March 9. Your Committee on Constitutional Revision gives notice for February 26 and 27 of hearing. (See page 460 of the Journal.)

New bill, LB 336A, by Senator Koch. (Read title for the first time as found on page 460 of the Journal.)

Mr. President, I have a report of Registered Lobbyists for January 30 through February 5. (See pages 460 and 461 of the Legislative Journal.)

Your Committee on Business and Labor whose Chairman is Senator Maresh to whom was referred LB 188 instructs me to report the same back to the Legislature with the recommendation it be advanced to General File; 234 to General File. (Signed) Senator Maresh.

Your Committee on Public Works whose Chairman is Senator Kremer to whom was referred LB 10 reports the same back to the Legislature with the recommendation it be advanced to General File; LB 8 to General File with amendments; and LB 109 to General File with amendments. (Signed) Senator Beutler as Vice Chair. (See pages 461 and 462 of the Legislative Journal.)

SENATOR CLARK: We will now take up LB 143. The Clerk will read.

CLERK: Mr. President, LB 143 was introduced by Senator Chambers. (Read title). The bill was read on January 14. It was referred to the Public Works Committee for public hearing. It was advanced to General File. There are committee amendments pending, Mr. President.

SENATOR CLARK: Senator Beutler, do you want to take the committee amendments?

SENATOR BEUTLER: Mr. Speaker, members of the Legislature, we are now dealing with Senator Chambers' proposal to raise the Interstate speed limit from 55 to 65 miles per hour. Basically, that is the only thing that Senator Chambers' bill did in its original form. The committee...the majority of the committee saw fit to propose three amendments. The first amendment would reduce the increase from 65 to 60. In other words, the proposal then with the committee amendment would be increase the speed limit from 55 to 60 miles an hour instead of 65 as proposed by Senator Chambers. In conjunction with that suggestion, the committee adopted a second amendment which would eliminate the

CLERK: Mr. President, Senator Stoney moves to amend LB 336.

PRESIDENT: Read the amendment.

CLERK: (Read Stoney amendment offered on page 484, Legislative Journal.)

PRESIDENT: Senator Stoney.

SENATOR STONEY: Mr. President, members of the Legislature, once again for any that weren't here, what we are doing with this amendment is to add the sunset provision. There will be funding for this program through December 31, 1983. I think it provides the Legislature with some oversight subsequently and I think that is a rational approach to take. I would recommend the amendment to you. Thank you.

PRESIDENT: Any further discussion on the Stoney amendment? If not, Senator Stoney, I guess that is your close, too. The question is the adoption of the Stoney amendment to LB 336. All those in favor vote aye, opposed vote nay. Have you all voted? Record the vote.

CLERK: 31 ayes, 1 nay, Mr. President, on the adoption of Senator Stoney's amendment.

PRESIDENT: Motion carries. The Stoney amendment is adopted. Now, Senator Koch, is there anything further?

CLERK: Mr. President, LB 33 is offered by Senator Vickers. (Read title.) The bill was read on January 8 and referred to Urban Affairs. It was advanced to General File. There are no committee amendments pending, Mr. President. I do have one from Senator Beutler, however.

PRESIDENT: Senator Vickers, you may explain the bill at this time.

SENATOR VICKERS: Mr. President and members, first of all, on the agenda there is a slight mistake. In order to clarify it in anybody's mind, this is to allow villages and cities of the second class to sell public property at public auction, not rural property at public auction as it says in the agenda. I was afraid that somebody might think that our towns would start selling our farms or something and that was a mistake in printing. The intention of LB 33 is to clarify the statutes that the villages and cities of the second class operate right now under as far as disposing of public property is concerned. It sets up a system whereby they can dispose of their property at public auction rather than at a conveyance. The problem that the present system has is that even though the city board might operate in very good fashion, they think they have the top offer from an individual and agree to sell at that price, and then along comes somebody later on and says, you know, I would have paid you a little bit more and it opens up a lot of questions as to perhaps favoritism within the city fathers, and even though it probably is not the case. It just seems to me that this is a more reasonable way of doing it, allowing them to sell it at a public auction. You will notice that the village or city does still have the option of setting a minimum price so that there will be not a system set up where they would actually wind up practically giving away some property if the auction was held on a nice, sunshiny day like today, perhaps. I think you will notice there wasn't any opposition to this. As I say, it clarifies the language in the statutes and makes it what would seem to me to be a more reasonable approach to allowing these small communities to dispose of

SPEAKER MARVEL: The Chair recognizes Senator Carsten.

SENATOR CARSTEN: Mr. President and members of the Legislature, this amendment, and I move to return LB 360 to Select File for a specific amendment. It was brought to me by Senator Warner's office this morning. Senator Warner is at the hospital with his wife this morning and could not be here. However, I have had the explanation of the amendment given to me and will convey that to you on behalf of Senator Warner. This amendment does strike on page 9, lines six through eight, and lines twenty-two and twenty-three, strikes that new matter and does insert, "bus, truck-tractor or a truck with more than two axles, except one registered as a farm truck." Then in line eight after "or" insert "in". Now the purpose of this amendment as has been explained to me is the clarification of what it really means. It had been interpreted two ways and after counselling with Mr. Vitamvas it was his suggestion that this amendment should be inserted for clarification to know exactly what it means. It is for that purpose and with that intent that I submit to you

All I am asking is that we give some kind of a guideline, some kind of direction and that we do it in a manner which is not going to be, I'm sure, restrictive to the operations of the Natural Resource Districts.
