

out of the general fund today, why we'd all be working at it. Well I'm telling you, this is a \$50 million minimum savings over the not too distant future. Anyone that has doubts I can take and show you, show you the cases, names crossed out but you won't have any doubt once you read them what is going on. This needs to be done. I urge you to do it because remember this final fact. Insurance companies are simply an agency for collecting a lot of money and paying it out. They are going to always collect long-term, whether it is two, three, five years more, that is their profit, than they pay out. If they are paying out \$50 million fraudulently they're going to collect \$50 million fraudulently from everybody in the state and that is what is occurring. This is a major savings in cost containment for the state. It will help in your medical insurance. It will help in the overall medical costs. I urge you to adopt it.
