duced before we recess before this afternoon's ceremonies. So would you please get all the bills that you have ready for introduction up to the desk at this time so that we can proceed. Thank you. Proceed then, Mr. Clerk, with the introduction of the bills you do have.

CLERK: Read LB 1-18 by title for the first time. (See pages 74-77 of the Legislative Journal.)

PRESIDENT: The Chair recognizes Speaker Marvel.

SPEAKER MARVEL: Is Senator Marsh in the room?

PRESIDENT: Senator Marsh is right there.

SPEAKER MARVEL: Senator Marsh, do you have a Committee on Committees report that you would like to distribute and take up at this time?

SENATOR MARSH: Yes, Mr. Clerk, would you please start the distribution.

CLERK: Yes, Senator, it is on its way.

SPEAKER MARVEL: The item that we refer to is being added to the agenda as 5(a). This is to bring before you the Committee on Committees report for your consideration.

PRESIDENT: The Chair recognizes Senator Marsh as soon as we get the...we probably ought to wait until we make sure all of the reports are distributed, Senator Marsh, so why don't you just kind of watch...

SENATOR MARSH: Mr. President, I believe we are now ready.

PRESIDENT: All right, proceed.

SENATOR MARSH: Thank you very much. I will ask that the Clerk would read the cover letter on this report.

PRESIDENT: Mr. Clerk, go ahead.

CLERK: Mr. President, a communication from Senator Marsh addressed to Mr. Speaker and Senators: The following report is submitted as a final action of the Committee on Committees five hour meeting on Wednesday, January 7, 1981. Respectfully submitted, Shirley Marsh, Chairperson.

SENATOR MARSH: Mr. President, I move for the adoption of this report as the final action of the Committee on Committees following our five hour meeting on yesterday, January 7, 1981.

Mr. President, I have a lobby registration report for the interim period covered by April 19, 1980, through January 6, 1981. That will be inserted in the Legislative Journal. (See page 94 of the Journal.)

Mr. President, I have a reference report from the Executive Board referring legislative bills 1-36. That is signed by Senator Lamb as Chairman. (See pages 94-95 of the Legislative Journal.)

Mr. President, I have in my possession proposed lease renewals as supplied us by the State Building Division. Those will be on file in my office. I also have a report from the Nemaha Natural Resources Districts regarding payment of attorney fees. (See page 95 of the Journal.)

Mr. President, Senator Hefner would like to announce that Senator Barrett has been elected as vice chairman of the Miscellaneous Subjects Committee.

Mr. President, Senator Labedz would like to announce that Senator Pirsch has been elected vice chairman of the Constitutional Revision and Recreation Committee.

Mr. President, Senator Marvel would once again like to announce a meeting or a chairperson's caucus for Monday, January 12 at 9:00 a.m. in Room 1520. It is a chairperson's caucus for Monday, January 12 at 9:00 a.m. in Room 1520.

PRESIDENT: The Chair will recognize Speaker Marvel once more for additional announcement concerning procedure.

SPEAKER MARVEL: I think, Mr. President, the first thing we need to note is the fact that we are using valuable time that we may wish we had at the end of this session. I guess I am going to repeat this every day for a while and so would you please put on the Clerk's desk whatever legislation you have so that we can once again begin processing this legislation which means that the Exec Board needs to meet and refer the bills as soon as they have been processed by the Clerk and, therefore, I remind you first of all, get the bills in and, secondly, that the Exec Board then will have to meet to refer the bills. Now this process has to go on even if we may only meet until noon. Now, Mr. President, is that the... Pat, is there anything else to say about the reference of bills?

CLERK: No, sir, not that I am aware of. I think Senator Lamb might want to make a...

LB 18, 41

PRESIDENT: The motion carries and LB 41 is advanced to E & R Initial. The next bill is LB 18.

CLERK: Read title. The bill was read on January 8, referred to the Government, Military and Veterans Affairs Committee. It was advanced to General File. There are committee amendments pending by the Government Committee, Mr. President.

PRESIDENT: Senator Vickers, do you want to handle the amendment? It looks like the chair and the vice chair are absent so will you take the amendments too? The Chair recognizes Senator Vickers.

SENATOR VICKERS: Yes, I will, Mr. President. Thank you. The committee amendments on LB 18 were added to LB 18 by the committee at my request and I will be happy to handle their committee amendment. The amendment is simply, because of a mistake on my part when the bill was drafted, on page 2, line 8, before the word "Unicameral", insert "nonpartisan Unicameral" since that is what this body is by Constitution and it was very important to Senator George W. Norris that that word was in there. Nonpartisan was to Senator Norris almost as important part of establishing the Unicameral as the establishing of the Unicameral itself. I thought it was quite an oversight on my part that that word was not included and I would urge the body's adoption of the committee amendment.

PRESIDENT: The Chair recognizes Senator Wagner, speaking on the amendment. Senator Wagner.

SENATOR WAGNER: Mr. Speaker, I really wanted to speak to the bill but I do support the amendment.

PRESIDENT: All right, any further discussion then on the committee amendment? If not, all those in favor of the committee amendment to LB 18 vote aye, opposed nay. Have you all voted on the amendment? Record the vote.

CLERK: 26 ayes, 0 nays on adoption of the committee amendment, Mr. President.

PRESIDENT: The motion carries. The committee amendment is adopted. Senator Vickers, do you have any further discussion on the bill itself? Senator Vickers, do you have any further discussion on the bill now?

SENATOR VICKERS: Yes, Mr. President, I do think that it is important that this body, representing the people of the State of Nebraska, does pass this legislation to establish a Senator George W. Norris Day. Of course, I am double proud of Senator

Norris since Senator Norris was from my legislative area. Unfortunately I am not old enough to have remembered Senator Norris but I think everybody in the nation will remember and reap the benefits of Senator Norris' long public service career. Senator Norris served in the Congress of the United States for four years as a Representative of the State of Nebraska and as so often happens with statesmen, and I considered Senator Norris as a real statesman, the benefits of their service sometimes is not available to the public at the time of their service as much as it is in later years as history unfolds. Senator Norris was the leading or led the fight to establish the TVA, the Tennessee Valley Authority, and I might add also led the fight to get the funding for the Tri-County system, Lake McConaughy and the benefits that Nebraska has derived from that is untold. He was able to see back in the late '20s the need for conservation of natural resources and the need for the use of those resources to generate power because of the tremendous amount of energy needed in the United States. He, of course, led the fight for rural electrification and I think a lesson for those of us in this body can be learned by his dedication and his ability to persevere under extreme conditions in that fight. He introduced legislation, I believe it was for thirteen years, before finally getting it passed that created the Rural Electrification Administration. Those of us from Nebraska and particularly those of us from rural Nebraska owe Senator Norris a great debt of gratitude for bringing electricity to our farms and as I indicated earlier I am not old enough to remember Senator Norris but I am old enough to remember when electricity came to our place and we were able to blow out those kerosene lamps for the last time. I think it is important that this body, this Unicameral body, created itself in large part by Senator Norris. He led the fight back in 1934 through a referendum of the people to get the State of Nebraska to embark on what was called then, the Great Experiment, what many people ridiculed that wouldn't last. I personally think that we are all in here as living examples that Senator Norris was right and that it was the right thing to do. Again, I would just simply urge this body to adopt LB 18 so that the people of the State of Nebraska, particularly the young people of the State of Nebraska will realize there was a great Nebraskan that they can look up to and pattern their lives after.

PRESIDENT: The Chair recognizes Senator Wagner.

SENATOR WAGNER: Mr. Speaker and members, I think it is very good of Senator Vickers to bring this bill before us and he also, I do want to thank him for allowing me to co-sponsor the bill with him. I am a native of McCook, Nebraska, where Senator Norris is from. I grew up there and not too far from

our school he has his residence. That residence now is a state historical site. They also have acquired Senator Norris' old car. It must be about a 1937 Oldsmobile-Buick. Many of us in this room here, Senator Vickers, served on Public Power Boards, Senator Sieck, Senator Lamb. I worked for a consulting engineer. I laid out a number of power lines and substations throughout the state but these basically were in relation to public power district, PEAs, co-ops. Many times for the first time in people's lives they received power and you don't really see an expression like this much anymore but for the first time somebody receives power they get rid of, like Senator Vickers talked about, they get rid of the kerosene lamps and they really brighten things up. It is really amazing how things have changed from then to now because basically most of the first homes about the only thing they had in there was a light bulb hanging from the ceiling plus a toaster. Today you go into the rural farm homes and you can begin to see the real results of the rural electrification of the rural areas. Today you've got TV, you've got almost any unlimited number of utilities, utensils, utilities and so forth that the farm group uses any more. I, therefore, very much support this resolution and I thank Senator Vickers again for bringing this forth. I really support the bill.

PRESIDENT: The Chair recognizes Senator Schmit.

SENATOR SCHMIT: I would just like to add my support for the bill. I commend Senator Vickers and Senator Norris (sic) for bringing it to our attention. I would like to point out that I am a little older than Senator Vickers and I do remember Senator Norris. He was somewhat of a controversial character as we all know back in his day and many times was a politician who stood alone and was not afraid to champion causes which at that time were considered somewhat far out. I would like to invite some of you if you ever have the opportunity to visit the Tennessee Valley Authority and view the vast improvements down there in that area and visit with the people to recognize what a change that area went through as a result of Senator Norris' efforts. I would like to hope that here in Nebraska we would not have to look a thousand miles away to find someone to bring the kind of leadership to Nebraska that would enhance and conserve those resources that we have here today for the benefit of our own citizens and I know that many of the causes that Senator Norris championed many years ago would be even more controversial today but if it had not been for his leadership, his strength and his courage, as Senator Vickers has said, there wouldn't be any PEA. I wonder sometimes just how successful that kind of a project would be today if you were to go to Congress and talk about cost benefit ratios for building power lines out to the ranches

and farms of Nebraska today I am sure he would be laughed out of the place but Senator Norris did it and I would suggest that many of the investments that we are being called upon to make in the interest of our people will some day be recognized as wise investments and so I think we should remember Senator Norris. We should commend his memory to the people of the State of Nebraska and remember that even his career ended in defeat at the hands of another very fine individual but that did not in anyway or should not in any way diminish the respect we have for a very fine political career that did a lot of good for the people, not only in his own native state but of all of the people of the United States.

PRESIDENT: The Chair recognizes Senator Nichol.

SENATOR NICHOL: Mr. Chairman, members of the Legislature, I, too, lend my support to this. I assume when you close, Senator Vickers, you will establish that this is not a legal holiday which I know is not intended in the bill. Thank you.

PRESIDENT: The Chair recognizes Senator Sieck.

SENATOR SIECK: Yes, Mr. Chairman, members of the body, I also support this amendment and I am a little older than Senator Vickers because I can still recall seeing Senator Norris when he was speaking to a body and I just really thought he was a wonderful man and I can also recall when I campaigned for him when he was running for an Independent in the Senate of the United States and ran into a lot of opposition from those good Republicans but he did win and I was just a young man. I also can thank, we can thank Senator Norris for what rural America is today. If it wouldn't have been for him we wouldn't be where we are today in rural American and we can really be proud of it and I heartily ask you to support this bill. Thank you.

SPEAKER MARVEL PRESIDING

SPEAKER MARVEL: Senator Rumery.

SENATOR RUMERY: Mr. President and members of the Legislature, I will not spend any time explaining to you that I had seen Senator Norris but for obvious reasons you already know that. But the State of Tennessee has honored Senator Norris many times. They named a power plant and a dam in his honor and I have relatives who went down there and when they would meet a native Tennessean why they would say, where are you people from and they said, well we came from Nebraska and they would light up right away and say, oh, Senator Norris'

state. I think it is high time that we in his native state do try to recognize him in a positive way and I want to thank Senator Vickers for bringing this to us.

SPEAKER MARVEL: Senator Vard Johnson.

SENATOR V. JOHNSON: Mr. Speaker, members of the body, I, too, am very pleased that Senator Vickers and Senator Wagner would bring to us this bill and recognize Senator George W. Norris. One of the things that is important to me about the recognition of this man is that it reflects again that from this rock ribbed part of our nation can come a politician, a statesman who is a known liberal because George Norris certainly was that. When you stop to realize that this man was only one of six in the United States Congress that voted against our entry into the first world war, you have to appreciate what a maverick he surely must have been but the important thing about Senator Norris was that Senator Norris stood for the people just as William Jennings Bryan, the great commoner from Nebraska, stood for the people. For year in and year out we come to believe that our prevailing ethic in this state is a very conservative ethic and yet when we recognize we are the only state in the Union with all public power, when we recognize that we have public irrigation districts, when we recognize that we have sent to Congress, men who fought hard for the rights of the people, we have to realize that out of our own state, out of our own heritage, out of our own background comes a genuine belief in the uses of the government to meet the needs of all in society and in this day following an address by our President, that we would have to continue to cut back and erode the rights of the poor and the needy and the desperate, I think it is only fitting that we honor that fighting liberal, George W. Norris.

SPEAKER MARVEL: Senator Vickers, do you want to advance the bill?

SENATOR VICKERS: Yes, Mr. President, I would like to make a comment though on closing that Senator Nichol mentioned. It is not my intention to create a state holiday. This is just simply my intention to create a day that we can honor Senator Norris by flying the flags and appropriate exercises in schools and so forth, but I would urge the body's advancement of LB 18.

SPEAKER MARVEL: All those in favor of advancing the bill vote aye, opposed vote no. Have you all voted? Record the vote.

CLERK: 35 ayes, 2 nays, Mr. President, on the motion to advance the bill.

February 6, 1981

LB 18, 121

SPEAKER MARVEL: The motion is carried. The bill is advanced. The next bill is LB 121.

CLERK: Mr. President, LB 121 offered by Senator Vickers. (Read title). The bill was read on January 13. It was referred to the Government Committee. The bill was advanced to General File. There are Government, Military and Veterans Affairs Committee amendments pending, Mr. President.

SPEAKER MARVEL: Senator Kahle.

SENATOR KAHLE: Mr. President and members, according to the records that I have, do you have committee amendments?

CLERK: Yes, sir.

SENATOR KAHLE: I don't find any here. What do you have?

CLERK: It says: "On page 4, line 4, strike the word "district" and insert "public body", and in line 23 after the period insert "upon the granting of such easement it shall be the duty of the Secretary of the Board of Educational Lands and Funds to transmit a certified a copy of the easement for filing in the office of the Register of Deeds in the county or counties where the easement is located".

SENATOR KAHLE: Okay, I found it now.

CLERK: Did you?

SENATOR KAHLE: Yes.

CLERK: Okay.

SENATOR KAHLE: The committee amendments as stated are on page 400 of the Journal and the amendment would strike "districts" and insert "public body" on page 4, line 4. This is a technical amendment needed because the rest of the bill refers to public bodies not districts. So it for language uniformity. The other part of the amendment would insert at the bill a sentence that makes it the Board of Educational Lands and Funds duty to file a copy of the easement in the office of the Register of Deeds in the county where the easement is located. The statutes currently place this requirement on the board when they sell property, so this amendment is to keep the board's duties uniform. I think this is self-explanatory and it does...is necessary to make the language read correctly, and so I move for the adoption of the committee amendments.
