LB 51, 64

SPEAKER MARVEL: The motion is the adoption of the committee amendments to LB 51. All those in favor vote aye, opposed vote no. Record.

CLERK: 28 ayes, 0 nays on adoption of the committee amendments, Mr. President.

SPEAKER MARVEL: The motion is carried. The committee amendments are adopted. Senator Rumery.

SENATOR RUMERY: Mr. President, I move the bill be advanced to E & R Initial.

SPEAKER MARVEL: The motion is the advancement of the bill as amended to E & R Initial. All those in favor vote aye, opposed no. Record the vote.

CLERK: 32 ayes, 0 nays on the motion to advance the bill, Mr. President.

SPEAKER MARVEL: The motion is carried. The bill is advanced. Next bill, LB 64.

CLERK: Mr. President, LB 64 was offered by Senator Nichol. (Read title). The bill was read on January 9. It was referred to the Public Works Committee. It was advanced to General File. There are committee amendments pending, Mr. President, by the Public Works Committee.

SPEAKER MARVEL: Senator Beutler.

SENATOR BEUTLER: Mr. Speaker and members of the Legislature, we refer to this bill affectionately in the Public Works Committee as the "flasher bill". It's ironic that it is introduced by a conservative fellow like Senator Nichol. It has to do with flashing red lights on vehicles. Now Senator Nichol, his constituents, a couple of his constituents felt that privately owned wreckers when engaged in emergency service at the scene of an accident should have the right to use flashing red lights, and basically, the committee agreed with Senator Nichol. We did strike the entire bill but that was done only for drafting purposes. The substance of Senator Nichol's bill has been retained with some amendments. Okay, the committee amendments then do this. They require that a permit be obtained in order to use the flashing red lights. Secondly, it made a little more specific the circumstance in which a flashing red light could be used, that

is, it said it had to be outside of city limits of a metropolitan class city or primary class city. They are not to be used inside of Lincoln and Omaha. The committee felt that it might add too much confusion. Secondly, they can be used only at the scene of an accident or at the scene of a disabled vehicle. In other words, they are to be used only while the wrecker is in the process of clearing an accident or aiding a disabled vehicle. The third amendment allows the crossing over of a median for the purpose of assisting a stranded vehicle, and that would apply not only to wreckers but to any vehicle assisting a stranded vehicle. Those then are the committee amendments. Thank you.

SPEAKER MARVEL: Senator Kahle, did you want to be recognized?

SENATOR KAHLE: Mr. Speaker and members, I would like to ask some questions either of Senator Nichol, I guess.

SPEAKER MARVEL: Do you yield, Senator Nichol?

SENATOR KAHLE: Some states, in many states I understand and I've witnessed have not allowed even the cruiser cars to have the red flashing lights. That is reserved for the fire department, and many states have blue lights on their cruiser cars and I wondered if that had widespread support in those states and why or whether perhaps we have too many vehicles now with red lights on, I guess is my question.

SENATOR NICHOL: That was brought up in the hearing, Senator Kahle, and you have justification in questioning that. What has been attempted to have across the country has been a consistency across the country so that everybody doesn't have...every state have a different combination of lights and so forth to warn the people. May I say this generally with the states and we wrote to all the states and heard from most of them back as to what they do. Caution lights usually mean something is dangerous ahead but it does not mean stop. Red lights mean stop. Red flashing lights mean stop. Now not all states, as I understand it, have exactly that meaning, but Nebraska does. Now this particular bill, this would allow them permissively to use red lights. I am talking about wreckers at the scene of the accident, not going to the scene or leaving from the scene, or when they are towing a vehicle down the road. Does that answer your question somewhat?

February 6, 1981

LB 64

SENATOR KAHLE: In other words, they would have two sets of lights, the amber lights they now have...I guess they are amber, as they travel with the vehicle and when they were stopped to hook onto it they would be allowed to have the flashing red lights.

SENATOR NICHOL: That is correct. They do...they are allowed now to have the orange lights, but this bill would allow them to have red flashing lights at the scene only. It specifically says they cannot use it going to and from an accident.

SENATOR KAHLE: That certainly helps my problem. Thank you.

SPEAKER MARVEL: Senator Wagner.

SENATOR WAGNER: Mr. Speaker and members, I have got a question of Senator Nichol.

SPEAKER MARVEL: Senator Nichol.

SENATOR WAGNER: Senator Nichol, as I understand this bill now, there will be a permit and this will be issued by the sheriff?

SENATOR NICHOL: That is correct.

SENATOR WAGNER: Okay, my question is, what if the sheriff does not want to issue this permit?

SENATOR NICHOL: Then he is not doing his duty and can be forced to issue the permit. Now may I say in addition to that, if a wrecker operator is illegally operating his red lights, for example, operating on the way to an accident scene, he has a right to revoke that permit but he does not have the right to not issue the permit originally when it is requested.

SENATOR WAGNER: Okay, now to kind of continue on a little bit, I have sometimes wondered because in my area we have had some trouble with like the sheriff and so forth issuing the permit. I kind of wonder... has anybody else maybe or have you had a problem like this? Would it better instead of the sheriff to maybe go to the state patrol to issue that permit?

SENATOR NICHOL: Well, I think it would be a little more cumbersome to do it that way. Now, actually the gentleman who wanted this bill to start with did have

February 6, 1981

LB 64

a little problem with the sheriff's department in my area, but they have not, of course, had a chance to have a problem in this regard as yet since they have not been allowed to have the red lights and they have not been allowed to ask for the permit. So as far as being under the patrol or the county sheriff, I have no preference except I think it would be a little easier under the sheriff's department.

SENATOR WAGNER: Okay. But he did have a problem there for....?

SENATOR NICHOL: Well, he had a little problem otherwise, so he was afraid that perhaps he might have a problem in getting a permit, but at the hearing it was brought out that the sheriff would be required to give him the permit to start with.

SENATOR WAGNER: Okay, maybe as time goes on if there is a problem we might look to amend that.

SENATOR NICHOL: I would certainly be amenable to changing it if there is a problem.

SENATOR WAGNER: All right, thank you.

SPEAKER MARVEL: Senator Nichol, do you want to close?

SENATOR NICHOL: No, no, I want...we are still on the amendments, are we not, Mr. Chairman?

SPEAKER MARVEL: Okay.

SENATOR NICHOL: I wanted to ask Senator Beutler a question and I think he is able to answer....the intent of the amendment, one of them is that when operated within a metropolitan or primary class cities a private wrecker cannot operate the flashing red light, it doesn't have to be removed from the wrecker, is that correct? In other words, in Omaha and Lincoln a wrecker could have these lights on their vehicle but could not use them within the city limits of Lincoln and Omaha but they may use them outside the city. That is correct, isn't it?

SENATOR BEUTLER: That's the committee intent, Senator Nichol.

SENATOR NICHOL: Then when a wrecker operator gets the permit from the county sheriff, the permit is good

February 6, 1981

LB 64

throughout the state, that is a regular operator doesn't have to get a permit from every county, just once from his own county and that would be good all through the state.

SENATOR BEUTLER: That also is the committee intent.

SENATOR NICHOL: Yes. I approve of the committee amendments.

SPEAKER MARVEL: The motion before the House is the adoption of the committee amendments to LB 64. All those in favor vote aye, opposed no. Record the vote.

CLERK: 29 ayes, 1 nay, on adoption of the committee amendments, Mr. President.

SPEAKER MARVEL: The motion is carried. The committee amendments are adopted. Now, Senator Nichol.

SENATOR NICHOL: Mr. Chairman and members of the Legislature, I move for the advancement of LB 64. This bill merely provides that a wrecker operator may have flashing red lights on his wrecker, which may be used at the scene of an accident and not on the way to the scene of an accident, not on the way back from an accident, nor while towing a disabled vehicle down the road. The reason for this is so that many times in rural areas especially the wrecker is the only one at the scene of an accident with flashing red lights. Some time patrolmen have to leave the scene of an accident because it may take several hours to remove a vehicle from the scene of an accident and these wrecker drivers feel that they need the safety of a flashing red light at the scene of an accident both for themselves, for other cars coming down the highway and for the people who are involved in the accident. I move for the advancement of LB 64.

SPEAKER MARVEL: Senator Remmers, do you have a comment? Go ahead.

SENATOR REMMERS: Mr. President and members of the Chamber....(interruption).

SPEAKER MARVEL: I think Senator Nichol actually was closing but I didn't state it....

SENATOR REMMERS: I am sorry.

SPEAKER MARVEL: No, go ahead. Go ahead, I didn't state it.

February 6, 1981

LB 64, 65

SENATOR REMMERS: I just want to say that there is a need for this, that several constituents in my district had asked that I introduce the same bill, or a similar bill, and when I found out that Senator Nichol had the bill in, I felt that I should support it because in the rural areas when there is a, as Senator Nichol said, there are times when the wrecker is out there alone, no sheriff or state patrol, and it is a very hazardous situation, and I think that they need the right to use the red lights to warn the people of what is going on on the road.

SPEAKER MARVEL: The motion is the adoption of LB 64 as amended, to advance the bill. All those in favor vote aye, opposed no. Record.

CLERK: 28 ayes, 1 nay, Mr. President, on the motion to advance the bill.

SPEAKER MARVEL: The motion is carried and the bill is advanced as amended. The next bill, LB 65.

CLERK: Mr. President, LB 65, offered by Senator Nichol. (Read title). The bill was read on January 9. It was referred to the Public Works Committee. It was advanced to General File. There are committee amendments by the Public Works Committee.

SPEAKER MARVEL: Senator Beutler.

SENATOR BEUTLER: Mr. Speaker and members of the Legislature, this bill was brought to us by Senator Nichol. It has to deal with railroad transportation districts. It won't go into the number of the adjustments and suggestions that Senator Nichol made, but will leave that to him. He made a whole number of suggestions which all of which the committee liked with the exception of one that we did change a bit. The suggestion that was changed, the one amendment has to do with the power of eminent domain. Presently under the law railroad transportation districts do have the right to exercise the power of eminent domain but only upon a vote of 5/6, 5/6 of the directors of a district. Under the bill that would have been changed to 2/3 of the directors of the district. The committee struck the language and retained the present provision in the law that requires the more difficult 5/6 approval in order to exercise the power of eminent domain. That is the sum and substance of the committee amendments.

PRESIDENT: Read the motion.

CLERK: Senator Nichol moves to return LB 65 to Select File for specific amendment. (Read Nichol amendment found on page 602, Legislative Journal.)

PRESIDENT: The Chair recognizes Senator Nichol.

SENATOR NICHOL: Mr. President, they made a mistake in printing. I have to bring it back for correction. I move we bring it back to E & R for reengrossing or whatever you call it, for correction.

PRESIDENT: For the amendment for correction, is there any discussion on the Nichol amendment to bring LB 65 back for the corrective amendment? Senator Nichol, would you respond to that question.

SENATOR NICHOL: They have two words "of", o-f, in there and also "five-sixths" twice instead of once and it doesn't make sense the way it is.

PRESIDENT: Any further discussion? If that concludes your remarks, Senator Nichol, then we will proceed. The question then is the returning to Select File for the purpose of the amendment of LB 65. All those in favor vote aye, opposed nay. Record the vote.
