether the violation was a willful act, any good faith attempt to achieve compliance, and such other matters as justice may require.

(iv) The committee shall not assess a civil penalty that is more than ten thousand dollars per violation. The violator shall pay the costs of the investigation as billed by the State Fire Marshal. The State Fire Marshal shall remit such

paid costs to the State Treasurer for credit to the fund from which the costs were expended.

(v) As provided in subdivision (2)(a)(iv) of this section, for any investigation in which a civil penalty in excess of the amount described in subdivision (2)(b)(iv) of this section is deemed justified by the committee, the committee shall refer such matter to the Attorney General or a prosecuting attorney who shall bring an action on behalf of the State of Nebraska to recover such penalty in any court of competent jurisdiction of this state. The trial shall be before the court, which shall consider the nature, circumstances, and gravity of the violation and, with respect to the person found to have committed the violation, the degree of culpability, the absence or existence of prior violations, whether the violation was a willful act, any good faith attempt to achieve compliance, and such other matters as justice may require in determining the amount of penalty imposed.

(vi) Costs incurred by the investigation conducted pursuant to subdivision (2)(a) of this section may be sought as part of any judgment against a violator. The State Fire Marshal shall remit any such recovered costs to the State Treasurer for credit to the fund from which the costs were expended.

(2) For purposes of more precisely defining the Nebraska Plane Coordinate System, it shall be the most recent system of plane coordinates adopted by the Geographic Information Systems Council, supported and published by the National Geodetic Survey, based on the National Spatial Reference System, and known as the State Plane Coordinate System, for defining and stating the geographic positions or locations of points within the State of Nebraska.

The Legislature finds that:

(1) Radon is a radioactive element that is part of the radioactive decay chain of naturally occurring uranium in soil;

(2) Radon is the leading cause of lung cancer among nonsmokers and is the number one risk in homes according to the Harvard Center for Risk Analysis at the Harvard T.H. Chan School of Public Health;

(3) The World Health Organization Handbook on Indoor Radon includes key messages which state:

(a) ''There is no known threshold concentration below which radon exposure presents no risk.''; and

(b) ''The majority of radon-induced lung cancers are caused by low and moderate radon concentrations rather than by high radon concentrations, because in general less people are exposed to high indoor radon concentrations.'';

(4) The Surgeon General of the United States urged Americans to test their homes to find out how much radon they might be breathing;

(5) The United States Environmental Protection Agency estimates that more than twenty thousand Americans die of radon-related lung cancer each year;

(6) The United States Environmental Protection Agency has identified radon levels in Nebraska as the third highest in the United States because of the high concentration of uranium in the soil; and

(7) In 2018, the Radon Resistant New Construction Task Force recommended minimum standards for radon resistant new construction to the Governor, the Health and Human Services Committee of the Legislature, and the Urban Affairs Committee of the Legislature.

77-202 Property taxable; exemptions enumerated.

(1) The following property shall be exempt from property taxes:

(a) Property of the state and its governmental subdivisions to the extent used or being developed for use by the state or governmental subdivision for a public purpose. For purposes of this subdivision:

(i) Property of the state and its governmental subdivisions means (A) property held in fee title by the state or a governmental subdivision or (B) property beneficially owned by the state or a governmental subdivision in that it is used for a public purpose and is being acquired under a lease-purchase agreement, financing lease, or other instrument which provides for transfer of legal title to the property to the state or a governmental subdivision upon payment of all amounts due thereunder. If the property to be beneficially owned by a governmental subdivision has a total acquisition cost that exceeds the threshold amount or will be used as the site of a public building with a total estimated construction cost that exceeds the threshold amount, then such property shall qualify for an exemption under this section only if the question of acquiring such property or constructing such public building has been submitted at a primary, general, or special election held within the governmental subdivision and has been approved by the voters of the governmental subdivision. For purposes of this subdivision, threshold amount means the greater of fifty thousand dollars or six-tenths of one percent of the total actual value of real and personal property of the governmental subdivision that will beneficially own the property as of the end of the governmental subdivision's prior fiscal year; and

(ii) Public purpose means use of the property (A) to provide public services with or without cost to the recipient, including the general operation of government, public education, public safety, transportation, public works, civil and criminal justice, public health and welfare, developments by a public housing authority, parks, culture, recreation, community development, and cemetery purposes, or (B) to carry out the duties and responsibilities conferred by law with or without consideration. Public purpose does not include leasing of property to a private party unless the lease of the property is at fair market value for a public purpose. Leases of property by a public housing authority to low-income individuals as a place of residence are for the authority's public purpose;

(b) Unleased property of the state or its governmental subdivisions which is not being used or developed for use for a public purpose but upon which a payment in lieu of taxes is paid for public safety, rescue, and emergency services and road or street construction or maintenance services to all governmental units providing such services to the property. Except as provided in Article VIII, section 11, of the Constitution of Nebraska, the payment in lieu of taxes shall be based on the proportionate share of the cost of providing public safety, rescue, or emergency services and road or street construction or maintenance services unless a general policy is adopted by the governing body of the governmental subdivision providing such services which provides for a different method of determining the amount of the payment in lieu of taxes. The governing body may adopt a general policy by ordinance or resolution for determining the amount of payment in lieu of taxes by majority vote after a hearing on the ordinance or resolution. Such ordinance or resolution shall nevertheless result in an equitable contribution for the cost of providing such services to the exempt property;

(c) Property owned by and used exclusively for agricultural and horticultural societies;

(d)(i) Property owned by educational, religious, charitable, or cemetery organizations, or any organization for the exclusive benefit of any such educational, religious, charitable, or cemetery organization, and used exclusively for educational, religious, charitable, or cemetery purposes, when such property is not (A) owned or used for financial gain or profit to either the owner or user, (B) used for the sale of alcoholic liquors for more than twenty hours per week, or (C) owned or used by an organization which discriminates in membership or employment based on race, color, or national origin.

(ii) For purposes of subdivision (1)(d) of this section:

(A) Educational organization means (I) an institution operated exclusively for the purpose of offering regular courses with systematic instruction in academic, vocational, or technical subjects or assisting students through services relating to the origination, processing, or guarantying of federally reinsured student loans for higher education, (II) a museum or historical society operated exclusively for the benefit and education of the public, or (III) a nonprofit organization that owns or operates a child care facility; and

Such percentage shall be equal to the average percentage of occupied beds in the facility provided to medicaid beneficiaries over the most recent three-year period.

(iv) The property tax exemption authorized in subdivision (1)(d)(i) of this section shall apply to a building that (A) is owned by a charitable organization, (B) is made available to students in attendance at an educational institution, and (C) is recognized by such educational institution as approved student housing, except that the exemption shall only apply to the commons area of such building, including any common rooms and cooking and eating facilities; and

(e) Household goods and personal effects not owned or used for financial gain or profit to either the owner or user.

(2) The increased value of land by reason of shade and ornamental trees planted along the highway shall not be taken into account in the valuation of land.

(3) Tangible personal property which is not depreciable tangible personal property as defined in section 77-119 shall be exempt from property tax.

(4) Motor vehicles, trailers, and semitrailers required to be registered for operation on the highways of this state shall be exempt from payment of property taxes.

(5) Business and agricultural inventory shall be exempt from the personal property tax. For purposes of this subsection, business inventory includes

personal property owned for purposes of leasing or renting such property to others for financial gain only if the personal property is of a type which in the ordinary course of business is leased or rented thirty days or less and may be returned at the option of the lessee or renter at any time and the personal property is of a type which would be considered household goods or personal effects if owned by an individual. All other personal property owned for purposes of leasing or renting such property to others for financial gain shall not be considered business inventory.

Any depreciable tangible personal property used directly in the generation of electricity using solar, biomass, or landfill gas as the fuel source shall be exempt from the property tax levied on depreciable tangible personal property if such depreciable tangible personal property was installed on or after January 1, 2016, and has a nameplate capacity of one hundred kilowatts or more. Depreciable tangible personal property used directly in the generation of electricity using wind, solar, biomass, or landfill gas as the fuel source includes, but is not limited to, wind turbines, rotors and blades, towers, solar panels, trackers, generating equipment, transmission components, substations, supporting structures or racks, inverters, and other system components such as wiring, control systems, switchgears, and generator step-up transformers.

(10) Any tangible personal property that is acquired by a person operating a data center located in this state, that is assembled, engineered, processed, fabricated, manufactured into, attached to, or incorporated into other tangible personal property, both in component form or that of an assembled product, for the purpose of subsequent use at a physical location outside this state by the person operating a data center shall be exempt from the personal property tax. Such exemption extends to keeping, retaining, or exercising any right or power over tangible personal property in this state for the purpose of subsequently transporting it outside this state for use thereafter outside this state. For purposes of this subsection, data center means computers, supporting equipment, and other organized assembly of hardware or software that are designed to centralize the storage, management, or dissemination of data and information, environmentally controlled structures or facilities or interrelated structures or facilities that provide the infrastructure for housing the equipment, such as raised flooring, electricity supply, communication and data lines, Internet access, cooling, security, and fire suppression, and any building housing the foregoing.

(11) For tax years prior to tax year 2020, each person who owns property required to be reported to the county assessor under section 77-1201 shall be allowed an exemption amount as provided in the Personal Property Tax Relief Act. For tax years prior to tax year 2020, each person who owns property required to be valued by the state as provided in section 77-601, 77-682,

77-202.01 Property taxable; tax exemptions; application; requirements; waiver of deadline; penalty; lien.

(1) Any organization or society seeking a tax exemption provided in subdivisions (1)(c) and (d) of section 77-202 for any real or tangible personal property, except real property used for cemetery purposes, shall apply for exemption to the county assessor on or before December 31 of the year preceding the year for which the exemption is sought on forms prescribed by the Tax Commissioner. Applications that lack an estimated valuation, or any other required information, shall result in the denial of the requested exemption. The county assessor shall examine the application and recommend either taxable or exempt for the real property or tangible personal property to the county board of equalization on or before March 1 following. For applications involving property described in subdivision (1)(d)(iii) or (iv) of section 77-202, the county assessor shall also calculate the exemption amount for the property and shall submit such calculation to the county board of equalization along with his or her recommendations. Notice that a list of the applications from organizations seeking tax exemption, descriptions of the property, and recommendations of the county assessor are available in the county assessor's office shall be published in a newspaper of general circulation in the county at least ten days prior to consideration of any application by the county board of equalization.

(2) Any organization or society which fails to file an exemption application on or before December 31 may apply on or before June 30 to the county assessor. The organization or society shall also file in writing a request with the county board of equalization for a waiver so that the county assessor may consider the application for exemption. The county board of equalization shall grant the waiver upon a finding that good cause exists for the failure to make application on or before December 31. When the waiver is granted, the county assessor shall examine the application and recommend either taxable or exempt for the real property or tangible personal property to the county board of equalization, shall calculate the exemption amount for any property described in subdivision (1)(d)(iii) or (iv) of section 77-202, and shall assess a penalty against the property of ten percent of the tax that would have been assessed had the waiver been denied or one hundred dollars, whichever is less, for each calendar month or fraction thereof for which the filing of the exemption application missed the December 31 deadline. The penalty shall be collected and distributed in the same manner as a tax on the property and interest shall be assessed at the rate

specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, from the date the tax would have been delinquent until paid. The penalty shall also become a lien in the same manner as a tax pursuant to section 77-203.

77-202.03 Property taxable; exempt status; period of exemption; change of status; late filing authorized; when; penalty; lien; new applications; reviewed; hearing; procedure; list.

(1) Except as provided in section 77-202.10 and subsection (2) of this section, a properly granted exemption of real or tangible personal property provided for in subdivisions (1)(c) and (d) of section 77-202 shall continue for a period of four years if the statement of reaffirmation of exemption required by subsection (3) of this section is filed when due. The four-year period shall begin with years evenly divisible by four.

(2) An owner of property which has been granted an exemption under subdivision (1)(d)(iii) or (iv) of section 77-202 shall be required to reapply for the exemption each year so that the exemption amount for the year can be recalculated.

(3) In each intervening year occurring between application years, the organization or society which filed the granted exemption application for the real or tangible personal property, except real property used for cemetery purposes and real property described in subdivision (1)(d)(iii) or (iv) of section 77-202, shall file a statement of reaffirmation of exemption with the county assessor on or before December 31 of the year preceding the year for which the exemption is sought, on forms prescribed by the Tax Commissioner, certifying that the ownership and use of the exempted property has not changed during the year. Any organization or society which misses the December 31 deadline for filing the statement of reaffirmation of exemption may file the statement of reaffirmation of exemption by June 30. Such filing shall maintain the tax-exempt status of the property without further action by the county and regardless of any previous action by the county board of equalization to deny the exemption due to late filing of the statement of reaffirmation of exemption. Upon any such late filing, the county assessor shall assess a penalty against the property of ten percent of the tax that would have been assessed had the statement of reaffirmation of exemption not been filed or one hundred dollars, whichever is less, for each calendar month or fraction thereof for which the filing of the statement of reaffirmation of exemption is late. The penalty shall be collected and distributed in the same manner as a tax on the property and interest shall be assessed at the rate specified in section 45-104.01, as such rate may from time to time be adjusted by the Legislature, from the date the tax would have

been delinquent until paid. The penalty shall also become a lien in the same manner as a tax pursuant to section 77-203.

(4)(a) If any organization or society seeks a tax exemption for any real or tangible personal property acquired on or after January 1 of any year or converted to exempt use on or after January 1 of any year, the organization or society shall make application for exemption on or before July 1 of that year as provided in subsection (1) of section 77-202.01. The procedure for reviewing the application shall be as in sections 77-202.01 to 77-202.05, except that the exempt use shall be determined as of the date of application and the review by the county board of equalization shall be completed by August 15.

(b) If an organization as described in subdivision (1)(c) or (d) of section 77-202 purchases, between July 1 and the levy date, property that has been granted tax exemption and the property continues to be qualified for a property tax exemption, the purchaser shall on or before November 15 make application for exemption as provided in section 77-202.01. The procedure for reviewing the application shall be as in sections 77-202.01 to 77-202.05, and the review by the county board of equalization shall be completed by December 15.

(5) In any year, the county assessor or the county board of equalization may cause a review of any exemption to determine whether the exemption is proper. Such a review may be taken even if the ownership or use of the property has not changed from the date of the allowance of the exemption. If it is determined that a change in an exemption is warranted, the procedure for hearing set out in section 77-202.02 shall be followed, except that the published notice shall state that the list provided in the county assessor's office only includes those properties being reviewed. If an exemption is denied, the county board of equalization shall place the property on the tax rolls retroactive to January 1 of that year if on the date of the decision of the county board of equalization the property no longer qualifies for an exemption.

The county board of equalization shall give notice of the assessed value of the real property in the same manner as outlined in section 77-1507, and the procedures for filing a protest shall be the same as those in section 77-1502.

When personal property which was exempt becomes taxable because of lost exemption status, the owner or his or her agent has thirty days after the date of denial to file a personal property return with the county assessor. Upon the expiration of the thirty days for filing a personal property return pursuant to this subsection, the county assessor shall proceed to list and value the personal property and apply the penalty pursuant to section 77-1233.04.

(6) During the month of September of each year, the county board of equalization shall cause to be published in a paper of general circulation in the county a list of all real estate in the county exempt from taxation for that year pursuant to subdivisions (1)(c) and (d) of section 77-202. Such list shall be grouped into categories as provided by the Property Tax Administrator. An electronic copy of the list of real property exemptions and a copy of the proof of publication shall be forwarded to the Property Tax Administrator on or before November 1 of each year.

(3) Within thirty days after receipt of a completed application containing the information necessary for the Tax Commissioner to certify a potential qualified equity investment, including the payment of the application fee, the Tax Commissioner shall grant or deny the application in full or in part. If the Tax Commissioner denies any part of the application, the Tax Commissioner shall inform the qualified community development entity of the grounds for the denial. If the qualified community development entity provides any additional information required by the Tax Commissioner or otherwise completes its application within fifteen days after the notice of denial, the application shall be considered completed as of the original date of submission. (4) If the application is deemed complete, the Tax Commissioner shall certify the proposed equity investment or long-term debt security as a qualified equity investment that is eligible for tax credits, subject to the limitations contained in section 77-1115. The Tax Commissioner shall provide written notice of the certification to the qualified community development entity. The notice shall include the names of those taxpayers who are eligible to utilize the credits and their respective credit amounts. (5) Except as provided in subsection (6) of this section, the Tax Commissioner shall certify qualified equity investments in the order applications are received. Applications received on the same day shall be deemed to have been received simultaneously. For applications received on the same day and deemed complete, the Tax Commissioner shall certify, consistent with remaining tax credit capacity, qualified equity investments in proportionate percentages based upon the ratio of the amount of qualified equity investment requested in an application to the total amount of qualified equity investments requested in all applications received on the same day.

(6) With respect to applications for the 2021 allocation, the Tax Commissioner shall certify applications by applicants that agree to designate qualified equity investments as federal qualified equity investments in accordance with subdivision (2)(h) of this section in proportionate percentages based upon the ratio of the amount of qualified equity investments requested in an application to be designated as federal qualified equity investments to the total amount of qualified equity investments to be designated as federal qualified equity investments requested in all applications received on the same day.

(7) Once the Tax Commissioner has certified qualified equity investments that, on a cumulative basis, are eligible for the maximum limitation contained in section 77-1115 or the maximum amount of qualified equity investments authorized pursuant to the 2021 allocation, the Tax Commissioner may not certify any more qualified equity investments for that fiscal year. If a pending request cannot be fully certified, the Tax Commissioner shall certify the portion that may be certified unless the qualified community development entity elects to withdraw its request rather than receive partial credit.

(8) Within thirty days after receiving notice of certification, the qualified community development entity shall issue the qualified equity investment and receive cash in the amount of the certified amount and, with respect to the 2021 allocation, designate the required amount of qualified equity investment authority as a federal qualified equity investment. The qualified community development entity shall provide the Tax Commissioner with evidence of the receipt of the cash investment within ten business days after receipt and, with respect to the 2021 allocation, provide evidence that the required amount of qualified equity investment authority was designated as a federal qualified equity investment. If the qualified community development entity does not receive the cash investment and issue the qualified equity investment within thirty days after receipt of the certification notice and, with respect to the 2021 allocation, make the required federal qualified equity investment designation, the certification shall lapse and the entity may not issue the qualified equity investment without reapplying to the Tax Commissioner for certification. A certification that lapses reverts back to the Tax Commissioner and may be reissued only in accordance with the application process outlined in this section.

(3) The issuer fails to invest and satisfy the requirements of subdivision (1)(b) of section 77-1110 and maintain such level of investment in qualified low-income community investments in Nebraska until the last credit allowance date for the qualified equity investment. For purposes of this section, an investment shall be considered held by an issuer even if the investment has been sold or repaid if the issuer reinvests an amount equal to the capital returned to or recovered by the issuer from the original investment, exclusive of any profits realized, in another qualified low-income community investment within twelve months of the receipt of such capital. With respect to the 2021 allocation, amounts received periodically by a qualified community development entity shall be treated as maintained in qualified low-income community investments if the amounts are reinvested in one or more qualified low-income community investments by the end of the following calendar year. An issuer shall not be required to reinvest capital returned from qualified low-income community investments after the sixth credit allowance date, the proceeds of which were used to make the qualified low-income community investment, and the qualified low-income community investment shall be considered held by the issuer through the seventh credit allowance date.

77-1238 Exemption from taxation; Property Tax Administrator; duties.

(1) For tax years prior to tax year 2020, every person who is required to list his or her taxable tangible personal property as defined in section 77-105, as required under section 77-1229, shall receive an exemption from taxation for the first ten thousand dollars of valuation of his or her tangible personal property in each tax district as defined in section 77-127 in which a personal property return is required to be filed. Failure to report tangible personal property on the personal property return required by section 77-1229 shall result in a forfeiture of the exemption for any tangible personal property not timely reported for that year.

(2) For tax years prior to tax year 2020, the Property Tax Administrator shall reduce the value of the tangible personal property owned by each railroad, car line company, public service entity, and air carrier by a compensating exemption factor to reflect the exemption allowed in subsection (1) of this section for all other personal property taxpayers. The compensating exemption factor is calculated by multiplying the value of the tangible personal property of the railroad, car line company, public service entity, or air carrier by a fraction, the numerator of which is the total amount of locally assessed tangible personal property that is actually subjected to property tax after the exemption allowed in subsection (1) of this section, and the denominator of which is the net book value of locally assessed tangible personal property prior to the exemptions allowed in subsection (1) of this section.

77-1239 Reimbursement for tax revenue lost because of exemption; calculation.

(1) For tax years prior to tax year 2020, reimbursement to taxing subdivisions for tax revenue that will be lost because of the personal property tax exemptions allowed in subsection (1) of section 77-1238 shall be as provided in this subsection. The county assessor and county treasurer shall, on or before November 30 of each year, certify to the Tax Commissioner, on forms prescribed by the Tax Commissioner, the total tax revenue that will be lost to all taxing subdivisions within his or her county from taxes levied and assessed in that year because of the personal property tax exemptions allowed in subsection (1) of section 77-1238. The county assessor and county treasurer may amend the certification to show any change or correction in the total tax revenue that will be lost until May 30 of the next succeeding year. The Tax Commissioner shall, on or before January 1 next following the certification, notify the Director of Administrative Services of the amount so certified to be reimbursed by the state. Reimbursement of the tax revenue lost shall be made to each county according to the certification and shall be distributed in two approximately equal installments on the last business day of February and the last business day of June. The State Treasurer shall, on the business day preceding the last business day of February and the last business day of June, notify the Director of Administrative Services of the amount of funds available in the General Fund to pay the reimbursement. The Director of Administrative Services shall, on the last business day of February and the last business day of June, draw warrants against funds appropriated. Out of the amount received, the county treasurer shall distribute to each of the taxing subdivisions within his or her county the

full tax revenue lost by each subdivision, except that one percent of such amount shall be deposited in the county general fund.

(2) For tax years prior to tax year 2020, reimbursement to taxing subdivisions for tax revenue that will be lost because of the compensating exemption factor in subsection (2) of section 77-1238 shall be as provided in this subsection. The Property Tax Administrator shall establish the average tax rate that will be used for purposes of reimbursing taxing subdivisions pursuant to this subsection. The average tax rate shall be equal to the total property taxes levied in the state divided by the total taxable value of all taxable property in the state as certified pursuant to section 77-1613.01. The total valuation that will be lost to all taxing subdivisions within each county because of the compensating exemption factor in subsection (2) of section 77-1238, multiplied by the average tax rate calculated pursuant to this subsection, shall be the tax revenue to be reimbursed to the taxing subdivisions by the state. Reimbursement of the tax revenue lost for public service entities shall be made to each county according to the certification and shall be distributed among the taxing subdivisions within each county in the same proportion as all public service entity taxes levied by the taxing subdivisions. Reimbursement of the tax revenue lost for railroads shall be made to each county according to the certification and shall be distributed among the taxing subdivisions within each county in the same proportion as all railroad taxes levied by taxing subdivisions. Reimbursement of the tax revenue lost for car line companies shall be distributed in the same manner as the taxes collected pursuant to section 77-684. Reimbursement of the tax revenue lost for air carriers shall be distributed in the same manner as the taxes collected pursuant to section 77-1250.

(3) Each taxing subdivision shall, in preparing its annual or biennial budget, take into account the amounts to be received under this section.

77-1248 Taxation of air carriers; taxable value; allocation; Property Tax Administrator; duties.

(1) The Property Tax Administrator shall ascertain from the reports made and from any other information obtained by him or her the taxable value of the flight equipment of air carriers and the proportion allocated to this state for the purposes of taxation as provided in section 77-1245.

(2)(a) In determining the taxable value of the flight equipment of air carriers pursuant to subsection (1) of this section, the Property Tax Administrator shall determine the following ratios:

(i) The ratio of the taxable value of all commercial and industrial depreciable tangible personal property in the state actually subjected to property tax to the market value of all commercial and industrial depreciable tangible personal property in the state; and

(ii) The ratio of the taxable value of flight equipment of air carriers to the market value of flight equipment of air carriers.

(b) If the ratio of the taxable value of flight equipment of air carriers exceeds the ratio of the taxable value of commercial and industrial depreciable tangible personal property by more than five percent, the Property Tax Administrator may adjust the value of such flight equipment of air carriers to the percentage

of the taxable commercial and industrial depreciable tangible personal property pursuant to federal law applicable to air carrier transportation property or Nebraska federal court decisions applicable thereto.

(c) For purposes of this subsection, commercial and industrial depreciable tangible personal property means all personal property which is devoted to commercial or industrial use other than flight equipment of air carriers.

(3) For tax years prior to tax year 2020, the Property Tax Administrator shall multiply the valuation of each air carrier by the compensating exemption factor calculated in section 77-1238.

(2) For purposes of sections 77-1307 to 77-1309:

(a) Calamity means a disastrous event, including, but not limited to, a fire, an earthquake, a flood, a tornado, or other natural event which significantly affects the assessed value of real property;

(b) Destroyed real property means real property that suffers significant property damage as a result of a calamity occurring on or after January 1, 2019, and before July 1 of the current assessment year. (3) The county board of equalization shall consider any report of destroyed real property received pursuant to this section, and the assessment of such property shall be made by the county board of equalization in accordance with section 77-1309. Any action of the county board of equalization which changes the assessed value of destroyed real property pursuant to this section shall be for the current assessment year only.

(3) The county board of equalization shall give notice of the assessed value of the destroyed real property to the record owner or agent at his or her last-known address. Protests of the assessed value proposed for destroyed real property pursuant to this section shall be filed with the county board of equalization within thirty days after the mailing of the notice. All provisions of section 77-1502 except dates for filing a protest, the period for hearing protests, and the date for mailing notice of the county board of equalization's decision are applicable to any protest filed pursuant to this section. The county board of equalization shall issue its decision on the protest within thirty days after the filing of the protest. Within seven days after the county board of equalization's final decision, the county clerk shall mail to the protester written notice of the decision. 77-1311.03 County assessor; systematic inspection and review; adjustment required.

On or before March 19 of each year, each county assessor shall conduct a systematic inspection and review by class or subclass of a portion of the taxable real property parcels in the county for the purpose of achieving uniform and proportionate valuations and assuring that the real property record data accurately reflects the property, except beginning January 1, 2014, in any county with a population of at least one hundred fifty thousand inhabitants according to the most recent federal decennial census, the inspection and review shall be conducted on or before March 25. The county assessor shall adjust the value of all other taxable real property parcels by class or subclass in the county so that the value of all real property is uniform and proportionate. The county assessor shall determine the portion to be inspected and reviewed each year to assure that all parcels of real property in the county have been inspected and reviewed no less frequently than every six years. Inspection of real property shall be completed in the manner as directed by the county assessor.

77-1333 Rent-restricted housing projects; county assessor; perform income-approach calculation; owner; duties; Rent-Restricted Housing Projects Valuation Committee; created; members; meetings; report; county board of equalization; filing; hearing; Tax Commissioner; powers; petition; hearing.

(1) For purposes of this section, rent-restricted housing project means a project consisting of five or more houses or residential units that has received an allocation of federal low-income housing tax credits under section 42 of the Internal Revenue Code from the Nebraska Investment Finance Authority or its successor agency and, for the year of assessment, is a project as defined in section 58-219 involving rental housing as defined in section 58-220.

(2) The Legislature finds that:

(a) The provision of safe, decent, and affordable housing to all residents of the State of Nebraska is a matter of public concern and represents a legitimate and compelling state need, affecting the general welfare of all residents;

(b) Rent-restricted housing projects effectively provide safe, decent, and affordable housing for residents of Nebraska;

(c) Such projects are restricted by federal law as to the rents paid by the tenants thereof. Such restrictions are set forth in a land-use restriction agreement, which is a restriction applicable to real property under section 77-112;

(d) Of all the professionally accepted mass appraisal methodologies, which include the sales comparison approach, the income approach, and the cost approach, the utilization of the income-approach methodology results in the most accurate determination of the actual value of such projects; and

(e) This section is intended to (i) further the provision of safe, decent, and affordable housing to all residents of Nebraska and (ii) comply with Article VIII, section 1, of the Constitution of Nebraska, which empowers the Legislature to prescribe standards and methods for the determination of value of real property at uniform and proportionate values.

(3) Except as otherwise provided in this section, the county assessor shall utilize an income-approach calculation to determine the actual value of a rent-restricted housing project when determining the assessed valuation to place on the property for each assessment year. The income-approach calculation shall be consistent with this section and any rules and regulations adopted and promulgated by the Tax Commissioner and shall comply with professionally accepted mass appraisal techniques.

(4) The Rent-Restricted Housing Projects Valuation Committee is created. For administrative purposes only, the committee shall be within the Department of Revenue. The committee's purpose shall be to develop a market-derived capitalization rate to be used by county assessors in determining the assessed valuation for rent-restricted housing projects. The committee shall consist of the following four persons:

(a) A representative of county assessors appointed by the Tax Commissioner. Such representative shall be skilled in the valuation of property and shall hold a certificate issued under section 77-422;

(b) A representative of the low-income housing industry appointed by the Tax Commissioner. The appointment shall be based on a recommendation made by the Nebraska Commission on Housing and Homelessness;

(c) The Property Tax Administrator or a designee of the Property Tax Administrator who holds a certificate issued under section 77-422. Such person shall serve as the chairperson of the committee; and

(d) An appraiser from the private sector appointed by the Tax Commissioner. Such appraiser must hold either a valid credential as a certified general real property appraiser under the Real Property Appraiser Act or an MAI designation from the Appraisal Institute.

(5) The owner of a rent-restricted housing project shall file a statement electronically on a form prescribed by the Tax Commissioner with the Rent-Restricted Housing Projects Valuation Committee on or before July 1 of each year that includes (a) actual income and actual expense data for the prior year or, in the case of an initial statement filed for any project under this subsection, the estimated income and expenses for the first year of operation taken from the application for an allocation of tax credits or private activity bonds, (b) a description of any land-use restrictions, (c) a description of the terms of any mortgage loans, including loan amount, interest rate, and amortization period, and (d) such other information as the committee or the county assessor may require for purposes of this section. The Department of Revenue, on behalf of the committee, shall forward such statements on or before August 15 of each year to the county assessor of each county in which a rent-restricted housing project is located.

(6) The Rent-Restricted Housing Projects Valuation Committee shall meet annually in November to examine the information on rent-restricted housing projects that was provided pursuant to subsection (5) of this section. The Department of Revenue shall electronically publish notice of such meeting no less than thirty days in advance. The committee shall also solicit information on

the sale of any such rent-restricted housing projects and information on the yields generated to investors in rent-restricted housing projects. The committee shall, after reviewing all such information, calculate a market-derived capitalization rate on an annual basis using the band-of-investment technique or other generally accepted technique used to derive capitalization rates depending upon the data available. The capitalization rate shall be a composite rate weighted by the proportions of total property investment represented by equity and debt, with equity weighted at eighty percent and debt weighted at twenty percent unless a substantially different market capital structure can be verified to the county assessor. The yield for equity shall be calculated using the data on investor returns gathered by the committee. The yield for debt shall be calculated using the data provided to the committee pursuant to subsection (5) of this section. If the committee determines that a particular county or group of counties requires a different capitalization rate than that calculated for the rest of the state pursuant to this subsection, then the committee may calculate an additional capitalization rate that will apply only to such county or group of counties.

(7) After the Rent-Restricted Housing Projects Valuation Committee has calculated the capitalization rate or rates under subsection (6) of this section, the committee shall provide such rate or rates and the information reviewed by the committee in calculating such rate or rates in an annual report. Such report shall be forwarded by the Property Tax Administrator to each county assessor in Nebraska no later than December 1 of each year for his or her use in determining the valuation of rent-restricted housing projects. The Department of Revenue shall publish the annual report electronically but may charge a fee for paper copies. The Tax Commissioner shall set the fee based on the reasonable cost of producing the report.

(8) Except as provided in subsections (9) through (11) of this section, each county assessor shall use the capitalization rate or rates contained in the report received under subsection (7) of this section and the income and expense data filed by owners of rent-restricted housing projects under subdivision (5)(a) of this section in the county assessor's income-approach calculation for the year. The county assessor shall then use the calculated amount, along with the calculated amounts from the prior two years, to determine a three-year average. Such three-year average shall be the valuation placed on the rent-restricted housing project for the current year. If only two calculated amounts are available, the county assessor shall determine a two-year average, and such two-year average shall be the valuation placed on the rent-restricted housing project for the current year. If only one calculated amount is available, such calculated amount shall be the valuation placed on the rent-restricted housing project for the current year. Any low-income housing tax credits authorized under section 42 of the Internal Revenue Code that were granted to owners of the project shall not be considered income for purposes of the calculation.

(9) If the income and expense data required to be filed for a rent-restricted housing project under subdivision (5)(a) of this section is not filed in a timely manner, the county assessor may use any method for determining actual value for such rent-restricted housing project that is consistent with professionally accepted mass appraisal methods described in section 77-112, so long as such method values the property as a rent-restricted housing project.

(10) If a county assessor, based on the facts and circumstances, believes that the income-approach calculation does not result in a valuation of a specific

rent-restricted housing project at its actual value as a rent-restricted housing project, then the county assessor shall present such facts and circumstances to the county board of equalization. If the county board of equalization, based on such facts and circumstances, concurs with the county assessor, then the county board of equalization shall petition the Tax Equalization and Review Commission to consider the county assessor's utilization of another professionally accepted mass appraisal technique that, based on the facts and circumstances presented by a county board of equalization, would result in a substantially different determination of actual value of the rent-restricted housing project. Petitions must be filed no later than January 31. The burden of proof is on the petitioning county board of equalization to show that failure to make a determination that a different methodology should be used would result in a value for such rent-restricted housing project that is not equitable and in accordance with the law. At the hearing, the commission may receive testimony from any interested person. After a hearing, the commission shall, within the powers granted in section 77-5007, enter its order based on evidence presented to it at such hearing.

(11) If the Tax Commissioner, based on the facts and circumstances, believes that the applicable capitalization rate set by the Rent-Restricted Housing Projects Valuation Committee to value a rent-restricted housing project does not result in a valuation at actual value for such rent-restricted housing project, then the Tax Commissioner shall petition the Tax Equalization and Review Commission to consider an adjustment to the capitalization rate of such rent-restricted housing project. Petitions must be filed no later than January 31. The burden of proof is on the Tax Commissioner to show that failure to make an adjustment to the capitalization rate employed would result in a value that is not equal to the rent-restricted housing project's actual value as a rent-restricted housing project. At the hearing, the commission may receive testimony from any interested person. After a hearing, the commission shall, within the powers granted in section 77-5007, enter its order based on evidence presented to it at such hearing.

77-1363 Agricultural and horticultural land; classes and subclasses.

Agricultural land and horticultural land shall be divided into classes and subclasses of real property under section 77-103.01, including, but not limited to, irrigated cropland, dryland cropland, grassland, wasteland, nurseries, feedlots, and orchards, so that the categories reflect uses appropriate for the valuation of such land according to law. EQUALIZATION BY COUNTY BOARD

77-1502 Board; protests; form; report; notification.

(1) The county board of equalization shall meet for the purpose of reviewing and deciding written protests filed pursuant to this section beginning on or after June 1 and ending on or before July 25 of each year. Protests regarding real property shall be signed and filed after the county assessor's completion of the real property assessment roll required by section 77-1315 and on or before June 30. For protests of real property, a protest shall be filed for each parcel. Protests regarding taxable tangible personal property returns filed pursuant to section 77-1229 from January 1 through May 1 shall be signed and filed on or before June 30. The county board in a county with a population of more than one hundred thousand inhabitants based upon the most recent federal decennial census may adopt a resolution to extend the deadline for hearing protests from July 25 to August 10. The resolution must be adopted before July 25 and it will affect the time for hearing protests for that year only. By adopting such resolution, such county waives any right to petition the Tax Equalization and Review Commission for adjustment of a class or subclass of real property under section 77-1504.01 for that year.

(2) Each protest shall be made on a form prescribed by the Tax Commissioner, signed, and filed with the county clerk of the county where the property is assessed. It shall be acceptable for a county to create its own form, including an electronic form, as long as the form captures the information required by this subsection. The protest shall contain or have attached a statement of the reason or reasons why the requested change should be made, including the requested valuation, and a description of the property to which the protest applies. If the property is real property, a description adequate to identify each parcel shall be provided. If the property is tangible personal property, a physical description of the property under protest shall be provided. If the protest does not contain or have attached the statement of the reason or reasons for the protest, including the requested valuation, or the applicable description of the property, the protest shall be dismissed by the county board of equalization. Counties may make reasonable efforts to contact protesters who have timely filed a protest but have either filed incomplete information or not used the required form. The protest shall also indicate whether the person signing the protest is an owner of the property or a person authorized to protest on behalf of the owner. If the person signing the protest is a person authorized to protest on behalf of the owner, such person shall provide the authorization with the protest. If the person signing the protest is not an owner of the property or a person authorized to protest on behalf of the owner, the county clerk shall mail a copy of the protest to the owner of the property at the address to which the property tax statements are mailed.

(3) Beginning January 1, 2014, in counties with a population of at least one hundred fifty thousand inhabitants according to the most recent federal decennial census, for a protest regarding real property, each protester shall be

afforded the opportunity to meet in person with the county board of equalization or a referee appointed under section 77-1502.01 to provide information relevant to the protested property value.

(4) No hearing of the county board of equalization on a protest filed under this section shall be held before a single commissioner or supervisor.

(5) The county clerk or county assessor shall prepare a separate report on each protest. The report shall include (a) a description adequate to identify the real property or a physical description of the tangible personal property to which the protest applies, (b) any recommendation of the county assessor for action on the protest, (c) if a referee is used, the recommendation of the referee, (d) the date the county board of equalization heard the protest, (e) the decision made by the county board of equalization, (f) the date of the decision, and (g) the date notice of the decision was mailed to the protester. The report shall contain, or have attached to it, a statement, signed by the chairperson of the county board of equalization, describing the basis upon which the board's decision was made. The report shall have attached to it a copy of that portion of the property record file which substantiates calculation of the protested value unless the county assessor certifies to the county board of equalization that a copy is maintained in either electronic or paper form in his or her office. One copy of the report, if prepared by the county clerk, shall be given to the county assessor on or before August 2. The county assessor shall have no authority to make a change in the assessment rolls until there is in his or her possession a report which has been completed in the manner specified in this section. If the county assessor deems a report submitted by the county clerk incomplete, the county assessor shall return the same to the county clerk for proper preparation.

(6) On or before August 2, or on or before August 18 in a county that has adopted a resolution to extend the deadline for hearing protests, the county clerk shall mail to the protester written notice of the board's decision. The notice shall contain a statement advising the protester that a report of the board's decision is available at the county clerk's or county assessor's office, whichever is appropriate. If the protester is not an owner of the property involved in the protest or a person authorized to protest on behalf of the owner, the county clerk shall also mail written notice of the board's decision to the owner of such property at the address to which the property tax statements are mailed.

Such statement shall clearly indicate, for each political subdivision, the levy rate and the amount of taxes due to fund public safety services as defined in section 13-320, county attorneys, and public defenders. (3) A statement of the amount of taxes due and a notice that special assessments are due shall not be required to be mailed or otherwise delivered pursuant to subsection (1) of this section if the total amount of the taxes and special assessments due is less than two dollars. Failure to receive the statement or notice shall not relieve the taxpayer from any liability to pay the taxes or special assessments but shall relieve the taxpayer from any liability for interest or penalties. Taxes and special assessments of less than two dollars shall be added to the amount of taxes and special assessments due in subsequent years and shall not be considered delinquent until the total amount is two dollars or more.

the governing body of the political subdivision may waive this notice requirement by notifying the county treasurer in writing. Notification shall be by (i) first-class mail, postage prepaid, to the last-known address of record of the political subdivision or (ii) electronic means if requested in writing by the governing body of the political subdivision.

(c) The county treasurer shall pay the refund from funds in his or her possession belonging to any political subdivision, including any school district receiving a distribution pursuant to section 79-1073 and any land bank receiving real property taxes pursuant to subdivision (3)(a) of section 18-3411, which received any part of the tax or penalty being refunded. If sufficient funds are not available, the county treasurer shall register the refund or portion thereof which remains unpaid as a claim against such political subdivision and shall issue the person entitled to the refund a receipt for the registration of the claim;

(2) The refund of a tax or penalty or the receipt for the registration of a claim made or issued pursuant to this section shall be satisfied in full as soon as practicable. If a receipt for the registration of a claim is given:

(a) The governing body of the political subdivision shall make provisions in its next budget for the amount of such claim; or

(b) If mutually agreed to by the governing body of the political subdivision and the person holding the receipt, such receipt shall be applied to satisfy any tax levied or assessed by that political subdivision which becomes due from the person holding the receipt until the claim is satisfied in full;

(3) The county treasurer shall mail the refund or the receipt by first-class mail, postage prepaid, to the last-known address of the person entitled thereto. Multiple refunds to the same person may be combined into one refund. If a refund is not claimed by June 1 of the year following the year of mailing, the refund shall be canceled and the resultant amount credited to the various funds originally charged;

(4) When the refund involves property valued by the state, the Tax Commissioner shall be authorized to negotiate a settlement of the amount of the refund or claim due pursuant to this section on behalf of the political subdivision from which such refund or claim is due. Any political subdivision which does not agree with the settlement terms as negotiated may reject such terms, and the refund or claim due from the political subdivision then shall be satisfied as set forth in this section as if no such negotiation had occurred;

(5) In the event that the Legislature appropriates state funds to be disbursed for the purposes of satisfying all or any portion of any refund or claim, the Tax Commissioner shall order the county treasurer to disburse such refund amounts directly to the persons entitled to the refund in partial or total satisfaction of such persons' claims. The county treasurer shall disburse such amounts within forty-five days after receipt thereof;

(6) If all or any portion of the refund is reduced by way of settlement or forgiveness by the person entitled to the refund, the proportionate amount of the refund that was paid by an appropriation of state funds shall be reimbursed by the county treasurer to the State Treasurer within forty-five days after receipt of the settlement agreement or receipt of the forgiven refund. The amount so reimbursed shall be credited to the General Fund; and

(7) For any refund or claim due under this section, interest shall accrue on the unpaid balance at the rate of fourteen percent beginning thirty days after

the date the county assessor certifies the amount of refund based upon the final nonappealable order or other action approving the refund.

77-1807 Real property taxes; delinquent tax sale; how conducted; sale of part; bid by land bank; effect.

(1)(a) This subsection applies until January 1, 2015.

(b) Except as otherwise provided in subdivision (c) of this subsection, the person who offers to pay the amount of taxes due on any real property for the smallest portion of the same shall be the purchaser, and when such person designates the smallest portion of the real property for which he or she will pay the amount of taxes assessed against any such property, the portion thus designated shall be considered an undivided portion.

(c) If a land bank gives an automatically accepted bid for the real property pursuant to section 18-3417, the land bank shall be the purchaser, regardless of the bid of any other person.

(d) If no person bids for a less quantity than the whole and no land bank has given an automatically accepted bid pursuant to section 18-3417, the treasurer

may sell any real property to any one who will take the whole and pay the taxes and charges thereon.

(e) If the homestead is listed separately as a homestead, it shall be sold only for the taxes delinquent thereon.

(2)(a) This subsection applies beginning January 1, 2015.

(b) If a land bank gives an automatically accepted bid for real property pursuant to section 18-3417, the land bank shall be the purchaser and no public or private auction shall be held under sections 77-1801 to 77-1863.

(c) If no land bank has given an automatically accepted bid pursuant to section 18-3417, the person who offers to pay the amount of taxes, delinquent interest, and costs due on any real property shall be the purchaser.

(d) The county treasurer shall announce bidding rules at the beginning of the public auction, and such rules shall apply to all bidders throughout the public auction.

(e) The sale, if conducted in a round-robin format, shall be conducted in the following manner:

(i) At the commencement of the sale, a count shall be taken of the number of registered bidders present who want to be eligible to purchase property. Each registered bidder shall only be counted once. If additional registered bidders appear at the sale after the commencement of a round, such registered bidders shall have the opportunity to participate at the end of the next following round, if any, as provided in subdivision (v) of this subdivision;

(ii) Sequentially enumerated tickets shall be placed in a receptacle. The number of tickets in the receptacle for the first round shall equal the count taken in subdivision (i) of this subdivision, and the number of tickets in the receptacle for each subsequent round shall equal the number of the count taken in subdivision (i) of this subdivision plus additional registered bidders as provided in subdivision (v) of this subdivision;

(iii) In a manner determined by the county treasurer, tickets shall be selected from the receptacle by hand for each registered bidder whereby each ticket has an equal chance of being selected. Tickets shall be selected until there are no tickets remaining in the receptacle;

(iv) The number on the ticket selected for a registered bidder shall represent the order in which a registered bidder may purchase property consisting of one parcel subject to sale from the list per round; and

(v) If property listed remains unsold at the end of a round, a new round shall commence until all property listed is either sold or, if any property listed remains unsold, each registered bidder has consecutively passed on the opportunity to make a purchase. Registered bidders who are not present when it is their turn to purchase property shall be considered to have passed on the opportunity to make a purchase. At the beginning of the second and any subsequent rounds, the county treasurer shall inquire whether there are additional registered bidders. If additional registered bidders are present, tickets for each such bidder shall be placed in a receptacle and selected as provided in subdivisions (ii) through (iv) of this subdivision. The second and any subsequent rounds shall proceed in the same manner and purchase order as the last preceding round, except that any additional registered bidders shall be given the opportunity to purchase at the end of the round in the order designated on their ticket.

(f) Any property remaining unsold upon completion of the public auction shall be sold at a private sale pursuant to section 77-1814.

(g) A bidder shall (i) register with the county treasurer prior to participating in the sale, (ii) provide proof that it maintains a registered agent for service of process with the Secretary of State if the bidder is a foreign corporation, and (iii) pay a twenty-five-dollar registration fee. The fee is not refundable upon redemption.

The treasurer of the city, village, school district, drainage district, or irrigation district may assign the certificate of purchase by endorsement of his or her name on the back thereof when directed so to do by written order of the governing board.

Each tax lien shall be shown on a single certificate. The purchaser acquires a perpetual lien of the tax on the real property, and if after the taxes

become delinquent he or she subsequently pays any taxes levied on the property, whether levied for any year or years previous or subsequent to such sale, he or she shall have the same lien for them and may add them to the amount paid by him or her in the purchase.

(2) Upon issuance of the certificate, the purchaser shall notify, by personal service, the property owner of the real property that was sold for taxes at the address listed for such owner in the records of the county assessor. The notice shall (a) state that a certificate has been issued, (b) include a brief description of the property owner's legal rights to redeem the real property, (c) identify the real property by the street address listed in the records of the county assessor, (d) include the total amount of taxes, interest, and costs for which the property was sold and a recitation that interest and fees may accrue, and (e) include a prominent warning that failure to act may result in forfeiture of the property after three years. The purchaser shall prove such service of notice by affidavit, and such affidavit shall be filed with the application for the tax deed pursuant to section 77-1837. An administrative fee shall be allowed for any service of notice under this subsection. A redemption shall not be accepted by the county treasurer, or considered valid, unless received prior to the close of business on the day the application for the tax deed is received by the county treasurer. (1) In the absence of any proceeding brought under Chapter 30, article 24 or 25, in this state, an independent proceeding for the sole purpose of determining the tax may be instituted in the county court of the county where the property or any part thereof which might be subject to tax is situated.

(2) Upon the filing of a petition to initiate such an independent proceeding, the county court shall order the petition set for hearing, not less than two nor more than four weeks after the date of filing the petition, and shall cause notice thereof to be given to all persons interested in the estate of the deceased and the property described in the petition, except as provided in subsections (4) and (5) of this section, in the manner provided for in subsection (3) of this section.

(3) The notice, provided for by subsection (2) of this section, shall be given by one publication in a legal newspaper of the county or, in the absence of such legal newspaper, then in a legal newspaper of some adjoining county of general circulation in the county. In addition to such publication of notice, personal service of notice of the hearing shall be had upon the county attorney of each

(6) If a petition is filed to initiate an independent proceeding under this section and the decedent was fifty-five years of age or older or resided in a medical institution as defined in subsection (1) of section 68-919, notice of the filing of such petition shall be provided to the Department of Health and Human Services with the decedent's social security number and, if the decedent was predeceased by a spouse, the name and social security number of such spouse. A certificate of the providing of the notice to the department shall be filed in the independent proceeding by an attorney for the petitioner or, if there is no attorney, by the petitioner, prior to the entry of an order pursuant to this section. The notice shall be provided to the department in a delivery manner and at an address designated by the department, which manner may include email. In the event that the amount of the deposit guaranty bond or the proceeds of the securities held by the director after liquidation is insufficient to cover all public money or public funds not insured or guaranteed

by the Federal Deposit Insurance Corporation for all governmental units for whom the director serves, the director shall pay out to each governmental unit available amounts pro rata in accordance with the respective public money or public funds not insured or guaranteed by the Federal Deposit Insurance Corporation for each such governmental unit.

(2) In the event that a federal deposit insurance agency is appointed and acts as a liquidator or receiver of any bank, capital stock financial institution, or qualifying mutual financial institution under state or federal law, those duties under this section that are specified to be performed by the director in the event of default may be delegated to and performed by such federal deposit insurance agency.

(b) SALES AND USE TAX

77-2703 Sales and use tax; rate; collection; collection fee; understatement; prohibited acts; violation; penalty; interest.

(1) There is hereby imposed a tax at the rate provided in section 77-2701.02 upon the gross receipts from all sales of tangible personal property sold at retail

in this state; the gross receipts of every person engaged as a public utility, as a community antenna television service operator, or as a satellite service operator, any person involved in the connecting and installing of the services defined in subdivision (2)(a), (b), (d), or (e) of section 77-2701.16, or every person engaged as a retailer of intellectual or entertainment properties referred to in subsection (3) of section 77-2701.16; the gross receipts from the sale of admissions in this state; the gross receipts from the sale of warranties, guarantees, service agreements, or maintenance agreements when the items covered are subject to tax under this section; beginning January 1, 2008, the gross receipts from the sale of bundled transactions when one or more of the products included in the bundle are taxable; the gross receipts from the provision of services defined in subsection (4) of section 77-2701.16; and the gross receipts from the sale of products delivered electronically as described in subsection (9) of section 77-2701.16. Except as provided in section 77-2701.03, when there is a sale, the tax shall be imposed at the rate in effect at the time the gross receipts are realized under the accounting basis used by the retailer to maintain his or her books and records.

(a) The tax imposed by this section shall be collected by the retailer from the consumer. It shall constitute a part of the purchase price and until collected shall be a debt from the consumer to the retailer and shall be recoverable at law in the same manner as other debts. The tax required to be collected by the retailer from the consumer constitutes a debt owed by the retailer to this state.

(b) It is unlawful for any retailer to advertise, hold out, or state to the public or to any customer, directly or indirectly, that the tax or part thereof will be assumed or absorbed by the retailer, that it will not be added to the selling, renting, or leasing price of the property sold, rented, or leased, or that, if added, it or any part thereof will be refunded. The provisions of this subdivision shall not apply to a public utility.

(c) The tax required to be collected by the retailer from the purchaser, unless otherwise provided by statute or by rule and regulation of the Tax Commissioner, shall be displayed separately from the list price, the price advertised in the premises, the marked price, or other price on the sales check or other proof of sales, rentals, or leases.

(d) For the purpose of more efficiently securing the payment, collection, and accounting for the sales tax and for the convenience of the retailer in collecting the sales tax, it shall be the duty of the Tax Commissioner to provide a schedule or schedules of the amounts to be collected from the consumer or user to effectuate the computation and collection of the tax imposed by the Nebraska Revenue Act of 1967. Such schedule or schedules shall provide that the tax shall be collected from the consumer or user uniformly on sales according to brackets based on sales prices of the item or items. Retailers may compute the tax due on any transaction on an item or an invoice basis. The rounding rule provided in section 77-3,117 applies.

(e) The use of tokens or stamps for the purpose of collecting or enforcing the collection of the taxes imposed in the Nebraska Revenue Act of 1967 or for any other purpose in connection with such taxes is prohibited.

(f) For the purpose of the proper administration of the provisions of the Nebraska Revenue Act of 1967 and to prevent evasion of the retail sales tax, it shall be presumed that all gross receipts are subject to the tax until the contrary is established. The burden of proving that a sale of property is not a sale at

retail is upon the person who makes the sale unless he or she takes from the purchaser (i) a resale certificate to the effect that the property is purchased for the purpose of reselling, leasing, or renting it, (ii) an exemption certificate pursuant to subsection (7) of section 77-2705, or (iii) a direct payment permit pursuant to sections 77-2705.01 to 77-2705.03. Receipt of a resale certificate, exemption certificate, or direct payment permit shall be conclusive proof for the seller that the sale was made for resale or was exempt or that the tax will be paid directly to the state.

(g) In the rental or lease of automobiles, trucks, trailers, semitrailers, and truck-tractors as defined in the Motor Vehicle Registration Act, the tax shall be collected by the lessor on the rental or lease price, except as otherwise provided within this section.

(h) In the rental or lease of automobiles, trucks, trailers, semitrailers, and truck-tractors as defined in the act, for periods of one year or more, the lessor may elect not to collect and remit the sales tax on the gross receipts and instead pay a sales tax on the cost of such vehicle. If such election is made, it shall be made pursuant to the following conditions:

(i) Notice of the desire to make such election shall be filed with the Tax Commissioner and shall not become effective until the Tax Commissioner is satisfied that the taxpayer has complied with all conditions of this subsection and all rules and regulations of the Tax Commissioner;

(ii) Such election when made shall continue in force and effect for a period of not less than two years and thereafter until such time as the lessor elects to terminate the election;

(iii) When such election is made, it shall apply to all vehicles of the lessor rented or leased for periods of one year or more except vehicles to be leased to common or contract carriers who provide to the lessor a valid common or contract carrier exemption certificate. If the lessor rents or leases other vehicles for periods of less than one year, such lessor shall maintain his or her books and records and his or her accounting procedure as the Tax Commissioner prescribes; and

(iv) The Tax Commissioner by rule and regulation shall prescribe the contents and form of the notice of election, a procedure for the determination of the tax base of vehicles which are under an existing lease at the time such election becomes effective, the method and manner for terminating such election, and such other rules and regulations as may be necessary for the proper administration of this subdivision.

(i) The tax imposed by this section on the sales of motor vehicles, semitrailers, and trailers as defined in sections 60-339, 60-348, and 60-354 shall be the liability of the purchaser and, with the exception of motor vehicles, semitrailers, and trailers registered pursuant to section 60-3,198, the tax shall be collected by the county treasurer as provided in the Motor Vehicle Registration Act or by an approved licensed dealer participating in the electronic dealer services system pursuant to section 60-1507 at the time the purchaser makes application for the registration of the motor vehicle, semitrailer, or trailer for operation upon the highways of this state. The tax imposed by this section on motor vehicles, semitrailers, and trailers registered pursuant to section 60-3,198 shall be collected by the Department of Motor Vehicles at the time the purchaser makes application for the registration of the motor vehicle, semitrailer, or trailer for operation upon the highways of this state. At the time of the sale of

any motor vehicle, semitrailer, or trailer, the seller shall (i) state on the sales invoice the dollar amount of the tax imposed under this section and (ii) furnish to the purchaser a certified statement of the transaction, in such form as the Tax Commissioner prescribes, setting forth as a minimum the total sales price, the allowance for any trade-in, and the difference between the two. The sales tax due shall be computed on the difference between the total sales price and the allowance for any trade-in as disclosed by such certified statement. Any seller who willfully understates the amount upon which the sales tax is due shall be subject to a penalty of one thousand dollars. A copy of such certified statement shall also be furnished to the Tax Commissioner. Any seller who fails or refuses to furnish such certified statement shall be guilty of a misdemeanor and shall, upon conviction thereof, be punished by a fine of not less than twenty-five dollars nor more than one hundred dollars. If the purchaser does not register such motor vehicle, semitrailer, or trailer for operation on the highways of this state within thirty days of the purchase thereof, the tax imposed by this section shall immediately thereafter be paid by the purchaser to the county treasurer or the Department of Motor Vehicles. If the tax is not paid on or before the thirtieth day after its purchase, the county treasurer or Department of Motor Vehicles shall also collect from the purchaser interest from the thirtieth day through the date of payment and sales tax penalties as provided in the Nebraska Revenue Act of 1967. The county treasurer or Department of Motor Vehicles shall report and remit the tax so collected to the Tax Commissioner by the fifteenth day of the following month. The county treasurer, for his or her collection fee, shall deduct and withhold, from all amounts required to be collected under this subsection, the collection fee permitted to be deducted by any retailer collecting the sales tax, all of which shall be deposited in the county general fund, plus an additional amount equal to one-half of one percent of all amounts in excess of six thousand dollars remitted each month. Prior to January 1, 2023, fifty percent of such additional amount shall be deposited in the county general fund and fifty percent of such additional amount shall be deposited in the county road fund. On and after January 1, 2023, seventy-five percent of such additional amount shall be deposited in the county general fund and twenty-five percent of such additional amount shall be deposited in the county road fund. In any county with a population of one hundred fifty thousand inhabitants or more, the county treasurer shall remit one dollar of his or her collection fee for each of the first five thousand motor vehicles, semitrailers, or trailers registered with such county treasurer on or after January 1, 2020, to the State Treasurer for credit to the Department of Revenue Enforcement Fund. The Department of Motor Vehicles, for its collection fee, shall deduct, withhold, and deposit in the Motor Carrier Division Cash Fund the collection fee permitted to be deducted by any retailer collecting the sales tax. The collection fee for the county treasurer or the Department of Motor Vehicles shall be forfeited if the county treasurer or department violates any rule or regulation pertaining to the collection of the use tax.

(j)(i) The tax imposed by this section on the sale of a motorboat as defined in section 37-1204 shall be the liability of the purchaser. The tax shall be collected by the county treasurer at the time the purchaser makes application for the registration of the motorboat. At the time of the sale of a motorboat, the seller shall (A) state on the sales invoice the dollar amount of the tax imposed under this section and (B) furnish to the purchaser a certified statement of the

transaction, in such form as the Tax Commissioner prescribes, setting forth as a minimum the total sales price, the allowance for any trade-in, and the difference between the two. The sales tax due shall be computed on the difference between the total sales price and the allowance for any trade-in as disclosed by such certified statement. Any seller who willfully understates the amount upon which the sales tax is due shall be subject to a penalty of one thousand dollars. A copy of such certified statement shall also be furnished to the Tax Commissioner. Any seller who fails or refuses to furnish such certified statement shall be guilty of a misdemeanor and shall, upon conviction thereof, be punished by a fine of not less than twenty-five dollars nor more than one hundred dollars. If the purchaser does not register such motorboat within thirty days of the purchase thereof, the tax imposed by this section shall immediately thereafter be paid by the purchaser to the county treasurer. If the tax is not paid on or before the thirtieth day after its purchase, the county treasurer shall also collect from the purchaser interest from the thirtieth day through the date of payment and sales tax penalties as provided in the Nebraska Revenue Act of 1967. The county treasurer shall report and remit the tax so collected to the Tax Commissioner by the fifteenth day of the following month. The county treasurer, for his or her collection fee, shall deduct and withhold for the use of the county general fund, from all amounts required to be collected under this subsection, the collection fee permitted to be deducted by any retailer collecting the sales tax. The collection fee shall be forfeited if the county treasurer violates any rule or regulation pertaining to the collection of the use tax.

(ii) In the rental or lease of motorboats, the tax shall be collected by the lessor on the rental or lease price.

(k)(i) The tax imposed by this section on the sale of an all-terrain vehicle as defined in section 60-103 or a utility-type vehicle as defined in section 60-135.01 shall be the liability of the purchaser. The tax shall be collected by the county treasurer or by an approved licensed dealer participating in the electronic dealer services system pursuant to section 60-1507 at the time the purchaser makes application for the certificate of title for the all-terrain vehicle or utility-type vehicle. At the time of the sale of an all-terrain vehicle or a utility-type vehicle, the seller shall (A) state on the sales invoice the dollar amount of the tax imposed under this section and (B) furnish to the purchaser a certified statement of the transaction, in such form as the Tax Commissioner prescribes, setting forth as a minimum the total sales price, the allowance for any trade-in, and the difference between the two. The sales tax due shall be computed on the difference between the total sales price and the allowance for any trade-in as disclosed by such certified statement. Any seller who willfully understates the amount upon which the sales tax is due shall be subject to a penalty of one thousand dollars. A copy of such certified statement shall also be furnished to the Tax Commissioner. Any seller who fails or refuses to furnish such certified statement shall be guilty of a misdemeanor and shall, upon conviction thereof, be punished by a fine of not less than twenty-five dollars nor more than one hundred dollars. If the purchaser does not obtain a certificate of title for such all-terrain vehicle or utility-type vehicle within thirty days of the purchase thereof, the tax imposed by this section shall immediately thereafter be paid by the purchaser to the county treasurer. If the tax is not paid on or before the thirtieth day after its purchase, the county treasurer shall also collect from the purchaser interest from the thirtieth day through the date of payment and sales tax penalties as provided in the Nebraska Revenue Act of 1967. The county

treasurer shall report and remit the tax so collected to the Tax Commissioner by the fifteenth day of the following month. The county treasurer, for his or her collection fee, shall deduct and withhold for the use of the county general fund, from all amounts required to be collected under this subsection, the collection fee permitted to be deducted by any retailer collecting the sales tax. The collection fee shall be forfeited if the county treasurer violates any rule or regulation pertaining to the collection of the use tax.

(ii) In the rental or lease of an all-terrain vehicle or a utility-type vehicle, the tax shall be collected by the lessor on the rental or lease price.

(iii) County treasurers are appointed as sales and use tax collectors for all sales of all-terrain vehicles or utility-type vehicles made outside of this state to purchasers or users of all-terrain vehicles or utility-type vehicles which are required to have a certificate of title in this state. The county treasurer shall collect the applicable use tax from the purchaser of an all-terrain vehicle or a utility-type vehicle purchased outside of this state at the time application for a certificate of title is made. The full use tax on the purchase price shall be collected by the county treasurer if a sales or occupation tax was not paid by the purchaser in the state of purchase. If a sales or occupation tax was lawfully paid in the state of purchase at a rate less than the tax imposed in this state, use tax must be collected on the difference as a condition for obtaining a certificate of title in this state.

(l) The Tax Commissioner shall adopt and promulgate necessary rules and regulations for determining the amount subject to the taxes imposed by this section so as to insure that the full amount of any applicable tax is paid in cases in which a sale is made of which a part is subject to the taxes imposed by this section and a part of which is not so subject and a separate accounting is not practical or economical.

(2) A use tax is hereby imposed on the storage, use, or other consumption in this state of property purchased, leased, or rented from any retailer and on any transaction the gross receipts of which are subject to tax under subsection (1) of this section on or after June 1, 1967, for storage, use, or other consumption in this state at the rate set as provided in subsection (1) of this section on the sales price of the property or, in the case of leases or rentals, of the lease or rental prices.

(a) Every person storing, using, or otherwise consuming in this state property purchased from a retailer or leased or rented from another person for such purpose shall be liable for the use tax at the rate in effect when his or her liability for the use tax becomes certain under the accounting basis used to maintain his or her books and records. His or her liability shall not be extinguished until the use tax has been paid to this state, except that a receipt from a retailer engaged in business in this state or from a retailer who is authorized by the Tax Commissioner, under such rules and regulations as he or she may prescribe, to collect the sales tax and who is, for the purposes of the Nebraska Revenue Act of 1967 relating to the sales tax, regarded as a retailer engaged in business in this state, which receipt is given to the purchaser pursuant to subdivision (b) of this subsection, shall be sufficient to relieve the purchaser from further liability for the tax to which the receipt refers.

(b) Every retailer engaged in business in this state and selling, leasing, or renting property for storage, use, or other consumption in this state shall, at the time of making any sale, collect any tax which may be due from the purchaser

and shall give to the purchaser, upon request, a receipt therefor in the manner and form prescribed by the Tax Commissioner.

(c) The Tax Commissioner, in order to facilitate the proper administration of the use tax, may designate such person or persons as he or she may deem necessary to be use tax collectors and delegate to such persons such authority as is necessary to collect any use tax which is due and payable to the State of Nebraska. The Tax Commissioner may require of all persons so designated a surety bond in favor of the State of Nebraska to insure against any misappropriation of state funds so collected. The Tax Commissioner may require any tax official, city, county, or state, to collect the use tax on behalf of the state. All persons designated to or required to collect the use tax shall account for such collections in the manner prescribed by the Tax Commissioner. Nothing in this subdivision shall be so construed as to prevent the Tax Commissioner or his or her employees from collecting any use taxes due and payable to the State of Nebraska.

(d) All persons designated to collect the use tax and all persons required to collect the use tax shall forward the total of such collections to the Tax Commissioner at such time and in such manner as the Tax Commissioner may prescribe. Such collectors of the use tax shall deduct and withhold from the amount of taxes collected three percent of the first five thousand dollars remitted each month as reimbursement for the cost of collecting the tax. Any such deduction shall be forfeited to the State of Nebraska if such collector violates any rule, regulation, or directive of the Tax Commissioner.

(e) For the purpose of the proper administration of the Nebraska Revenue Act of 1967 and to prevent evasion of the use tax, it shall be presumed that property sold, leased, or rented by any person for delivery in this state is sold, leased, or rented for storage, use, or other consumption in this state until the contrary is established. The burden of proving the contrary is upon the person who purchases, leases, or rents the property.

(f) For the purpose of the proper administration of the Nebraska Revenue Act of 1967 and to prevent evasion of the use tax, for the sale of property to an advertising agency which purchases the property as an agent for a disclosed or undisclosed principal, the advertising agency is and remains liable for the sales and use tax on the purchase the same as if the principal had made the purchase directly.

77-2703.01 General sourcing rules.

(1) The determination of whether a sale or use of property or the provision of services is in this state, in a municipality that has adopted a tax under the Local Option Revenue Act, or in a county that has adopted a tax under section 13-319 or 77-6403 shall be governed by the sourcing rules in sections 77-2703.01 to 77-2703.04.

(2) When the property or service is received by the purchaser at a business location of the retailer, the sale is sourced to that business location.

(3) When the property or service is not received by the purchaser at a business location of the retailer, the sale is sourced to the location where receipt by the purchaser or the purchaser's donee, designated as such by the purchaser, occurs, including the location indicated by instructions for delivery to the purchaser or donee, known to the retailer.

(4) When subsection (2) or (3) of this section does not apply, the sale is sourced to the location indicated by an address or other information for the purchaser that is available from the business records of the retailer that are maintained in the ordinary course of the retailer's business when use of this address does not constitute bad faith.

(5) When subsection (2), (3), or (4) of this section does not apply, the sale is sourced to the location indicated by an address for the purchaser obtained during the consummation of the sale, including the address of a purchaser's payment instrument, if no other address is available, when use of this address does not constitute bad faith.

(6) When subsection (2), (3), (4), or (5) of this section does not apply, including the circumstance in which the retailer is without sufficient information to apply the rules in any such subsection, then the location will be determined by the address from which property was shipped, from which the digital good was first available for transmission by the retailer, or from which the service was provided disregarding for these purposes any location that merely provided the digital transfer of the product sold.

(7) The lease or rental of tangible personal property, other than property identified in subsection (8) or (9) of this section, shall be sourced as follows:

(a) For a lease or rental that requires recurring periodic payments, the first periodic payment is sourced the same as a retail sale in accordance with the provisions of subsections (2) through (6) of this section. Periodic payments made subsequent to the first payment are sourced to the primary property location for each period covered by the payment. The primary property location shall be as indicated by an address for the property provided by the lessee that

is available to the lessor from its records maintained in the ordinary course of business when use of this address does not constitute bad faith. The property location shall not be altered by intermittent use at different locations, such as use of business property that accompanies employees on business trips and service calls; and

(b) For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of subsections (2) through (6) of this section.

This subsection does not affect the imposition or computation of sales or use tax on leases or rentals based on a lump-sum or accelerated basis or on the acquisition of property for lease.

(8) The lease or rental of motor vehicles, trailers, semitrailers, or aircraft that do not qualify as transportation equipment under subsection (9) of this section shall be sourced as follows:

(a) For a lease or rental that requires recurring periodic payments, each periodic payment is sourced to the primary property location. The primary property location shall be as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business when use of this address does not constitute bad faith. This location shall not be altered by intermittent use at different locations; and

(b) For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of subsections (2) through (6) of this section.

(c) The name and address of any officer, director, partner, limited liability company member, or employee, other than an employee whose duties are purely ministerial in nature, or any person with a substantial interest in the applicant, who is or who will be responsible for the collection or remittance of the sales tax;

(d) Such other information as the Tax Commissioner may require; and

(e) If the retailer is an individual, his or her social security number.

(2) Every person furnishing public utility service as defined in subsection (2) of section 77-2701.16 shall register with the Tax Commissioner and give:

(a) The address of each office open to the public in which such public utility service business is transacted with consumers; and

(b) Such other information as the Tax Commissioner may require.

(3)(a) It shall be unlawful for any person to engage in or transact business as a seller within this state after June 1, 1967, unless a permit or permits shall have been issued to him or her as prescribed in this section.

(b) Every person desiring to engage in or to conduct business as a seller within this state shall file with the Tax Commissioner an application for a permit for each place of business. There shall be no charge to the retailer for the application for or issuance of a permit except as otherwise provided in this section.

(c) If a retailer becomes engaged in business in this state during a calendar year by exceeding one of the thresholds in subsection (2) or (3) of section 77-2701.13 for the first time, the retailer must obtain a permit and begin collecting the sales tax on or before the first day of the second calendar month after the threshold was exceeded. Such retailer shall also be subject to the Local Option Revenue Act and sections 13-319 and 13-2813 and shall collect and remit the sales tax due under such act and sections.

(4) Every application for a permit shall:

(a) Be made upon a form prescribed by the Tax Commissioner;

(b) Set forth the name under which the applicant transacts or intends to transact business and the location of his or her place or places of business;

(c) Set forth such other information as the Tax Commissioner may require; and

(d) Be signed by the owner and include his or her social security number if he or she is a natural person; in the case of an association or partnership, by a member or partner; in the case of a limited liability company, by a member or some person authorized by the limited liability company to sign such kinds of applications; and in the case of a corporation, by an executive officer or some person authorized by the corporation to sign such kinds of applications.

(5) After compliance with subsections (1) through (4) of this section by the applicant, the Tax Commissioner shall grant and issue to each applicant a separate permit for each place of business within the state. A permit shall not be assignable and shall be valid only for the person in whose name it is issued and for the transaction of business at the place designated therein. It shall at all times be conspicuously displayed at the place for which issued and shall be valid and effective until revoked by the Tax Commissioner.

(6)(a) Whenever the holder of a permit issued under subsection (5) of this section or any person required to be identified in subdivision (1)(c) of this section (i) fails to comply with any provision of the Nebraska Revenue Act of 1967 relating to the retail sales tax or with any rule or regulation of the Tax Commissioner relating to such tax prescribed and adopted under such act, (ii) fails to provide for inspection or audit any book, record, document, or item required by law, rule, or regulation, or (iii) makes a misrepresentation of or fails to disclose a material fact to the Department of Revenue, the Tax Commissioner upon hearing, after giving the person twenty days' notice in writing specifying the time and place of hearing and requiring him or her to show cause why his or her permit or permits should not be revoked, may revoke or suspend any one or more of the permits held by the person. The Tax Commissioner shall give to the person written notice of the suspension or revocation of any of his or her permits. The notices may be served personally or by mail in the manner prescribed for service of notice of a deficiency determination.

(b) The Tax Commissioner shall have the power to restore permits which have been revoked but shall not issue a new permit after the revocation of a permit unless he or she is satisfied that the former holder of the permit will comply with the provisions of such act relating to the retail sales tax and the regulations of the Tax Commissioner. A seller whose permit has been previously suspended or revoked under this subsection shall pay the Tax Commissioner a fee of twenty-five dollars for the renewal or issuance of a permit in the event of a first revocation and fifty dollars for renewal after each successive revocation.

(c) The action of the Tax Commissioner may be appealed by the taxpayer in the same manner as a final deficiency determination.

(7) For the purpose of more efficiently securing the payment, collection, and accounting for the sales and use taxes and for the convenience of the retailer in collecting the sales tax, it shall be the duty of the Tax Commissioner to formulate and promulgate appropriate rules and regulations providing a form and method for the registration of exempt purchases and the documentation of exempt sales.

(8) If any person, firm, corporation, association, or agent thereof presents an exempt sale certificate to the seller for property which is purchased by a taxpayer or for a use other than those enumerated in the Nebraska Revenue Act of 1967 as exempted from the computation of sales and use taxes, the Tax Commissioner may, in addition to other penalties provided by law, impose, assess, and collect from the purchaser or the agent thereof a penalty of one hundred dollars or ten times the tax, whichever amount is larger, for each instance of such presentation and misuse of an exempt sale certificate. Such amount shall be in addition to any tax, interest, or penalty otherwise imposed.

(9) Any report, name, or information which is supplied to the Tax Commissioner regarding a violation specified in this section, including the identity of the informer, shall be subject to the pertinent provisions regarding wrongful disclosure in section 77-2711.

(10) Pursuant to the streamlined sales and use tax agreement, the state shall participate in an online registration system that will allow retailers to register in all the member states. The state hereby agrees to honor and abide by the retailer registration decisions made by the governing board pursuant to the agreement.

77-2706.02 Construction contractor; buyer-based exemption; appointment of purchasing agent; procedure; failure; client; apply for refund.

(1) This section applies on and after July 1, 2026.

(2) The appointment of purchasing agents shall be recognized for the purpose of permitting a construction contractor to purchase materials tax free based on the buyer-based exemption of the contractor's client for items that are physical-

ly annexed to the structure and which subsequently belong to the client who is eligible for the buyer-based exemption. The appointment of purchasing agents shall be in writing and occur prior to having any buyer-based tax-exempt items annexed to real estate in the construction, improvement, or repair. The contractor who has been appointed as a purchasing agent may purchase the materials tax free or may apply for a refund of or use as a credit against a future use tax liability the tax paid on inventory items annexed to real estate in the construction, improvement, or repair of a project that belongs to the client who is eligible for the buyer-based exemption.

(3) A client described in subsection (2) of this section which enters into a contract of construction, improvement, or repair with respect to buyer-based tax-exempt items annexed to real estate without first issuing a purchasing agent authorization to a construction contractor prior to such items being annexed to real estate in the project may apply to the Tax Commissioner for a refund of any sales and use tax paid by the contractor on such items physically annexed to real estate in the construction, improvement, or repair.

77-2708 Sales and use tax; returns; date due; failure to file; penalty; deduction; amount; claim for refund; allowance; disallowance; proceedings; Tax Commissioner; duties regarding refund.

(1)(a) The sales and use taxes imposed by the Nebraska Revenue Act of 1967 shall be due and payable to the Tax Commissioner monthly on or before the twentieth day of the month next succeeding each monthly period unless otherwise provided pursuant to the Nebraska Revenue Act of 1967.

(b)(i) On or before the twentieth day of the month following each monthly period or such other period as the Tax Commissioner may require, a return for such period, along with all taxes due, shall be filed with the Tax Commissioner in such form and content as the Tax Commissioner may prescribe and containing such information as the Tax Commissioner deems necessary for the proper administration of the Nebraska Revenue Act of 1967. The Tax Commissioner, if he or she deems it necessary in order to insure payment to or facilitate the collection by the state of the amount of sales or use taxes due, may require returns and payment of the amount of such taxes for periods other than monthly periods in the case of a particular seller, retailer, or purchaser, as the case may be. The Tax Commissioner shall by rule and regulation require reports and tax payments from sellers, retailers, or purchasers depending on their yearly tax liability. Except as required by the streamlined sales and use tax agreement, annual returns shall be required if such sellers', retailers', or purchasers' yearly tax liability is less than nine hundred dollars, quarterly returns shall be required if their yearly tax liability is nine hundred dollars or more and less than three thousand dollars, and monthly returns shall be required if their yearly tax liability is three thousand dollars or more. The Tax Commissioner shall have the discretion to allow an annual return for seasonal retailers, even when their yearly tax liability exceeds the amounts listed in this subdivision.

The Tax Commissioner may adopt and promulgate rules and regulations to allow annual, semiannual, or quarterly returns for any retailer making monthly remittances or payments of sales and use taxes by electronic funds transfer or for any retailer remitting tax to the state pursuant to the streamlined sales and

use tax agreement. Such rules and regulations may establish a method of determining the amount of the payment that will result in substantially all of the tax liability being paid each quarter. At least once each year, the difference between the amount paid and the amount due shall be reconciled. If the difference is more than ten percent of the amount paid, a penalty of fifty percent of the unpaid amount shall be imposed.

(ii) For purposes of the sales tax, a return shall be filed by every retailer liable for collection from a purchaser and payment to the state of the tax, except that a combined sales tax return may be filed for all licensed locations which are subject to common ownership. For purposes of this subdivision, common ownership means the same person or persons own eighty percent or more of each licensed location. For purposes of the use tax, a return shall be filed by every retailer engaged in business in this state and by every person who has purchased property, the storage, use, or other consumption of which is subject to the use tax, but who has not paid the use tax due to a retailer required to collect the tax.

(iii) The Tax Commissioner may require that returns be signed by the person required to file the return or by his or her duly authorized agent but need not be verified by oath.

(iv) A taxpayer who keeps his or her regular books and records on a cash basis, an accrual basis, or any generally recognized accounting basis which correctly reflects the operation of the business may file the sales and use tax returns required by the Nebraska Revenue Act of 1967 on the same accounting basis that is used for the regular books and records, except that on credit, conditional, and installment sales, the retailer who keeps his or her books on an accrual basis may report such sales on the cash basis and pay the tax upon the collections made during each month. If a taxpayer transfers, sells, assigns, or otherwise disposes of an account receivable, he or she shall be deemed to have received the full balance of the consideration for the original sale and shall be liable for the remittance of the sales tax on the balance of the total sale price not previously reported, except that such transfer, sale, assignment, or other disposition of an account receivable by a retailer to a subsidiary shall not be deemed to require the retailer to pay the sales tax on the credit sale represented by the account transferred prior to the time the customer makes payment on such account. If the subsidiary does not obtain a Nebraska sales tax permit, the taxpayer shall obtain a surety bond in favor of the State of Nebraska to insure payment of the tax and any interest and penalty imposed thereon under this section in an amount not less than two times the amount of tax payable on outstanding accounts receivable held by the subsidiary as of the end of the prior calendar year. Failure to obtain either a sales tax permit or a surety bond in accordance with this section shall result in the payment on the next required filing date of all sales taxes not previously remitted. When the retailer has adopted one basis or the other of reporting credit, conditional, or installment sales and paying the tax thereon, he or she will not be permitted to change from that basis without first having notified the Tax Commissioner.

(c) Except as provided in the streamlined sales and use tax agreement, the taxpayer required to file the return shall deliver or mail any required return together with a remittance of the net amount of the tax due to the office of the Tax Commissioner on or before the required filing date. Failure to file the return, filing after the required filing date, failure to remit the net amount of the tax due, or remitting the net amount of the tax due after the required filing

date shall be cause for a penalty, in addition to interest, of ten percent of the amount of tax not paid by the required filing date or twenty-five dollars, whichever is greater, unless the penalty is being collected under subdivision (1)(i), (1)(j)(i), or (1)(k)(i) of section 77-2703 by a county treasurer or the Department of Motor Vehicles, in which case the penalty shall be five dollars.

(d) The taxpayer shall deduct and withhold, from the taxes otherwise due from him or her on his or her tax return, three percent of the first five thousand dollars remitted each month to reimburse himself or herself for the cost of collecting the tax. Taxpayers filing a combined return as allowed by subdivision (1)(b)(ii) of this subsection shall compute such collection fees on the basis of the receipts and liability of each licensed location.

(e) A retailer that makes sales into Nebraska using a multivendor marketplace platform is relieved of its obligation to collect and remit sales taxes to Nebraska with regard to any sales taxes collected and remitted by the multivendor marketplace platform. Such a retailer must include all sales into Nebraska in its gross receipts in its return, but may claim credit for any sales taxes collected and remitted by the multivendor marketplace platform with respect to such retailer's sales. Such retailer is liable for the sales tax due on sales into Nebraska as provided in section 77-2704.35.

(f) A multivendor marketplace platform is relieved of its obligation to collect and remit the correct amount of state and local sales taxes to Nebraska to the extent that the multivendor marketplace platform can establish that the error was due to insufficient or incorrect information given to the multivendor marketplace platform by the seller and relied on by the multivendor marketplace platform. This subdivision shall not apply if the multivendor marketplace platform and the seller are related persons under either section 267(b) or (c) or section 707(b) of the Internal Revenue Code of 1986 or if the seller is also the multivendor marketplace platform operator.

(2)(a) If the Tax Commissioner determines that any sales or use tax amount, penalty, or interest has been paid more than once, has been erroneously or illegally collected or computed, or has been paid and the purchaser qualifies for a refund under section 77-2708.01, the Tax Commissioner shall set forth that fact in his or her records and the excess amount collected or paid may be credited on any sales, use, or income tax amounts then due and payable from the person under the Nebraska Revenue Act of 1967. Any balance may be refunded to the person by whom it was paid or his or her successors, administrators, or executors.

(b) No refund shall be allowed unless a claim therefor is filed with the Tax Commissioner by the person who made the overpayment or his or her attorney, executor, or administrator within three years from the required filing date following the close of the period for which the overpayment was made, within six months after any determination becomes final under section 77-2709, or within six months from the date of overpayment with respect to such determinations, whichever of these three periods expires later, unless the credit relates to a period for which a waiver has been given. Failure to file a claim within the time prescribed in this subsection shall constitute a waiver of any demand against the state on account of overpayment.

(c) Every claim shall be in writing on forms prescribed by the Tax Commissioner and shall state the specific amount and grounds upon which the claim is founded. No refund shall be made in any amount less than two dollars.

(d) The Tax Commissioner shall allow or disallow a claim within one hundred eighty days after it has been filed. A request for a hearing shall constitute a waiver of the one-hundred-eighty-day period. The claimant and the Tax Commissioner may also agree to extend the one-hundred-eighty-day period. If a hearing has not been requested and the Tax Commissioner has neither allowed nor disallowed a claim within either the one hundred eighty days or the period agreed to by the claimant and the Tax Commissioner, the claim shall be deemed to have been allowed.

(e) Within thirty days after disallowing any claim in whole or in part, the Tax Commissioner shall serve notice of his or her action on the claimant in the manner prescribed for service of notice of a deficiency determination.

(f) Within thirty days after the mailing of the notice of the Tax Commissioner's action upon a claim filed pursuant to the Nebraska Revenue Act of 1967, the action of the Tax Commissioner shall be final unless the taxpayer seeks review of the Tax Commissioner's determination as provided in section 77-27,127.

(g) Upon the allowance of a credit or refund of any sum erroneously or illegally assessed or collected, of any penalty collected without authority, or of any sum which was excessive or in any manner wrongfully collected, interest shall be allowed and paid on the amount of such credit or refund at the rate specified in section 45-104.02, as such rate may from time to time be adjusted, from the date such sum was paid or from the date the return was required to be filed, whichever date is later, to the date of the allowance of the refund or, in the case of a credit, to the due date of the amount against which the credit is allowed, but in the case of a voluntary and unrequested payment in excess of actual tax liability or a refund under section 77-2708.01, no interest shall be allowed when such excess is refunded or credited.

(h) No suit or proceeding shall be maintained in any court for the recovery of any amount alleged to have been erroneously or illegally determined or collected unless a claim for refund or credit has been duly filed.

(i) The Tax Commissioner may recover any refund or part thereof which is erroneously made and any credit or part thereof which is erroneously allowed by issuing a deficiency determination within one year from the date of refund or credit or within the period otherwise allowed for issuing a deficiency determination, whichever expires later.

(j)(i) Credit shall be allowed to the retailer, contractor, or repairperson for sales or use taxes paid pursuant to the Nebraska Revenue Act of 1967 on any deduction taken that is attributed to bad debts not including interest. Bad debt has the same meaning as in 26 U.S.C. 166, as such section existed on January 1, 2003. However, the amount calculated pursuant to 26 U.S.C. 166 shall be adjusted to exclude: Financing charges or interest; sales or use taxes charged on the purchase price; uncollectible amounts on property that remains in the possession of the seller until the full purchase price is paid; and expenses incurred in attempting to collect any debt and repossessed property.

(ii) Bad debts may be deducted on the return for the period during which the bad debt is written off as uncollectible in the claimant's books and records and is eligible to be deducted for federal income tax purposes. A claimant who is not required to file federal income tax returns may deduct a bad debt on a return filed for the period in which the bad debt is written off as uncollectible in the claimant's books and records and would be eligible for a bad debt

deduction for federal income tax purposes if the claimant was required to file a federal income tax return.

(iii) If a deduction is taken for a bad debt and the debt is subsequently collected in whole or in part, the tax on the amount so collected must be paid and reported on the return filed for the period in which the collection is made.

(iv) When the amount of bad debt exceeds the amount of taxable sales for the period during which the bad debt is written off, a refund claim may be filed within the otherwise applicable statute of limitations for refund claims. The statute of limitations shall be measured from the due date of the return on which the bad debt could first be claimed.

(v) If filing responsibilities have been assumed by a certified service provider, the service provider may claim, on behalf of the retailer, any bad debt allowance provided by this section. The certified service provider shall credit or refund the full amount of any bad debt allowance or refund received to the retailer.

(vi) For purposes of reporting a payment received on a previously claimed bad debt, any payments made on a debt or account are applied first proportionally to the taxable price of the property or service and the sales tax thereon, and secondly to interest, service charges, and any other charges.

(vii) In situations in which the books and records of the party claiming the bad debt allowance support an allocation of the bad debts among the member states in the streamlined sales and use tax agreement, the state shall permit the allocation.

(3) Beginning July 1, 2020, if a refund claim under this section involves a refund of a tax imposed under the Local Option Revenue Act or section 13-319, 13-2813, or 77-6403 and the amount of such tax to be refunded is at least five thousand dollars, the Tax Commissioner shall notify the affected city, village, county, or municipal county of such claim within twenty days after receiving the claim. If the Tax Commissioner allows the claim and the refund of such tax is at least five thousand dollars, the Tax Commissioner shall notify the affected city, village, county, or municipal county of such refund and shall give the city, village, county, or municipal county the option of having such refund deducted from its tax proceeds in one lump sum or in twelve equal monthly installments. The city, village, county, or municipal county shall make its selection and shall certify the selection to the Tax Commissioner within twenty days after receiving notice of the refund. The Tax Commissioner shall then deduct such refund from the applicable tax proceeds in accordance with the selection when he or she deducts refunds pursuant to section 13-324, 13-2814, or 77-6403 or subsection (1) of section 77-27,144, whichever is applicable. This subsection shall not apply to any refund that is subject to subdivision (2)(a) or (2)(b)(ii) or subsection (3) or (4) of section 77-27,144.

The report shall be filed when the Tax Commissioner requires and shall set forth the names and addresses of purchasers of the property, the sales price of the property, the date of sale, and such other information as the Tax Commissioner may require.

(7) It shall be a Class I misdemeanor for the Tax Commissioner or any official or employee of the Tax Commissioner, the State Treasurer, or the Department of Administrative Services to make known in any manner whatever the business affairs, operations, or information obtained by an investigation of records and activities of any retailer or any other person visited or examined in the discharge of official duty or the amount or source of income, profits, losses, expenditures, or any particular thereof, set forth or disclosed in any return, or to permit any return or copy thereof, or any book containing any abstract or particulars thereof to be seen or examined by any person not connected with the Tax Commissioner. Nothing in this section shall be construed to prohibit (a) the delivery to a taxpayer, his or her duly authorized representative, or his or her successors, receivers, trustees, executors, administrators, assignees, or guarantors, if directly interested, of a certified copy of any return or report in connection with his or her tax, (b) the publication of statistics so classified as to prevent the identification of particular reports or returns and the items thereof, (c) the inspection by the Attorney General, other legal representative of the state, or county attorney of the reports or returns of any taxpayer when either (i) information on the reports or returns is considered by the Attorney General to be relevant to any action or proceeding instituted by the taxpayer or against whom an action or proceeding is being considered or has been commenced by any state agency or the county or (ii) the taxpayer has instituted an action to review the tax based thereon or an action or proceeding against the taxpayer for collection of tax or failure to comply with the Nebraska Revenue Act of 1967 is being considered or has been commenced, (d) the furnishing of any information to the United States Government or to states allowing similar privileges to the Tax Commissioner, (e) the disclosure of information and records to a collection agency contracting with the Tax Commissioner pursuant to sections 77-377.01 to 77-377.04, (f) the disclosure to another party to a transaction of information and records concerning the transaction between the taxpayer and the other party, (g) the disclosure of information pursuant to section 77-27,195, 77-5731, 77-6837, 77-6839, or 77-6928, or (h) the disclosure of information to the Department of Labor necessary for the administration of the Employment Security Law, the Contractor Registration Act, or the Employee Classification Act.

(8) Notwithstanding the provisions of subsection (7) of this section, the Tax Commissioner may permit the Postal Inspector of the United States Postal Service or his or her delegates to inspect the reports or returns of any person filed pursuant to the Nebraska Revenue Act of 1967 when information on the reports or returns is relevant to any action or proceeding instituted or being considered by the United States Postal Service against such person for the fraudulent use of the mails to carry and deliver false and fraudulent tax returns to the Tax Commissioner with the intent to defraud the State of Nebraska or to evade the payment of Nebraska state taxes.

(9) Notwithstanding the provisions of subsection (7) of this section, the Tax Commissioner may permit other tax officials of this state to inspect the tax returns, reports, and applications filed under sections 77-2701.04 to 77-2713, but such inspection shall be permitted only for purposes of enforcing a tax law and only to the extent and under the conditions prescribed by the rules and regulations of the Tax Commissioner.

The information provided by the Tax Commissioner shall indicate only the names and addresses of the hotels located within the requesting county for which lodging sales tax returns have been filed for a specified period and the fact that lodging sales taxes remitted by or on behalf of the hotel have constituted a portion of the total sum remitted by the state to the county for a specified period under the provisions of the Nebraska Visitors Development Act. No additional information shall be revealed.

(11)(a) Notwithstanding the provisions of subsection (7) of this section, the Tax Commissioner shall, upon written request by the Auditor of Public Accounts or the office of Legislative Audit, make tax returns and tax return information open to inspection by or disclosure to the Auditor of Public Accounts or employees of the office of Legislative Audit for the purpose of and to the extent necessary in making an audit of the Department of Revenue pursuant to section 50-1205 or 84-304. Confidential tax returns and tax return information shall be audited only upon the premises of the Department of Revenue. All audit work papers pertaining to the audit of the Department of Revenue shall be stored in a secure place in the Department of Revenue.

(b) No employee of the Auditor of Public Accounts or the office of Legislative Audit shall disclose to any person, other than another Auditor of Public Accounts or office employee whose official duties require such disclosure, any return or return information described in the Nebraska Revenue Act of 1967 in a form which can be associated with or otherwise identify, directly or indirectly, a particular taxpayer.

(c) Any person who violates the provisions of this subsection shall be guilty of a Class I misdemeanor. For purposes of this subsection, employee includes a former Auditor of Public Accounts or office of Legislative Audit employee.

(12) For purposes of this subsection and subsections (11) and (14) of this section:

(b) Return information means:

(i) A taxpayer's identification number and (A) the nature, source, or amount of his or her income, payments, receipts, deductions, exemptions, credits, assets, liabilities, net worth, tax liability, tax withheld, deficiencies, over assessments, or tax payments, whether the taxpayer's return was, is being, or will be examined or subject to other investigation or processing or (B) any other data

received by, recorded by, prepared by, furnished to, or collected by the Tax Commissioner with respect to a return or the determination of the existence or possible existence of liability or the amount of liability of any person for any tax, penalty, interest, fine, forfeiture, or other imposition or offense; and

(13) Notwithstanding the provisions of subsection (7) of this section, the Tax Commissioner shall, upon request, provide any municipality which has adopted the local option sales tax under the Local Option Revenue Act with a list of the names and addresses of the retailers which have collected the local option sales tax for the municipality. The request may be made annually and shall be submitted to the Tax Commissioner on or before June 30 of each year. The information provided by the Tax Commissioner shall indicate only the names and addresses of the retailers. The Tax Commissioner may provide additional information to a municipality so long as the information does not include any data detailing the specific revenue, expenses, or operations of any particular business.

(14)(a) Notwithstanding the provisions of subsection (7) of this section, the Tax Commissioner shall, upon written request, provide an individual certified under subdivision (b) of this subsection representing a municipality which has adopted the local option sales and use tax under the Local Option Revenue Act with confidential sales and use tax returns and sales and use tax return information regarding taxpayers that possess a sales tax permit and the amounts remitted by such permitholders at locations within the boundaries of the requesting municipality or with confidential business use tax returns and business use tax return information regarding taxpayers that file a Nebraska and Local Business Use Tax Return and the amounts remitted by such taxpayers at locations within the boundaries of the requesting municipality. Any written request pursuant to this subsection shall provide the Department of Revenue with no less than ten business days to prepare the sales and use tax returns and sales and use tax return information requested. The individual certified under subdivision (b) of this subsection shall review such returns and return information only upon the premises of the department, except that such limitation shall not apply if the certifying municipality has an agreement in effect under the Nebraska Advantage Transformational Tourism and Redevelopment Act. In such case, the individual certified under subdivision (b) of this subsection may request that copies of such returns and return information be sent to him or her by electronic transmission, secured in a manner as determined by the Tax Commissioner.

(b) Each municipality that seeks to request information under subdivision (a) of this subsection shall certify to the Department of Revenue one individual who is authorized by such municipality to make such request and review the documents described in subdivision (a) of this subsection. The individual may

be a municipal employee or an individual who contracts with the requesting municipality to provide financial, accounting, or other administrative services.

(c) No individual certified by a municipality pursuant to subdivision (b) of this subsection shall disclose to any person any information obtained pursuant to a review under this subsection. An individual certified by a municipality pursuant to subdivision (b) of this subsection shall remain subject to this subsection after he or she (i) is no longer certified or (ii) is no longer in the employment of or under contract with the certifying municipality.

(d) Any person who violates the provisions of this subsection shall be guilty of a Class I misdemeanor.

(e) The Department of Revenue shall not be held liable by any person for an impermissible disclosure by a municipality or any agent or employee thereof of any information obtained pursuant to a review under this subsection.

(15) In all proceedings under the Nebraska Revenue Act of 1967, the Tax Commissioner may act for and on behalf of the people of the State of Nebraska. The Tax Commissioner in his or her discretion may waive all or part of any penalties provided by the provisions of such act or interest on delinquent taxes specified in section 45-104.02, as such rate may from time to time be adjusted.

(16)(a) The purpose of this subsection is to set forth the state's policy for the protection of the confidentiality rights of all participants in the system operated pursuant to the streamlined sales and use tax agreement and of the privacy interests of consumers who deal with model 1 sellers.

(b) For purposes of this subsection:

(i) Anonymous data means information that does not identify a person;

(ii) Confidential taxpayer information means all information that is protected under a member state's laws, regulations, and privileges; and

(iii) Personally identifiable information means information that identifies a person.

(c) The state agrees that a fundamental precept for model 1 sellers is to preserve the privacy of consumers by protecting their anonymity. With very limited exceptions, a certified service provider shall perform its tax calculation, remittance, and reporting functions without retaining the personally identifiable information of consumers.

(d) The governing board of the member states in the streamlined sales and use tax agreement may certify a certified service provider only if that certified service provider certifies that:

(i) Its system has been designed and tested to ensure that the fundamental precept of anonymity is respected;

(ii) Personally identifiable information is only used and retained to the extent necessary for the administration of model 1 with respect to exempt purchasers;

(iii) It provides consumers clear and conspicuous notice of its information practices, including what information it collects, how it collects the information, how it uses the information, how long, if at all, it retains the information, and whether it discloses the information to member states. Such notice shall be satisfied by a written privacy policy statement accessible by the public on the website of the certified service provider;

(iv) Its collection, use, and retention of personally identifiable information is limited to that required by the member states to ensure the validity of exemp-

tions from taxation that are claimed by reason of a consumer's status or the intended use of the goods or services purchased; and

(v) It provides adequate technical, physical, and administrative safeguards so as to protect personally identifiable information from unauthorized access and disclosure.

(e) The state shall provide public notification to consumers, including exempt purchasers, of the state's practices relating to the collection, use, and retention of personally identifiable information.

(f) When any personally identifiable information that has been collected and retained is no longer required for the purposes set forth in subdivision (16)(d)(iv) of this section, such information shall no longer be retained by the member states.

(g) When personally identifiable information regarding an individual is retained by or on behalf of the state, it shall provide reasonable access by such individual to his or her own information in the state's possession and a right to correct any inaccurately recorded information.

(h) If anyone other than a member state, or a person authorized by that state's law or the agreement, seeks to discover personally identifiable information, the state from whom the information is sought should make a reasonable and timely effort to notify the individual of such request.

(i) This privacy policy is subject to enforcement by the Attorney General.

(j) All other laws and regulations regarding the collection, use, and maintenance of confidential taxpayer information remain fully applicable and binding. Without limitation, this subsection does not enlarge or limit the state's authority to:

(i) Conduct audits or other reviews as provided under the agreement and state law;

(ii) Provide records pursuant to the federal Freedom of Information Act, disclosure laws with governmental agencies, or other regulations;

(iii) Prevent, consistent with state law, disclosure of confidential taxpayer information;

(iv) Prevent, consistent with federal law, disclosure or misuse of federal return information obtained under a disclosure agreement with the Internal Revenue Service; and

(v) Collect, disclose, disseminate, or otherwise use anonymous data for governmental purposes.

77-2712.05 Streamlined sales and use tax agreement; requirements.

By agreeing to the terms of the streamlined sales and use tax agreement, this state agrees to abide by the following requirements:

(1) Uniform state rate. The state shall comply with restrictions to achieve over time more uniform state rates through the following:

(a) Limiting the number of state rates;

(b) Limiting the application of maximums on the amount of state tax that is due on a transaction; and

(c) Limiting the application of thresholds on the application of state tax;

(2) Uniform standards. The state hereby establishes uniform standards for the following:

(a) Sourcing of transactions to taxing jurisdictions as provided in sections 77-2703.01 to 77-2703.04;

(b) Administration of exempt sales as set out by the agreement and using procedures as determined by the governing board;

(c) Allowances a seller can take for bad debts as provided in section 77-2708; and

(d) Sales and use tax returns and remittances. To comply with the agreement, the Tax Commissioner shall:

(i) Require only one remittance for each return except as provided in this subdivision. If any additional remittance is required, it may only be required from retailers that collect more than thirty thousand dollars in sales and use taxes in the state during the preceding calendar year as provided in this subdivision. The amount of any additional remittance may be determined through a calculation method rather than actual collections. Any additional remittance shall not require the filing of an additional return;

(ii) Require, at his or her discretion, all remittances from sellers under models 1, 2, and 3 to be remitted electronically;

(iii) Allow for electronic payments by both automated clearinghouse credit and debit;

(iv) Provide an alternative method for making same day payments if an electronic funds transfer fails;

(v) Provide that if a due date falls on a legal banking holiday, the taxes are due to that state on the next succeeding business day; and

(vi) Require that any data that accompanies a remittance be formatted using uniform tax type and payment type codes approved by the governing board of the member states to the streamlined sales and use tax agreement;

(3) Uniform definitions. (a) The state shall utilize the uniform definitions of sales and use tax terms as provided in the agreement. The definitions enable Nebraska to preserve its ability to make taxability and exemption choices not inconsistent with the uniform definitions.

(b) The state may enact a product-based exemption without restriction if the agreement does not have a definition for the product or for a term that includes the product. If the agreement has a definition for the product or for a term that includes the product, the state may exempt all items included within the definition but shall not exempt only part of the items included within the definition unless the agreement sets out the exemption for part of the items as an acceptable variation.

(c) The state may enact an entity-based or a use-based exemption without restriction if the agreement does not have a definition for the product whose use or purchase by a specific entity is exempt or for a term that includes the product. If the agreement has a definition for the product whose use or specific purchase is exempt, states may enact an entity-based or a use-based exemption that applies to that product as long as the exemption utilizes the agreement definition of the product. If the agreement does not have a definition for the product whose use or specific purchase is exempt but has a definition for a term that includes the product, states may enact an entity-based or a use-based exemption for the product without restriction.

(d) For purposes of complying with the requirements in this section, the inclusion of a product within the definition of tangible personal property is disregarded;

(4) Central registration. The state shall participate in an electronic central registration system that allows a seller to register to collect and remit sales and use taxes for all member states. Under the system:

(a) A retailer registering under the agreement is registered in this state;

(b) The state agrees not to require the payment of any registration fees or other charges for a retailer to register in the state if the retailer has no legal requirement to register;

(c) A written signature from the retailer is not required;

(d) An agent may register a retailer under uniform procedures adopted by the member states pursuant to the agreement;

(e) A retailer may cancel its registration under the system at any time under uniform procedures adopted by the governing board. Cancellation does not relieve the retailer of its liability for remitting to the proper states any taxes collected;

(f) When registering, the retailer that is registered under the agreement may select one of the following methods of remittances or other method allowed by state law to remit the taxes collected:

(i) Model 1, wherein a seller selects a certified service provider as an agent to perform all the seller's sales or use tax functions, other than the seller's obligation to remit tax on its own purchases;

(ii) Model 2, wherein a seller selects a certified automated system to use which calculates the amount of tax due on a transaction; and

(iii) Model 3, wherein a seller utilizes its own proprietary automated sales tax system that has been certified as a certified automated system; and

(g) Sellers who register within twelve months after this state's first approval of a certified service provider are relieved from liability, including the local option tax, for tax not collected or paid if the seller was not registered between October 1, 2004, and September 30, 2005. Such relief from liability shall be in accordance with the terms of the agreement;

(5) No nexus attribution. The state agrees that registration with the central registration system and the collection of sales and use taxes in the state will not be used as a factor in determining whether the seller has nexus with the state for any tax at any time;

(6) Local sales and use taxes. The agreement requires the reduction of the burdens of complying with local sales and use taxes as provided in sections 13-319, 13-324, 13-326, 77-2701.03, 77-27,142, 77-27,143, 77-27,144, and 77-6403 that require the following:

(a) No variation between the state and local tax bases;

(b) Statewide administration of all sales and use taxes levied by local jurisdictions within the state so that sellers collecting and remitting these taxes will not have to register or file returns with, remit funds to, or be subject to independent audits from local taxing jurisdictions;

(c) Limitations on the frequency of changes in the local sales and use tax rates and setting effective dates for the application of local jurisdictional boundary changes to local sales and use taxes; and

(d) Uniform notice of changes in local sales and use tax rates and of changes in the boundaries of local taxing jurisdictions;

(7) Complete a taxability matrix approved by the governing board. (a) Notice of changes in the taxability of the products or services listed will be provided as required by the governing board.

(b) The entries in the matrix shall be provided and maintained in a database that is in a downloadable format approved by the governing board.

(c) Sellers, model 2 sellers, and certified service providers are relieved from liability, including the local option tax, for having charged and collected the incorrect amount of sales or use tax resulting from the seller or certified service provider relying on erroneous data provided by the member state in the taxability matrix or for relying on product-based classifications that have been reviewed and approved by the state. The state shall notify the certified service provider or model 2 seller if an item or transaction is incorrectly classified as to its taxability.

(d) Purchasers are relieved from liability for penalty for having failed to pay the correct amount of tax resulting from the purchaser's reliance on erroneous data provided by the member state in the taxability matrix or rates and boundaries databases or for relying on product-based classifications that have been reviewed and approved by the state;

(8) Monetary allowances. The state agrees to allow any monetary allowances that are to be provided by the states to sellers or certified service providers in

exchange for collecting sales and use taxes as provided in Article VI of the agreement;

(9) State compliance. The agreement requires the state to certify compliance with the terms of the agreement prior to joining and to maintain compliance, under the laws of the member state, with all provisions of the agreement while a member;

(10) Consumer privacy. The state hereby adopts a uniform policy for certified service providers that protects the privacy of consumers and maintains the confidentiality of tax information as provided in section 77-2711; and

(11) Advisory councils. The state agrees to the recognition of an advisory council of private-sector representatives and an advisory council of member and nonmember state representatives to consult with in the administration of the agreement.

(5) Any violation of the provisions of sections 77-2701.04 to 77-2713, except as otherwise provided, shall be a Class IV misdemeanor.

For tax year 2018, the credit amount shall be one hundred thirty-four dollars. For tax year 2019 and each tax year thereafter, the credit amount shall be adjusted for inflation based on the percentage change in the Consumer Price Index for All Urban Consumers published by the federal Bureau of Labor Statistics from the twelve months ending on August 31, 2017, to the twelve months ending on August 31 of the year preceding the taxable year. If any credit amount is not an even dollar amount, the amount shall be rounded to the nearest dollar. The additional taxes shall be recomputed by (A) substituting Nebraska taxable income for federal taxable income, (B) calculating what the federal alternative minimum tax would be on Nebraska taxable income and adjusting such calculations for any items which are reflected differently in the determination of federal taxable income, and (C) applying Nebraska rates to the result. The federal credit for prior year minimum tax, after the recomputations required by the Nebraska Revenue Act of 1967, and the credits provided in the Nebraska Advantage Microenterprise Tax Credit Act and the Nebraska Advantage Research and Development Act shall be allowed as a reduction in the income tax due. A refundable income tax credit shall be allowed for all resident estates and trusts under the Angel Investment Tax Credit Act, the Nebraska Advantage Microenterprise Tax Credit Act, and the Nebraska Advantage Research and Development Act. A nonrefundable income tax credit shall be allowed for all resident estates and trusts as provided in the New Markets Job Growth Investment Act.

The tax which is attributable to income derived from sources within this state shall be determined by multiplying the liability to this state for a resident estate or trust with the same total income by a fraction, the numerator of which is the nonresident estate's or trust's Nebraska income as determined by sections 77-2724 and 77-2725 and the denominator of which is its total federal income after first adjusting each by

the amounts provided in section 77-2716. The federal credit for prior year minimum tax, after the recomputations required by the Nebraska Revenue Act of 1967, reduced by the percentage of the total income which is attributable to income from sources outside this state, and the credits provided in the Nebraska Advantage Microenterprise Tax Credit Act and the Nebraska Advantage Research and Development Act shall be allowed as a reduction in the income tax due. (2) In all instances wherein a fiduciary income tax return is required under the provisions of the Internal Revenue Code, a Nebraska fiduciary return shall be filed, except that a fiduciary return shall not be required to be filed regarding a simple trust if all of the trust's beneficiaries are residents of the State of Nebraska, all of the trust's income is derived from sources in this state, and the trust has no federal tax liability. The fiduciary shall be responsible for making the return for the estate or trust for which he or she acts, whether the income be taxable to the estate or trust or to the beneficiaries thereof. The fiduciary shall include in the return a statement of each beneficiary's distributive share of net income when such income is taxable to such beneficiaries.

(3) The beneficiaries of such estate or trust who are residents of this state shall include in their income their proportionate share of such estate's or trust's federal income and shall reduce their Nebraska tax liability by their proportionate share of the credits as provided in the Angel Investment Tax Credit Act, the Nebraska Advantage Microenterprise Tax Credit Act, the Nebraska Advantage Research and Development Act, the Nebraska Job Creation and Mainstreet Revitalization Act, the New Markets Job Growth Investment Act, the School Readiness Tax Credit Act, the Child Care Tax Credit Act, the Affordable Housing Tax Credit Act, the Nebraska Biodiesel Tax Credit Act, the Nebraska Higher Blend Tax Credit Act, the Nebraska Property Tax Incentive Act, the Relocation Incentive Act, the Renewable Chemical Production Tax Credit Act, the Sustainable Aviation Fuel Tax Credit Act, the Nebraska Shortline Rail Modernization Act, the Cast and Crew Nebraska Act, the Nebraska Pregnancy Help Act, the Individuals with Intellectual and Developmental Disabilities Support Act, and sections 77-27,238, 77-27,240, and 77-27,241. return which shall include (a) in Nebraska adjusted gross income that portion of the estate's or trust's Nebraska income, as determined under sections 77-2724 and 77-2725, allocable to his or her interest in the estate or trust and (b) a reduction of the Nebraska tax liability by his or her proportionate share of the credits as provided in the Angel Investment Tax Credit Act, the Nebraska Advantage Microenterprise Tax Credit Act, the Nebraska Advantage Research and Development Act, the Nebraska Job Creation and Mainstreet Revitalization Act, the New Markets Job Growth Investment Act, the School Readiness Tax Credit Act, the Child Care Tax Credit Act, the Affordable Housing Tax Credit Act, the Nebraska Biodiesel Tax Credit Act, the Nebraska Higher Blend Tax Credit Act, the Nebraska Property Tax Incentive Act, the Relocation Incentive Act, the Renewable Chemical Production Tax Credit Act, the Sustainable Aviation Fuel Tax Credit Act, the Nebraska Shortline Rail Modernization Act, the Cast and Crew Nebraska Act, the Nebraska Pregnancy Help Act, the Individuals with Intellectual and Developmental Disabilities Support Act, and sections 77-27,238, 77-27,240, and 77-27,241 and shall execute and forward to the fiduciary, on or before the original due date of the Nebraska fiduciary return, an agreement which states that he or she will file a Nebraska income tax return and pay income tax on all income derived from or connected with sources in this state, and such agreement shall be attached to the Nebraska fiduciary return for such taxable year.

(5) In the absence of the nonresident beneficiary's executed agreement being attached to the Nebraska fiduciary return, the estate or trust shall remit a portion of such beneficiary's income which was derived from or attributable to Nebraska sources with its Nebraska return for the taxable year. For taxable years beginning or deemed to begin before January 1, 2013, the amount of remittance, in such instance, shall be the highest individual income tax rate determined under section 77-2715.02 multiplied by the nonresident beneficiary's share of the estate or trust income which was derived from or attributable to sources within this state. For taxable years beginning or deemed to begin on or after January 1, 2013, the amount of remittance, in such instance, shall be the highest individual income tax rate determined under section 77-2715.03 multiplied by the nonresident beneficiary's share of the estate or trust income which was derived from or attributable to sources within this state. The amount remitted shall be allowed as a credit against the Nebraska income tax liability of the beneficiary.

(6) The Tax Commissioner may allow a nonresident beneficiary to not file a Nebraska income tax return if the nonresident beneficiary's only source of Nebraska income was his or her share of the estate's or trust's income which was derived from or attributable to sources within this state, the nonresident did not file an agreement to file a Nebraska income tax return, and the estate or trust has remitted the amount required by subsection (5) of this section on behalf of such nonresident beneficiary. The amount remitted shall be retained in satisfaction of the Nebraska income tax liability of the nonresident beneficiary.

77-2727 Income tax; partnership; subject to act; credit; election to file return at entity level; how treated.

(1) Except as provided in subsection (6) of this section and subsection (5) of section 77-2775, a partnership as such shall not be subject to the income tax imposed by the Nebraska Revenue Act of 1967. Persons or their authorized representatives carrying on business as partners shall be liable for the income tax imposed by the Nebraska Revenue Act of 1967 only in their separate or individual capacities.

(2) The partners of such partnership who are residents of this state or corporations shall include in their incomes their proportionate share of such partnership's income.

(3) If any partner of such partnership is a nonresident individual during any part of the partnership's reporting year, he or she shall file a Nebraska income tax return which shall include in Nebraska adjusted gross income that portion of the partnership's Nebraska income, as determined under the provisions of sections 77-2728 and 77-2729, allocable to his or her interest in the partnership

and shall execute and forward to the partnership, on or before the original due date of the Nebraska partnership return, an agreement which states that he or she will file a Nebraska income tax return and pay income tax on all income derived from or attributable to sources in this state, and such agreement shall be attached to the partnership's Nebraska return for such reporting year.

(4)(a) Except as provided in subdivision (c) of this subsection, in the absence of the nonresident individual partner's executed agreement being attached to the Nebraska partnership return, the partnership shall remit a portion of such partner's income which was derived from or attributable to Nebraska sources with its Nebraska return for the reporting year. For tax years beginning or deemed to begin before January 1, 2013, the amount of remittance, in such instance, shall be the highest individual income tax rate determined under section 77-2715.02 multiplied by the nonresident individual partner's share of the partnership income which was derived from or attributable to sources within this state. For tax years beginning or deemed to begin on or after January 1, 2013, the amount of remittance, in such instance, shall be the highest individual income tax rate determined under section 77-2715.03 multiplied by the nonresident individual partner's share of the partnership income which was derived from or attributable to sources within this state.

(b) Any amount remitted on behalf of any partner shall be allowed as a credit against the Nebraska income tax liability of the partner.

(c) Subdivision (a) of this subsection does not apply to a publicly traded partnership as defined by section 7704(b) of the Internal Revenue Code of 1986, as amended, that is treated as a partnership for the purposes of the code and that has agreed to file an annual information return with the Department of Revenue reporting the name, address, taxpayer identification number, and other information requested by the department of each unit holder with an income in the state in excess of five hundred dollars.

(5) The Tax Commissioner may allow a nonresident individual partner to not file a Nebraska income tax return if the nonresident individual partner's only source of Nebraska income was his or her share of the partnership's income which was derived from or attributable to sources within this state, the nonresident did not file an agreement to file a Nebraska income tax return, and the partnership has remitted the amount required by subsection (4) of this section on behalf of such nonresident individual partner. The amount remitted shall be retained in satisfaction of the Nebraska income tax liability of the nonresident individual partner.

(6) Notwithstanding any provision of this section to the contrary:

(a) For tax years beginning or deemed to begin on or after January 1, 2018, a partnership may annually make an irrevocable election to pay the taxes, interest, or penalties levied by the Nebraska Revenue Act of 1967 at the entity level for the taxable period covered by such return. For tax years beginning on or after January 1, 2023, such election must be made on or before the due date for filing the applicable income tax return, including any extensions that have been granted;

(b) An electing partnership with respect to a taxable period shall pay an income tax equivalent to the highest individual income tax rate provided in section 77-2715.03 multiplied by the electing partnership's net income as apportioned or allocated to this state in accordance with the Nebraska Revenue Act of 1967, for such taxable period;

(c) An electing partnership shall be treated as a corporation with respect to the requirements of section 77-2769 for payments of estimated tax. The requirement for payment of estimated tax under section 77-2769 shall not apply for tax years beginning prior to January 1, 2024. Payments of estimated tax made by an eligible partnership that does not make an election under this subsection shall be treated as income tax withholding on behalf of the partners;

(d) Except as provided in subdivision (e) of this subsection, the partners of an electing partnership must file a Nebraska return to report their pro rata or distributive share of the income of the electing partnership in accordance with the Nebraska Revenue Act of 1967, as applicable. In determining the sum of its pro rata or distributive share and computing the tax under this subsection, an electing partnership shall add back any amount of Nebraska tax imposed under the Nebraska Revenue Act of 1967 and deducted by the electing partnership for federal income tax purposes under section 164 of the Internal Revenue Code;

(e) A nonresident individual who is a partner of an electing partnership shall not be required to file a Nebraska tax return for a taxable year if, for such taxable year, the only source of income derived from or connected with sources within this state for such partner, or for the partner and the partner's spouse if a joint federal income tax return is filed, is from one or more electing partnerships or electing small business corporations as defined in subdivision (9)(a) of section 77-2734.01 for such taxable year and such nonresident individual partner's tax under the Nebraska Revenue Act of 1967 would be fully satisfied by the credit allowed to such partner under subdivision (g) of this subsection;

(f) If the amount calculated under subdivision (a) of this subsection results in a net operating loss, such net operating loss may not be carried forward to succeeding taxable years;

(g)(i) A refundable credit shall be available to the partners in an amount equal to their pro rata or distributive share of the Nebraska income tax paid by the electing partnership;

(ii) In the case of a partnership or small business corporation that is a partner of an electing partnership, the refundable credit under this subdivision (g) shall (A) be allowed to its partners or shareholders in accordance with the determination of income and distributive share of the Nebraska income tax paid by the electing partnership or (B) be applied against the partner's tax, interest, and penalty. Any excess credit deemed an overpayment may be refunded or applied to the subsequent tax year;

(iii) If a partnership making the election under this subsection is a partner of another electing partnership, net income shall be computed as provided in subsection (1) of this section. The upper tier electing partnership shall claim a credit for the tax paid by the lower tier electing partnership. The upper tier electing partnership shall distribute out the pro rata or distributive share of the credits to its partners for tax paid under this subsection by all tiers of electing partnerships. As used in this subdivision, the term lower tier electing partnership means an electing partnership in which some or all of the partners are an electing partnership. The term upper tier electing partnership means an electing partnership that is a partner of a lower tier electing partnership. An electing partnership may have two or more tiers; and

(h)(i) For tax years beginning or deemed to begin on or after January 1, 2018, but prior to January 1, 2023, the electing partnership must make the election

under this subsection on or after January 1, 2023, but before December 31, 2025, in the form and manner prescribed by the Tax Commissioner for all years for which the election under this subsection is made on behalf of the electing partnership. The Tax Commissioner shall establish the form and manner, which shall not include any changes to the past returns other than those that are directly related to the election under this subsection.

(ii) Notwithstanding any other provision of law, if an electing partnership files in the form and manner as specified in subdivision (h)(i) of this subsection, the deadline for filing a claim for credit or refund prescribed in section 77-2793 shall be extended for affected partners of the electing partnership until the timeframe specified in section 77-2793 or January 31, 2026, whichever is later. The resulting claim of refund for tax years beginning prior to January 1, 2023, shall be submitted in the form and manner as prescribed by the Tax Commissioner. Neither the electing partnership nor its partners shall incur any penalties for late filing nor owe interest on such amounts. The Tax Commissioner shall not be required to pay interest on any amounts owed to the partners resulting from such refund claims.

(iii) Notwithstanding the dates provided in subdivision (h)(i) of this subsection, the Tax Commissioner shall have one year from the date an electing partnership files in the form and manner as specified in subdivision (h)(i) of this subsection to review and make a written proposed deficiency determination in accordance with section 77-2786. Any notice of deficiency determination made as specified in this subdivision may be enforced at any time within six years from the date of the notice of deficiency determination.

(7) For purposes of this section:

(a) Electing partnership means, with respect to a taxable period, an eligible partnership that has made an election pursuant to subsection (6) of this section with respect to such taxable period; and

(b) Eligible partnership means any partnership as provided for in section 7701(a)(2) of the Internal Revenue Code that has a filing requirement under the Nebraska Revenue Act of 1967 other than a publicly traded partnership as defined in section 7704 of the Internal Revenue Code. An eligible partnership includes any entity, including a limited liability company, treated as a partnership for federal income tax purposes that otherwise meets the requirements of this subdivision.

(8) For purposes of this section, any partner that is a grantor trust of a nonresident shall be disregarded and this section shall apply as though the nonresident grantor was the partner.

77-2730 Individual; resident estate or trust; income derived from another state; credit.

(1) A resident individual and a resident estate or trust shall be allowed a credit against the income tax otherwise due for the amount of any income tax imposed on him or her for each taxable year commencing on or after January 1, 1983, by another state of the United States or a political subdivision thereof

or the District of Columbia on income derived from sources therein and which is also subject to income tax under sections 77-2714 to 77-27,123.

(2) The credit provided under sections 77-2714 to 77-27,135 shall not exceed the proportion of the income tax otherwise due under such sections that the amount of the taxpayer's adjusted gross income or total income derived from sources in the other taxing jurisdiction bears to federal adjusted gross income or total federal income.

(3) For purposes of subsection (1) of this section, a resident individual, estate, or trust shall be deemed to have paid a portion of the income tax imposed by another state, a political subdivision thereof, or the District of Columbia on the income of any partnership, trust, or estate when such resident individual, estate, or trust is a partner, or beneficiary and (a) the income taxed is included in the federal taxable income of the resident individual, estate, or trust and (b) the taxation of such partnership, trust, or estate by the other state is inconsistent with the taxation of such entity under the Internal Revenue Code, including any tax similar to the tax imposed under subsection (6) of section 77-2727 and subsection (8) of section 77-2734.01 for the taxable year imposed by another state of the United States or a political subdivision of such a state, or by the District of Columbia, with respect to the direct and indirect taxable income attributable to the resident individual, estate, or trust from an entity that is also subject to tax under sections 77-2714 to 77-2734.16. The amount of income tax deemed paid by the resident individual, estate, or trust shall be the same percentage of the total tax paid by the entity as the income included in federal taxable income of the resident is to the total taxable income of the entity as computed for the other state.

77-2734.01 Small business corporation shareholders; limited liability company members; determination of income; credit; Tax Commissioner; powers; return; when required; election to file return at entity level; how treated.

(1) Residents of Nebraska who are shareholders of a small business corporation having an election in effect under subchapter S of the Internal Revenue Code or who are members of a limited liability company organized pursuant to the Nebraska Uniform Limited Liability Company Act shall include in their Nebraska taxable income, to the extent includable in federal gross income, their proportionate share of such corporation's or limited liability company's federal income adjusted pursuant to this section. Income or loss from such corporation or limited liability company conducting a business, trade, profession, or occupation shall be included in the Nebraska taxable income of a shareholder or member who is a resident of this state to the extent of such shareholder's or member's proportionate share of the net income or loss from the conduct of such business, trade, profession, or occupation within this state, determined under subsection (2) of this section. A resident of Nebraska shall include in Nebraska taxable income fair compensation for services rendered to such corporation or limited liability company. Compensation actually paid shall be presumed to be fair unless it is apparent to the Tax Commissioner that such compensation is materially different from fair value for the services rendered or has been manipulated for tax avoidance purposes.

(2) The income of any small business corporation having an election in effect under subchapter S of the Internal Revenue Code or limited liability company organized pursuant to the Nebraska Uniform Limited Liability Company Act that is derived from or connected with Nebraska sources shall be determined in the following manner:

(a) If the small business corporation is a member of a unitary group, the small business corporation shall be deemed to be doing business within this state if any part of its income is derived from transactions with other members of the unitary group doing business within this state, and such corporation shall apportion its income by using the apportionment factor determined for the entire unitary group, including the small business corporation, under sections 77-2734.05 to 77-2734.15;

(b) If the small business corporation or limited liability company is not a member of a unitary group and is subject to tax in another state, it shall apportion its income under sections 77-2734.05 to 77-2734.15; and

(c) If the small business corporation or limited liability company is not subject to tax in another state, all of its income is derived from or connected with Nebraska sources.

(3) Nonresidents of Nebraska who are shareholders of such corporations or members of such limited liability companies shall file a Nebraska income tax return and shall include in Nebraska adjusted gross income their proportionate share of the corporation's or limited liability company's Nebraska income as determined under subsection (2) of this section.

(4) The nonresident shareholder or member shall execute and forward to the corporation or limited liability company before the filing of the corporation's or limited liability company's return an agreement which states he or she will file a Nebraska income tax return and pay the tax on the income derived from or connected with sources in this state, and such agreement shall be attached to the corporation's or limited liability company's Nebraska return for such taxable year.

(5) For taxable years beginning or deemed to begin before January 1, 2013, in the absence of the nonresident shareholder's or member's executed agreement being attached to the Nebraska return, the corporation or limited liability company shall remit with the return an amount equal to the highest individual income tax rate determined under section 77-2715.02 multiplied by the nonresident shareholder's or member's share of the corporation's or limited liability company's income which was derived from or attributable to this state. For taxable years beginning or deemed to begin on or after January 1, 2013, in the absence of the nonresident shareholder's or member's executed agreement being attached to the Nebraska return, the corporation or limited liability company shall remit with the return an amount equal to the highest individual income tax rate determined under section 77-2715.03 multiplied by the nonresident shareholder's or member's share of the corporation's or limited liability company's income which was derived from or attributable to this state. The amount remitted shall be allowed as a credit against the Nebraska income tax liability of the shareholder or member.

(6) The Tax Commissioner may allow a nonresident individual shareholder or member to not file a Nebraska income tax return if the nonresident individual shareholder's or member's only source of Nebraska income was his or her share of the small business corporation's or limited liability company's income which was derived from or attributable to sources within this state, the nonresident did not file an agreement to file a Nebraska income tax return, and the small business corporation or limited liability company has remitted the amount required by subsection (5) of this section on behalf of such nonresident individual shareholder or member. The amount remitted shall be retained in satisfaction of the Nebraska income tax liability of the nonresident individual shareholder or member.

(7) A small business corporation or limited liability company return shall be filed if the small business corporation or limited liability company has income derived from Nebraska sources.

(8) Notwithstanding any provision of this section to the contrary:

(a) For tax years beginning or deemed to begin on or after January 1, 2018, a small business corporation may annually make an irrevocable election to pay the taxes, interest, or penalties levied by the Nebraska Revenue Act of 1967 at the entity level for the taxable period covered by such return. For tax years beginning on or after January 1, 2023, such election must be made on or before the due date for filing the applicable income tax return, including any extensions that have been granted;

(b) An electing small business corporation with respect to a taxable period shall pay an income tax equivalent to the highest individual income tax rate provided in section 77-2715.03 multiplied by the electing small business corporation's net income as apportioned or allocated to this state in accordance with the Nebraska Revenue Act of 1967, for such taxable period;

(c) An electing small business corporation shall be treated as a corporation with respect to the requirements of section 77-2769 for payments of estimated tax. The requirement for payment of estimated tax under section 77-2769 shall not apply for tax years beginning prior to January 1, 2024. Payments of estimated tax made by an eligible small business corporation that does not make an election under this subsection shall be treated as income tax withholding on behalf of the shareholders;

(d) Except as provided in subdivision (e) of this subsection, the shareholders of an electing small business corporation must file a Nebraska return to report their pro rata or distributive share of the income of the electing small business corporation in accordance with the Nebraska Revenue Act of 1967, as applicable. In determining the sum of its pro rata or distributive share and computing the tax under this subsection, an electing small business corporation shall add back any amount of Nebraska tax imposed under the Nebraska Revenue Act of 1967 and deducted by the electing small business corporation for federal income tax purposes under section 164 of the Internal Revenue Code;

(e) A nonresident individual who is a shareholder of an electing small business corporation shall not be required to file a Nebraska tax return for a taxable year if, for such taxable year, the only source of income derived from or connected with sources within this state for such shareholder, or for the shareholder and the shareholder's spouse if a joint federal income tax return is filed, is from one or more electing small business corporations or electing partnerships as defined in subdivision (7)(a) of section 77-2727 for such taxable year and such nonresident individual shareholder's tax under the Nebraska Revenue Act of 1967 would be fully satisfied by the credit allowed to such shareholder under subdivision (g) of this subsection;

(f) If the amount calculated under subdivision (a) of this subsection results in a net operating loss, such net operating loss may not be carried forward to succeeding taxable years;

(g) A refundable credit shall be available to the shareholders in an amount equal to their pro rata or distributive share of the Nebraska income tax paid by the electing small business corporation; and

(h)(i) For tax years beginning or deemed to begin on or after January 1, 2018, but prior to January 1, 2023, the electing small business corporation must make the election under this subsection on or after January 1, 2023, but before December 31, 2025, in the form and manner prescribed by the Tax Commissioner for all years for which the election under this subsection is made on behalf of the electing small business corporation. The Tax Commissioner shall establish the form and manner, which shall not include any changes to the past returns other than those that are directly related to the election under this subsection.

(ii) Notwithstanding any other provision of law, if an electing small business corporation files in the form and manner as specified in subdivision (h)(i) of this subsection, the deadline for filing a claim for credit or refund prescribed in section 77-2793 shall be extended for affected shareholders of the electing small

business corporation until the timeframe specified in section 77-2793 or January 31, 2026, whichever is later. The resulting claim of refund for tax years beginning prior to January 1, 2023, shall be submitted in the form and manner as prescribed by the Tax Commissioner. Neither the electing small business corporation nor its shareholders shall incur any penalties for late filing nor owe interest on such amounts. The Tax Commissioner shall not be required to pay interest on any amounts owed to the shareholders resulting from such refund claims.

(iii) Notwithstanding the dates provided in subdivision (h)(i) of this subsection, the Tax Commissioner shall have one year from the date an electing small business corporation files in the form and manner as specified in subdivision (h)(i) of this subsection to review and make a written proposed deficiency determination in accordance with section 77-2786. Any notice of deficiency determination made as specified in this subdivision may be enforced at any time within six years from the date of the notice of deficiency determination.

(9) For purposes of this section:

(a) Electing small business corporation means, with respect to a taxable period, an eligible small business corporation having an election in effect under subchapter S of the Internal Revenue Code that has made an election pursuant to subsection (8) of this section with respect to such taxable period; and

(b) Eligible small business corporation means an entity subject to taxation under subchapter S of the Internal Revenue Code and the regulations thereunder.

(10) For purposes of this section, any shareholder or member of the corporation or limited liability company that is a grantor trust of a nonresident shall be disregarded and this section shall apply as though the nonresident grantor was the shareholder or member.

(1) If the amount of a taxpayer's federal adjusted gross income, taxable income, or tax liability reported on his or her federal income tax return for any taxable year is changed or corrected by the Internal Revenue Service or other competent authority or as the result of a renegotiation of a contract or subcontract with the United States, the taxpayer shall report such change or correction in federal adjusted gross income, taxable income, or tax liability within sixty days after the final determination of such change, correction, or renegotiation.

(2) Whenever the amount of a taxpayer's income which is taxable in any state for any taxable year or any tax credits allowable in such state are changed or corrected in a way material to the tax liability owed to this state by the agency having authority to examine returns filed with such state or any other competent authority or whenever an amended return is filed by any taxpayer with a change or correction material to the tax liability owed to this state with another state, such change or correction shall be reported to the Tax Commissioner within sixty days after the final change or correction or filing of the amended return. The Tax Commissioner shall by rule and regulation provide the nature of any change or correction which must be reported.

(3) The taxpayer shall report all changes or corrections required to be reported under this section by filing an amended income tax return and shall give such information as the Tax Commissioner may require. No sales and use tax shall be imposed pursuant to this section until an election has been held and a majority of the qualified electors have approved such tax pursuant to sections 77-27,142.01 and 77-27,142.02.

(2)(a) Any incorporated municipality that proposes to impose a municipal sales and use tax at a rate greater than one and one-half percent or increase a municipal sales and use tax to a rate greater than one and one-half percent shall submit the question of such tax or increase at a primary or general election held within the incorporated municipality. The question shall be submitted upon an affirmative vote by at least seventy percent of all of the members of the governing body of the incorporated municipality.

(b) Any rate greater than one and one-half percent shall be used as follows:

(i) In a city of the primary class, up to fifteen percent of the proceeds from the rate in excess of one and one-half percent may be used for non-public infrastructure projects of an interlocal agreement or joint public agency agreement with another political subdivision within the municipality or the county in which the municipality is located, and the remaining proceeds shall be used for public infrastructure projects or voter-approved infrastructure related to an economic development program as defined in section 18-2705; and

(3)(a) No municipal sales and use tax shall be imposed at a rate greater than one and one-half percent or increased to a rate greater than one and one-half percent unless the municipality is a party to an interlocal agreement pursuant to the Interlocal Cooperation Act or a joint public agency agreement pursuant to the Joint Public Agency Act with a political subdivision within the municipality or the county in which the municipality is located creating a separate legal or administrative entity relating to a public infrastructure project.

(b) Except as provided in subdivision (2)(b)(i) of this section, such interlocal agreement or joint public agency agreement shall contain provisions, including benchmarks, relating to the long-term development of unified governance of public infrastructure projects with respect to the parties. (4) The provisions of subsections (2) and (3) of this section do not apply to the first one and one-half percent of a sales and use tax imposed by a municipality.

(1) The Tax Commissioner shall collect the tax imposed by any incorporated municipality concurrently with collection of a state tax in the same manner as the state tax is collected. The Tax Commissioner shall remit monthly the proceeds of the tax to the incorporated municipalities levying the tax, after deducting the amount of refunds made and three percent of the remainder to be credited to the Municipal Equalization Fund.

(2)(a) Deductions for a refund made pursuant to section 77-4105, 77-4106, 77-5725, or 77-5726 and owed by a city of the first class, city of the second class, or village shall be delayed for one year after the refund has been made to the taxpayer. The Department of Revenue shall notify the municipality liable for a refund exceeding one thousand five hundred dollars of the pending refund, the amount of the refund, and the month in which the deduction will be made or begin, except that if the amount of a refund claimed under section 77-4105, 77-4106, 77-5725, or 77-5726 exceeds twenty-five percent of the municipality's total sales and use tax receipts, net of any refunds or sales tax collection fees, for the municipality's prior fiscal year, the department shall deduct the refund over the period of one year in equal monthly amounts beginning after the one-year notification period required by this subdivision.

(b) Deductions for a refund made pursuant to section 77-4105, 77-4106, 77-5725, or 77-5726 and owed by a city of the metropolitan class or city of the primary class shall be made as follows:

(i) During calendar year 2023, such deductions shall be made in accordance with subsection (1) of this section; and

(ii) During calendar year 2024 and each calendar year thereafter, such deductions shall be made based on estimated amounts as described in this subdivision. On or before March 1, 2023, and on or before March 1 of each year thereafter, the Department of Revenue shall notify each city of the metropolitan class and city of the primary class of the total amount of such refunds that are estimated to be paid during the following calendar year. Such estimated amount shall be used to establish the total amount to be deducted in the following calendar year. The department shall deduct such amount over the following calendar year in twelve equal monthly amounts. Beginning with the notification sent in calendar year 2025, the notification shall include any adjustment needed for the prior calendar year to account for any difference between the estimated amount deducted in such prior calendar year and the actual amount of refunds paid in such year.

(3) Deductions for a refund made pursuant to the ImagiNE Nebraska Act shall be delayed as provided in this subsection after the refund has been made to the taxpayer. The Department of Revenue shall notify each municipality liable for a refund exceeding one thousand five hundred dollars of the pending refund and the amount of the refund claimed under the ImagiNE Nebraska Act. The notification shall be made by March 1 of each year beginning in 2021 and shall be used to establish the refund amount for the following calendar year. The notification shall include any excess or underpayment from the prior calendar year. The department shall deduct the refund over a period of one year in equal monthly amounts beginning in January following the notification. This subsection applies to total annual refunds exceeding one million dollars or twenty-five percent of the municipality's total sales and use tax receipts for the prior fiscal year, whichever is the lesser amount.

(4) Deductions for a refund made pursuant to the Urban Redevelopment Act shall be delayed as provided in this subsection after the refund has been made to the taxpayer. The Department of Revenue shall notify each municipality liable for a refund exceeding one thousand five hundred dollars of the pending refund and the amount of the refund claimed under the Urban Redevelopment Act. The notification shall be made by March 1 of each year beginning in 2022 and shall be used to establish the refund amount for the following calendar year. The notification shall include any excess or underpayment from the prior calendar year. The department shall deduct the refund over a period of one year in equal monthly amounts beginning in January following the notification. This subsection applies to total annual refunds exceeding one million dollars or twenty-five percent of the municipality's total sales and use tax receipts for the prior fiscal year, whichever is the lesser amount.

(5) The Tax Commissioner shall keep full and accurate records of all money received and distributed under the provisions of the Local Option Revenue Act. When proceeds of a tax levy are received but the identity of the incorporated municipality which levied the tax is unknown and is not identified within six months after receipt, the amount shall be credited to the Municipal Equalization Fund. The municipality may request the names and addresses of the

retailers which have collected the tax as provided in subsection (13) of section 77-2711 and may certify an individual to request and review confidential sales and use tax returns and sales and use tax return information as provided in subsection (14) of section 77-2711.

(6)(a) Every qualifying business that has filed an application to receive tax incentives under the Employment and Investment Growth Act, the Nebraska Advantage Act, the ImagiNE Nebraska Act, or the Urban Redevelopment Act shall, with respect to such acts, provide annually to each municipality, in aggregate data, the maximum amount the qualifying business is eligible to receive in the current year in refunds of local sales and use taxes of the municipality and exemptions for the previous year, and the estimate of annual refunds of local sales and use taxes of the municipality and exemptions such business intends to claim in each future year. Such information shall be kept confidential by the municipality unless publicly disclosed previously by the taxpayer or by the State of Nebraska.

For purposes of calculating the number of new equivalent employees when the teleworkers are paid on a per-item basis or are independent contractors, the total wages or payments made to all such new employees during the year shall be divided by the qualifying wage as determined in subdivision (b) of this subsection, with the result divided by two thousand eighty hours.

For applications filed on or after April 20, 2022, the amount of the credit allowed under subsection (2) of this section shall be ten percent of the investment, not to exceed a credit of five hundred thousand dollars per application. For each application, a taxpayer engaged in livestock production may qualify for a credit under either subsection (1) or (2) of this section, but cannot qualify for more than one credit per application.

A qualified employee leasing company shall provide the Department of Revenue access to the records of employees leased to the client-lessee.

(5) The credit shall not exceed the amounts set out in the application and approved by the Tax Commissioner.

(6)(a) If a taxpayer who receives tax credits creates fewer jobs or less investment than required in the project agreement, the taxpayer shall repay the tax credits as provided in this subsection.

(b) If less than seventy-five percent of the required jobs in the project agreement are created, one hundred percent of the job creation tax credits shall be repaid. If seventy-five percent or more of the required jobs in the project agreement are created, no repayment of the job creation tax credits is necessary.

(c) If less than seventy-five percent of the required investment in the project agreement is created, one hundred percent of the investment tax credits shall be repaid. 77-2905 Application for credits; form; contents; officer; review; allocation of credits; notice of determination; denial; appeal; limit on credits; holder of allocation; duties.

(1) Prior to commencing work on the historically significant real property, a person shall file an application for credits under the Nebraska Job Creation and Mainstreet Revitalization Act containing all required information with the officer on a form prescribed by the officer and shall include an application fee established by the officer pursuant to section 77-2907. The application shall include plans and specifications, an estimate of the cost of the project prepared by a licensed architect, licensed engineer, or licensed contractor, and a request for a specific amount of credits based on such estimate. The officer shall review the application and, within twenty-one days after receiving the application, shall determine whether the information contained therein is complete. The officer shall notify the applicant in writing of the determination within five business days after making the determination. If the officer fails to provide such notification as required, the application shall be deemed complete as of the twenty-first day after the application is received by the officer. If the officer determines the application is complete or if the application is deemed complete pursuant to this section, the officer shall reserve for the benefit of the applicant an allocation of credits in the amount specified in the application and determined by the officer to be reasonable and shall notify the applicant in writing of the amount of the allocation. The allocation does not entitle the applicant to an issuance of credits until the applicant complies with all other requirements of the Nebraska Job Creation and Mainstreet Revitalization Act for the issuance of credits. The date the officer determines the application is complete or the date the application is deemed complete pursuant to this section shall constitute the applicant's priority date for purposes of allocating credits under this section. For complete applications receiving an allocation under this section, the officer shall determine whether the application conforms to the standards, and, if so, the officer shall approve such application or approve such application with conditions. If the application does not conform to the standards, the officer shall deny such application. The officer shall promptly provide the person filing the application and the department with written notice of the officer's determi-

nation. If the officer does not provide a written notice of his or her determination within thirty days after the date the application is determined or deemed to be complete pursuant to this section, the application shall be deemed approved. The officer shall notify the department of any applications that are deemed approved pursuant to this section. If the officer denies the application, the credits allocated to the applicant under this subsection shall be added to the annual amount available for allocation under subsection (2) of this section. Any denial of an application by the officer pursuant to this section may be appealed, and the appeal shall be in accordance with the Administrative Procedure Act.

(2) For calendar years beginning before January 1, 2024, the total amount of credits that may be allocated by the officer under this section in any calendar year shall be limited to fifteen million dollars, of which four million dollars shall be reserved for applications seeking an allocation of credits of less than one hundred thousand dollars. For calendar years beginning on or after January 1, 2024, the total amount of credits that may be allocated by the officer under this section in any calendar year shall be limited to two million dollars. If the amount of credits allocated in any calendar year is less than the maximum amount of credits available under this section for that year, the unused amount shall be carried forward to subsequent years and shall be available for allocation in subsequent years until fully utilized, except as otherwise provided in section 77-2912. If the amount of credits reserved for applications seeking an allocation of credits of less than one hundred thousand dollars is not allocated by April 1 of any calendar year, such unallocated credits for the calendar year shall be available for any application seeking an allocation of credits based upon the applicant's priority date as determined by the officer. The officer shall allocate credits based on priority date, from earliest to latest. If the officer determines that the complete applications for credits in any calendar year exceed the maximum amount of credits available under this section for that year, only those applications with a priority date on or before the date on which the officer makes that determination may receive an allocation in that year, and the officer shall not make additional allocations until sufficient credits are available. If the officer suspends allocations of credits pursuant to this section, applications with priority dates on or before the date of such suspension shall retain their priority dates. Once additional credits are available for allocation, the officer shall once again allocate credits based on priority date, from earliest to latest, even if the priority dates are from a prior calendar year.

(3) The holder of an allocation of credits whose application was approved under this section shall start substantial work pursuant to the approved application within twenty-four months after receiving notice of approval of the application or, if no notice of approval is sent by the officer, within twenty-four months after the application is deemed approved pursuant to this section. Failure to comply with this subsection shall result in forfeiture of the allocation of credits received under this section. Any such forfeited allocation shall be added to the aggregate amount of credits available for allocation for the year in which the forfeiture occurred.

(4) Notwithstanding subsection (1) of this section, the person applying for the credit under this section may, at its own risk, incur eligible expenditures up to six months prior to the submission of the application required under subsection (1) of this section if such eligible expenditures are limited to architectural,

engineering, accounting, and legal fees and any costs generally related to the protection of the historically significant real property from deterioration.

77-2906 Request for final approval; form; approval; when; department; duties; extension; denial; appeal; credit; issuance of certificates; fee; credit carried forward.

(1)(a) Within twelve months after the date on which the historically significant real property is placed in service, a person whose application was approved under section 77-2905 shall file a request for final approval containing all required information with the officer on a form prescribed by the officer and shall include a fee established by the officer pursuant to section 77-2907. The officer shall then determine whether the work substantially conforms to the application approved under section 77-2905. If the work substantially conforms and no other significant improvements have been made to the historically significant real property that do not substantially comply with the standards, the officer shall approve the request for final approval. The person whose request is approved shall then apply to the department to determine the amount of eligible expenditures, calculate the amount of the credit, and issue a certificate to the person evidencing the credit. If the work does not substantially conform to the approved application or if other significant improvements have been made to the historically significant real property that do not substantially comply with the standards, the officer shall deny the request for final approval and provide the person with a written explanation of the decision. The officer shall make a determination on the request for final approval in writing within thirty days after the filing of the request. If the officer does not make a determination within thirty days after the filing of the request, the request shall be deemed approved and the person may apply to the department to determine the amount of eligible expenditures, calculate the amount of the credit, and issue a certificate evidencing the credit.

(b) The department shall determine the amount of eligible expenditures, calculate the amount of the credit, and issue one or more certificates evidencing the credit within sixty days after receiving an application pursuant to subdivision (1)(a) of this section. The person filing the application and the department may also agree to extend the sixty-day period, but such extension shall not exceed an additional thirty days. If the department does not determine the amount of eligible expenditures, calculate the amount of the credit, and issue one or more certificates evidencing the credit within such sixty-day period or agreed-upon longer period, the credit shall be deemed to have been issued by the department for the amount requested in such person's application, except that such amount shall not exceed one hundred ten percent of the amount of credits allocated by the officer under section 77-2905 and such amount shall not increase or decrease the total amount of credits that may be allocated by the officer under section 77-2905 in any calendar year.

(c) Any denial of a request for final approval by the officer or any determination of the amount of eligible expenditures or calculation of the amount of the

credit by the department pursuant to this section may be appealed, and the appeal shall be in accordance with the Administrative Procedure Act.

(2) The department shall divide the credit and issue multiple certificates to a person who qualifies for the credit upon reasonable request.

(3) In calculating the amount of the credits to be issued pursuant to this section, the department may issue credits in an amount that differs from the amount of credits allocated by the officer under section 77-2905 if such credits are supported by eligible expenditures as determined by the department, except that the department shall not issue credits in an amount exceeding one hundred ten percent of the amount of credits allocated by the officer under section 77-2905. If the amount of credits to be issued under this section is more than the amount of credits allocated by the officer pursuant to section 77-2905, the department shall notify the officer of the difference and such amount shall be subtracted from the annual amount available for allocation under section 77-2905. If the amount of credits to be issued under this section is less than the amount of credits allocated by the officer pursuant to section 77-2905, the department shall notify the officer of the difference and such amount shall be added to the annual amount available for allocation under section 77-2905.

(4) The department shall not issue any certificates for credits under this section until the recipient of the credit has paid to the department:

(a) A fee equal to one-quarter of one percent of the credit amount. The department shall remit such fees to the State Treasurer for credit to the Civic and Community Center Financing Fund; and

(b) A fee equal to six-tenths of one percent of the credit amount. The department shall remit such fees to the State Treasurer for credit to the Department of Revenue Enforcement Fund.

(5) If the recipient of the credit is (a) a corporation having an election in effect under subchapter S of the Internal Revenue Code of 1986, as amended, (b) a partnership, or (c) a limited liability company, the credit may be claimed by the shareholders of the corporation, the partners of the partnership, or the members of the limited liability company in the same manner as those shareholders, partners, or members account for their proportionate shares of the income or losses of the corporation, partnership, or limited liability company, or as provided in the bylaws or other executed agreement of the corporation, partnership, or limited liability company. Credits granted to a partnership, a limited liability company taxed as a partnership, or other multiple owners of property shall be passed through to the partners, members, or owners, respectively, on a pro rata basis or pursuant to an executed agreement among the partners, members, or owners documenting any alternate distribution method.

(6) Subject to section 77-2912, any credit amount that is unused may be carried forward to subsequent tax years until fully utilized.

(7) Credits allowed under this section may be claimed for taxable years beginning or deemed to begin on or after January 1, 2015, under the Internal Revenue Code of 1986, as amended.

77-3003.01 Seizure of mechanical amusement device; penalty; determination cash device complies with act; procedure; Tax Commissioner; powers and duties; mechanical amusement device decal; final decision; appeal; retail establishment; limits on devices; annual decal fee.

(1)(a) The Tax Commissioner or his or her agents or employees, at the direction of the Tax Commissioner, or any peace officer of this state may seize, without a warrant, any mechanical amusement device if there is cause to believe such mechanical amusement device is not in compliance with the Mechanical Amusement Device Tax Act or any rules and regulations adopted and promulgated under the act or if the department determines the response to a request for information is materially deficient without good cause. In addition to seizure, any person placing in service or operating a cash device constituting an illegal game of chance or an unlicensed cash device of any kind within this state shall be subject to a penalty of up to one thousand dollars for each day of such operation. The Tax Commissioner has the authority to suspend or revoke the license of any operator, manufacturer, or distributor of a cash device that is in violation of this section.

(b) For purposes of this subsection, a mechanical amusement device is subject to seizure and penalties as if it were a game of chance if:

(i) The mechanical amusement device is a cash device; and

(ii) The mechanical amusement device does not bear an unexpired decal as required under the Mechanical Amusement Device Tax Act.

(c) This section does not apply to any device (i) used in any bingo, lottery by the sale of pickle cards, or other lottery, raffle, or gift enterprise conducted in accordance with the Nebraska Bingo Act, Nebraska County and City Lottery Act, Nebraska Lottery and Raffle Act, Nebraska Pickle Card Lottery Act, Nebraska Small Lottery and Raffle Act, State Lottery Act, or section 9-701, (ii) used for a prize contest as defined in section 28-1101, (iii) specifically authorized by the laws of this state, or (iv) regulated under the Nebraska Racetrack Gaming Act.

(2) To receive a determination from the department that a cash device is in compliance with the Mechanical Amusement Device Tax Act and any rules and regulations adopted and promulgated under the act, a manufacturer or distributor of the device shall:

(a) Submit an application to the Tax Commissioner containing information regarding the device's location, software, Internet connectivity, and configuration as may be required by the Tax Commissioner;

(b) Submit an application fee of five hundred dollars;

(c) Provide a specimen of the proposed cash device;

(d) Provide all supporting evidence, including a report by an independent testing laboratory certified by the Tax Commissioner, to the Tax Commissioner indicating that, under all configurations, settings, and modes of operation, operation of the cash device constitutes a game of skill and not a game of chance and the use, operation, sale, or manufacture of the cash device would not constitute a violation of section 28-1107; and

(e) Provide an affidavit from the manufacturer or distributor affirming that no functional changes in hardware or software will be made to the approved cash device without further approval from the Tax Commissioner.

(3) The Tax Commissioner shall issue a response in writing to the applicant within forty-five days after the applicant has completed and submitted all application requirements. The Tax Commissioner's response shall state the reason for any denial or the reasons a determination cannot be made.

(4)(a) A cash device shall not be considered a game of skill if one or more of the following apply:

(i) The ability of any player to succeed at the game played on the cash device is impacted by the number or ratio of prior wins to prior losses of players playing such cash device;

(ii) The ability of the player to succeed at the game played on the cash device is impacted by the ability of any person to set a specified win-loss ratio for the cash device or by the cash device having a predetermined win-loss percentage;

(iii) The outcome of the game played on the cash device can be controlled by a source other than any player playing the cash device;

(iv) The success of any player is or may be determined by a chance event which cannot be altered by player action;

(v) There is no possibility for the player to win every game played on the cash device or there are unwinnable games or game modes on the cash device;

(vi) The ability of any player to succeed at the game played on the cash device requires the exercise of skill that no reasonable player could exercise; or

(vii) The primary determination of the prize amount is determined by the presentation or generation of a particular puzzle or group of symbols dealt to the player and the player does not have control over the puzzle or group of symbols presented.

(b) For purposes of this subsection, reasonable player means a player with an average level of intelligence, physical and mental skills, reaction time, and dexterity.

(5) The department or any court considering whether a gambling device is a game of skill may consider:

(a) The results of an analysis by the independent testing laboratory certified by the Tax Commissioner to evaluate the reaction time required for a player of a particular game on such cash device to perform the tasks required by the game to win; or

(b) The results of an analysis by the independent testing laboratory certified by the Tax Commissioner to evaluate factors set forth by the Tax Commissioner, other than reaction time, required for the player of a particular game on such cash device to perform the tasks required by the game to win.

(6) Factors which are not sufficient indications of a skill-based game include, but are not limited to:

(a) Whether a comprehensive list of prizes or outcomes is offered to the player or whether all outcomes are drawn from a finite pool of predetermined outcomes or starting positions;

(b) Whether a player can increase his or her chance of winning based on knowledge of probabilities in general or the probabilities of any particular prize or outcome in a game or on a cash device;

(c) Whether a player can simply choose not to play before committing money or credits; or

(d) A game task consisting solely of moving a symbol up or down, replacing one symbol with another, or any similar action, with or without a timer.

(7) Upon approval of an application based on a determination that the mechanical amusement device is a game of skill and not a game of chance, the

Tax Commissioner shall issue a mechanical amusement device decal for the device as configured and as provided in subsection (8) of this section. No mechanical amusement device decal shall be issued for any cash device unless the department has determined that such cash device is a game of skill and not a game of chance and that the manufacture, sale, transport, placement, possession, or operation of such cash device does not constitute a violation of section 28-1107. If the Tax Commissioner does not approve the application for the cash device, the application shall be denied and the operator shall have the opportunity for an administrative hearing before the Tax Commissioner at which evidence may be presented on the issue of whether the cash device is specifically authorized by law and is not a gambling device as defined in section 28-1101. After such hearing, the Tax Commissioner shall enter a final decision approving or denying the application. The Tax Commissioner's final decision may be appealed, and the appeal shall be in accordance with the Administrative Procedure Act.

(8)(a) Upon approval of a specimen of a cash device as a game of skill under this section, the department may issue a mechanical amusement device decal for each such cash device:

(i) If certified by the manufacturer to be functionally identical in both hardware and software configurations to the specimen provided to the department; and

(ii) If the application fee described in subdivision (2)(b) of this section and the annual decal fee described in subdivision (c) of this subsection have been paid.

(b)(i) In order for a distributor or operator of a cash device to place a cash device into operation at a retail establishment, other than a retail establishment owned or operated by a fraternal benefit society organized and licensed under sections 44-1072 to 44-10,109 or a recognized veterans organization as defined in section 80-401.01, such retail establishment shall generate at least sixty percent of the gross operating revenue of such retail establishment from sources other than the total gross operating revenue of any cash devices located within the retail establishment.

(ii) The number of cash devices permitted at any retail establishment shall not exceed the lesser of either:

(A) Except for a fraternal benefit society organized and licensed under sections 44-1072 to 44-10,109 or a recognized veterans organization as defined in section 80-401.01, the number of cash devices it takes to generate forty percent of the gross operating revenue of the retail establishment; or

(B) Four cash devices, except that an establishment with over four thousand square feet may have one cash device for each one thousand square feet, up to a maximum of fifteen cash devices.

(c) The distributor or operator of a cash device shall pay an annual decal fee of two hundred fifty dollars to the department for each cash device in operation in Nebraska. The decal issued under this section shall be distinct from other decals issued by the department for mechanical amusement devices that are not required to be evaluated under this section. Regardless of the issuance of a decal by the department, no cash device shall be considered in compliance if it does not bear an unexpired decal in a conspicuous place.

(9) The application process described in this section shall not be construed to limit further investigation by the department or the issuance of further regula-

tions to promote compliance after the application process is completed. At any point after a determination of skill by the department, the department may request from the manufacturer, distributor, or operator information about any cash device in operation in this state, including, but not limited to, information regarding currently operable source code, changes to software or hardware, and communications from or to the device over the Internet. A manufacturer, distributor, or operator that receives a request shall respond with all responsive information in its possession or control within fifteen business days.

(10) If a manufacturer or distributor receives a determination from the department that a cash device is not in compliance with the Mechanical Amusement Device Tax Act, such manufacturer or distributor shall have thirty days after the issuance of that determination to remove any such cash device from operation in Nebraska.

(11) Application fees collected under subsection (2) of this section and annual decal fees collected under subsection (8) of this section shall be remitted to the State Treasurer for credit to the Department of Revenue Enforcement Fund.

77-3114 Legislative findings.

The Legislature hereby finds that areas of chronic economic distress in the State of Nebraska are a detriment to the economic well-being, health, and safety of the citizens of Nebraska. The Legislature further contends that current governmental solutions have not been able to completely resolve certain problems such as overcrowding, unemployment, and poor health and sanitary conditions in a community which lead to further deterioration. Such problems cannot be remedied by the government alone, but can be alleviated through a partnership between the government and private enterprise. It is therefor

declared to be public policy in this state to encourage contributions by business firms and individuals that offer and provide community and neighborhood assistance and community services.

77-3122 Legislative findings.

(1) The Legislature finds that:

(a) Film and television production in Nebraska not only provides jobs for residents of Nebraska and dollars for Nebraska businesses but also enhances the state's image nationwide;

(b) The high cost of film and television production is driving such production to other states, and the industry is always seeking attractive locations that can help cut the costs of production;

(c) The retention of Nebraska's youth is one of the top priorities in growing the state's economy. Film studies and creative arts students from the universities and colleges in Nebraska are taking their talents to other states due to the lack of strongly developed media production facilities within the state;

(d) The State of Nebraska, with a competitive incentive, can build on past success as an attractive site for film and television production;

(e) Nebraska is presently among several states with minimal incentives to attract the film and television industry; and

(f) A new and attractive film incentive should be used in conjunction with the Local Option Municipal Economic Development Act, passed by the Ninety-Second Legislature, First Session, 1991, as Legislative Bill 840, for municipalities that have included production of films or television programs as a qualifying business expense.

(2) It is the intent of the Legislature to provide an incentive that will allow the state to compete with other states and increase film and television production in this state.

77-3443 Other political subdivisions; levy limit; levy request; governing body; duties; allocation of levy.

(1) All political subdivisions, other than (a) school districts, community colleges, natural resources districts, educational service units, cities, villages, counties, municipal counties, rural and suburban fire protection districts that have levy authority pursuant to subsection (10) of section 77-3442, and sanitary and improvement districts and (b) political subdivisions subject to municipal allocation under subsection (2) of this section, may levy taxes as authorized by law which are authorized by the county board of the county or the council of a municipal county in which the greatest portion of the valuation is located, which are counted in the county or municipal county levy limit provided in section 77-3442, and which do not collectively total more than fifteen cents per one hundred dollars of taxable valuation on any parcel or item of taxable property for all governments for which allocations are made by the municipality, county, or municipal county, except that such limitation shall not apply to property tax levies for preexisting lease-purchase contracts approved prior to July 1, 1998, for bonded indebtedness approved according to law and secured by a levy on property, and for payments by a public airport to retire interest-free loans from the Division of Aeronautics of the Department of Transportation in lieu of bonded indebtedness at a lower cost to the public airport. The county board or council shall review and approve or disapprove the levy request of all political subdivisions subject to this subsection. The county board or council may approve all or a portion of the levy request and may approve a levy request that would allow the requesting political subdivision to levy a tax at a levy greater than that permitted by law. Unless a transit authority elects to convert to a regional metropolitan transit authority in accordance with the Regional Metropolitan Transit Authority Act, and for each fiscal year of such a transit authority until the first fiscal year commencing after the effective date of such conversion, the county board of a county or the council of a municipal county which contains a transit authority established pursuant to the Transit Authority Law shall allocate no less than three cents per one hundred dollars of taxable property within the city or municipal county subject to the levy to the transit authority if requested by such authority. For any political subdivision subject to this subsection that receives taxes from more than one county or municipal county, the levy shall be allocated only by the county or municipal county in which the greatest portion of the valuation is located. The county board of equalization shall certify all levies by October 20 to insure that the taxes levied by political subdivisions subject to this subsection do not exceed the allowable limit for any parcel or item of taxable property. The levy allocated by the county or municipal county may be exceeded as provided in section 77-3444.

(2) All city airport authorities established under the Cities Airport Authorities Act, community redevelopment authorities established under the Community Development Law, transit authorities established under the Transit Authority Law unless and until the first fiscal year commencing after the effective date of any conversion by such a transit authority into a regional metropolitan transit authority pursuant to the Regional Metropolitan Transit Authority Act, and offstreet parking districts established under the Offstreet Parking District Act

may be allocated property taxes as authorized by law which are authorized by the city, village, or municipal county and are counted in the city or village levy limit or municipal county levy limit provided by section 77-3442, except that such limitation shall not apply to property tax levies for preexisting lease-purchase contracts approved prior to July 1, 1998, for bonded indebtedness approved according to law and secured by a levy on property, and for payments by a public airport to retire interest-free loans from the Division of Aeronautics of the Department of Transportation in lieu of bonded indebtedness at a lower cost to the public airport. For offstreet parking districts established under the Offstreet Parking District Act, the tax shall be counted in the allocation by the city proportionately, by dividing the total taxable valuation of the taxable property within the district by the total taxable valuation of the taxable property within the city multiplied by the levy of the district. Unless a transit authority elects to convert into a regional metropolitan transit authority pursuant to the Regional Metropolitan Transit Authority Act, and for each fiscal year of such a transit authority until the first fiscal year commencing after the effective date of such conversion, the city council of a city which has established a transit authority pursuant to the Transit Authority Law or the council of a municipal county which contains a transit authority shall allocate no less than three cents per one hundred dollars of taxable property subject to the levy to the transit authority if requested by such authority. The city council, village board, or council shall review and approve or disapprove the levy request of the political subdivisions subject to this subsection. The city council, village board, or council may approve all or a portion of the levy request and may approve a levy request that would allow a levy greater than that permitted by law. The levy allocated by the municipality or municipal county may be exceeded as provided in section 77-3444.

(3) On or before August 1, all political subdivisions subject to county, municipal, or municipal county levy authority under this section shall submit a preliminary request for levy allocation to the county board, city council, village board, or council that is responsible for levying such taxes. The preliminary request of the political subdivision shall be in the form of a resolution adopted by a majority vote of members present of the political subdivision's governing body. The failure of a political subdivision to make a preliminary request shall preclude such political subdivision from using procedures set forth in section 77-3444 to exceed the final levy allocation as determined in subsection (4) of this section.

(4) Each county board, city council, village board, or council shall (a) adopt a resolution by a majority vote of members present which determines a final allocation of levy authority to its political subdivisions and (b) forward a copy of such resolution to the chairperson of the governing body of each of its political subdivisions. No final levy allocation shall be changed after September 1 except by agreement between both the county board, city council, village board, or council which determined the amount of the final levy allocation and the governing body of the political subdivision whose final levy allocation is at issue.

77-3444 Authority to exceed maximum levy; procedure.

(1) A political subdivision may exceed the limits provided in section 77-3442 or a final levy allocation determination as provided in section 77-3443 by an amount not to exceed a maximum levy approved by a majority of registered voters voting on the issue in a primary, general, or special election at which the issue is placed before the registered voters. A vote to exceed the limits provided in section 77-3442 or a final levy allocation as provided in section 77-3443 must be approved prior to October 10 of the fiscal year which is to be the first to exceed the limits or final levy allocation. The governing body of the political subdivision may call for the submission of the issue to the voters (a) by passing a resolution calling for exceeding the limits or final levy allocation by a vote of at least two-thirds of the members of the governing body and delivering a copy of the resolution to the county clerk or election commissioner of every county which contains all or part of the political subdivision or (b) upon receipt of a petition by the county clerk or election commissioner of every county containing all or part of the political subdivision requesting an election signed by at least five percent of the registered voters residing in the political subdivision. The resolution or petition shall include the amount of levy which would be imposed in excess of the limits provided in section 77-3442 or the final levy allocation as provided in section 77-3443 and the duration of the excess levy authority. The excess levy authority shall not have a duration greater than five years. Any resolution or petition calling for a special election shall be filed with the county clerk or election commissioner on or before the fifth Friday prior to the election, and the time of publication and providing a copy of the notice of election required in section 32-802 shall be no later than twenty days prior to the election. The county clerk or election commissioner shall place the issue on the ballot at an election as called for in the resolution or petition which is at least thirty-one days after receipt of the resolution or petition. The election shall be held pursuant to the Election Act. For petitions filed with the county clerk or election commissioner on or after May 1, 1998, the petition shall be in the form as provided in sections 32-628 to 32-631. Any excess levy authority approved under this section shall terminate pursuant to its terms, on a vote of the governing body of the political subdivision to terminate the authority to levy more than the limits, at the end of the fourth fiscal year following the first year in which the levy exceeded the limit or the final levy allocation, or as provided in subsection (4) of this section, whichever is earliest. A governing body may pass no more than one resolution calling for an election pursuant to this section during any one calendar year. Only one election may be held in any one calendar year pursuant to a petition initiated under this section.

(2) The ballot question may include any terms and conditions set forth in the resolution or petition and shall include the following: ''Shall (name of political subdivision) be allowed to levy a property tax not to exceed _____ cents per one hundred dollars of taxable valuation in excess of the limits prescribed by law until fiscal year _____ for the purposes of (general operations; building construction, remodeling, or site acquisition; or both general operations and building construction, remodeling, or site acquisition)?''. If a majority

of the votes cast upon the ballot question are in favor of such tax, the county board shall authorize a tax in excess of the limits in section 77-3442 or the final levy allocation in section 77-3443 but such tax shall not exceed the amount stated in the ballot question. If a majority of those voting on the ballot question are opposed to such tax, the governing body of the political subdivision shall not impose such tax.

(3) In lieu of the election procedures in subsection (1) of this section, any political subdivision subject to section 77-3443 and villages may approve a levy in excess of the limits in section 77-3442 or the final levy allocation provided in section 77-3443 for a period of one year at a meeting of the residents of the political subdivision or village, called after notice is published in a newspaper of general circulation in the political subdivision or village at least twenty days prior to the meeting. At least ten percent of the registered voters residing in the political subdivision or village shall constitute a quorum for purposes of taking action to exceed the limits or final levy allocation. A record shall be made of the registered voters residing in the political subdivision or village who are present at the meeting. The method of voting at the meeting shall protect the secrecy of the ballot. If a majority of the registered voters present at the meeting vote in favor of exceeding the limits or final levy allocation, a copy of the record of that action shall be forwarded to the county board prior to October 10 and the county board shall authorize a levy as approved by the residents for the year. If a majority of the registered voters present at the meeting vote against exceeding the limits or final allocation, the limit or allocation shall not be exceeded and the political subdivision shall have no power to call for an election under subsection (1) of this section.

(4) A political subdivision may rescind or modify a previously approved excess levy authority prior to its expiration by a majority of registered voters voting on the issue in a primary, general, or special election at which the issue is placed before the registered voters. A vote to rescind or modify must be approved prior to October 10 of the fiscal year for which it is to be effective. The governing body of the political subdivision may call for the submission of the issue to the voters (a) by passing a resolution calling for the rescission or modification by a vote of at least two-thirds of the members of the governing body and delivering a copy of the resolution to the county clerk or election commissioner of every county which contains all or part of the political subdivision or (b) upon receipt of a petition by the county clerk or election commissioner of every county containing all or part of the political subdivision requesting an election signed by at least five percent of the registered voters residing in the political subdivision. The resolution or petition shall include the amount and the duration of the previously approved excess levy authority and a statement that either such excess levy authority will be rescinded or such excess levy authority will be modified. If the excess levy authority will be modified, the amount and duration of such modification shall be stated. The modification shall not have a duration greater than five years. The county clerk or election commissioner shall place the issue on the ballot at an election as called for in the resolution or petition which is at least thirty-one days after receipt of the resolution or petition, and the time of publication and providing a copy of the notice of election required in section 32-802 shall be no later than twenty days prior to the election. The election shall be held pursuant to the Election Act.

(5) For purposes of this section, when the political subdivision is a sanitary and improvement district, registered voter means a person qualified to vote as

provided in section 31-735. Any election conducted under this section for a sanitary and improvement district shall be conducted and counted as provided in sections 31-735 to 31-735.06.

(1) On or before August 1 of each year, the county assessor shall forward the approved applications for homestead exemptions and a copy of the certification of disability status that have been examined pursuant to section 77-3516 to the Tax Commissioner. The Tax Commissioner shall determine if the applicant meets the income requirements and may also review any other application information he or she deems necessary in order to determine whether the application should be approved. The Tax Commissioner shall, on or before November 1, certify his or her determinations to the county assessor. If the application is approved, the county assessor shall make the proper deduction on the assessment rolls. If the application is denied or approved in part, the Tax Commissioner shall notify the applicant of the denial or partial approval by mailing written notice to the applicant at the address shown on the application. The applicant may appeal the Tax Commissioner's denial or partial approval pursuant to section 77-3520. Late applications authorized under section 77-3512 shall be processed in a similar manner after approval by the county assessor. If the Tax Commissioner approves a late application after any of the real estate taxes in question become delinquent, such delinquency and any interest associated with the amount of the approved exemption shall be removed from the tax rolls of the county within thirty days after the county assessor receives notice from the Tax Commissioner of the approved exemption.

(2)(a) Upon his or her own action or upon a request by an applicant, a spouse, or an owner-occupant, the Tax Commissioner may review any informa-

The applicant, the spouse, and any owner-occupant may appeal the Tax Commissioner's denial or reduction pursuant to section 77-3520. Upon the expiration of the appeal period in section 77-3520, the Tax Commissioner shall notify the county assessor of the denial or reduction and the county assessor shall remove or reduce the exemption from the tax rolls of the county. Upon notification by the Tax Commissioner to the county assessor, the amount of tax due as a result of the action of the Tax Commissioner shall become a lien on the homestead until paid. Upon attachment of the lien, the county treasurer shall refund to the Tax Commissioner the amount of tax equal to the denied or reduced exemption for deposit into the General Fund. No lien shall be created if a change in ownership of the homestead or death of the applicant, the spouse, and all other owner-occupants has occurred prior to the Tax Commissioner's notice to the county assessor. 77-4212 Property tax credit; minimum amount; county treasurer; duties; disbursement to counties; Property Tax Administrator; State Treasurer; duties.

(1) For tax year 2007, the amount of relief granted under the Property Tax Credit Act shall be one hundred five million dollars. For tax year 2008, the amount of relief granted under the act shall be one hundred fifteen million

dollars. It is the intent of the Legislature to fund the Property Tax Credit Act for tax years after tax year 2008 using available revenue. For tax year 2017, the amount of relief granted under the act shall be two hundred twenty-four million dollars. For tax year 2020 through tax year 2022, the minimum amount of relief granted under the act shall be two hundred seventy-five million dollars. For tax year 2023, the minimum amount of relief granted under the act shall be three hundred sixty million dollars. For tax year 2024, the minimum amount of relief granted under the act shall be three hundred ninety-five million dollars. For tax year 2025, the minimum amount of relief granted under the act shall be four hundred thirty million dollars. For tax year 2026, the minimum amount of relief granted under the act shall be four hundred forty-five million dollars. For tax year 2027, the minimum amount of relief granted under the act shall be four hundred sixty million dollars. For tax year 2028, the minimum amount of relief granted under the act shall be four hundred seventy-five million dollars. For tax year 2029, the minimum amount of relief granted under the act shall be the minimum amount from the prior tax year plus a percentage increase equal to the percentage increase, if any, in the total assessed value of all real property in the state from the prior year to the current year, as determined by the Department of Revenue, plus an additional seventy-five million dollars. For tax year 2030 and each tax year thereafter, the minimum amount of relief granted under the act shall be the minimum amount from the prior tax year plus a percentage increase equal to the percentage increase, if any, in the total assessed value of all real property in the state from the prior year to the current year, as determined by the Department of Revenue. If money is transferred or credited to the Property Tax Credit Cash Fund pursuant to any other state law, such amount shall be added to the minimum amount required under this subsection when determining the total amount of relief granted under the act. The relief shall be in the form of a property tax credit which appears on the property tax statement.

(2)(a) For tax years prior to tax year 2017, to determine the amount of the property tax credit, the county treasurer shall multiply the amount disbursed to the county under subdivision (4)(a) of this section by the ratio of the real property valuation of the parcel to the total real property valuation in the county. The amount determined shall be the property tax credit for the property.

(b) Beginning with tax year 2017, to determine the amount of the property tax credit, the county treasurer shall multiply the amount disbursed to the county under subdivision (4)(b) of this section by the ratio of the credit allocation valuation of the parcel to the total credit allocation valuation in the county. The amount determined shall be the property tax credit for the property.

(3) If the real property owner qualifies for a homestead exemption under sections 77-3501 to 77-3529, the owner shall also be qualified for the relief provided in the act to the extent of any remaining liability after calculation of the relief provided by the homestead exemption. If the credit results in a property tax liability on the homestead that is less than zero, the amount of the credit which cannot be used by the taxpayer shall be returned to the Property Tax Administrator by July 1 of the year the amount disbursed to the county was disbursed. The Property Tax Administrator shall immediately credit any funds returned under this subsection to the Property Tax Credit Cash Fund. Upon the return of any funds under this subsection, the county treasurer shall electroni-

cally file a report with the Property Tax Administrator, on a form prescribed by the Tax Commissioner, indicating the amount of funds distributed to each taxing unit in the county in the year the funds were returned, any collection fee retained by the county in such year, and the amount of unused credits returned.

(4)(a) For tax years prior to tax year 2017, the amount disbursed to each county shall be equal to the amount available for disbursement determined under subsection (1) of this section multiplied by the ratio of the real property valuation in the county to the real property valuation in the state. By September 15, the Property Tax Administrator shall determine the amount to be disbursed under this subdivision to each county and certify such amounts to the State Treasurer and to each county. The disbursements to the counties shall occur in two equal payments, the first on or before January 31 and the second on or before April 1. After retaining one percent of the receipts for costs, the county treasurer shall allocate the remaining receipts to each taxing unit levying taxes on taxable property in the tax district in which the real property is located in the same proportion that the levy of such taxing unit bears to the total levy on taxable property of all the taxing units in the tax district in which the real property is located.

(b) Beginning with tax year 2017, the amount disbursed to each county shall be equal to the amount available for disbursement determined under subsection (1) of this section multiplied by the ratio of the credit allocation valuation in the county to the credit allocation valuation in the state. By September 15, the Property Tax Administrator shall determine the amount to be disbursed under this subdivision to each county and certify such amounts to the State Treasurer and to each county. The disbursements to the counties shall occur in two equal payments, the first on or before January 31 and the second on or before April 1. After retaining one percent of the receipts for costs, the county treasurer shall allocate the remaining receipts to each taxing unit based on its share of the credits granted to all taxpayers in the taxing unit.

(5) For purposes of this section, credit allocation valuation means the taxable value for all real property except agricultural land and horticultural land, one hundred twenty percent of taxable value for agricultural land and horticultural land that is not subject to special valuation, and one hundred twenty percent of taxable value for agricultural land and horticultural land that is subject to special valuation.

(6) The State Treasurer shall transfer from the General Fund to the Property Tax Credit Cash Fund one hundred five million dollars by August 1, 2007, and one hundred fifteen million dollars by August 1, 2008.

(7) The Legislature shall have the power to transfer funds from the Property Tax Credit Cash Fund to the General Fund.

The department shall approve the new boundaries on the following conditions:

(a) The department determines that the eligibility criteria in subsection (2) of this section will continue to be met after the proposed boundary adjustment based on the materials submitted by the good life district applicant; and

(b) For any area being removed from the district:

(i) The department shall solicit and receive from the city or village in which all or a portion of the good life district is located confirmation that no area being removed is attributable to local sources of revenue which have been pledged for payment of bonds issued pursuant to the Good Life District Economic Development Act. Confirmation may include resolutions, meeting minutes, or other official measures adopted or taken by the city council or village board of trustees; and

(ii) Either the department has received written consent from the owners of real estate proposed to be removed from the good life district, or a hearing is held by the department in the manner described in this subdivision and the department finds that the removal of the affected property is in the best interests of the state and that the removal is consistent with the goals and purposes of the approved application for the good life district. In determining whether removal of the affected property is consistent with the goals and purposes of the approved application for the good life district, the department may consider any formal action taken by the city council or village board of trustees. Proof of such formal action may include resolutions, meeting minutes, or other official measures adopted or taken. Such hearing must be held at least ninety days after delivering written notice via certified mail to the owners of record for the affected real estate proposed to be removed from the good life district. The hearing must be open to the public and for the stated purpose of hearing testimony regarding the proposed removal of property from the good life district. Attendees must be given the opportunity to speak and submit documentary evidence at, prior to, or contemporaneously with such hearing for the department to consider in making its findings.

(8) After establishment of a good life district pursuant to this section, but within twelve months after the approval of the original application or after any modification is made to the boundaries of a good life district pursuant to this section, a city or village in which any part of the applicable good life district is located may file a supplemental request to the department to increase the size of the good life district by up to one thousand acres. Such supplemental request shall be accompanied by such materials and certifications necessary to demonstrate that such increase would not negatively impact the criteria that were necessary for the original establishment of such good life district.

(9) After establishment of a good life district pursuant to this section and after any modification is made to the boundaries of a good life district pursuant to this section, the department shall transmit to any city or village which includes such good life district within its boundaries or within its extraterritorial zoning jurisdiction (a) all information held by the department related to the application

(10) After establishment of a good life district that exceeds one thousand acres in size, the good life district applicant may apply to the department to establish development and design standards for the good life district. Such standards may include, but are not limited to, standards for architectural design, landscape design, construction materials, and sustainability, but may not require property owners to utilize specific contractors, professionals, suppliers, or service providers. The department may approve the standards after holding a hearing after one hundred eighty days' notice to all property owners in the district if the department finds that the standards will ensure a comprehensive and cohesive character and aesthetic for development in the good life district, and that the standards will further the purposes of the Good Life Transformational Projects Act. The development and design standards must be commercially reasonable and consistent with terminology and accepted practices in the architecture industry, must not conflict with any building code or other similar law or regulation, and must not impose an undue burden on property owners in the district. If approved, the standards shall apply to all new construction inside of the good life district. Notwithstanding the foregoing, any such standards established by the department shall be in addition and supplemental to any local zoning, building code, comprehensive plan, or similar requirements of the city or village, which requirements of the city or village shall control to the extent of any conflict with any design standards established by the department.

(11) Demonstration of meeting the required new development costs for purposes of subdivision (2)(a) of this section may be established by evidence submitted by the good life district applicant, the city or village where the good life district is located, or any other person which submits satisfactory evidence to the department.

77-4409 Legislative findings.

The Legislature finds that:

(1) There is a high degree of competition among states and municipalities in our nation in their efforts to provide incentives for businesses to expand or to locate in their respective jurisdictions; and

(2) Municipalities in Nebraska are unable to effectively assist the development within good life districts formed pursuant to the Good Life Transformational Projects Act because of their inability under Nebraska law to raise sufficient capital to replace the state sales tax which is reduced when a good life district is established. Without an efficient replacement of such sales tax with local sources of revenue, development within good life districts will fall short of reaching the full potential intended by the Legislature when it enacted the Good Life Transformational Projects Act, resulting in lower sales tax revenues for the state. To prevent such diminished revenues for the state and to promote local economic development where good life districts exist, local sources of revenue must be established which are tailored to meet the needs of the local community and benefit the state, if the voters in the municipality determine that it is in the best interest of their community to do so.

(1) Upon establishing a good life district economic development program, the city is authorized to establish any one or more of the following local sources of revenue for the program within the applicable good life district program area:

(a) A local option sales and use tax of up to the greater of (i) the difference between the state sales tax rate levied in general and the state sales tax rate levied on transactions occurring within a good life district or (ii) two and three-quarters percent upon the same transactions that are sourced under the provisions of sections 77-2703.01 to 77-2703.04 within the good life district program area on which the State of Nebraska is authorized to impose a tax pursuant to the Nebraska Revenue Act of 1967, as amended from time to time. The governing body may provide that failure to pay the tax imposed pursuant to this subdivision shall constitute a violation of the ordinance and subject the violator to a fine or other punishment as provided by such ordinance; or

(c) Such portion of a city's local option sales and use tax established pursuant to section 77-27,142 which has been designated by the city for such purpose pursuant to an ordinance, which may only include amounts collected on transactions occurring within the good life district program area, and which may be further restricted by the city in such ordinance, or dedicated to pay such expenses as agreed to between the city and the good life district applicant.

(2) The local option sales and use tax imposed pursuant to subdivision (1)(a) of this section shall be separate and apart from any sales and use tax imposed by the city pursuant to the Local Option Revenue Act and shall not be considered imposed by or pursuant to the Local Option Revenue Act for any purpose under Nebraska law. The local option sales and use tax imposed pursuant to subdivision (1)(a) of this section shall not be subject to deduction for any refunds made pursuant to section 77-4105, 77-4106, 77-5725, or 77-5726, and shall not be affected by or included in the tax incentives available under the Employment and Investment Growth Act, the Nebraska Advantage Act, the ImagiNE Nebraska Act, the Nebraska Advantage Transformational Tourism and Redevelopment Act, the Urban Redevelopment Act, or any other tax incentive act which affects the local option sales tax imposed by a city pursuant to the Local Option Revenue Act.

Acceptable ranges are: (a) For agricultural land and horticultural land as defined in section 77-1359, sixty-nine to seventy-five percent of actual value, except that for school district taxes levied to pay the principal and interest on bonds that are approved by a vote of the people on or after January 1, 2022, the acceptable range is forty-four to fifty percent of actual value; (b) for lands receiving special valuation, sixty-nine to seventy-five percent of special valuation as defined in section 77-1343, except that for school district taxes levied to pay the principal and interest on bonds that are approved by a vote of the people on or after January 1, 2022, the acceptable range is forty-four to fifty percent of special valuation as defined in section 77-1343; and (c) for all other real property, ninety-two to one hundred percent of actual value.

(5) Whether or not the level of value determined by the commission falls within an acceptable range or at the midpoint of an acceptable range may be determined to a reasonable degree of certainty relying upon generally accepted mass appraisal techniques.

77-5211 Owner of agricultural assets; tax credit; when.

(1) Except as otherwise disallowed under subsection (7) of this section, an owner of agricultural assets shall be allowed a refundable credit against the income tax imposed by the Nebraska Revenue Act of 1967 for agricultural assets rented on a rental agreement basis, including cash rent of agricultural assets or cash equivalent of a share-rent rental, to qualified beginning farmers or livestock producers. Such asset shall be rented at prevailing community rates as determined by the board.

(2) An owner of agricultural assets who has participated in a board approved and certified three-year rental agreement with a beginning farmer or livestock producer shall be eligible to file subsequent applications for different assets.

(3) Except as allowed pursuant to subsection (5) of this section, tax credits for an agricultural asset may be issued for a maximum of three years.

(4) The credit allowed shall be for renting agricultural assets used for farming or livestock production. Such credit shall be granted by the Department of Revenue only after approval and certification by the board and a written three-year rental agreement for such assets is entered into between an owner of agricultural assets and a qualified beginning farmer or livestock producer. An owner of agricultural assets or qualified beginning farmer or livestock producer may terminate such agreement for reasonable cause upon approval by the board. If an agreement is terminated without fault on the part of the owner of agricultural assets as determined by the board, the tax credit shall not be retroactively disallowed. If an agreement is terminated with fault on the part of the owner of agricultural assets as determined by the board, any prior tax credits claimed by such owner shall be disallowed and recaptured and shall be immediately due and payable to the State of Nebraska.

(5) A credit may be granted to an owner of agricultural assets for renting agricultural assets, including cash rent of agricultural assets or cash equivalent of a share-rent agreement, to any qualified beginning farmer or livestock producer for a period of three years. An owner of agricultural assets shall be eligible for further credits for such assets under the Beginning Farmer Tax Credit Act when the rental agreement is terminated prior to the end of the three-year period through no fault of the owner of agricultural assets. If the board finds that such a termination was not the fault of the owner of the agricultural assets, it may approve the owner for credits arising from a

subsequent qualifying rental agreement on the same asset with a different qualified beginning farmer or livestock producer.

(6) Any credit allowable to a partnership, a corporation, a limited liability company, or an estate or trust may be distributed to the partners, members, shareholders, or beneficiaries. Any credit distributed shall be distributed in the same manner as income is distributed.

(7) The credit allowed under this section shall not be allowed to an owner of agricultural assets for a rental agreement with a beginning farmer or livestock producer who is a relative, as defined in section 36-802, of the owner of agricultural assets or of a partner, member, shareholder, or trustee of the owner of agricultural assets unless the rental agreement is included in a written succession plan. Such succession plan shall be in the form of a written contract or other instrument legally binding the parties to a process and timetable for the transfer of agricultural assets from the owner of agricultural assets to the beginning farmer or livestock producer. The succession plan shall provide for the transfer of assets to be completed within a period of no longer than thirty years, except that when the asset to be transferred is land owned by an individual, the period of transfer may be for a period up to the date of death of the owner. The owner of agricultural assets shall be allowed the credit provided for qualified rental agreements under this section if the board certifies the plan as providing a reasonable manner and probability of successful transfer.

(8) The total amount of credits granted under this section shall not exceed two million dollars per year. In calculating such limit, the board shall consider the cumulative amount of credits requested in the application submitted by the owner of agricultural assets rather than the amount of credits actually claimed by such owner.

Any person aggrieved by a decision of the board may appeal the decision, and the appeal shall be in accordance with the Administrative Procedure Act.

77-5213 Tax credit; amount; agreement; review.

(1) The tax credit approved and certified by the board under section 77-5211 for an owner of agricultural assets in the first, second, or third year of a qualifying rental agreement shall be equal to (a) ten percent of the gross rental income stated in a rental agreement that is a cash rent agreement or (b) fifteen percent of the cash equivalent of the gross rental income in a rental agreement that is a share-rent agreement. Tax credits shall only be approved and certified for rental agreements that are approved and certified by the board under the Beginning Farmer Tax Credit Act.

(2) To qualify for the greater rate of credit allowed under subdivision (1)(b) of this section, a share-rent agreement shall provide for sharing of production expenses or risk of loss, or both, between the agricultural asset owner and the qualified beginning farmer or livestock producer. The board may adopt and promulgate rules and regulations, consistent with the policy objectives of the act, to further define the standards that share-rent agreements shall meet for approval and certification of the tax credit under the act.

(3) The board shall review each existing three-year rental agreement between a beginning farmer or livestock producer and an owner of agricultural assets on an annual basis and shall either certify or terminate program eligibility for beginning farmers or livestock producers or tax credits granted to owners of agricultural assets on an annual basis.

For a tier 6 project

submitted and approved by the Tax Commissioner on or after December 1, 2020, or for any tier 2, tier 4, or tier 5 project, the required levels of employment and investment shall be met prior to the end of the sixth year after the year in which the application was submitted. For a tier 5 project that is sequential to a tier 2 large data center project, the required level of investment shall be met prior to the end of the fourth year after the expiration of the tier 2 large data center project entitlement period relating to sales tax exemptions.

(5) The Tax Commissioner shall make his or her determination to approve or not approve an application within one hundred eighty days after the date of the application. If the Tax Commissioner requests, by mail or by electronic means, additional information or clarification from the taxpayer in order to make his or her determination, such one-hundred-eighty-day period shall be tolled from the time the Tax Commissioner makes the request to the time he or she receives the requested information or clarification from the taxpayer. The taxpayer and the Tax Commissioner may also agree to extend the one-hundred-eighty-day period. If the Tax Commissioner fails to make his or her determination within the prescribed one-hundred-eighty-day period, the application shall be deemed approved.

(6) Within one hundred eighty days after approval of the application, the Tax Commissioner shall prepare and mail a written agreement to the taxpayer for the taxpayer's signature. The taxpayer and the Tax Commissioner shall enter into a written agreement. The taxpayer shall agree to complete the project, and the Tax Commissioner, on behalf of the State of Nebraska, shall designate the approved plan of the taxpayer as a project and, in consideration of the taxpayer's agreement, agree to allow the taxpayer to use the incentives contained in the Nebraska Advantage Act. The application, and all supporting documentation, to the extent approved, shall be considered a part of the agreement. The agreement shall state:

(a) The levels of employment and investment required by the act for the project;

(b) The time period under the act in which the required levels must be met;

(c) The documentation the taxpayer will need to supply when claiming an incentive under the act;

(d) The date the application was filed; and

(e) A requirement that the company update the Department of Revenue annually on any changes in plans or circumstances which affect the timetable of sales tax refunds as set out in the application. If the company fails to comply with this requirement, the Tax Commissioner may defer any pending sales tax refunds until the company does comply.

(7) The incentives contained in section 77-5725 shall be in lieu of the tax credits allowed by the Nebraska Advantage Rural Development Act for any project. In computing credits under the act, any investment or employment which is eligible for benefits or used in determining benefits under the Nebraska Advantage Act shall be subtracted from the increases computed for determining the credits under section 77-27,188. New investment or employment at a project location that results in the meeting or maintenance of the employment or investment requirements, the creation of credits, or refunds of taxes under the Employment and Investment Growth Act shall not be considered new investment or employment for purposes of the Nebraska Advantage Act. The use of carryover credits under the Employment and Investment

Growth Act, the Invest Nebraska Act, the Nebraska Advantage Rural Development Act, or the Quality Jobs Act shall not preclude investment and employment from being considered new investment or employment under the Nebraska Advantage Act. The use of property tax exemptions at the project under the Employment and Investment Growth Act shall not preclude investment not eligible for the property tax exemption from being considered new investment under the Nebraska Advantage Act.

(8) A taxpayer and the Tax Commissioner may enter into agreements for more than one project and may include more than one project in a single agreement. The projects may be either sequential or concurrent. A project may involve the same location as another project. No new employment or new investment shall be included in more than one project for either the meeting of the employment or investment requirements or the creation of credits. When projects overlap and the plans do not clearly specify, then the taxpayer shall specify in which project the employment or investment belongs.

(9) The taxpayer may request that an agreement be modified if the modification is consistent with the purposes of the act and does not require a change in the description of the project. An agreement may not be modified to a tier that would grant a higher level of benefits to the taxpayer or to a tier 1 project. Once satisfied that the modification to the agreement is consistent with the purposes stated in the act, the Tax Commissioner and taxpayer may amend the agreement. For a tier 6 project, the taxpayer must agree to limit the project to qualified activities allowable under tier 2 and tier 4.

77-5726 Credits; use; refund claims; procedures; interest; appointment of purchasing agent; protest; appeal.

(1)(a) The credits prescribed in section 77-5725 for a year shall be established by filing the forms required by the Tax Commissioner with the income tax

return for the taxable year which includes the end of the year the credits were earned. The credits may be used and shall be applied in the order in which they were first allowed. The credits may be used after any other nonrefundable credits to reduce the taxpayer's income tax liability imposed by sections 77-2714 to 77-27,135. Credits may be used beginning with the taxable year which includes December 31 of the year the required minimum levels were reached. The last year for which credits may be used is the taxable year which includes December 31 of the last year of the carryover period. Any decision on how part of the credit is applied shall not limit how the remaining credit could be applied under this section.

(b) The taxpayer may use the credit provided in subsection (4) of section 77-5725 to reduce the taxpayer's income tax withholding employer or payor tax liability under section 77-2756 or 77-2757 to the extent such liability is attributable to the number of new employees at the project, excluding any compensation in excess of one million dollars paid to any one employee during the year. The taxpayer may use the credit provided in subsection (5) of section 77-5725 to reduce the taxpayer's income tax withholding employer or payor tax liability under section 77-2756 or 77-2757 to the extent such liability is attributable to all employees employed at the project, other than base-year employees and excluding any compensation in excess of one million dollars paid to any one employee during the year. To the extent of the credit used, such withholding shall not constitute public funds or state tax revenue and shall not constitute a trust fund or be owned by the state. The use by the taxpayer of the credit shall not change the amount that otherwise would be reported by the taxpayer to the employee under section 77-2754 as income tax withheld and shall not reduce the amount that otherwise would be allowed by the state as a refundable credit on an employee's income tax return as income tax withheld under section 77-2755.

For a tier 1, tier 2, tier 3, or tier 4 project, the amount of credits used against income tax withholding shall not exceed the withholding attributable to new employees employed at the project, excluding any compensation in excess of one million dollars paid to any one employee during the year.

For a tier 6 project, the amount of credits used against income tax withholding shall not exceed the withholding attributable to all employees employed at the project, other than base-year employees and excluding any compensation in excess of one million dollars paid to any one employee during the year.

If the amount of credit used by the taxpayer against income tax withholding exceeds this amount, the excess withholding shall be returned to the Department of Revenue in the manner provided in section 77-2756, such excess amount returned shall be considered unused, and the amount of unused credits may be used as otherwise permitted in this section or shall carry over to the extent authorized in subdivision (1)(e) of this section.

(c) Credits may be used to obtain a refund of sales and use taxes under the Local Option Revenue Act, the Nebraska Revenue Act of 1967, and sections 13-319, 13-324, 13-2813, and 77-6403 which are not otherwise refundable that are paid on purchases, including rentals, for use at the project for a tier 1, tier 2, tier 3, or tier 4 project or for use within this state for a tier 2 large data center project or a tier 6 project.

(d) The credits earned for a tier 6 project may be used to obtain a payment from the state equal to the real property taxes due after the year the required

levels of employment and investment were met and before the end of the carryover period, for real property that is included in such project and acquired by the taxpayer, whether by lease or purchase, after the date the application was filed. Once the required levels of employment and investment for a tier 2 large data center project have been met, the credits earned for a tier 2 large data center project may be used to obtain a payment from the state equal to the real property taxes due after the year of application and before the end of the carryover period, for real property that is included in such project and acquired by the taxpayer, whether by lease or purchase, after the date the application was filed. The payment from the state shall be made only after payment of the real property taxes have been made to the county as required by law. Payments shall not be allowed for any taxes paid on real property for which the taxes are divided under section 18-2147 or 58-507.

(e) Credits may be carried over until fully utilized, except that such credits may not be carried over more than nine years after the year of application for a tier 1 or tier 3 project, fourteen years after the year of application for a tier 2 or tier 4 project, or more than sixteen years past the end of the entitlement period for a tier 6 project.

(2)(a) No refund claims shall be filed until after the required levels of employment and investment have been met.

(b) Refund claims shall be filed no more than once each quarter for refunds under the Nebraska Advantage Act, except that any claim for a refund in excess of twenty-five thousand dollars may be filed at any time.

(c) Refund claims for materials purchased by a purchasing agent shall include:

(i) A copy of the purchasing agent appointment;

(ii) The contract price; and

(iii)(A) For refunds under subdivision (2)(a)(iii) or (2)(a)(v) of section 77-5725, a certification by the contractor or repairperson of the percentage of the materials incorporated into or annexed to the project on which sales and use taxes were paid to Nebraska after appointment as purchasing agent; or

(B) For refunds under subdivision (2)(a)(iv) of section 77-5725, a certification by the contractor or repairperson of the percentage of the contract price that represents the cost of materials annexed to the project and the percentage of the materials annexed to the project on which sales and use taxes were paid to Nebraska after appointment as purchasing agent.

(d) All refund claims shall be filed, processed, and allowed as any other claim under section 77-2708, except that the amounts allowed to be refunded under the Nebraska Advantage Act shall be deemed to be overpayments and shall be refunded notwithstanding any limitation in subdivision (2)(a) of section 77-2708. The refund may be allowed if the claim is filed within three years from the end of the year the required levels of employment and investment are met or within the period set forth in section 77-2708.

(e) If a claim for a refund of sales and use taxes under the Local Option Revenue Act or sections 13-319, 13-324, 13-2813, and 77-6403 of more than twenty-five thousand dollars is filed by June 15 of a given year, the refund shall be made on or after November 15 of the same year. If such a claim is filed on or after June 16 of a given year, the refund shall not be made until on or after November 15 of the following year. The Tax Commissioner shall notify the

affected city, village, county, or municipal county of the amount of refund claims of sales and use taxes under the Local Option Revenue Act or sections 13-319, 13-324, 13-2813, and 77-6403 that are in excess of twenty-five thousand dollars on or before July 1 of the year before the claims will be paid under this section.

(f) Interest shall not be allowed on any taxes refunded under the Nebraska Advantage Act.

77-5727 Recapture or disallowance of incentives.

(1)(a) If the taxpayer fails either to meet the required levels of employment or investment for the applicable project within the time period prescribed in subsection (4) of section 77-5723 or to utilize such project in a qualified business at employment and investment levels at or above those required in the agreement for the entire entitlement period, all or a portion of the incentives set forth in the Nebraska Advantage Act shall be recaptured or disallowed.

(b) In the case of a taxpayer who has failed to meet the required levels of investment or employment within the required time period, all reduction in the personal property tax because of the act shall be recaptured.

(2) In the case of a taxpayer who has failed to maintain the project at the required levels of employment or investment for the entire entitlement period, any reduction in the personal property tax, any refunds in tax or exemptions from tax allowed under subsection (2) of section 77-5725, and any refunds or reduction in tax allowed because of the use of a credit allowed under section 77-5725 shall be partially recaptured from either the taxpayer or the owner of the improvement to real estate and any carryovers of credits shall be partially disallowed. The amount of the recapture shall be a percentage equal to the

number of years the taxpayer did not maintain the project at or above the required levels of investment and employment divided by the number of years of the project's entitlement period multiplied by the refunds and exemptions allowed, reduction in personal property tax, the credits used, and the remaining carryovers. In addition, the last remaining year of personal property tax exemption shall be disallowed for each year the taxpayer did not maintain such project at or above the required levels of employment or investment.

(3) In the case of a taxpayer qualified under tier 5 who has failed to maintain the average number of equivalent employees at the project at the end of the six years following the year the taxpayer attained the required amount of investment, any refunds or exemptions in tax allowed under subsection (2) of section 77-5725 or any reduction in the personal property tax under section 77-5725 shall be partially recaptured from the taxpayer. The amount of recapture shall be the total amount of refunds, exemptions, and reductions in tax allowed for all years times the reduction in the average number of equivalent employees employed at the end of the entitlement period from the number of equivalent employees employed in the base year divided by the number of equivalent employees employed in the base year. For purposes of this subsection, the average number of equivalent employees shall be calculated at the end of the entitlement period by adding the number of equivalent employees in the year the taxpayer attains the required level of investment and each of the next following six years and dividing the result by seven.

(4) If the taxpayer receives any refund, exemption, or reduction in tax to which the taxpayer was not entitled or which was in excess of the amount to which the taxpayer was entitled, the refund, exemption, or reduction in tax shall be recaptured separate from any other recapture otherwise required by this section. Any amount recaptured under this subsection shall be excluded from the amounts subject to recapture under other subsections of this section.

(5) Any refund, exemption, or reduction in tax due, to the extent required to be recaptured, shall be deemed to be an underpayment of the tax and shall be immediately due and payable. When tax benefits were received in more than one year, the tax benefits received in the most recent year shall be recovered first and then the benefits received in earlier years up to the extent of the required recapture.

(6)(a) Except as provided in subdivision (6)(b) of this section, any personal property tax that would have been due except for the exemption allowed under the Nebraska Advantage Act, to the extent it becomes due under this section, shall be considered delinquent and shall be immediately due and payable to the county or counties in which the property was located when exempted.

(b) For a tier 2 large data center project, any personal property tax that would have been due except for the exemption under the Nebraska Advantage Act, together with interest at the rate provided in section 45-104.01 from the original delinquency date of the tax that would have been due until the date paid, to the extent it becomes due under this section, shall be considered delinquent and shall be immediately payable to the county or counties in which the property was located when exempted.

(c) All amounts received by a county under this section shall be allocated to each taxing unit levying taxes on tangible personal property in the county in the same proportion that the levy on tangible personal property of such taxing unit bears to the total levy of all of such taxing units.

(7) Notwithstanding any other limitations contained in the laws of this state, collection of any taxes deemed to be underpayments by this section shall be allowed for a period of three years after the end of the entitlement period.

(8) Any amounts due under this section shall be recaptured notwithstanding other allowable credits and shall not be subsequently refunded under any provision of the Nebraska Advantage Act unless the recapture was in error.

(9) The recapture required by this section shall not occur if the failure to maintain the required levels of employment or investment was caused by an act of God or national emergency.

77-6203. Nameplate capacity tax; annual payment; exemptions; Department of Revenue; duties; owner; file report; interest; penalties.

77-6202 Terms, defined.

For purposes of sections 77-6201 to 77-6204:

(1) Commissioned means the renewable energy generation facility has been in commercial operation for at least twenty-four hours. A renewable energy generation facility is not in commercial operation unless the renewable energy generation facility is connected to the electrical grid or to the end user if the renewable energy generation facility is a customer-generator as defined in section 70-2002;

(2) Nameplate capacity means the capacity of a renewable energy generation facility to generate electricity as measured in megawatts, including fractions of a megawatt. Nameplate capacity shall be determined based on the facility's alternating current capacity; and

(3) Renewable energy generation facility means (a) a facility that generates electricity using wind as the fuel source or (b) a facility that generates electricity using solar, biomass, or landfill gas as the fuel source if such facility was installed on or after January 1, 2016, and has a nameplate capacity of one hundred kilowatts or more.

Source: Laws 2010, LB1048, § 13; Laws 2015, LB424, § 5; Laws 2020, LB76, § 1.

77-6203 Nameplate capacity tax; annual payment; exemptions; Department of Revenue; duties; owner; file report; interest; penalties.

(1) The owner of a renewable energy generation facility annually shall pay a nameplate capacity tax equal to the total nameplate capacity of the commissioned renewable energy generation facility multiplied by a tax rate of three thousand five hundred eighteen dollars per megawatt.

(2) No tax shall be imposed on a renewable energy generation facility:

(a) Owned or operated by the federal government, the State of Nebraska, a public power district, a public power and irrigation district, an individual municipality, a registered group of municipalities, an electric membership association, or a cooperative; or

(b) That is a customer-generator as defined in section 70-2002.

(3) No tax levied pursuant to this section shall be construed to constitute restricted funds as defined in section 13-518 for the first five years after the renewable energy generation facility is commissioned.

(4) The presence of one or more renewable energy generation facilities or supporting infrastructure shall not be a factor in the assessment, determination of actual value, or classification under section 77-201 of the real property underlying or adjacent to such facilities or infrastructure.

(5)(a) The Department of Revenue shall collect the tax due under this section.

(b) The tax shall be imposed beginning the first calendar year the renewable energy generation facility is commissioned. A renewable energy generation facility that uses wind as the fuel source which was commissioned prior to July 15, 2010, shall be subject to the tax levied pursuant to sections 77-6201 to 77-6204 on and after January 1, 2010. The amount of property tax on depreciable tangible personal property previously paid on a renewable energy generation facility that uses wind as the fuel source which was commissioned prior to July 15, 2010, which is greater than the amount that would have been paid pursuant to sections 77-6201 to 77-6204 from the date of commissioning until January 1, 2010, shall be credited against any tax due under Chapter 77, and any amount so credited that is unused in any tax year shall be carried over to subsequent tax years until fully utilized.

(c)(i) The tax for the first calendar year shall be prorated based upon the number of days remaining in the calendar year after the renewable energy generation facility is commissioned.

(ii) In the first year in which a renewable energy generation facility is taxed or in any year in which additional commissioned nameplate capacity is added to a renewable energy generation facility, the taxes on the initial or additional nameplate capacity shall be prorated for the number of days remaining in the calendar year.

(iii) When a renewable energy generation facility is decommissioned or made nonoperational by a change in law during a tax year, the taxes shall be prorated for the number of days during which the renewable energy generation facility was not decommissioned or was operational.

(iv) When the capacity of a renewable energy generation facility to produce electricity is reduced but the renewable energy generation facility is not decommissioned, the nameplate capacity of the renewable energy generation facility is deemed to be unchanged.

(6)(a) On March 1 of each year, the owner of a renewable energy generation facility shall file with the Department of Revenue a report on the nameplate capacity of the facility for the previous year from January 1 through December 31. All taxes shall be due on April 1 and shall be delinquent if not paid on a quarterly basis on April 1 and each quarter thereafter. Delinquent quarterly payments shall draw interest at the rate provided for in section 45-104.02, as such rate may from time to time be adjusted.

(b) The owner of a renewable energy generation facility is liable for the taxes under this section with respect to the facility, whether or not the owner of the facility is the owner of the land on which the facility is situated.

(7) Failure to file a report required by subsection (6) of this section, filing such report late, failure to pay taxes due, or underpayment of such taxes shall result in a penalty of five percent of the amount due being imposed for each quarter the report is overdue or the payment is delinquent, except that the penalty shall not exceed ten thousand dollars.

(8) The Department of Revenue shall enforce the provisions of this section. The department may adopt and promulgate rules and regulations necessary for the implementation and enforcement of this section.

(9) The Department of Revenue shall separately identify the proceeds from the tax imposed by this section and shall pay all such proceeds over to the county treasurer of the county where the renewable energy generation facility is located within thirty days after receipt of such proceeds.

ANGEL INVESTMENT TAX CREDIT ACT

Section
77-6306. Tax credit; amount; director; allocation; limitation; reallocation; when; notice to director; tax credit certificates issued; holding period.

77-6306 Tax credit; amount; director; allocation; limitation; reallocation; when; notice to director; tax credit certificates issued; holding period.

(1) A qualified investor or qualified fund is eligible for a refundable tax credit equal to forty percent of its qualified investment in a qualified small business. The director shall not allocate more than four million dollars in tax credits to all qualified investors or qualified funds in a calendar year, except that for calendar year 2019, the director shall not allocate more than three million nine hundred thousand dollars in tax credits in such calendar year. If the director does not allocate the entire amount of tax credits authorized for a calendar year, the tax credits that are not allocated shall not carry forward to subsequent years. The director shall not allocate any amount for tax credits for calendar years after 2019.

(2) The director shall not allocate more than a total maximum amount in tax credits for a calendar year to a qualified investor for the investor's cumulative qualified investments as an individual qualified investor and as an investor in a qualified fund as provided in this subsection. For married couples filing joint returns the maximum is three hundred fifty thousand dollars, and for all other filers the maximum is three hundred thousand dollars. The director shall not allocate more than a total of one million dollars in tax credits for qualified investments in any one qualified small business.

(3) The director shall not allocate a tax credit to a qualified investor either as an individual qualified investor or as an investor in a qualified fund if the investor receives more than forty-nine percent of the investor's gross annual income from the qualified small business in which the qualified investment is proposed. A family member of an individual disqualified by this subsection is not eligible for a tax credit under this section. For a married couple filing a joint return, the limitations in this subsection apply collectively to the investor and spouse. For purposes of determining the ownership interest of an investor under this subsection, the rules under section 267(c) and (e) of the Internal Revenue Code of 1986, as amended, apply.

(4) Tax credits shall be allocated to qualified investors or qualified funds in the order that the tax credit applications are filed with the director. Once tax credits have been approved and allocated by the director, the qualified investors and qualified funds shall implement the qualified investment specified

within ninety days after allocation of the tax credits. Qualified investors and qualified funds shall notify the director no later than thirty days after the expiration of the ninety-day period that the qualified investment has been made. If the qualified investment is not made within ninety days after allocation of the tax credits, or the director has not, within thirty days following expiration of the ninety-day period, received notification that the qualified investment was made, the tax credit allocation is canceled and available for reallocation. A qualified investor or qualified fund that fails to invest as specified in the application within ninety days after allocation of the tax credits shall notify the director of the failure to invest within five business days after the expiration of the ninety-day investment period.

(5) All tax credit applications filed with the director on the same day shall be treated as having been filed contemporaneously. If two or more qualified investors or qualified funds file tax credit applications on the same day and the aggregate amount of tax credit allocation requests exceeds the aggregate limit of tax credits under this section or the lesser amount of tax credits that remain unallocated on that day, then the tax credits shall be allocated among the qualified investors or qualified funds who filed on that day on a pro rata basis with respect to the amounts requested. The pro rata allocation for any one qualified investor or qualified fund shall be the product obtained by multiplying a fraction, the numerator of which is the amount of the tax credit allocation request filed on behalf of a qualified investor or qualified fund and the denominator of which is the total of all tax credit allocation requests filed on behalf of all applicants on that day, by the amount of tax credits that remain unallocated on that day for the taxable year.

(6) A qualified investor or qualified fund, or a qualified small business acting on behalf of the investor or fund, shall notify the director when an investment for which tax credits were allocated has been made and shall furnish the director with documentation of the investment date. A qualified fund shall also provide the director with a statement indicating the amount invested by each investor in the qualified fund based on each investor's share of the assets of the qualified fund at the time of the qualified investment. After receiving notification that the qualified investment was made, the director shall issue tax credit certificates for the taxable year in which the qualified investment was made to the qualified investor or, for a qualified investment made by a qualified fund, to each qualified investor who is an investor in the fund. The certificate shall state that the tax credit is subject to revocation if the qualified investor or qualified fund does not hold the investment in the qualified small business for at least three years, consisting of the calendar year in which the investment was made and the two following calendar years. The three-year holding period does not apply if:

(a) The qualified investment by the qualified investor or qualified fund becomes worthless before the end of the three-year period;

(b) Eighty percent or more of the assets of the qualified small business are sold before the end of the three-year period;

(c) The qualified small business is sold or merges with another business before the end of the three-year period;

(d) The qualified small business's common stock begins trading on a public exchange before the end of the three-year period; or

(e) In the case of an individual qualified investor, such investor becomes deceased before the end of the three-year period.

(7) The director shall notify the Tax Commissioner that tax credit certificates have been issued, including the amount of tax credits and all other pertinent tax information.

To the extent of the credit used, such withholding shall not constitute public funds or state tax revenue and shall not constitute a trust fund or be owned by the state. The use by the key employer of the credit shall not change the amount that otherwise would be reported by the key employer to the employee under section 77-2754 as income tax withheld and shall not reduce the amount that otherwise would be allowed by the state as a refundable credit on an employee's income tax return as income tax withheld under section 77-2755.

(5) The director shall notify the applicant in writing as to whether the application has been approved or not. The director shall decide and mail the notice within thirty days after receiving the application, regardless of whether he or she approves or disapproves the application, unless the time is extended by mutual written consent of the director and the applicant.

(6) An application may be approved only if it is consistent with the legislative purposes contained in section 77-6502 and the key employer will retain at least ninety percent of the base-year employees in the state throughout the performance period. This threshold constitutes the required level of employment for purposes of the Key Employer and Jobs Retention Act.

(7) If the application is approved by the director, the key employer and the state shall enter into a written agreement, which shall be executed on behalf of the state by the director. In the agreement, the key employer shall agree to retain at least ninety percent of the base-year employees and, in consideration of the key employer's agreement, the state shall agree to allow the wage retention credits as provided in the Key Employer and Jobs Retention Act. The application, and all supporting documentation, to the extent approved, shall be considered a part of the agreement. The agreement may contain such terms and conditions as the director specifies in order to carry out the legislative purposes of the Key Employer and Jobs Retention Act. The agreement shall contain provisions to allow the Department of Revenue to verify that the required levels of employment have been maintained.

77-6518 Wage retention credit; recapture or disallowance; interest; penalties.

(1) If the taxpayer fails to retain the required level of employment through the entire performance period, all or a portion of the wage retention credits shall be recaptured directly by the state from the taxpayer or shall be disallowed. In no event shall any wage retention credits be required to be paid back directly or indirectly by the employees. All such credits must be repaid by the taxpayer.

(2) The recapture or disallowance shall be as follows:

(a) No wage retention credits shall be allowed, and if already allowed shall be recaptured, for the actual year or years in which the required level of employment was not maintained;

(b) For wage retention credits allowed in prior years, one-tenth of the credits shall be recaptured from the taxpayer for each year the required level of employment was not maintained; and

(c) For wage retention credits for future years, one-tenth of the credits shall be disallowed for each year the required level of employment was not maintained in previous years.

(3) Any amounts required to be recaptured shall be deemed to be an underpayment of tax, immediately due and payable, and shall constitute a lien on the assets of the taxpayer. When wage retention credits were received in more than one year, the credits received in the most recent year shall be recovered first and then the credits received in earlier years shall be recovered up to the extent of the required recapture.

(4) Interest shall accrue from the due date for the return for the year in which the taxpayer failed to maintain the required level of employment.

(5) Penalties shall not accrue until ninety days after the requirement for recapture or disallowance becomes known or should have become known to the taxpayer.

(6) The recapture or disallowance required by this section may be waived by the Tax Commissioner if he or she finds the failure to maintain the required level of employment was caused by unavoidable circumstances such as an act of God or a national emergency.

77-6519 Wage retention credit; transferable; when; effect.

(1) The wage retention credits allowed under the Key Employer and Jobs Retention Act shall not be transferable except in the following situations:

(a) Any credit allowable to a partnership, a limited liability company, a subchapter S corporation, a cooperative, including a cooperative exempt under section 521 of the Internal Revenue Code of 1986, as amended, a limited cooperative association, or an estate or trust may be distributed to the partners, members, shareholders, patrons, or beneficiaries in the same manner as income is distributed for use against their income tax liabilities, and such partners, members, shareholders, or beneficiaries shall be deemed to have made an underpayment of their income taxes for any recapture required by section 77-6518. A credit distributed shall be considered a credit used and the partnership, limited liability company, subchapter S corporation, cooperative, including a cooperative exempt under section 521 of the Internal Revenue Code of 1986, as amended, limited cooperative association, estate, or trust shall be liable for any repayment required by section 77-6518;

(b) The credit may be transferred to a qualified employee leasing company from a taxpayer who is a client-lessee of the qualified employee leasing company with employees performing services at the qualified location or locations of the client-lessee. The credits transferred must be designated for a specific year and cannot be carried forward by the qualified employee leasing company. The credits may only be used by the qualified employee leasing company to offset the income tax withholding liability under section 77-2756 or 77-2757 for withholding for employees performing services for the client-lessee in Nebraska. The offset to such withholding liability must be computed in accordance with subsection (6) of section 77-6516 based on wages paid to the employees by the qualified employee leasing company, and not the amount paid to the qualified employee leasing company by the client-lessee; and

(c) The credits previously allowed and future credits may be transferred when an agreement is transferred in its entirety by sale or lease to another taxpayer or in an acquisition of assets qualifying under section 381 of the Internal Revenue Code of 1986, as amended.

(2) The acquiring taxpayer, as of the date of notification to the director of the completed transfer, shall be entitled to any unused credits and to any future credits allowable under the Key Employer and Jobs Retention Act.

(3) The acquiring taxpayer shall be liable for any recapture that becomes due after the date of the transfer for the repayment of any credits received either before or after the transfer.

(4) If a taxpayer dies and there is a credit remaining after the filing of the final return for the taxpayer, the personal representative shall determine the

distribution of the credit or any remaining carryover with the initial fiduciary return filed for the estate. The determination of the distribution of the credit may be changed only after obtaining the permission of the Tax Commissioner.

(5) The director and the Tax Commissioner may disclose information to the acquiring taxpayer about the agreement and prior credits that is reasonably necessary to determine the future credits and liabilities of the taxpayer.

The application, the agreement, and all supporting information shall be provided by the director to the Department of Revenue. The director shall disclose, to any municipalities in which project locations exist, the approval of an application and the execution of an agreement under this section. The Tax Commissioner shall also notify each municipality of the amount and taxpayer identity for each refund of local option sales and use taxes of the municipality within thirty days after the refund is allowed or approved. Disclosures shall be kept confidential by the municipality unless publicly disclosed previously by the taxpayer or by the State of Nebraska.

A taxpayer with an existing agreement may apply for and receive a new agreement for any qualified location or locations that are not part of an existing agreement under the ImagiNE Nebraska Act, but cannot apply for a new agreement for a qualified location designated in an existing agreement until after the end of the performance period for the existing agreement.

(4) The incentives contained in the ImagiNE Nebraska Act shall be in lieu of the tax credits allowed by the Nebraska Advantage Rural Development Act for any project. In computing credits under the Nebraska Advantage Rural Development Act, any investment or employment which is eligible for benefits or

used in determining benefits under the ImagiNE Nebraska Act shall be subtracted from the increases computed for determining the credits under section 77-27,188. New investment or employment at a project location that results in the meeting or maintenance of the employment or investment requirements, the creation of credits, or refunds of taxes under the Nebraska Advantage Act shall not be considered new investment or employment for purposes of the ImagiNE Nebraska Act. The use of carryover credits under the Nebraska Advantage Act, the Employment and Investment Growth Act, the Invest Nebraska Act, the Nebraska Advantage Rural Development Act, or the Quality Jobs Act shall not preclude investment and employment from being considered new investment or employment under the ImagiNE Nebraska Act. The use of property tax exemptions at the project under the Employment and Investment Growth Act or the Nebraska Advantage Act does not preclude investment not eligible for such property tax exemptions from being considered new investment under the ImagiNE Nebraska Act.

77-6829 Qualified locations; base-year employment, compensation, and wage levels; review and certification; effect.

(1) The taxpayer may request the director to review and certify that the location or locations designated in the application are qualified locations under the ImagiNE Nebraska Act. The taxpayer shall describe in detail the activities taking place at the location or locations or the activities that will be taking place at the location or locations. The director shall make the determination based on the information provided by the taxpayer. The director must complete the review within ninety days after the request. If the director requests, by mail or by electronic means, additional information or clarification from the taxpayer in order to make his or her determination, the ninety-day period shall be tolled from the time the director makes the request to the time he or she receives the requested information or clarification from the taxpayer. The taxpayer and the director may also agree to extend the ninety-day period. If the director fails to make his or her determination within the prescribed ninety-day period, the certification is deemed approved for the disclosed activities.

(2) The taxpayer may request the Tax Commissioner to review and certify that the base-year employment, compensation, and wage levels are as reported by the taxpayer pursuant to subsection (1) of section 77-6828. Upon a request for such review, the Tax Commissioner shall be given access to the employment and business records of the proposed location or locations and must complete the review within one hundred eighty days after the request. If the Tax Commissioner requests, by mail or by electronic means, additional information or clarification from the taxpayer in order to make his or her determination, the one-hundred-eighty-day period shall be tolled from the time the Tax Commissioner makes the request to the time he or she receives the requested information or clarification from the taxpayer. The taxpayer and the Tax Commissioner may also agree to extend the one-hundred-eighty-day period. If the Tax Commissioner fails to make his or her determination within the

prescribed one-hundred-eighty-day period, the certification is deemed approved.

(3) Upon review, the director may approve, reject, or amend the qualified locations sought in the application contingent upon the accuracy of the information or plans disclosed by the taxpayer that describe the expected activity at the qualified location or locations. Upon review, the Tax Commissioner may also approve or amend the base-year employment, compensation, or wage levels reported pursuant to subsection (1) of section 77-6828 based upon the payroll information and other financial records provided by the taxpayer. Once the director or Tax Commissioner certifies the qualified location or locations and the employment, compensation, and wage levels at the qualified location or locations, the certification is binding on the Department of Revenue when the taxpayer claims benefits on a return to the extent the activities performed at the location or locations are as described in the application, the information and plans provided by the taxpayer were accurate, and the base-year information is not affected by transfers of employees from another location in Nebraska, the acquisition of a business, or moving businesses or entities to or from the qualified location or locations.

(4) If the taxpayer does not request review and certification of whether the designated location or locations are qualified, or the base-year employment, compensation, and wage levels, those items are subject to later audit by the Department of Revenue.

77-6832 Income tax credits; use; tax incentive credits; use; refund claims; filing requirements; audit; director; Tax Commissioner; powers and duties; appeal.

(1)(a) The credits prescribed in section 77-6831 for a year shall be established by filing the forms required by the Tax Commissioner with the income tax return for the taxable year which includes the end of the year the credits were earned. The credits may be used and shall be applied in the order in which they were first allowable under the ImagiNE Nebraska Act. To the extent the taxpayer has credits under the Nebraska Advantage Act or the Employment and Investment Growth Act still available for use in a year or years which overlap the performance period or carryover period of the ImagiNE Nebraska Act, the credits may be used and shall be applied in the order in which they were first allowable, and when there are credits of the same age, the older tax incentive program's credits shall be applied first. The credits may be used after any other nonrefundable credits to reduce the taxpayer's income tax liability imposed by sections 77-2714 to 77-27,135. Credits may be used beginning with the taxable year which includes December 31 of the year the required minimum levels were reached. The last year for which credits may be used is the taxable year which includes December 31 of the last year of the carryover period. Any decision on how part of the credit is applied shall not limit how the remaining credit could be applied under this section.

(b) The taxpayer may use the credit provided in subsection (4) of section 77-6831 (i) to reduce the taxpayer's income tax withholding employer or payor tax liability under section 77-2756 or 77-2757, to the extent such liability is attributable to the number of new employees employed at the qualified location or locations, excluding any wages in excess of one million dollars paid to any one employee during the year or (ii) to reduce a qualified employee leasing company's income tax withholding employer or payor tax liability under section 77-2756 or 77-2757, when the taxpayer is the client-lessee of such company, to the extent such liability is attributable to the number of new employees performing services for such client-lessee at the qualified location or

locations, excluding any wages in excess of one million dollars paid to any one employee during the year. To the extent of the credit used, such withholding shall not constitute public funds or state tax revenue and shall not constitute a trust fund or be owned by the state. The use by the taxpayer or the qualified employee leasing company of the credit shall not change the amount that otherwise would be reported by the taxpayer, or such qualified employee leasing company, to the employee under section 77-2754 as income tax withheld and shall not reduce the amount that otherwise would be allowed by the state as a refundable credit on an employee's income tax return as income tax withheld under section 77-2755. The amount of credits used against income tax withholding shall not exceed the withholding attributable to the number of new employees employed at the qualified location or locations or, for a qualified employee leasing company, the number of new employees performing services for the applicable client-lessee at the qualified location or locations, excluding any wages in excess of one million dollars paid to any one employee during the year. If the amount of credit used by the taxpayer or the qualified employee leasing company against income tax withholding exceeds such amount, the excess withholding shall be returned to the Department of Revenue in the manner provided in section 77-2756, such excess amount returned shall be considered unused, and the amount of unused credits may be used as otherwise permitted in this section or shall carry over to the extent authorized in subdivision (1)(g) of this section.

(c) Credits may be used to obtain a refund of sales and use taxes under the Local Option Revenue Act, the Nebraska Revenue Act of 1967, the Qualified Judgment Payment Act, and sections 13-319, 13-324, and 13-2813 that are not subject to direct refund under section 77-6831 and that are paid on purchases, including rentals, for use at a qualified location.

(d) The credits provided in subsections (4) and (5) of section 77-6831 may be used to repay a loan for job training or infrastructure development as provided in section 77-6841.

(e) Credits may be used to obtain a payment from the state equal to the amount which the taxpayer demonstrates to the director was paid by the taxpayer after the date of the complete application for job training and talent recruitment of employees who qualify in the number of new employees, to the extent that proceeds from a loan described in section 77-6841 were not used to make such payments. For purposes of this subdivision:

(i) Job training means training for a prospective or new employee that is provided after the date of the complete application by a Nebraska nonprofit college or university, a Nebraska public or private secondary school, a Nebraska educational service unit, or a company that is not a member of the taxpayer's unitary group or a related person to the taxpayer; and

(ii) Talent recruitment means talent recruitment activities that result in a newly recruited employee who is hired by the taxpayer after the date of the complete application and who is paid compensation during the year of hire at a rate equal to at least one hundred percent of the Nebraska statewide average hourly wage for the year of application, including marketing, relocation expenses, and search-firm fees. Talent recruitment payments that may be reimbursed include, without limitation, payment by the taxpayer, without repayment by the employee, of an employee's student loans, an employee's tuition, and an employee's downpayment on a primary residence in Nebraska. Talent recruit-

ment payments that may be reimbursed shall not include payments for the recruitment of a person who constitutes a related person to the taxpayer when the taxpayer is an individual or recruitment of a person who constitutes a related person to an owner of the taxpayer when the taxpayer is a partnership, a limited liability company, or a subchapter S corporation.

(f) The credits provided in subsections (4) and (5) of section 77-6831 may be used to obtain a payment from the state equal to the amount which the taxpayer demonstrates to the director was paid for taxpayer-sponsored child care at the qualified location or locations during the performance period and the carryover period.

(g) Credits may be carried over until fully utilized through the end of the carryover period.

(2)(a) No refund claims shall be filed until after the required levels of employment and investment have been met.

(b) Refund claims shall be filed no more than once each quarter for refunds under the ImagiNE Nebraska Act, except that any claim for a refund in excess of twenty-five thousand dollars may be filed at any time.

(c) Refund claims for materials purchased by a purchasing agent shall include:

(i) A copy of the purchasing agent appointment;

(ii) The contract price; and

(iii)(A) For refunds under subdivision (2)(a)(iii) or (2)(a)(v) of section 77-6831, a certification by the contractor or repairperson of the percentage of the materials incorporated into or annexed to the qualified location on which sales and use taxes were paid to Nebraska after appointment as purchasing agent; or

(B) For refunds under subdivision (2)(a)(iv) of section 77-6831, a certification by the contractor or repairperson of the percentage of the contract price that represents the cost of materials annexed to the qualified location and the percentage of the materials annexed to the qualified location on which sales and use taxes were paid to Nebraska after appointment as purchasing agent.

(d) All refund claims shall be filed, processed, and allowed as any other claim under section 77-2708, except that the amounts allowed to be refunded under the ImagiNE Nebraska Act shall be deemed to be overpayments and shall be refunded notwithstanding any limitation in subdivision (2)(a) of section 77-2708. The refund may be allowed if the claim is filed within three years from the end of the year the required levels of employment and investment are met or within the period set forth in section 77-2708. Refunds shall be paid by the Tax Commissioner within one hundred eighty days after receipt of the refund claim. Such payments shall be subject to later recovery by the Tax Commissioner upon audit.

(e) If a claim for a refund of sales and use taxes under the Local Option Revenue Act, the Qualified Judgment Payment Act, or sections 13-319, 13-324, and 13-2813 of more than twenty-five thousand dollars is filed by June 15 of a given year, the refund shall be made on or after November 15 of the same year. If such a claim is filed on or after June 16 of a given year, the refund shall not be made until on or after November 15 of the following year. The Tax Commissioner shall notify the affected city, village, county, or municipal county of the amount of refund claims of sales and use taxes under the Local Option Revenue Act, the Qualified Judgment Payment Act, or sections 13-319, 13-324,

and 13-2813 that are in excess of twenty-five thousand dollars on or before July 1 of the year before the claims will be paid under this section.

(f) For refunds of sales and use taxes under the Local Option Revenue Act, the deductions made by the Tax Commissioner for such refunds shall be delayed in accordance with section 77-27,144.

(g) Interest shall not be allowed on any taxes refunded under the ImagiNE Nebraska Act.

(3) The appointment of purchasing agents shall be recognized for the purpose of changing the status of a contractor or repairperson as the ultimate consumer of tangible personal property purchased after the date of the appointment which is physically incorporated into or annexed at a qualified location and becomes the property of the owner of the improvement to real estate or the taxpayer. The purchasing agent shall be jointly liable for the payment of the sales and use tax on the purchases with the owner of the property.

(4) The determination of whether the application is complete, whether a location is a qualified location, and whether to approve the application and sign the agreement shall be made by the director. All other interpretations of the ImagiNE Nebraska Act shall be made by the Tax Commissioner. The Commissioner of Labor shall provide the director with such information as the Department of Labor regularly receives with respect to the taxpayer which the director requests from the Commissioner of Labor in order to fulfill the director's duties under the act. The director shall use such information to achieve efficiency in the administration of the act.

(5) Once the director and the taxpayer have signed the agreement under section 77-6828, the taxpayer, and its owners or members where applicable, may report and claim and shall receive all incentives allowed by the ImagiNE Nebraska Act, subject to the base authority limitations provided in section 77-6839, without waiting for a determination by the director or the Tax Commissioner or other taxing authority that the taxpayer has met the required employment and investment levels or otherwise qualifies, has qualified, or continues to qualify for such incentives, provided that the tax return or claim has been signed by an owner, member, manager, or officer of the taxpayer who declares under penalties of perjury that he or she has examined the tax return or claim, including accompanying schedules and statements, and to the best of his or her knowledge and belief (a) the tax return or claim is correct and complete in all material respects, (b) payment of the claim has not been previously made by the state to the taxpayer, and (c) with respect to sales or use tax refund claims, the taxpayer has not claimed or received a refund of such tax from a retailer. The payment or allowance of such a claim shall not prevent the director or the Tax Commissioner or other taxing authority from recovering such payment, exemption, or allowance, within the normal period provided by law, subject to normal appeal rights of a taxpayer, if the director or Tax Commissioner or other taxing authority determines upon review or audit that the taxpayer did not qualify for such incentive or exemption.

(6) An audit of employment and investment thresholds and incentive amounts shall be made by the Tax Commissioner to the extent and in the manner determined by the Tax Commissioner. Upon request by the director or the Tax Commissioner, the Commissioner of Labor shall report to the director and the Tax Commissioner the employment data regularly reported to the Department of Labor relating to number of employees and wages paid for each taxpayer.

The director and Tax Commissioner, to the extent they determine appropriate, shall use such information to achieve efficiency in the administration of the ImagiNE Nebraska Act. The Tax Commissioner may recover any refund or part thereof which is erroneously made and any credit or part thereof which is erroneously allowed by issuing a deficiency determination within three years from the date of refund or credit or within the period otherwise allowed for issuing a deficiency determination, whichever expires later. The director shall not enter into an agreement with any taxpayer unless the taxpayer agrees to electronically verify the work eligibility status of all newly hired employees employed in Nebraska within ninety days after the date of hire. For purposes of calculating any tax incentive under the act, the hours worked and compensation paid to an employee who has not been electronically verified or who is not eligible to work in Nebraska shall be excluded.

(7) A determination by the director that a location is not a qualified location or a determination by the Tax Commissioner that a taxpayer has failed to meet or maintain the required levels of employment or investment for incentives, exemptions, or recapture, or does not otherwise qualify for incentives or exemptions, may be protested by the taxpayer to the Tax Commissioner within sixty days after the mailing to the taxpayer of the written notice of the proposed determination by the director or the Tax Commissioner, as applicable. If the notice of proposed determination is not protested in writing by the taxpayer within the sixty-day period, the proposed determination is a final determination. If the notice is protested, the Tax Commissioner, after a formal hearing by the Tax Commissioner or by an independent hearing officer appointed by the Tax Commissioner, if requested by the taxpayer in such protest, shall issue a written order resolving such protest. The written order of the Tax Commissioner resolving a protest may be appealed to the district court of Lancaster County in accordance with the Administrative Procedure Act within thirty days after the issuance of the order.

77-6833 Incentives; recapture or disallowance; conditions; procedure.

(1) If the taxpayer fails to maintain employment and investment levels at or above the levels required in the agreement for the entire performance period, all or a portion of the incentives set forth in the ImagiNE Nebraska Act shall be recaptured or disallowed. For purposes of this section, the average compensation and health coverage requirements of subdivision (1)(c) of section 77-6831 shall be treated as a required level of employment for each year of the performance period.

(2) In the case of a taxpayer who has failed to maintain the required levels of employment or investment for the entire performance period, any reduction in the personal property tax, any refunds in tax or exemptions from tax allowed under section 77-6831, and any refunds or reduction in tax allowed because of the use of a credit allowed under section 77-6831 shall be partially recaptured from either the taxpayer, the owner of the improvement to real estate, or the

qualified employee leasing company, and any carryovers of credits shall be partially disallowed. The amount of the recapture for each benefit shall be a percentage equal to the number of years the taxpayer did not maintain the required levels of investment or employment divided by the number of years of the performance period multiplied by the refunds, exemptions, or reductions in tax allowed, reduction in personal property tax, credits used, and the remaining carryovers. In addition, the last remaining year of personal property tax exemption shall be disallowed for each year the taxpayer did not maintain the qualified location or locations at or above the required levels of employment or investment.

(3) If the taxpayer receives any refund, exemption, or reduction in tax to which the taxpayer was not entitled or which was in excess of the amount to which the taxpayer was entitled, the refund, exemption, or reduction in tax shall be recaptured separate from any other recapture otherwise required by this section. Any amount recaptured under this subsection shall be excluded from the amounts subject to recapture under other subsections of this section.

(4) Any refunds, exemptions, or reduction in tax due, to the extent required to be recaptured, shall be deemed to be an underpayment of the tax and shall be immediately due and payable. When tax benefits were received in more than one year, the tax benefits received in the most recent year shall be recovered first and then the benefits received in earlier years up to the extent of the required recapture.

(5)(a) Any personal property tax that would have been due except for the exemption allowed under the ImagiNE Nebraska Act, to the extent it becomes due under this section, shall be considered delinquent and shall be immediately due and payable to the county or counties in which the property was located when exempted.

(b) All amounts received by a county under this section shall be allocated to each taxing unit levying taxes on tangible personal property in the county in the same proportion that the levy on tangible personal property of such taxing unit bears to the total levy of all of such taxing units.

(6) Notwithstanding any other limitations contained in the laws of this state, collection of any taxes deemed to be underpayments by this section shall be allowed for a period of three years after the end of the performance period or three calendar years after the benefit was allowed, whichever is later.

(7) Any amounts due under this section shall be recaptured notwithstanding other allowable credits and shall not be subsequently refunded under any provision of the ImagiNE Nebraska Act unless the recapture was in error.

(8) The recapture required by this section shall not occur if the failure to maintain the required levels of employment or investment was caused by an act of God or a national emergency.

77-6834 Incentives; transferable; when; effect.

(1) The incentives allowed under the ImagiNE Nebraska Act shall not be transferable except in the following situations:

(a) Any credit allowable to a partnership, a limited liability company, a subchapter S corporation, a cooperative, including a cooperative exempt under section 521 of the Internal Revenue Code of 1986, as amended, a limited

cooperative association, or an estate or trust may be distributed to the partners, members, shareholders, patrons, or beneficiaries in the same manner as income is distributed for use against their income tax liabilities, and such partners, members, shareholders, or beneficiaries shall be deemed to have made an underpayment of their income taxes for any recapture required by section 77-6833. A credit distributed shall be considered a credit used and the partnership, limited liability company, subchapter S corporation, cooperative, including a cooperative exempt under section 521 of the Internal Revenue Code of 1986, as amended, limited cooperative association, estate, or trust shall be liable for any repayment required by section 77-6833;

(b) The credit prescribed in subsection (4) of section 77-6831 may be transferred to a qualified employee leasing company from a taxpayer who is a client-lessee of the qualified employee leasing company with employees performing services at the qualified location or locations of the client-lessee. The credits transferred must be designated for a specific year and cannot be carried forward by the qualified employee leasing company. The credits may only be used by the qualified employee leasing company to offset the income tax withholding liability under section 77-2756 or 77-2757 for withholding for employees performing services for the client-lessee at the qualified location or locations. The offset to such withholding liability must be computed in accordance with subdivision (1)(b) of section 77-6832 based on wages paid to the employees by the qualified employee leasing company, and not the amount paid to the qualified employee leasing company by the client-lessee; and

(c) The incentives previously allowed and the future allowance of incentives may be transferred when an agreement is transferred in its entirety by sale or lease to another taxpayer or in an acquisition of assets qualifying under section 381 of the Internal Revenue Code of 1986, as amended.

(2) The acquiring taxpayer, as of the date of notification to the director of the completed transfer, shall be entitled to any unused credits and to any future incentives allowable under the ImagiNE Nebraska Act.

(3) The acquiring taxpayer shall be liable for any recapture that becomes due after the date of the transfer for the repayment of any benefits received either before or after the transfer.

(4) If a taxpayer dies and there is a credit remaining after the filing of the final return for the taxpayer, the personal representative shall determine the distribution of the credit or any remaining carryover with the initial fiduciary return filed for the estate. The determination of the distribution of the credit may be changed only after obtaining the permission of the director.

(5) The director may disclose information to the acquiring taxpayer about the agreement and prior benefits that is reasonably necessary to determine the future incentives and liabilities of the taxpayer.

77-6839 Tax incentives; estimates required; when; exceed base authority; limit on applications.

(1) The Department of Economic Development and the Department of Revenue shall jointly, on or before the fifteenth day of October and February of every year and the fifteenth day of April in odd-numbered years, make an estimate of the amount of sales and use tax refunds to be paid and tax credits to be used under the ImagiNE Nebraska Act during the fiscal years to be forecast under section 77-27,158. The estimate shall be based on the most recent data available, including pending and approved applications and updates thereof as are required by subdivision (1)(f) of section 77-6828. The estimate shall be forwarded to the Legislative Fiscal Analyst and the Nebraska Economic Forecasting Advisory Board and made a part of the advisory forecast required by section 77-27,158.

(2)(a) In addition to the estimates required under subsection (1) of this section, the Department of Economic Development shall, on or before the fifteenth day of October and February of every year, make an estimate of the amount of sales and use tax refunds to be paid and tax credits to be used under the ImagiNE Nebraska Act for each of the upcoming three calendar years and shall report such estimate to the Governor. The estimate shall be based on the most recent data available, including pending and approved applications and updates thereof as are required by subdivision (1)(f) of section 77-6828. If the estimate for any such calendar year exceeds the base authority:

(i) The Department of Economic Development shall prepare an analysis explaining why the estimate exceeds the base authority. The department shall include such analysis in the report it submits to the Governor under this subsection; and

(ii) The director shall not approve any additional applications under the ImagiNE Nebraska Act that would include refunds or credits in the calendar year in which the base authority is projected to be exceeded. Applications shall be considered in the order in which they are received. Any applications that are not approved because the base authority has been exceeded shall be placed on a wait list in the order in which they were received and shall be given first priority once applications may again be approved. Applications on the wait list retain the same application date and base year as if they had been approved within the time set forth in section 77-6827.

(b) For purposes of this section, base authority means the total amount of refunds and credits that may be approved in any calendar year. Notwithstanding any other provision of the ImagiNE Nebraska Act to the contrary, no refunds may be paid and no credits may be used in any calendar year in excess of the base authority for such calendar year. The base authority shall be equal to twenty-five million dollars for calendar years 2021 and 2022, one hundred million dollars for calendar years 2023 and 2024, and one hundred fifty million dollars for calendar year 2025. Beginning with calendar year 2026 and every

three years thereafter, the director shall adjust the base authority to an amount equal to three percent of the actual General Fund net receipts for the most recent fiscal year for which such information is available. Any amount of base authority that is unused in a calendar year shall carry forward to the following calendar year and shall be added to the limit applicable to such following calendar year, except that in no case shall the base authority for any calendar year prior to 2026 exceed four hundred million dollars.

77-6841 Workforce training and infrastructure development; revolving loan program; legislative findings; Department of Economic Development; duties; ImagiNE Nebraska Revolving Loan Fund; created; use; investment.

(1) The Legislature finds that providing job training is critical to the public purpose of attracting and retaining businesses and that the growth of high-paying jobs in Nebraska is limited by an unmet need for workforce training and infrastructure development. The Legislature further finds that many communities in Nebraska lack the infrastructure, including broadband access, necessary to provide high-paying jobs for residents. The Legislature further finds that workforce training and infrastructure development help businesses and improve the quality of life for workers and communities in Nebraska. Because there is a statewide benefit from workforce training and infrastructure development, the Legislature intends to provide a revolving loan program as a rational means to address these needs.

(2) The Department of Economic Development shall establish and administer a revolving loan program for workforce training and infrastructure development expenses to be incurred by applicants for incentives under the ImagiNE Nebraska Act.

(3) The ImagiNE Nebraska Revolving Loan Fund is hereby created. The fund shall receive money from appropriations from the Legislature, grants, private contributions, repayment of loans, and all other sources. Any money in the fund available for investment shall be invested by the state investment officer pursuant to the Nebraska Capital Expansion Act and the Nebraska State Funds Investment Act. It is the intent of the Legislature to transfer five million dollars from the General Fund to the ImagiNE Nebraska Revolving Loan Fund for fiscal years 2022-23 and 2023-24 for purposes of carrying out the workforce training and infrastructure development revolving loan program pursuant to the ImagiNE Nebraska Act. It is the intent of the Legislature to appropriate five million dollars for fiscal years 2022-23 and 2023-24 for purposes of carrying out the workforce training and infrastructure development revolving loan program pursuant to the ImagiNE Nebraska Act.

(4) The Department of Economic Development, as part of its comprehensive business development strategy, shall administer the ImagiNE Nebraska Revolving Loan Fund and may loan funds to applicants under the ImagiNE Nebraska Act to secure new, high-paying jobs in Nebraska based on the criteria established in sections 77-6842 and 77-6843. Loans made to applicants under the ImagiNE Nebraska Act and interest on such loans may be repaid using credits earned under the ImagiNE Nebraska Act. If that occurs, the Department of Revenue shall certify the credit usage to the State Treasurer, who shall, within thirty days, transfer the amount of the credit used from the General Fund to the ImagiNE Nebraska Revolving Loan Fund.

(5) If a taxpayer with an agreement under the ImagiNE Nebraska Act obtains a loan under this section and fails to attain the required minimum number of new employees, minimum compensation, and minimum required cumulative investment necessary for that taxpayer to earn a credit, the principal and interest of the loan shall be considered an underpayment of tax and may be recovered by the Department of Revenue.

(6) Whether repaid using credits or repaid directly by the recipient of the loan, loans made from the ImagiNE Nebraska Revolving Loan Fund shall be repaid with interest at the rate established in section 45-102.

(4) The director shall not approve further applications once the expected incentives from the approved projects total eight million dollars. All but one hundred dollars of the application fee shall be refunded to the applicant if the application is not approved for any reason.

(5) Applications for incentives shall be considered in the order in which they are received.

(6) The director has ninety days to approve a complete application.

(7) After approval, the taxpayer and the director shall enter into a written agreement. As part of such agreement, the taxpayer shall agree to increase the levels of employment and investment required by the act and the director, on behalf of the State of Nebraska, shall, in consideration of the taxpayer's agreement, agree to allow the taxpayer to use the incentives contained in the Urban Redevelopment Act up to the total amount that were authorized by the director at the time of approval. (b) Pays a minimum qualifying wage of seventy percent of the Nebraska statewide average hourly wage to the new equivalent employees for whom tax incentives are sought under the Urban Redevelopment Act.

(5) A taxpayer may qualify for a credit under either subsection (1) or (2) of this section, but cannot qualify for a credit under both such subsections. The credit shall not exceed fifty thousand dollars. The taxpayer shall receive such credit for each year of the performance period that the taxpayer is at or above the required levels of employment and cumulative investment.

77-6921 Existing business acquisition, disposal, reorganization, or relocation; computation; certain transactions excluded.

(1)(a) If the taxpayer acquires an existing business, the increases in investment and employment shall be computed as though the taxpayer had owned the business for the entire taxable year preceding the date of application.

(b) If the taxpayer disposes of an existing business and the new owner maintains the minimum increases in investment and employment required to create incentives, the taxpayer shall not be required to make any repayment under section 77-6923 solely because of the disposition of the business.

(2) If the structure of a business is reorganized, the taxpayer shall compute the increases on a consistent basis for all periods.

(3) If the taxpayer moves a business from one qualified location to another qualified location and the business was operated in a qualified location during the taxable year preceding the date of application, the increases in investment and employment shall be computed as though the taxpayer had operated the business at the new location for the entire taxable year preceding the date of application.

(4) If the taxpayer enters into any of the following transactions, the transaction shall be presumed to be a transaction entered into for the purpose of generating benefits under the Urban Redevelopment Act and shall not be allowed in the computation of any benefit or the meeting of any required levels under the agreement except as specifically provided in this subsection:

(a) The purchase or lease of any property that was previously owned by the taxpayer who filed the application or a related taxpayer unless the first purchase by either the taxpayer who filed the application or a related taxpayer was first placed in service at a qualified location after the beginning of the taxable year the application was filed;

(b) The renegotiation of any lease in existence during the taxable year the application was filed which does not materially change any of the terms of the lease other than the expiration date;

(c) The purchase or lease of any property from a related taxpayer, except that the taxpayer who filed the application will be allowed any benefits under the act to which the related taxpayer would have been entitled on the purchase or lease of the property if the related taxpayer was considered the taxpayer; and

(d) Any transaction entered into primarily for the purpose of receiving benefits under the act which is without a business purpose and does not result in increased economic activity in the state.

77-6922 Tax credits; use.

(1) The credits allowed under section 77-6920 may be used:

(a) To obtain a refund of sales and use taxes paid under the Local Option Revenue Act, the Nebraska Revenue Act of 1967, the Qualified Judgment Payment Act, and sections 13-319, 13-324, and 13-2813;

(b) As a refundable income tax credit claimed on an income tax return of the taxpayer. The return need not reflect any income tax liability owed by the taxpayer;

(c) To reduce the taxpayer's income tax withholding employer or payor tax liability under section 77-2756 or 77-2757. To the extent of the credit used, such withholding shall not constitute public funds or state tax revenue and shall not constitute a trust fund or be owned by the state. The use by the taxpayer of the credit shall not change the amount that otherwise would be reported by the taxpayer to the employee under section 77-2754 as income tax withheld and

shall not reduce the amount that otherwise would be allowed by the state as a refundable credit on an employee's income tax return as income tax withheld under section 77-2755. The amount of credits used against income tax withholding shall not exceed the withholding attributable to the number of new equivalent employees employed by the taxpayer. If the amount of credit used by the taxpayer against income tax withholding exceeds such amount, the excess withholding shall be returned to the Department of Revenue in the manner provided in section 77-2756, such excess amount returned shall be considered unused, and the amount of unused credits may be used as otherwise permitted in this section; and

(d) To obtain a payment from the state equal to the real property taxes due after the year the required levels of employment and investment were met, for real property at a qualified location that is acquired by the taxpayer after the date the application was filed. The payment from the state shall be made only after payment of the real property taxes have been made to the county as required by law. Payments shall not be allowed for any taxes paid on real property for which the taxes are divided under section 18-2147 or 58-507.

(2) A claim for the credit may be filed quarterly for refund of the sales and use taxes paid, either directly or indirectly, after the filing of the income tax return for the taxable year in which the credit was first allowed.

(3) Once the taxpayer attains the required levels of employment and investment, the taxpayer shall be entitled to a refund of all sales and use taxes paid, either directly or indirectly, under the Local Option Revenue Act, the Nebraska Revenue Act of 1967, the Qualified Judgment Payment Act, and sections 13-319, 13-324, and 13-2813 on the qualifying investment.

(4) For purposes of subsections (2) and (3) of this section, the taxpayer shall be deemed to have paid indirectly any sales or use taxes paid by a contractor with a purchasing agent agreement on building materials annexed to an improvement to real estate built for the taxpayer. The contractor shall certify to the taxpayer the amount of the sales and use taxes paid on the building materials, or the taxpayer, with the permission of the Director of Economic Development and a certification from the contractor that sales and use taxes were paid on all building materials, may presume that fifty percent of the cost of the improvement was for building materials annexed to real estate on which the tax was paid.

(5) Credits distributed to a partner, limited liability company member, shareholder, or beneficiary under section 77-6925 may be used against the income tax liability of the partner, member, shareholder, or beneficiary receiving the credits.

77-6923 Tax credits; recapture; amount; deadline.

(1) If the taxpayer fails to maintain employment and investment levels at or above the levels required in the agreement for the entire performance period, any refunds or reduction in tax allowed under the Urban Redevelopment Act shall be partially recaptured from the taxpayer. The amount of the recapture for

each incentive shall be a percentage equal to the number of years the taxpayer did not maintain the required levels of investment or employment divided by the number of years of the performance period, with such percentage then multiplied by the refunds or reductions in tax allowed.

(2) Any refund or reduction in tax due, to the extent required to be recaptured, shall be deemed to be an underpayment of the tax and shall be immediately due and payable. When tax incentives were received in more than one year, the incentives received in the most recent year shall be recovered first and then the incentives received in earlier years up to the extent of the required recapture.

(3) Notwithstanding any other limitations contained in the laws of this state, collection of any taxes deemed to be underpayments by this section shall be allowed for a period of three years after the end of the performance period or three calendar years after the incentive was allowed, whichever is later.

(4) The recapture required by this section shall not occur if the failure to maintain the required levels of employment or investment was caused by an act of God or a national emergency.

77-6924 Employees; verification of status required; exclusions.

(1) The Director of Economic Development shall not approve or grant to any person any tax incentive under the Urban Redevelopment Act unless the taxpayer provides evidence satisfactory to the director that the taxpayer electronically verified the work eligibility status of all newly hired employees employed in Nebraska.

(2) For purposes of calculating any tax incentive available under the act, the director shall exclude hours worked and compensation paid to an employee that is not eligible to work in Nebraska as verified under subsection (1) of this section.

77-6925 Incentives; transfer; when.

Any credit distributed shall be distributed in the same manner as income is distributed. A credit distributed shall be considered a credit used and the partnership, limited liability company, subchapter S corporation, cooperative, limited cooperative association, estate, or trust shall be liable for any repayment under section 77-6923;

(2) The incentives previously allowed and the future allowance of incentives may be transferred when a project covered by an agreement is transferred by sale or lease to another taxpayer or in an acquisition of assets qualifying under section 381 of the Internal Revenue Code of 1986, as amended. The acquiring taxpayer, as of the date of notification of the Director of Economic Develop-

ment of the completed transfer, shall be entitled to any unused credits and to any future incentives allowable under the act. The acquiring taxpayer shall be liable for any repayment that becomes due after the date of the transfer with respect to any benefits received either before or after the transfer; and

(3) If a taxpayer allowed a credit under section 77-6920 dies and there is credit remaining after the filing of the final return for the taxpayer, the personal representative shall determine the distribution of the credit with the initial fiduciary return filed for the estate. The determination of the distribution of the credit may be changed only after obtaining the permission of the director.

77-6927 Base-year employment levels; review and certification; effect.

(1) The taxpayer may request the Tax Commissioner to review and certify the taxpayer's base-year employment levels. Upon a request for such review, the Tax Commissioner shall be given access to the employment and business records of the taxpayer and must complete the review within ninety days after the request. If the Tax Commissioner requests, by mail or by electronic means, additional information or clarification from the taxpayer in order to make his or her determination, the ninety-day period shall be tolled from the time the Tax Commissioner makes the request to the time he or she receives the requested information or clarification from the taxpayer. The taxpayer and the Tax Commissioner may also agree to extend the ninety-day period. If the Tax Commissioner fails to make his or her determination within the prescribed ninety-day period, the certification is deemed approved.

(2) Upon review, the Tax Commissioner may approve or amend the taxpayer's base-year employment levels based upon the employment and business records provided by the taxpayer. Once the Tax Commissioner certifies the employment levels, the certification is binding on the Department of Revenue when the taxpayer claims benefits on a return to the extent the information provided by the taxpayer was accurate and to the extent such information is not affected by any of the situations described in section 77-6921.

(3) If the taxpayer does not request review and certification of employment levels under this section, such levels are subject to later audit by the Department of Revenue.

For tax year 2024, the total amount of relief granted under the act shall be seven hundred fifty million dollars. For tax year 2025, the total amount of relief granted under the act shall be seven hundred eighty million dollars. For tax year 2026, the total amount of relief granted under the act shall be eight hundred eight million dollars. For tax year 2027, the total amount of relief granted under the act shall be eight hundred thirty-eight million dollars. The relief shall be in the form of property tax credits which appear on property tax statements. Property tax credits granted under the act shall be credited against the amount of property taxes owed to school districts.

(2) To determine the amount of the property tax credit for each parcel, the county treasurer shall multiply the amount disbursed to the county under subsection (4) of this section by the ratio of the school district taxes levied in the prior year on the parcel to the school district taxes levied in the prior year on all real property in the county. The Property Tax Administrator shall immediately credit any funds returned under this subsection to the School District Property Tax Relief Credit Fund. (4) The amount disbursed to each county under this section shall be equal to the amount available for disbursement under subsection (1) of this section multiplied by the ratio of the school district taxes levied in the prior year on all real property in the county to the school district taxes levied in the prior year on all real property in the state. By September 15, 2024, and by September 15 of each year thereafter, the Property Tax Administrator shall determine the amount to be disbursed under this subsection to each county and shall certify such amounts to the State Treasurer and to each county. Part 1

SHORT TITLE, GENERAL CONSTRUCTION, AND SUBJECT MATTER

2-102 Scope; certain security and other transactions excluded from this article.

(1) Unless the context otherwise requires, and except as provided in subsection (3), this article applies to transactions in goods and, in the case of a hybrid transaction, it applies to the extent provided in subsection (2).

(2) In a hybrid transaction:

(a) If the sale-of-goods aspects do not predominate, only the provisions of this article which relate primarily to the sale-of-goods aspects of the transaction

apply, and the provisions that relate primarily to the transaction as a whole do not apply.

(b) If the sale-of-goods aspects predominate, this article applies to the transaction but does not preclude application in appropriate circumstances of other law to aspects of the transaction which do not relate to the sale of goods.

(3) This article does not:

2-106 Definitions; contract; agreement; contract for sale; sale; present sale; conforming to contract; termination; cancellation; hybrid transaction.

(1) In this article unless the context otherwise requires ''contract'' and ''agreement'' are limited to those relating to the present or future sale of goods. ''Contract for sale'' includes both a present sale of goods and a contract to sell goods at a future time. A ''sale'' consists in the passing of title from the seller to the buyer for a price (section 2-401). A ''present sale'' means a sale which is accomplished by the making of the contract.

(2) Goods or conduct including any part of a performance are ''conforming'' or conform to the contract when they are in accordance with the obligations under the contract.

(3) ''Termination'' occurs when either party pursuant to a power created by agreement or law puts an end to the contract otherwise than for its breach. On ''termination'' all obligations which are still executory on both sides are discharged but any right based on prior breach or performance survives.

(4) ''Cancellation'' occurs when either party puts an end to the contract for breach by the other and its effect is the same as that of ''termination'' except that the canceling party also retains any remedy for breach of the whole contract or any unperformed balance.

(5) ''Hybrid transaction'' means a single transaction involving a sale of goods and:

(a) the provision of services;

(b) a lease of other goods; or

(c) a sale, lease, or license of property other than goods.

Source: Laws 1963, c. 544, Art. II, § 2-106, p. 1709; Laws 2024, LB94, § 7.

Part 2

FORM, FORMATION, AND READJUSTMENT OF CONTRACT

2-201 Formal requirements; statute of frauds.

(1) Except as otherwise provided in this section a contract for the sale of goods for the price of five hundred dollars or more is not enforceable by way of

action or defense unless there is a record sufficient to indicate that a contract for sale has been made between the parties and signed by the party against whom enforcement is sought or by the party's authorized agent or broker. A record is not insufficient because it omits or incorrectly states a term agreed upon but the contract is not enforceable under this subsection beyond the quantity of goods shown in the record.

(2)(a) Between merchants if within a reasonable time a record in confirmation of the contract and sufficient against the sender is received and the party receiving it has reason to know its contents, it satisfies the requirements of subsection (1) against the party unless notice in a record of objection to its contents is given within ten days after it is received.

(b) Between a merchant and a buyer or seller of grain not a merchant, if (i) the contract is an oral contract for the sale of grain, (ii) within a reasonable time a writing in confirmation of the contract and sufficient against the sender is received, (iii) the party receiving it has reason to know its contents, (iv) it contains a statement of the kind of grain, quantity of grain, per unit price, date of contract, and delivery date of the grain, and (v) notice appears on the face of the written confirmation stating that the contract will be enforceable according to the terms contained in the confirmation unless written notice of objection is given within ten days, the writing satisfies the requirements of subsection (1) of this section against the party receiving it unless written notice of objection to its contents is given within ten days after it is received.

(3) A contract which does not satisfy the requirements of subsection (1) but which is valid in other respects is enforceable

(a) if the goods are to be specially manufactured for the buyer and are not suitable for sale to others in the ordinary course of the seller's business and the seller, before notice of repudiation is received and under circumstances which reasonably indicate that the goods are for the buyer, has made either a substantial beginning of their manufacture or commitments for their procurement; or

(b) if the party against whom enforcement is sought admits in his or her pleading, testimony or otherwise in court that a contract for sale was made, but the contract is not enforceable under this provision beyond the quantity of goods admitted; or

(c) with respect to goods for which payment has been made and accepted or which have been received and accepted (section 2-606).

Effective date July 19, 2024.

2-202 Final expression; parol or extrinsic evidence.

Terms with respect to which the confirmatory memoranda of the parties agree or which are otherwise set forth in a record intended by the parties as a final expression of their agreement with respect to such terms as are included therein may not be contradicted by evidence of any prior agreement or of a contemporaneous oral agreement but may be explained or supplemented:

(a) by course of performance, course of dealing, or usage of trade (section 1-303); and

(b) by evidence of consistent additional terms unless the court finds the record to have been intended also as a complete and exclusive statement of the terms of the agreement.

Effective date July 19, 2024.

2-203 Seals inoperative.

The affixing of a seal to a record evidencing a contract for sale or an offer to buy or sell goods does not constitute the record a sealed instrument and the law with respect to sealed instruments does not apply to such a contract or offer.

2-205 Firm offers.

An offer by a merchant to buy or sell goods in a signed record which by its terms gives assurance that it will be held open is not revocable, for lack of consideration, during the time stated or if no time is stated for a reasonable time, but in no event may such period of irrevocability exceed three months; but any such term of assurance on a form supplied by the offeree must be separately signed by the offeror.

Effective date July 19, 2024.

2-209 Modification, rescission, and waiver.

(1) An agreement modifying a contract within this article needs no consideration to be binding.

(2) A signed agreement which excludes modification or rescission except by a signed writing or other signed record cannot be otherwise modified or rescinded, but except as between merchants such a requirement on a form supplied by the merchant must be separately signed by the other party.

(3) The requirements of the statute of frauds section of this article (section 2-201) must be satisfied if the contract as modified is within its provisions.

(4) Although an attempt at modification or rescission does not satisfy the requirements of subsection (2) or (3) it can operate as a waiver.

(5) A party who has made a waiver affecting an executory portion of the contract may retract the waiver by reasonable notification received by the other party that strict performance will be required of any term waived, unless the retraction would be unjust in view of a material change of position in reliance on the waiver.

GENERAL PROVISIONS

Part 2
FORMATION AND CONSTRUCTION OF LEASE CONTRACT

Part 1

GENERAL PROVISIONS

2A-102 Scope.

(1) This article applies to any transaction, regardless of form, that creates a lease and, in the case of a hybrid lease, it applies to the extent provided in subsection (2).

(2) In a hybrid lease:

(a) if the lease-of-goods aspects do not predominate:

(i) only the provisions of this article which relate primarily to the lease-of-goods aspects of the transaction apply, and the provisions that relate primarily to the transaction as a whole do not apply;

(ii) section 2A-209 applies if the lease is a finance lease; and

(iii) section 2A-407 applies to the promises of the lessee in a finance lease to the extent the promises are consideration for the right to possession and use of the leased goods; and

(b) if the lease-of-goods aspects predominate, this article applies to the transaction, but does not preclude application in appropriate circumstances of other law to aspects of the lease which do not relate to the lease of goods.

Effective date July 19, 2024.

2A-103 Definitions and index of definitions.

(1) In this article unless the context otherwise requires:

(a) ''Buyer in ordinary course of business'' means a person who in good faith and without knowledge that the sale to him or her is in violation of the ownership rights or security interest or leasehold interest of a third party in the goods, buys in ordinary course from a person in the business of selling goods of that kind but does not include a pawnbroker. ''Buying'' may be for cash or by exchange of other property or on secured or unsecured credit and includes acquiring goods or documents of title under a preexisting contract for sale but

does not include a transfer in bulk or as security for or in total or partial satisfaction of a money debt.

(b) ''Cancellation'' occurs when either party puts an end to the lease contract for default by the other party.

(c) ''Commercial unit'' means such a unit of goods as by commercial usage is a single whole for purposes of lease and division of which materially impairs its character or value on the market or in use. A commercial unit may be a single article, as a machine, or a set of articles, as a suite of furniture or a line of machinery, or a quantity, as a gross or carload, or any other unit treated in use or in the relevant market as a single whole.

(d) ''Conforming'' goods or performance under a lease contract means goods or performance that are in accordance with the obligations under the lease contract.

(e) ''Consumer lease'' means a lease that a lessor regularly engaged in the business of leasing or selling makes to a lessee who is an individual and who takes under the lease primarily for a personal, family, or household purpose, if the total payments to be made under the lease contract, excluding payments for options to renew or buy, do not exceed twenty-five thousand dollars.

(f) ''Fault'' means wrongful act, omission, breach, or default.

(g) ''Finance lease'' means a lease with respect to which:

(i) the lessor does not select, manufacture, or supply the goods;

(ii) the lessor acquires the goods or the right to possession and use of the goods in connection with the lease; and

(iii) one of the following occurs:

(A) the lessee receives a copy of the contract by which the lessor acquired the goods or the right to possession and use of the goods before signing the lease contract;

(B) the lessee's approval of the contract by which the lessor acquired the goods or the right to possession and use of the goods is a condition to effectiveness of the lease contract;

(C) the lessee, before signing the lease contract, receives an accurate and complete statement designating the promises and warranties, and any disclaimers of warranties, limitations or modifications of remedies, or liquidated damages, including those of a third party, such as the manufacturer of the goods, provided to the lessor by the person supplying the goods in connection with or as part of the contract by which the lessor acquired the goods or the right to possession and use of the goods; or

(D) if the lease is not a consumer lease, the lessor, before the lessee signs the lease contract, informs the lessee in writing (a) of the identity of the person supplying the goods to the lessor, unless the lessee has selected that person and directed the lessor to acquire the goods or the right to possession and use of the goods from that person, (b) that the lessee is entitled under this article to the promises and warranties, including those of any third party, provided to the lessor by the person supplying the goods in connection with or as part of the contract by which the lessor acquired the goods or the right to possession and use of the goods, and (c) that the lessee may communicate with the person supplying the goods to the lessor and receive an accurate and complete

statement of those promises and warranties, including any disclaimers and limitations of them or of remedies.

(h) ''Goods'' means all things that are movable at the time of identification to the lease contract, or are fixtures (section 2A-309), but the term does not include money, documents, instruments, accounts, chattel paper, general intangibles, or minerals or the like, including oil and gas, before extraction. The term also includes the unborn young of animals.

(h.1) ''Hybrid lease'' means a single transaction involving a lease of goods and:

(i) the provision of services;

(ii) a sale of other goods; or

(iii) a sale, lease, or license of property other than goods.

(i) ''Installment lease contract'' means a lease contract that authorizes or requires the delivery of goods in separate lots to be separately accepted, even though the lease contract contains a clause ''each delivery is a separate lease'' or its equivalent.

(j) ''Lease'' means a transfer of the right to possession and use of goods for a term in return for consideration, but a sale, including a sale on approval or a sale or return, or retention or creation of a security interest is not a lease. Unless the context clearly indicates otherwise, the term includes a sublease.

(k) ''Lease agreement'' means the bargain, with respect to the lease, of the lessor and the lessee in fact as found in their language or by implication from other circumstances including course of dealing or usage of trade or course of performance as provided in this article. Unless the context clearly indicates otherwise, the term includes a sublease agreement.

(l) ''Lease contract'' means the total legal obligation that results from the lease agreement as affected by this article and any other applicable rules of law. Unless the context clearly indicates otherwise, the term includes a sublease contract.

(m) ''Leasehold interest'' means the interest of the lessor or the lessee under a lease contract.

(n) ''Lessee'' means a person who acquires the right to possession and use of goods under a lease. Unless the context clearly indicates otherwise, the term includes a sublessee.

(o) ''Lessee in ordinary course of business'' means a person who in good faith and without knowledge that the lease to him or her is in violation of the ownership rights or security interest or leasehold interest of a third party in the goods leases in ordinary course from a person in the business of selling or leasing goods of that kind but does not include a pawnbroker. ''Leasing'' may be for cash or by exchange of other property or on secured or unsecured credit and includes acquiring goods or documents of title under a preexisting lease contract but does not include a transfer in bulk or as security for or in total or partial satisfaction of a money debt.

(p) ''Lessor'' means a person who transfers the right to possession and use of goods under a lease. Unless the context clearly indicates otherwise, the term includes a sublessor.

(q) ''Lessor's residual interest'' means the lessor's interest in the goods after expiration, termination, or cancellation of the lease contract.

(r) ''Lien'' means a charge against or interest in goods to secure payment of a debt or performance of an obligation, but the term does not include a security interest.

(s) ''Lot'' means a parcel or a single article that is the subject matter of a separate lease or delivery, whether or not it is sufficient to perform the lease contract.

(t) ''Merchant lessee'' means a lessee that is a merchant with respect to goods of the kind subject to the lease.

(u) ''Present value'' means the amount as of a date certain of one or more sums payable in the future, discounted to the date certain. The discount is determined by the interest rate specified by the parties if the rate was not manifestly unreasonable at the time the transaction was entered into; otherwise, the discount is determined by a commercially reasonable rate that takes into account the facts and circumstances of each case at the time the transaction was entered into.

(v) ''Purchase'' includes taking by sale, lease, mortgage, security interest, pledge, gift, or any other voluntary transaction creating an interest in goods.

(w) ''Sublease'' means a lease of goods the right to possession and use of which was acquired by the lessor as a lessee under an existing lease.

(x) ''Supplier'' means a person from whom a lessor buys or leases goods to be leased under a finance lease.

(y) ''Supply contract'' means a contract under which a lessor buys or leases goods to be leased.

(z) ''Termination'' occurs when either party pursuant to a power created by agreement or law puts an end to the lease contract otherwise than for default.

Part 2

FORMATION AND CONSTRUCTION OF LEASE CONTRACT

2A-201 Statute of frauds.

(1) A lease contract is not enforceable by way of action or defense unless:

(a) the total payments to be made under the lease contract, excluding payments for options to renew or buy, are less than one thousand dollars; or

(b) there is a record, signed by the party against whom enforcement is sought or by that party's authorized agent, sufficient to indicate that a lease contract has been made between the parties and to describe the goods leased and the lease term.

(2) Any description of leased goods or of the lease term is sufficient and satisfies subsection (1)(b), whether or not it is specific, if it reasonably identifies what is described.

(3) A record is not insufficient because it omits or incorrectly states a term agreed upon, but the lease contract is not enforceable under subsection (1)(b) beyond the lease term and the quantity of goods shown in the record.

(4) A lease contract that does not satisfy the requirements of subsection (1), but which is valid in other respects, is enforceable:

(a) if the goods are to be specially manufactured or obtained for the lessee and are not suitable for lease or sale to others in the ordinary course of the lessor's business, and the lessor, before notice of repudiation is received and under circumstances that reasonably indicate that the goods are for the lessee, has made either a substantial beginning of their manufacture or commitments for their procurement;

(b) if the party against whom enforcement is sought admits in that party's pleading, testimony, or otherwise in court that a lease contract was made, but the lease contract is not enforceable under this provision beyond the quantity of goods admitted; or

(c) with respect to goods that have been received and accepted by the lessee.

(5) The lease term under a lease contract referred to in subsection (4) is:

(a) if there is a record signed by the party against whom enforcement is sought or by that party's authorized agent specifying the lease term, the term so specified;

(b) if the party against whom enforcement is sought admits in that party's pleading, testimony, or otherwise in court a lease term, the term so admitted; or

(c) a reasonable lease term.

2A-202 Final expression: parol or extrinsic evidence.

Terms with respect to which the confirmatory memoranda of the parties agree or which are otherwise set forth in a record intended by the parties as a final expression of their agreement with respect to such terms as are included therein may not be contradicted by evidence of any prior agreement or of a contemporaneous oral agreement but may be explained or supplemented:

(a) by course of dealing or usage of trade or by course of performance; and

(b) by evidence of consistent additional terms unless the court finds the record to have been intended also as a complete and exclusive statement of the terms of the agreement.

2A-203 Seals inoperative.

The affixing of a seal to a record evidencing a lease contract or an offer to enter into a lease contract does not render the record a sealed instrument and the law with respect to sealed instruments does not apply to the lease contract or offer.

2A-205 Firm offers.

An offer by a merchant to lease goods to or from another person in a signed record that by its terms gives assurance it will be held open is not revocable, for lack of consideration, during the time stated or, if no time is stated, for a reasonable time, but in no event may the period of irrevocability exceed three months. Any such term of assurance on a form supplied by the offeree must be separately signed by the offeror.

Effective date July 19, 2024.

2A-208 Modification, rescission, and waiver.

(1) An agreement modifying a lease contract needs no consideration to be binding.

(2) A signed lease agreement that excludes modification or rescission except by a signed record may not be otherwise modified or rescinded, but, except as

between merchants, such a requirement on a form supplied by a merchant must be separately signed by the other party.

(3) Although an attempt at modification or rescission does not satisfy the requirements of subsection (2), it may operate as a waiver.

(4) A party who has made a waiver affecting an executory portion of a lease contract may retract the waiver by reasonable notification received by the other party that strict performance will be required of any term waived, unless the retraction would be unjust in view of a material change of position in reliance on the waiver.

3-104 Negotiable instrument.

(a) Except as provided in subsections (c) and (d), ''negotiable instrument'' means an unconditional promise or order to pay a fixed amount of money, with or without interest or other charges described in the promise or order, if it:

(1) is payable to bearer or to order at the time it is issued or first comes into possession of a holder;

(2) is payable on demand or at a definite time; and

(3) does not state any other undertaking or instruction by the person promising or ordering payment to do any act in addition to the payment of money, but the promise or order may contain (i) an undertaking or power to give, maintain, or protect collateral to secure payment, (ii) an authorization or power to the holder to confess judgment or realize on or dispose of collateral, (iii) a waiver of the benefit of any law intended for the advantage or protection of an obligor, (iv) a term that specifies the law that governs the promise or order, or (v) an undertaking to resolve in a specified forum a dispute concerning the promise or order.

(b) ''Instrument'' means a negotiable instrument.

(c) An order that meets all of the requirements of subsection (a), except subdivision (1), and otherwise falls within the definition of ''check'' in subsection (f) is a negotiable instrument and a check.

(d) A promise or order other than a check is not an instrument if, at the time it is issued or first comes into possession of a holder, it contains a conspicuous statement, however expressed, to the effect that the promise or order is not negotiable or is not an instrument governed by this article.

(e) An instrument is a ''note'' if it is a promise and is a ''draft'' if it is an order. If an instrument falls within the definition of both ''note'' and ''draft'', a person entitled to enforce the instrument may treat it as either.

(f) ''Check'' means (i) a draft, other than a documentary draft, payable on demand and drawn on a bank, (ii) a cashier's check or teller's check, or (iii) a demand draft. An instrument may be a check even though it is described on its face by another term, such as ''money order''.

(g) ''Cashier's check'' means a draft with respect to which the drawer and drawee are the same bank or branches of the same bank.

(h) ''Teller's check'' means a draft drawn by a bank (i) on another bank, or (ii) payable at or through a bank.

(i) ''Traveler's check'' means an instrument that (i) is payable on demand, (ii) is drawn on or payable at or through a bank, (iii) is designated by the term ''traveler's check'' or by a substantially similar term, and (iv) requires, as a condition to payment, a countersignature by a person whose specimen signature appears on the instrument.

(j) ''Certificate of deposit'' means an instrument containing an acknowledgment by a bank that a sum of money has been received by the bank and a promise by the bank to repay the sum of money. A certificate of deposit is a note of the bank.

(k) ''Demand draft'' means a writing not signed by a customer, as defined in section 4-104, that is created by a third party under the purported authority of the customer for the purpose of charging the customer's account with a bank. A demand draft shall contain the customer's account number and may contain any or all of the following:

(i) The customer's printed or typewritten name;

(ii) A notation that the customer authorized the draft; or

(iii) The statement ''no signature required'', ''authorization on file'', ''signature on file'', or words to that effect.

Demand draft does not include a check purportedly drawn by and bearing the signature of a fiduciary, as defined in section 3-307.

(1) the first delivery of an instrument by the maker or drawer, whether to a holder or nonholder, for the purpose of giving rights on the instrument to any person; or

(2) if agreed by the payee, the first transmission by the drawer to the payee of an image of an item and information derived from the item that enables the depositary bank to collect the item by transferring or presenting under federal law an electronic check.

(b) An unissued instrument, or an unissued incomplete instrument that is completed, is binding on the maker or drawer, but nonissuance is a defense. An instrument that is conditionally issued or is issued for a special purpose is binding on the maker or drawer, but failure of the condition or special purpose to be fulfilled is a defense.

(c) ''Issuer'' applies to issued and unissued instruments and means a maker or drawer of an instrument.

The obligation of a party to pay a check is not discharged solely by destruction of the check in connection with a process in which information is extracted from the check and an image of the check is made and, subsequently, the information and image are transmitted for payment.

(b) Cancellation or striking out of an indorsement pursuant to subsection (a) does not affect the status and rights of a party derived from the indorsement.

ISSUE AND ACCEPTANCE OF PAYMENT ORDER

4A-201 Security procedure.

''Security procedure'' means a procedure established by agreement of a customer and a receiving bank for the purpose of (i) verifying that a payment order or communication amending or canceling a payment order is that of the customer, or (ii) detecting error in the transmission or the content of the payment order or communication. A security procedure may impose an obligation on the receiving bank or the customer and may require the use of algorithms or other codes, identifying words, numbers, symbols, sounds, biometrics, encryption, callback procedures, or similar security devices. Comparison of a signature on a payment order or communication with an authorized specimen signature of the customer or requiring a payment order to be sent from a known email address, IP address, or telephone number is not by itself a security procedure.

4A-202 Authorized and verified payment orders.

(a) A payment order received by the receiving bank is the authorized order of the person identified as sender if that person authorized the order or is otherwise bound by it under the law of agency.

(b) If a bank and its customer have agreed that the authenticity of payment orders issued to the bank in the name of the customer as sender will be verified pursuant to a security procedure, a payment order received by the receiving

bank is effective as the order of the customer, whether or not authorized, if (i) the security procedure is a commercially reasonable method of providing security against unauthorized payment orders, and (ii) the bank proves that it accepted the payment order in good faith and in compliance with the bank's obligations under the security procedure and any agreement or instruction of the customer, evidenced by a record, restricting acceptance of payment orders issued in the name of the customer. The bank is not required to follow an instruction that violates an agreement with the customer, evidenced by a record, or notice of which is not received at a time and in a manner affording the bank a reasonable opportunity to act on it before the payment order is accepted.

(c) Commercial reasonableness of a security procedure is a question of law to be determined by considering the wishes of the customer expressed to the bank, the circumstances of the customer known to the bank, including the size, type, and frequency of payment orders normally issued by the customer to the bank, alternative security procedures offered to the customer, and security procedures in general use by customers and receiving banks similarly situated. A security procedure is deemed to be commercially reasonable if (i) the security procedure was chosen by the customer after the bank offered, and the customer refused, a security procedure that was commercially reasonable for that customer, and (ii) the customer expressly agreed in a record to be bound by any payment order, whether or not authorized, issued in its name and accepted by the bank in compliance with the bank's obligations under the security procedure chosen by the customer.

(d) The term ''sender'' in this article includes the customer in whose name a payment order is issued if the order is the authorized order of the customer under subsection (a), or it is effective as the order of the customer under subsection (b).

(e) This section applies to amendments and cancellations of payment orders to the same extent it applies to payment orders.

(f) Except as provided in this section and in section 4A-203(a)(1), rights and obligations arising under this section or section 4A-203 may not be varied by agreement.

4A-203 Unenforceability of certain verified payment orders.

(a) If an accepted payment order is not, under section 4A-202(a), an authorized order of a customer identified as sender, but is effective as an order of the customer pursuant to section 4A-202(b), the following rules apply:

(1) By express agreement evidenced by a record, the receiving bank may limit the extent to which it is entitled to enforce or retain payment of the payment order.

(2) The receiving bank is not entitled to enforce or retain payment of the payment order if the customer proves that the order was not caused, directly or indirectly, by a person (i) entrusted at any time with duties to act for the customer with respect to payment orders or the security procedure, or (ii) who obtained access to transmitting facilities of the customer or who obtained, from a source controlled by the customer and without authority of the receiving

bank, information facilitating breach of the security procedure, regardless of how the information was obtained or whether the customer was at fault. Information includes any access device, computer software, or the like.

(b) This section applies to amendments of payment orders to the same extent it applies to payment orders.

4A-207 Misdescription of beneficiary.

(a) Subject to subsection (b), if, in a payment order received by the beneficiary's bank, the name, bank account number, or other identification of the beneficiary refers to a nonexistent or unidentifiable person or account, no person has rights as a beneficiary of the order and acceptance of the order cannot occur.

(b) If a payment order received by the beneficiary's bank identifies the beneficiary both by name and by an identifying or bank account number and the name and number identify different persons, the following rules apply:

(1) Except as otherwise provided in subsection (c), if the beneficiary's bank does not know that the name and number refer to different persons, it may rely on the number as the proper identification of the beneficiary of the order. The beneficiary's bank need not determine whether the name and number refer to the same person.

(2) If the beneficiary's bank pays the person identified by name or knows that the name and number identify different persons, no person has rights as beneficiary except the person paid by the beneficiary's bank if that person was entitled to receive payment from the originator of the funds transfer. If no person has rights as beneficiary, acceptance of the order cannot occur.

(c) If (i) a payment order described in subsection (b) is accepted, (ii) the originator's payment order described the beneficiary inconsistently by name and number, and (iii) the beneficiary's bank pays the person identified by number as permitted by subsection (b)(1), the following rules apply:

(1) If the originator is a bank, the originator is obliged to pay its order.

(2) If the originator is not a bank and proves that the person identified by number was not entitled to receive payment from the originator, the originator is not obliged to pay its order unless the originator's bank proves that the originator, before acceptance of the originator's order, had notice that payment of a payment order issued by the originator might be made by the beneficiary's bank on the basis of an identifying or bank account number even if it identifies a person different from the named beneficiary. Proof of notice may be made by any admissible evidence. The originator's bank satisfies the burden of proof if it proves that the originator, before the payment order was accepted, signed a record stating the information to which the notice relates.

(d) In a case governed by subsection (b)(1), if the beneficiary's bank rightfully pays the person identified by number and that person was not entitled to receive payment from the originator, the amount paid may be recovered from that person to the extent allowed by the law governing mistake and restitution as follows:

(1) If the originator is obliged to pay its payment order as stated in subsection (c), the originator has the right to recover.

(2) If the originator is not a bank and is not obliged to pay its payment order, the originator's bank has the right to recover.

4A-208 Misdescription of intermediary bank or beneficiary's bank.

(a) This subsection applies to a payment order identifying an intermediary bank or the beneficiary's bank only by an identifying number.

(1) The receiving bank may rely on the number as the proper identification of the intermediary or beneficiary's bank and need not determine whether the number identifies a bank.

(2) The sender is obliged to compensate the receiving bank for any loss and expenses incurred by the receiving bank as a result of its reliance on the number in executing or attempting to execute the order.

(b) This subsection applies to a payment order identifying an intermediary bank or the beneficiary's bank both by name and an identifying number if the name and number identify different persons.

(1) If the sender is a bank, the receiving bank may rely on the number as the proper identification of the intermediary or beneficiary's bank if the receiving bank, when it executes the sender's order, does not know that the name and number identify different persons. The receiving bank need not determine whether the name and number refer to the same person or whether the number refers to a bank. The sender is obliged to compensate the receiving bank for any loss and expenses incurred by the receiving bank as a result of its reliance on the number in executing or attempting to execute the order.

(2) If the sender is not a bank and the receiving bank proves that the sender, before the payment order was accepted, had notice that the receiving bank might rely on the number as the proper identification of the intermediary or beneficiary's bank even if it identifies a person different from the bank identified by name, the rights and obligations of the sender and the receiving bank are governed by subsection (b)(1), as though the sender were a bank. Proof of notice may be made by any admissible evidence. The receiving bank satisfies the burden of proof if it proves that the sender, before the payment order was accepted, signed a record stating the information to which the notice relates.

(3) Regardless of whether the sender is a bank, the receiving bank may rely on the name as the proper identification of the intermediary or beneficiary's bank if the receiving bank, at the time it executes the sender's order, does not know that the name and number identify different persons. The receiving bank need not determine whether the name and number refer to the same person.

(4) If the receiving bank knows that the name and number identify different persons, reliance on either the name or the number in executing the sender's payment order is a breach of the obligation stated in section 4A-302(a)(1).

4A-210 Rejection of payment order.

(a) A payment order is rejected by the receiving bank by a notice of rejection transmitted to the sender orally or in a record. A notice of rejection need not use any particular words and is sufficient if it indicates that the receiving bank

is rejecting the order or will not execute or pay the order. Rejection is effective when the notice is given if transmission is by a means that is reasonable in the circumstances. If notice of rejection is given by a means that is not reasonable, rejection is effective when the notice is received. If an agreement of the sender and receiving bank establishes the means to be used to reject a payment order, (i) any means complying with the agreement is reasonable and (ii) any means not complying is not reasonable unless no significant delay in receipt of the notice resulted from the use of the noncomplying means.

(b) This subsection applies if a receiving bank other than the beneficiary's bank fails to execute a payment order despite the existence on the execution date of a withdrawable credit balance in an authorized account of the sender sufficient to cover the order. If the sender does not receive notice of rejection of the order on the execution date and the authorized account of the sender does not bear interest, the bank is obliged to pay interest to the sender on the amount of the order for the number of days elapsing after the execution date to the earlier of the day the order is canceled pursuant to section 4A-211(d) or the day the sender receives notice or learns that the order was not executed, counting the final day of the period as an elapsed day. If the withdrawable credit balance during that period falls below the amount of the order, the amount of interest is reduced accordingly.

(c) If a receiving bank suspends payments, all unaccepted payment orders issued to it are deemed rejected at the time the bank suspends payments.

(d) Acceptance of a payment order precludes a later rejection of the order. Rejection of a payment order precludes a later acceptance of the order.

Effective date July 19, 2024.

4A-211 Cancellation and amendment of payment order.

(a) A communication of the sender of a payment order canceling or amending the order may be transmitted to the receiving bank orally or in a record. If a security procedure is in effect between the sender and the receiving bank, the communication is not effective to cancel or amend the order unless the communication is verified pursuant to the security procedure or the bank agrees to the cancellation or amendment.

(b) Subject to subsection (a), a communication by the sender canceling or amending a payment order is effective to cancel or amend the order if notice of the communication is received at a time and in a manner affording the receiving bank a reasonable opportunity to act on the communication before the bank accepts the payment order.

(c) After a payment order has been accepted, cancellation or amendment of the order is not effective unless the receiving bank agrees or a funds-transfer system rule allows cancellation or amendment without agreement of the bank.

(1) With respect to a payment order accepted by a receiving bank other than the beneficiary's bank, cancellation or amendment is not effective unless a conforming cancellation or amendment of the payment order issued by the receiving bank is also made.

(2) With respect to a payment order accepted by the beneficiary's bank, cancellation or amendment is not effective unless the order was issued in execution of an unauthorized payment order, or because of a mistake by a

sender in the funds transfer which resulted in the issuance of a payment order (i) that is a duplicate of a payment order previously issued by the sender, (ii) that orders payment to a beneficiary not entitled to receive payment from the originator, or (iii) that orders payment in an amount greater than the amount the beneficiary was entitled to receive from the originator. If the payment order is canceled or amended, the beneficiary's bank is entitled to recover from the beneficiary any amount paid to the beneficiary to the extent allowed by the law governing mistake and restitution.

(d) An unaccepted payment order is canceled by operation of law at the close of the fifth funds-transfer business day of the receiving bank after the execution date or payment date of the order.

(e) A canceled payment order cannot be accepted. If an accepted payment order is canceled, the acceptance is nullified and no person has any right or obligation based on the acceptance. Amendment of a payment order is deemed to be cancellation of the original order at the time of amendment and issue of a new payment order in the amended form at the same time.

(f) Unless otherwise provided in an agreement of the parties or in a funds-transfer system rule, if the receiving bank, after accepting a payment order, agrees to cancellation or amendment of the order by the sender or is bound by a funds-transfer system rule allowing cancellation or amendment without the bank's agreement, the sender, whether or not cancellation or amendment is effective, is liable to the bank for any loss and expenses, including reasonable attorney's fees, incurred by the bank as a result of the cancellation or amendment or attempted cancellation or amendment.

(g) A payment order is not revoked by the death or legal incapacity of the sender unless the receiving bank knows of the death or of an adjudication of incapacity by a court of competent jurisdiction and has reasonable opportunity to act before acceptance of the order.

(h) A funds-transfer system rule is not effective to the extent it conflicts with subsection (c)(2).

Part 3

EXECUTION OF SENDER'S PAYMENT ORDER BY RECEIVING BANK

4A-305 Liability for late or improper execution or failure to execute payment order.

(a) If a funds transfer is completed but execution of a payment order by the receiving bank in breach of section 4A-302 results in delay in payment to the beneficiary, the bank is obliged to pay interest to either the originator or the beneficiary of the funds transfer for the period of delay caused by the improper execution. Except as provided in subsection (c), additional damages are not recoverable.

(b) If execution of a payment order by a receiving bank in breach of section 4A-302 results in (i) noncompletion of the funds transfer, (ii) failure to use an intermediary bank designated by the originator, or (iii) issuance of a payment order that does not comply with the terms of the payment order of the originator, the bank is liable to the originator for its expenses in the funds

transfer and for incidental expenses and interest losses, to the extent not covered by subsection (a), resulting from the improper execution. Except as provided in subsection (c), additional damages are not recoverable.

(c) In addition to the amounts payable under subsections (a) and (b), damages, including consequential damages, are recoverable to the extent provided in an express agreement of the receiving bank, evidenced by a record.

(d) If a receiving bank fails to execute a payment order it was obliged by express agreement to execute, the receiving bank is liable to the sender for its expenses in the transaction and for incidental expenses and interest losses resulting from the failure to execute. Additional damages, including consequential damages, are recoverable to the extent provided in an express agreement of the receiving bank, evidenced by a record, but are not otherwise recoverable.

(e) Reasonable attorney's fees are recoverable if demand for compensation under subsection (a) or (b) is made and refused before an action is brought on the claim. If a claim is made for breach of an agreement under subsection (d) and the agreement does not provide for damages, reasonable attorney's fees are recoverable if demand for compensation under subsection (d) is made and refused before an action is brought on the claim.

(f) Except as stated in this section, the liability of a receiving bank under subsections (a) and (b) may not be varied by agreement.

which the person is located. The person is considered to be located at the address indicated in the person's undertaking. If more than one address is indicated, the person is considered to be located at the address from which the person's undertaking was issued.

7-106 Control of electronic document of title.

(a) A person has control of an electronic document of title if a system employed for evidencing the transfer of interests in the electronic document reliably establishes that person as the person to which the electronic document was issued or transferred.

(b) A system satisfies subsection (a), and a person has control of an electronic document of title, if the document is created, stored, and transferred in a manner that:

(1) a single authoritative copy of the document exists which is unique, identifiable, and, except as otherwise provided in subdivisions (4), (5), and (6), unalterable;

(2) the authoritative copy identifies the person asserting control as:

(A) the person to which the document was issued; or

(B) if the authoritative copy indicates that the document has been transferred, the person to which the document was most recently transferred;

(3) the authoritative copy is communicated to and maintained by the person asserting control or its designated custodian;

(4) copies or amendments that add or change an identified transferee of the authoritative copy can be made only with the consent of the person asserting control;

(5) each copy of the authoritative copy and any copy of a copy is readily identifiable as a copy that is not the authoritative copy; and

(6) any amendment of the authoritative copy is readily identifiable as authorized or unauthorized.

(c) A system satisfies subsection (a), and a person has control of an electronic document of title, if an authoritative electronic copy of the document, a record attached to or logically associated with the electronic copy, or a system in which the electronic copy is recorded:

(1) enables the person readily to identify each electronic copy as either an authoritative copy or a nonauthoritative copy;

(2) enables the person readily to identify itself in any way, including by name, identifying number, cryptographic key, office, or account number, as the person to which each authoritative electronic copy was issued or transferred; and

(3) gives the person exclusive power, subject to subsection (d), to:

(A) prevent others from adding or changing the person to which each authoritative electronic copy has been issued or transferred; and

(B) transfer control of each authoritative electronic copy.

(d) Subject to subsection (e), a power is exclusive under subsection (c)(3)(A) and (B) even if:

(1) the authoritative electronic copy, a record attached to or logically associated with the authoritative electronic copy, or a system in which the authoritative electronic copy is recorded limits the use of the document of title or has a protocol that is programmed to cause a change, including a transfer or loss of control; or

(2) the power is shared with another person.

(e) A power of a person is not shared with another person under subsection (d)(2) and the person's power is not exclusive if:

(1) the person can exercise the power only if the power also is exercised by the other person; and

(2) the other person:

(A) can exercise the power without exercise of the power by the person; or

(B) is the transferor to the person of an interest in the document of title.

(f) If a person has the powers specified in subsection (c)(3)(A) and (B), the powers are presumed to be exclusive.

(g) A person has control of an electronic document of title if another person, other than the transferor to the person of an interest in the document:

(1) has control of the document and acknowledges that it has control on behalf of the person; or

(2) obtains control of the document after having acknowledged that it will obtain control of the document on behalf of the person.

(h) A person that has control under this section is not required to acknowledge that it has control on behalf of another person.

(i) If a person acknowledges that it has or will obtain control on behalf of another person, unless the person otherwise agrees or law other than this article or article 9 otherwise provides, the person does not owe any duty to the other person and is not required to confirm the acknowledgment to any other person.

8-103 Rules for determining whether certain obligations and interests are securities or financial assets.

(a) A share or similar equity interest issued by a corporation, business trust, joint stock company, or similar entity is a security.

(b) An ''investment company security'' is a security. ''Investment company security'' means a share or similar equity interest issued by an entity that is registered as an investment company under the federal investment company laws, an interest in a unit investment trust that is so registered, or a face-amount certificate issued by a face-amount certificate company that is so registered. Investment company security does not include an insurance policy or endowment policy or annuity contract issued by an insurance company.

(c) An interest in a partnership or limited liability company is not a security unless it is dealt in or traded on securities exchanges or in securities markets, its terms expressly provide that it is a security governed by this article, or it is an investment company security. However, an interest in a partnership or limited liability company is a financial asset if it is held in a securities account.

(d) A writing that is a security certificate is governed by this article and not by article 3, even though it also meets the requirements of that article. However, a negotiable instrument governed by article 3 is a financial asset if it is held in a securities account.

(e) An option or similar obligation issued by a clearing corporation to its participants is not a security, but is a financial asset.

(f) A commodity contract, as defined in section 9-102(a)(15), is not a security or a financial asset.

(g) A document of title is not a financial asset unless section 8-102(a)(9)(iii) applies.

8-106 Control.

(a) A purchaser has ''control'' of a certificated security in bearer form if the certificated security is delivered to the purchaser.

(b) A purchaser has ''control'' of a certificated security in registered form if the certificated security is delivered to the purchaser, and:

(1) the certificate is indorsed to the purchaser or in blank by an effective indorsement; or

(2) the certificate is registered in the name of the purchaser, upon original issue or registration of transfer by the issuer.

(c) A purchaser has ''control'' of an uncertificated security if:

(1) the uncertificated security is delivered to the purchaser; or

(2) the issuer has agreed that it will comply with instructions originated by the purchaser without further consent by the registered owner.

(d) A purchaser has ''control'' of a security entitlement if:

(1) the purchaser becomes the entitlement holder;

(2) the securities intermediary has agreed that it will comply with entitlement orders originated by the purchaser without further consent by the entitlement holder; or

(3) another person, other than the transferor to the purchaser of an interest in the security entitlement:

(A) has control of the security entitlement and acknowledges that it has control on behalf of the purchaser; or

(B) obtains control of the security entitlement after having acknowledged that it will obtain control of the security entitlement on behalf of the purchaser.

(e) If an interest in a security entitlement is granted by the entitlement holder to the entitlement holder's own securities intermediary, the securities intermediary has control.

(f) A purchaser who has satisfied the requirements of subsection (c) or (d) has control, even if the registered owner in the case of subsection (c) or the entitlement holder in the case of subsection (d) retains the right to make substitutions for the uncertificated security or security entitlement, to originate instructions or entitlement orders to the issuer or securities intermediary, or otherwise to deal with the uncertificated security or security entitlement.

(g) An issuer or a securities intermediary may not enter into an agreement of the kind described in subsection (c)(2) or (d)(2) without the consent of the registered owner or entitlement holder, but an issuer or a securities intermediary is not required to enter into such an agreement even though the registered owner or entitlement holder so directs. An issuer or securities intermediary that has entered into such an agreement is not required to confirm the existence of the agreement to another party unless requested to do so by the registered owner or entitlement holder.

(h) A person that has control under this section is not required to acknowledge that it has control on behalf of a purchaser.

(i) If a person acknowledges that it has or will obtain control on behalf of a purchaser, unless the person otherwise agrees or law other than this article or article 9 otherwise provides, the person does not owe any duty to the purchaser and is not required to confirm the acknowledgment to any other person.

(3) the effectiveness of registration of transfer by the issuer;

(4) whether the issuer owes any duties to an adverse claimant to a security; and

(5) whether an adverse claim can be asserted against a person to whom transfer of a certificated or uncertificated security is registered or a person who obtains control of an uncertificated security.

(b) The local law of the securities intermediary's jurisdiction, as specified in subsection (e), governs:

(1) acquisition of a security entitlement from the securities intermediary;

(2) the rights and duties of the securities intermediary and entitlement holder arising out of a security entitlement;

(3) whether the securities intermediary owes any duties to an adverse claimant to a security entitlement; and

(4) whether an adverse claim can be asserted against a person who acquires a security entitlement from the securities intermediary or a person who purchases a security entitlement or interest therein from an entitlement holder.

(c) The local law of the jurisdiction in which a security certificate is located at the time of delivery governs whether an adverse claim can be asserted against a person to whom the security certificate is delivered.

(d) ''Issuer's jurisdiction'' means the jurisdiction under which the issuer of the security is organized or, if permitted by the law of that jurisdiction, the law of another jurisdiction specified by the issuer. An issuer organized under the law of this state may specify the law of another jurisdiction as the law governing the matters specified in subdivisions (a)(2) through (5).

(e) The following rules determine a ''securities intermediary's jurisdiction'' for purposes of this section:

(1) If an agreement between the securities intermediary and its entitlement holder governing the securities account expressly provides that a particular jurisdiction is the securities intermediary's jurisdiction for purposes of this part, this article, or article 9, that jurisdiction is the securities intermediary's jurisdiction.

(2) If subdivision (1) does not apply and an agreement between the securities intermediary and its entitlement holder governing the securities account expressly provides that the agreement is governed by the law of a particular jurisdiction, that jurisdiction is the securities intermediary's jurisdiction.

(3) If neither subdivision (1) nor subdivision (2) applies and an agreement between the securities intermediary and its entitlement holder governing the securities account expressly provides that the securities account is maintained at an office in a particular jurisdiction, that jurisdiction is the securities intermediary's jurisdiction.

(4) If none of the preceding subdivisions applies, the securities intermediary's jurisdiction is the jurisdiction in which the office identified in an account statement as the office serving the entitlement holder's account is located.

(5) If none of the preceding subdivisions applies, the securities intermediary's jurisdiction is the jurisdiction in which the chief executive office of the securities intermediary is located.

(f) A securities intermediary's jurisdiction is not determined by the physical location of certificates representing financial assets, or by the jurisdiction in which is organized the issuer of the financial asset with respect to which an entitlement holder has a security entitlement, or by the location of facilities for data processing or other record keeping concerning the account.

(g) The local law of the issuer's jurisdiction or the securities intermediary's jurisdiction governs a matter or transaction specified in subsection (a) or (b) even if the matter or transaction does not bear any relation to the jurisdiction.

(1) value has been given;

(2) the debtor has rights in the collateral or the power to transfer rights in the collateral to a secured party; and

(3) one of the following conditions is met:

(2) the expiration of four months after a change of the debtor's location to another jurisdiction; or

(3) the expiration of one year after a transfer of collateral to a person that thereby becomes a debtor and is located in another jurisdiction.

(b) If a security interest described in subsection (a) becomes perfected under the law of the other jurisdiction before the earliest time or event described in that subsection, it remains perfected thereafter. If the security interest does not become perfected under the law of the other jurisdiction before the earliest time or event, it becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value.

(c) A possessory security interest in collateral, other than goods covered by a certificate of title and as-extracted collateral consisting of goods, remains continuously perfected if:

(1) the collateral is located in one jurisdiction and subject to a security interest perfected under the law of that jurisdiction;

(2) thereafter the collateral is brought into another jurisdiction; and

(3) upon entry into the other jurisdiction, the security interest is perfected under the law of the other jurisdiction.

(1) A financing statement filed before the change pursuant to the law of the jurisdiction designated in section 9-301(1) or 9-305(c) is effective to perfect a security interest in the collateral if the financing statement would have been effective to perfect a security interest in the collateral had the debtor not changed its location.

(2) If a security interest perfected by a financing statement that is effective under subdivision (1) becomes perfected under the law of the other jurisdiction before the earlier of the time the financing statement would have become ineffective under the law of the jurisdiction designated in section 9-301(1) or 9-305(c) or the expiration of the four-month period, it remains perfected

thereafter. If the security interest does not become perfected under the law of the other jurisdiction before the earlier time or event, it becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value.

(i) If a financing statement naming an original debtor is filed pursuant to the law of the jurisdiction designated in section 9-301(1) or 9-305(c) and the new debtor is located in another jurisdiction, the following rules apply:

(1) The financing statement is effective to perfect a security interest in collateral acquired by the new debtor before, and within four months after, the new debtor becomes bound under section 9-203(d), if the financing statement would have been effective to perfect a security interest in the collateral had the collateral been acquired by the original debtor.

(2) A security interest perfected by the financing statement and which becomes perfected under the law of the other jurisdiction before the earlier of the time the financing statement would have become ineffective under the law of the jurisdiction designated in section 9-301(1) or 9-305(c) or the expiration of the four-month period remains perfected thereafter. (2) if the purchase-money security interest is temporarily perfected without filing or possession under section 9-312(f), before the beginning of the twenty-day period thereunder.

(f) Except as otherwise provided in subsection (g), a perfected purchase-money security interest in software has priority over a conflicting security interest in the same collateral, and, except as otherwise provided in section 9-327, a perfected security interest in its identifiable proceeds also has priority, to the extent that the purchase-money security interest in the goods in which

the software was acquired for use has priority in the goods and proceeds of the goods under this section.

(g) If more than one security interest qualifies for priority in the same collateral under subsection (a), (b), (d), or (f):

(1) a security interest securing an obligation incurred as all or part of the price of the collateral has priority over a security interest securing an obligation incurred for value given to enable the debtor to acquire rights in or the use of collateral; and

(2) in all other cases, section 9-322(a) applies to the qualifying security interests.

9-330 Priority of purchaser of chattel paper or instrument.

(a) A purchaser of chattel paper has priority over a security interest in the chattel paper which is claimed merely as proceeds of inventory subject to a security interest if:

(1) in good faith and in the ordinary course of the purchaser's business, the purchaser gives new value, takes possession of each authoritative tangible copy of the record evidencing the chattel paper, and obtains control under section 9-105 of each authoritative electronic copy of the record evidencing the chattel paper; and

(2) the authoritative copies of the record evidencing the chattel paper do not indicate that the chattel paper has been assigned to an identified assignee other than the purchaser.

(b) A purchaser of chattel paper has priority over a security interest in the chattel paper which is claimed other than merely as proceeds of inventory subject to a security interest if the purchaser gives new value, takes possession of each authoritative tangible copy of the record evidencing the chattel paper, and obtains control under section 9-105 of each authoritative electronic copy of the record evidencing the chattel paper in good faith, in the ordinary course of the purchaser's business, and without knowledge that the purchase violates the rights of the secured party.

(c) Except as otherwise provided in section 9-327, a purchaser having priority in chattel paper under subsection (a) or (b) also has priority in proceeds of the chattel paper to the extent that:

(1) section 9-322 provides for priority in the proceeds; or

(2) the proceeds consist of the specific goods covered by the chattel paper or cash proceeds of the specific goods, even if the purchaser's security interest in the proceeds is unperfected.

(d) Except as otherwise provided in section 9-331(a), a purchaser of an instrument has priority over a security interest in the instrument perfected by a method other than possession if the purchaser gives value and takes possession of the instrument in good faith and without knowledge that the purchase violates the rights of the secured party.

(e) For purposes of subsections (a) and (b), the holder of a purchase-money security interest in inventory gives new value for chattel paper constituting proceeds of the inventory.

(f) For purposes of subsections (b) and (d), if the authoritative copies of the record evidencing chattel paper or an instrument indicate that the chattel paper or instrument has been assigned to an identified secured party other than the purchaser, a purchaser of the chattel paper or instrument has knowledge that the purchase violates the rights of the secured party.

(a) This article does not limit the rights of a holder in due course of a negotiable instrument, a holder to which a negotiable document of title has been duly negotiated, a protected purchaser of a security, or a qualifying purchaser of a controllable account, controllable electronic record, or controllable payment intangible. These holders or purchasers take priority over an earlier security interest, even if perfected, to the extent provided in articles 3, 7, 8, and 12.

(b) This article does not limit the rights of or impose liability on a person to the extent that the person is protected against the assertion of a claim under article 8 or 12.

(c) Filing under this article does not constitute notice of a claim or defense to the holders, or purchasers, or persons described in subsections (a) and (b).

9-334 Priority of security interests in fixtures and crops.

(a) A security interest under this article may be created in goods that are fixtures or may continue in goods that become fixtures. A security interest does not exist under this article in ordinary building materials incorporated into an improvement on land.

(b) This article does not prevent creation of an encumbrance upon fixtures under real property law.

(c) In cases not governed by subsections (d) through (h), a security interest in fixtures is subordinate to a conflicting interest of an encumbrancer or owner of the related real property other than the debtor.

(d) Except as otherwise provided in subsection (h), a perfected security interest in fixtures has priority over a conflicting interest of an encumbrancer or owner of the real property if the debtor has an interest of record in or is in possession of the real property and:

(1) the security interest is a purchase-money security interest;

(2) the interest of the encumbrancer or owner arises before the goods become fixtures; and

(3) the security interest is perfected by a fixture filing before the goods become fixtures or within twenty days thereafter.

(e) A perfected security interest in fixtures has priority over a conflicting interest of an encumbrancer or owner of the real property if:

(1) the debtor has an interest of record in the real property or is in possession of the real property and the security interest:

(A) is perfected by a fixture filing before the interest of the encumbrancer or owner is of record; and

(B) has priority over any conflicting interest of a predecessor in title of the encumbrancer or owner;

(2) before the goods become fixtures, the security interest is perfected by any method permitted by this article and the fixtures are readily removable:

(A) factory or office machines;

(B) equipment that is not primarily used or leased for use in the operation of the real property; or

(C) replacements of domestic appliances that are consumer goods;

(3) the conflicting interest is a lien on the real property obtained by legal or equitable proceedings after the security interest was perfected by any method permitted by this article; or

(4) the security interest is:

(A) created in a manufactured home in a manufactured-home transaction; and

(B) perfected pursuant to a statute described in section 9-311(a)(2).

(f) A security interest in fixtures, whether or not perfected, has priority over a conflicting interest of an encumbrancer or owner of the real property if:

(1) the encumbrancer or owner has, in a signed record, consented to the security interest or disclaimed an interest in the goods as fixtures; or

(2) the debtor has a right to remove the goods as against the encumbrancer or owner.

(g) The priority of the security interest under subdivision (f)(2) continues for a reasonable time if the debtor's right to remove the goods as against the encumbrancer or owner terminates.

(h) A mortgage is a construction mortgage to the extent that it secures an obligation incurred for the construction of an improvement on land, including the acquisition cost of the land, if a recorded record of the mortgage so indicates. Except as otherwise provided in subsections (e) and (f), a security interest in fixtures is subordinate to a construction mortgage if a record of the mortgage is recorded before the goods become fixtures and the goods become fixtures before the completion of the construction. A mortgage has this priority to the same extent as a construction mortgage to the extent that it is given to refinance a construction mortgage.

(i) A perfected security interest in crops growing on real property has priority over a conflicting interest of an encumbrancer or owner of the real property if the debtor has an interest of record in or is in possession of the real property.

(j) Subsection (i) prevails over any inconsistent provisions of the law of this state.

RIGHTS OF BANK

9-341 Bank's rights and duties with respect to deposit account.

Except as otherwise provided in section 9-340(c), and unless the bank otherwise agrees in a signed record, a bank's rights and duties with respect to a deposit account maintained with the bank are not terminated, suspended, or modified by:

(1) the creation, attachment, or perfection of a security interest in the deposit account;

(2) the bank's knowledge of the security interest; or

(3) the bank's receipt of instructions from the secured party.

Part 4

RIGHTS OF THIRD PARTIES

9-404 Rights acquired by assignee; claims and defenses against assignee.

(a) Unless an account debtor has made an enforceable agreement not to assert defenses or claims, and subject to subsections (b) through (e), the rights of an assignee are subject to:

(1) all terms of the agreement between the account debtor and assignor and any defense or claim in recoupment arising from the transaction that gave rise to the contract; and

(2) any other defense or claim of the account debtor against the assignor which accrues before the account debtor receives a notification of the assignment signed by the assignor or the assignee.

(b) Subject to subsection (c) and except as otherwise provided in subsection (d), the claim of an account debtor against an assignor may be asserted against an assignee under subsection (a) only to reduce the amount the account debtor owes.

(c) This section is subject to law other than this article which establishes a different rule for an account debtor who is an individual and who incurred the obligation primarily for personal, family, or household purposes.

(d) In a consumer transaction, if a record evidences the account debtor's obligation, law other than this article requires that the record include a statement to the effect that the account debtor's recovery against an assignee with respect to claims and defenses against the assignor may not exceed amounts paid by the account debtor under the record, and the record does not include such a statement, the extent to which a claim of an account debtor against the assignor may be asserted against an assignee is determined as if the record included such a statement.

(e) This section does not apply to an assignment of a health-care-insurance receivable.

9-406 Discharge of account debtor; notification of assignment; identification and proof of assignment; restrictions on assignment of accounts, chattel paper, payment intangibles, and promissory notes ineffective.

(a) Subject to subsections (b) through (i) and (l), an account debtor on an account, chattel paper, or a payment intangible may discharge its obligation by paying the assignor until, but not after, the account debtor receives a notification, signed by the assignor or the assignee, that the amount due or to become due has been assigned and that payment is to be made to the assignee. After receipt of the notification, the account debtor may discharge its obligation by paying the assignee and may not discharge the obligation by paying the assignor.

(b) Subject to subsections (h) and (l), notification is ineffective under subsection (a):

(1) if it does not reasonably identify the rights assigned;

(2) to the extent that an agreement between an account debtor and a seller of a payment intangible limits the account debtor's duty to pay a person other than the seller and the limitation is effective under law other than this article; or

(3) at the option of an account debtor, if the notification notifies the account debtor to make less than the full amount of any installment or other periodic payment to the assignee, even if:

(A) only a portion of the account, chattel paper, or payment intangible has been assigned to that assignee;

(B) a portion has been assigned to another assignee; or

(C) the account debtor knows that the assignment to that assignee is limited.

(c) Subject to subsections (h) and (l), if requested by the account debtor, an assignee shall seasonably furnish reasonable proof that the assignment has been made. Unless the assignee complies, the account debtor may discharge its obligation by paying the assignor, even if the account debtor has received a notification under subsection (a).

(d) In this subsection, ''promissory note'' includes a negotiable instrument that evidences chattel paper. Except as otherwise provided in subsections (e) and (k) and sections 2A-303 and 9-407, and subject to subsection (h), a term in an agreement between an account debtor and an assignor or in a promissory note is ineffective to the extent that it:

(1) prohibits, restricts, or requires the consent of the account debtor or person obligated on the promissory note to the assignment or transfer of, or the creation, attachment, perfection, or enforcement of a security interest in, the account, chattel paper, payment intangible, or promissory note; or

(2) provides that the assignment or transfer or the creation, attachment, perfection, or enforcement of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the account, chattel paper, payment intangible, or promissory note.

(e) Subsection (d) does not apply to the sale of a payment intangible or promissory note, other than a sale pursuant to a disposition under section 9-610 or an acceptance of collateral under section 9-620.

(f) Except as otherwise provided in subsection (k) and sections 2A-303 and 9-407, and subject to subsections (h) and (i), a rule of law, statute, or regulation that prohibits, restricts, or requires the consent of a government, governmental body or official, or account debtor to the assignment or transfer of, or creation of a security interest in, an account or chattel paper is ineffective to the extent that the rule of law, statute, or regulation:

(1) prohibits, restricts, or requires the consent of the government, governmental body or official, or account debtor to the assignment or transfer of, or the creation, attachment, perfection, or enforcement of a security interest in the account or chattel paper; or

(2) provides that the assignment or transfer or the creation, attachment, perfection, or enforcement of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the account or chattel paper.

(g) Subject to subsections (h) and (l), an account debtor may not waive or vary its option under subdivision (b)(3).

(h) This section is subject to law other than this article which establishes a different rule for an account debtor who is an individual and who incurred the obligation primarily for personal, family, or household purposes.

(i) This section does not apply to an assignment of a health-care-insurance receivable.

(j) This section prevails over any inconsistent provisions of the law of this state.

(k) Subsections (d), (f), and (j) do not apply to a security interest in an ownership interest in a general partnership, limited partnership, or limited liability company.

(l) Subsections (a), (b), (c), and (g) do not apply to a controllable account or controllable payment intangible.

9-408 Restrictions on assignment of promissory notes, health-care-insurance receivables, and certain general intangibles ineffective.

(a) Except as otherwise provided in subsections (b) and (f), a term in a promissory note or in an agreement between an account debtor and a debtor which relates to a health-care-insurance receivable or a general intangible, including a contract, permit, license, or franchise, and which term prohibits, restricts, or requires the consent of the person obligated on the promissory note or the account debtor to, the assignment or transfer of, or creation, attachment, or perfection of a security interest in, the promissory note, health-care-insurance receivable, or general intangible, is ineffective to the extent that the term:

(1) would impair the creation, attachment, or perfection of a security interest; or

(2) provides that the assignment or transfer or the creation, attachment, or perfection of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the promissory note, health-care-insurance receivable, or general intangible.

(b) Subsection (a) applies to a security interest in a payment intangible or promissory note only if the security interest arises out of a sale of the payment intangible or promissory note, other than a sale pursuant to a disposition under section 9-610 or an acceptance of collateral under section 9-620.

(c) Except as otherwise provided in subsection (f), a rule of law, statute, or regulation that prohibits, restricts, or requires the consent of a government, governmental body or official, person obligated on a promissory note, or account debtor to the assignment or transfer of, or creation of a security interest in, a promissory note, health-care-insurance receivable, or general intangible, including a contract, permit, license, or franchise between an account debtor and a debtor, is ineffective to the extent that the rule of law, statute, or regulation:

(1) would impair the creation, attachment, or perfection of a security interest; or

(2) provides that the assignment or transfer or the creation, attachment, or perfection of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the promissory note, health-care-insurance receivable, or general intangible.

(d) To the extent that a term in a promissory note or in an agreement between an account debtor and a debtor which relates to a health-care-insurance receivable or general intangible or a rule of law, statute, or regulation described in subsection (c) would be effective under law other than this article but is ineffective under subsection (a) or (c), the creation, attachment, or perfection of a security interest in the promissory note, health-care-insurance receivable, or general intangible:

(1) is not enforceable against the person obligated on the promissory note or the account debtor;

(2) does not impose a duty or obligation on the person obligated on the promissory note or the account debtor;

(3) does not require the person obligated on the promissory note or the account debtor to recognize the security interest, pay or render performance to the secured party, or accept payment or performance from the secured party;

(4) does not entitle the secured party to use or assign the debtor's rights under the promissory note, health-care-insurance receivable, or general intangible, including any related information or materials furnished to the debtor in the transaction giving rise to the promissory note, health-care-insurance receivable, or general intangible;

(5) does not entitle the secured party to use, assign, possess, or have access to any trade secrets or confidential information of the person obligated on the promissory note or the account debtor; and

(6) does not entitle the secured party to enforce the security interest in the promissory note, health-care-insurance receivable, or general intangible.

(e) This section prevails over any inconsistent provisions of the law of this state.

(f) This section does not apply to a security interest in an ownership interest in a general partnership, limited partnership, or limited liability company.

(g) In this section, ''promissory note'' includes a negotiable instrument that evidences chattel paper.

(1) the debtor authorizes the filing in a signed record or pursuant to subsection (b) or (c); or

(2) the person holds an agricultural lien that has become effective at the time of filing and the financing statement covers only collateral in which the person holds an agricultural lien.

(b) By signing or becoming bound as debtor by a security agreement, a debtor or new debtor authorizes the filing of an initial financing statement, and an amendment, covering:

(1) the collateral described in the security agreement; and

(2) property that becomes collateral under section 9-315(a)(1)(B), whether or not the security agreement expressly covers proceeds.

(c) By acquiring collateral in which a security interest or agricultural lien continues under section 9-315(a)(1)(A), a debtor authorizes the filing of an initial financing statement, and an amendment, covering the collateral and property that becomes collateral under section 9-315(a)(1)(B).

(d) A person may file an amendment other than an amendment that adds collateral covered by a financing statement or an amendment that adds a debtor to a financing statement only if:

(1) the secured party of record authorizes the filing; or

(2) the amendment is a termination statement for a financing statement as to which the secured party of record has failed to file or send a termination statement as required by section 9-513(a), the debtor authorizes the filing, and the termination statement indicates that the debtor authorized it to be filed.

(e) If there is more than one secured party of record for a financing statement, each secured party of record may authorize the filing of an amendment under subsection (d).

(b) A secured party in possession of collateral or control of collateral under section 7-106, 9-104, 9-105, 9-105A, 9-106, 9-107, or 9-107A has the rights and duties provided in section 9-207.

(c) The rights under subsections (a) and (b) are cumulative and may be exercised simultaneously.

(d) Except as otherwise provided in subsection (g) and section 9-605, after default, a debtor and an obligor have the rights provided in this part and by agreement of the parties.

(e) If a secured party has reduced its claim to judgment, the lien of any levy that may be made upon the collateral by virtue of an execution based upon the judgment relates back to the earliest of:

(1) the date of perfection of the security interest or agricultural lien in the collateral;

(2) the date of filing a financing statement covering the collateral; or

(3) any date specified in a statute under which the agricultural lien was created.

(f) A sale pursuant to an execution is a foreclosure of the security interest or agricultural lien by judicial procedure within the meaning of this section. A secured party may purchase at the sale and thereafter hold the collateral free of any other requirements of this article.

(g) Except as otherwise provided in section 9-607(c), this part imposes no duties upon a secured party that is a consignor or is a buyer of accounts, chattel paper, payment intangibles, or promissory notes.

9-615 Application of proceeds of disposition; liability for deficiency and right to surplus.

(a) A secured party shall apply or pay over for application the cash proceeds of disposition under section 9-610 in the following order to:

(1) the reasonable expenses of retaking, holding, preparing for disposition, processing, and disposing, and, to the extent provided for by agreement and not prohibited by law, reasonable attorney's fees and legal expenses incurred by the secured party;

(2) the satisfaction of obligations secured by the security interest or agricultural lien under which the disposition is made;

(3) the satisfaction of obligations secured by any subordinate security interest in or other subordinate lien on the collateral if:

(A) the secured party receives from the holder of the subordinate security interest or other lien a signed demand for proceeds before distribution of the proceeds is completed; and

(B) in a case in which a consignor has an interest in the collateral, the subordinate security interest or other lien is senior to the interest of the consignor; and

(4) a secured party that is a consignor of the collateral if the secured party receives from the consignor a signed demand for proceeds before distribution of the proceeds is completed.

(b) If requested by a secured party, a holder of a subordinate security interest or other lien shall furnish reasonable proof of the interest or lien within a reasonable time. Unless the holder does so, the secured party need not comply with the holder's demand under subdivision (a)(3).

(c) A secured party need not apply or pay over for application noncash proceeds of disposition under section 9-610 unless the failure to do so would be commercially unreasonable. A secured party that applies or pays over for application noncash proceeds shall do so in a commercially reasonable manner.

(d) If the security interest under which a disposition is made secures payment or performance of an obligation, after making the payments and applications required by subsection (a) and permitted by subsection (c):

(1) unless subdivision (a)(4) requires the secured party to apply or pay over cash proceeds to a consignor, the secured party shall account to and pay a debtor for any surplus; and

(2) the obligor is liable for any deficiency.

(e) If the underlying transaction is a sale of accounts, chattel paper, payment intangibles, or promissory notes:

(1) the debtor is not entitled to any surplus; and

(2) the obligor is not liable for any deficiency.

(f) The surplus or deficiency following a disposition is calculated based on the amount of proceeds that would have been realized in a disposition complying with this part to a transferee other than the secured party, a person related to the secured party, or a secondary obligor if:

(1) the transferee in the disposition is the secured party, a person related to the secured party, or a secondary obligor; and

(2) the amount of proceeds of the disposition is significantly below the range of proceeds that a complying disposition to a person other than the secured

party, a person related to the secured party, or a secondary obligor would have brought.

(g) A secured party that receives cash proceeds of a disposition in good faith and without knowledge that the receipt violates the rights of the holder of a security interest or other lien that is not subordinate to the security interest or agricultural lien under which the disposition is made:

(1) takes the cash proceeds free of the security interest or other lien;

(2) is not obligated to apply the proceeds of the disposition to the satisfaction of obligations secured by the security interest or other lien; and

(3) is not obligated to account to or pay the holder of the security interest or other lien for any surplus.

(a) In this section:

(B) provides an explanation in accordance with subsection (c) of how the secured party calculated the surplus or deficiency;

(C) states, if applicable, that future debits, credits, charges, including additional credit service charges or interest, rebates, and expenses may affect the amount of the surplus or deficiency; and

(D) provides a telephone number or mailing address from which additional information concerning the transaction is available.

(2) ''Request'' means a record:

(A) signed by a debtor or consumer obligor;

(B) requesting that the recipient provide an explanation; and

(C) sent after disposition of the collateral under section 9-610.

(b) In a consumer-goods transaction in which the debtor is entitled to a surplus or a consumer obligor is liable for a deficiency under section 9-615, the secured party shall:

(1) send an explanation to the debtor or consumer obligor, as applicable, after the disposition and:

(A) before or when the secured party accounts to the debtor and pays any surplus or first makes demand in a record on the consumer obligor after the disposition for payment of the deficiency; and

(B) within fourteen days after receipt of a request; or

(2) in the case of a consumer obligor who is liable for a deficiency, within fourteen days after receipt of a request, send to the consumer obligor a record waiving the secured party's right to a deficiency.

(c) To comply with subdivision (a)(1)(B), an explanation must provide the following information in the following order:

(1) the aggregate amount of obligations secured by the security interest under which the disposition was made, and, if the amount reflects a rebate of

unearned interest or credit service charge, an indication of that fact, calculated as of a specified date:

(A) if the secured party takes or receives possession of the collateral after default, not more than thirty-five days before the secured party takes or receives possession; or

(B) if the secured party takes or receives possession of the collateral before default or does not take possession of the collateral, not more than thirty-five days before the disposition;

(2) the amount of proceeds of the disposition;

(3) the aggregate amount of the obligations after deducting the amount of proceeds;

(4) the amount, in the aggregate or by type, and types of expenses, including expenses of retaking, holding, preparing for disposition, processing, and disposing of the collateral, and attorney's fees secured by the collateral which are known to the secured party and relate to the current disposition;

(5) the amount, in the aggregate or by type, and types of credits, including rebates of interest or credit service charges, to which the obligor is known to be entitled and which are not reflected in the amount in subdivision (1); and

(6) the amount of the surplus or deficiency.

(d) A particular phrasing of the explanation is not required. An explanation complying substantially with the requirements of subsection (a) is sufficient, even if it includes minor errors that are not seriously misleading.

(e) A debtor or consumer obligor is entitled without charge to one response to a request under this section during any six-month period in which the secured party did not send to the debtor or consumer obligor an explanation pursuant to subdivision (b)(1). The secured party may require payment of a charge not exceeding twenty-five dollars for each additional response.

(2) that the secured party has exercised its post-default remedies with respect to the collateral;

(3) that, by reason of the exercise, a transferee has acquired the rights of the debtor in the collateral; and

(4) the name and mailing address of the secured party, debtor, and transferee.

(b) A transfer statement entitles the transferee to the transfer of record of all rights of the debtor in the collateral specified in the statement in any official filing, recording, registration, or certificate-of-title system covering the collateral. If a transfer statement is presented with the applicable fee and request form to the official or office responsible for maintaining the system, the official or office shall:

(1) accept the transfer statement;

(2) promptly amend its records to reflect the transfer; and

(3) if applicable, issue a new appropriate certificate of title in the name of the transferee.

(c) A transfer of the record or legal title to collateral to a secured party under subsection (b) or otherwise is not of itself a disposition of collateral under this article and does not of itself relieve the secured party of its duties under this article.

(2) to the extent an agreement between the account debtor and seller of a payment intangible limits the account debtor's duty to pay a person other than the seller and the limitation is effective under law other than this article; or

(3) at the option of the account debtor, if the notification notifies the account debtor to:

(1) If the controllable electronic record, or a record attached to or logically associated with the controllable electronic record and readily available for review, expressly provides that a particular jurisdiction is the controllable electronic record's jurisdiction for purposes of this article or the Uniform Commercial Code, that jurisdiction is the controllable electronic record's jurisdiction.

(5) If subdivisions (1) through (4) do not apply, the controllable electronic record's jurisdiction is the District of Columbia.

(d) If subsection (c)(5) applies and article 12 is not in effect in the District of Columbia without material modification, the governing law for a matter covered by this article is the law of the District of Columbia as though article 12 were in effect in the District of Columbia without material modification. In this subsection, ''article 12'' means Article 12 of Uniform Commercial Code Amendments (2022).

(e) To the extent subsections (a) and (b) provide that the local law of the controllable electronic record's jurisdiction governs a matter covered by this article, that law governs even if the matter or a transaction to which the matter relates does not bear any relation to the controllable electronic record's jurisdiction.

SIMPLIFIED INDEX TO THE NEBRASKA JUVENILE CODE

INTRODUCTION AND ADDITIONAL RESOURCES

This appendix contains a simplified index to the Nebraska Juvenile Code. This appendix also contains a glossary of some commonly-used legal terms that are often used in the code (and in this index).

The Nebraska Juvenile Code is found in sections 43-245 to 43-2,129 of the Nebraska Revised Statutes. These statutes are available on the Nebraska Legislature's website at the following link.[1]

There is also a larger and more comprehensive index to all of Nebraska's statutes. It is contained in two print volumes and can also be found at the following links: Vol. 1 (A to H)[2] Vol. 2 (I to Z)[3].

If you have further questions about the Nebraska Juvenile Code and related issues, there are guides and resources

available on the Nebraska Supreme Court's website. These include:

- The *Court Improvement Project* – A website with many resources (link)[4]
- *What Now? A Guide for Young People in Nebraska's Juvenile Court System* – While this publication is written for juveniles, it provides a very helpful overview of the law and procedures in this area. This publication comes in two different versions.

GLOSSARY OF SELECTED JUVENILE LAW TERMS

Adjudication – This word is used in two ways: (1) To refer to a court proceeding, like a trial, and (2) to refer to the overall process through which the judge decides the juvenile case.

- Through the adjudication of a juvenile case, the judge will decide whether the facts alleged in the petition are true. For example, in a delinquency case, the judge will determine if the juvenile has committed an act that would be a crime if committed by an adult.
- Juvenile cases are often referred to as proceeding in certain parts or phases: Preadjudication, adjudication, and disposition.

Delinquency case – When a person under the age of 18 commits an act that is a crime, they can be brought before the juvenile court. This type of juvenile court case is sometimes referred to as a "delinquency" case.

- The term "delinquency" is not used formally in the statues. Instead, this phrase is used by people when talking about juvenile court cases.
- A person under the age of 18 can also sometimes be charged as an adult. When this happens, the person can request the court to transfer the case to juvenile court. (The opposite can also happen—a case can be initially filed in juvenile court and then transferred to adult court.)

Disposition – This is similar to sentencing in the adult criminal context or a judgment in a civil case. In the dispositional phase of a juvenile case, the court decides what services or rehabilitative efforts a juvenile will receive.

- There are many possible disposition options. Some of these include ordering participation in outpatient treatment or services, ordering payment of restitution, placement in a group or foster home, probation, or commitment to certain institutions, such as a youth rehabilitation and treatment center (often referred to as a "YRTC").

Guardian ad litem (GAL) – An attorney appointed by the judge to act on behalf of a person (here, typically a juvenile) and to protect that person's interests.

Juvenile – In Nebraska law, "juvenile" means a person who is under the age of 18.

- However, the age of majority in Nebraska (with some exceptions) is 19. In some cases, this means the court will retain jurisdiction over a juvenile until they are 19.

Jurisdiction – Generally this means the power or authority of a court to hear and decide a case.

- A juvenile can be within the jurisdiction of a juvenile court due to delinquency, a status offense, or an abuse or neglect (child welfare) case.
- Parents, guardians, and custodians of a juvenile can also be within the court's jurisdiction.
- In some delinquency cases, both adult court (county court or district court) and the juvenile court may have "concurrent" (shared) jurisdiction over a juvenile.
- The term "jurisdiction" can also refer to the geographical limits of a court's authority.

Petition – Like a complaint or indictment in a criminal case, this is the document filed by the county attorney (or city attorney) that alleges why the juvenile is being brought to court.

Status offense / status case – A juvenile may be brought to court for conduct that would not be a crime if the juvenile was an adult.

- For example, this includes not going to school, running away from home, or being uncontrollable by parents.
