SENATOR CLARK: I would hope enough people would stay on the floor to complete this bill. Senator Cope.

SENATOR COPE: Yes, I hope so too. LB 604 provides, as the Clerk said, for the continuation of the Building Renewal Act. Now that may not mean a lot to you but when I say, 309, then your ears should come right out like, I know what you are talking about, and that is what it is. We are asking in this bill to continue the 309 bill that was passed 5 years ago and has done probably more for the State of Nebraska than most any bill that we have passed. There were no negative votes by the Appropriations Committee who heard the bill. And believe me it has been unanimously accepted by all the agencies that have taken advantage of 309 money. I sent a questionnaire out in the fall asking what they thought about it, should it be continued? And the answers were magnificent, believe me. At the hearing, I heard, we heard, the people who testified said that the buildings in the State of Nebraska are in better shape than they have been in the last 30 years that they had served in the various agencies. It has done a tremendous job. I won't reiterate a lot of the things that were done but one I think that you should listen to and listen to good. LR 222

LB 547, 590, 590A

how is this resolution going to hurt anything? All that it says is that the money is not guaranteed by the federal government. Well, if they guarantee the money, then you go ahead with construction unless I can find another way to stop them...

PRESIDENT: One minute, Senator Chambers.

SENATOR CHAMBERS: Thank you, Mr. Chairman. So I think that you ought to look at this resolution, see how reasonable it is and here is one of the WHEREASES, toward the bottom. WHEREAS no construction will be commenced at a Regional Veterinary College unless and until adequate federal and private funds shall be available to assure completion. Now if you are not going to start building that until you have got the money guaranteed, why are you going to do this on the Freeway? Maybe if somebody told me there is a coming together of an urban fantasy and a rural fantasy on the discussion of this issue, the urban fantasy is an unneeded Freeway which serves no transportation purposes and has never been justified. The rural fantasy is the Veterinary College. So maybe that is why the unholy alliance has occurred, but whatever has brought it into existence, I have got to fight it. There is no other choice for me, but if you want some peace on the North Freeway issue this session, adopt this resolution. It is a good compromise. You don't take anything away from those who want to destroy my community and you don't really give me anything but it does restore to the Legislature a small measure of consistency which certainly does not exist now.

PRESIDENT: The motion before the House is the adoption of LR 222. All in favor vote aye, opposed nay. Have you all voted? Yes, Senator.

SENATOR CHAMBERS: I want a roll call vote

PRESIDENT: A roll call vote has been requested. The Clerk will proceed with the roll call vote.
