LB 334, 334A, 248

SPEAKER MARVEL: The motion is carried, the bill is advanced. The next bill is 248.

CLERK: We have an A bill on 334.

SPEAKER MARVEL: Okay, the Clerk will read the A bill.

CLERK: Mr. President, LB 334A, offered by Senator Warner, read title.

SPEAKER MARVEL: Senator Warner.

SEANTOR WARNER: Mr. President, I move the A bill be advanced. It only provides the cash fund authorization for the coordinating commission as Senator Koch pointed out, a portion of their duties because of legislation enacted a couple of years ago or one year ago which they license private institutions from out of the state that come in and want to offer some courses, usually those are extension in nature and this is the appropriation of \$500 for the current year 80-81 plus \$500 for next year for 81-82. This bill has the emergency clause. It should be funded yet this year and it is possible that some of these institutions may make application before July 1st. There should have been a cash fund established when the original legislation was enacted either last year or the year before. It wasn't and the bill takes care of the lack of that cash fund authorization and it provides the appropriation for the current two years. I move the bill be advanced.

SPEAKER MARVEL: Motion is the advancement of the bill. All those in favor vote aye, to 234, opposed vote no. 334. LB 334. Record.

CLERK: 27 ayes, 0 nays on the motion to advance the A bill, Mr. President.

SPEAKER MARVEL: Motion is carried, A bill is advanced.

CLERK: Mr. President, LB 248 was introduced by the...Senator Steve Wiitala. Read title of bill. The bill was first read on January 16th and referred to the Retirement Systems Committee. The bill was advanced to General File. There are committee amendments pending, Mr. President, by the Retirement Committee.

SPEAKER MARVEL: Motion lost.

CLERK: Mr. President, while we are waiting, your committee on Enrollment and Review respectfully reports they have carefully examined and reviewed LB 190 and find the same correctly engrossed; LB 334 correctly engrossed; LB 334A correctly engrossed; and LB 463 correctly engrossed. LR 110 by the Administrative Rules calls for a study of the administrative practices of agencies, boards and commissions. LR 111 by the Administrative Rules Committee calls for a study to investigate two statutory procedures under which to litigate a claim against the State of Nebraska.

SPEAKER MARVEL: We have seven amendments to this bill. The Clerk will read the first amendment.

CLERK: Mr. President, the first amendment is offered by Senators Beutler and Hoagland. Would you like me to read it, Senator?

SPEAKER MARVEL: Senator Beutler.

SENATOR BEUTLER: Mr. Speaker, members of the Legislature, I will try to be brief. This amendment does not have broad implications but I think it is although small an important amendment and I think it can be best explained by giving an example. Remember now that our Natural Resource Districts are divided into twenty-four districts and that geographically they are divided based on surface water divisions. Now when one NRD establishes a control area, it may very well be that the boundaries of that control area will be adjacent to and contingent to the boundaries of some other NRDs and it is also very likely that the aquifer underlying that control area will also underlie those adjoining NRDs and the result that you can have is that one NRD can establish a control area and control the taking out of water in its particular part of the aquifer but right across the jurisdictional boundary in the same aquifer there may be no control area and the result is that you are punishing and giving a disincentive for the establishment of a control area because they will say, "Well,

I did offer the motion for the reason that in a few days I trust we will be discussing a proposed rule change that was offered in the form of a bill in the 1979 session and it is now before the Rules Committee because I didn't pursue it as legislation, being that it was more appropriate rule rather than law, but I think it is exceedingly important that we develop a system for the consideration of expenditures of general fund money by the time it reaches Final Reading that we can develop a priority for limited funds, and so with that, Mr. President, not to pursue or take more time, I will ask unanimous consent to withdraw the motion.
