CLERK: Quorum present, Mr. President.

PRESIDENT: Quorum being present, are there any corrections to the Journal, Mr. Clerk?

offered. No one is going to be forced to come to Lincoln for a class. Alternatives exist for someone to study in their home if they do not want to attend perhaps a technical community college course or one of the insurance related courses on the campuses, or one of those courses taught by insurers. LB 274 has strong appeal and support in the insurance companies and businesses and agents, themselves, although not universal, that's true. The vast majority seem to support this notion as we have supported the notion of continuing education in our Performance and Review guidelines that were enunciated in 1981. We said that where our Uniform Licensing Act applies there should be continuing education and that is what the Banking, Commerce and Insurance Committee has seen to it with LB 274 that continuing education is applied to the insurance industry in at least a large number of instances and for a large number of lines. I hope that you will support the bill and vote for LB 274.

PRESIDENT: The motion then is the advance of LB 274 to E & R Initial. All those in favor vote aye, opposed nay. Have you all voted? Record the vote.

CLERK: 28 ayes, 6 nays on the motion to advance the bill, Mr. President.

PRESIDENT: Motion carries and LB 274 is advanced to E & R Initial. The next bill is LB 274A.

CLERK: Mr. President, LB 274A offered by Senator DeCamp. (Read title). Mr. President, Senator DeCamp does have an amendment pending.

SPEAKER MARVEL PRESIDING

SPEAKER MARVEL: The Chair recognizes Senator DeCamp.

SENATOR DeCAMP: Mr. President and members of the Legislature, this is just the A bill, the financing bill for the program that the bill you just advanced covers. Now as Senator Landis explained to you, this is not general fund money, it is, however, an A bill. The money, of course, comes from the people involved in the program, so the amendment is necessary because this bill was originally proposed a year ago. It is one year later. We have some change in numbers and so on and so forth. What is the number in it? \$40,000, about, something like that. Well, anyway...it is right in that area and as I say, the money comes from the people themselves. Having made that, I would move adoption of the amendment to LB 274A, and make this additional statement. Relative to the entire program of 274 that

January 7, 1982

LB 274A

Senator Landis, a member of our committee, has so adequately described, we have worked on this particular subject for about four years. I am not sure whether it is wise or unwise, but I can tell you that the result in 274 that you just advanced is pretty much what was settled on by most people. But let me not deceive you, mutuals, county mutuals still are pretty vigorously opposed to the legislation. So I think you have to look at the entire picture. Maybe the vast percentage are in favor of it. Some of the smaller individuals as Senator Higgins correctly stated are pretty vigorously opposed. If you need additional information on it, we will sure try to get it to you between now and Select File. I move advancement of the A bill and I would advise you this is a major thing changing the procedures on insurance agents and how we are going to handle them and probably will affect the state, and if we do pass it we should all kind of keep a watch for the next couple years to see that this particular program does work.

SPEAKER MARVEL: (Microphone not on)....to advance 274A. Okay the first motion is the adoption of the amendment to 274A. Is that right, Senator DeCamp? All those in favor of that motion vote aye, opposed vote no. Have you all voted? Record the vote.

CLERK: 27 ayes, 0 nays on the motion to adopt Senator DeCamp's amendment.

SPEAKER MARVEL: The motion is carried. The amendment is adopted.

SENATOR DeCAMP: I move the bill be advanced.

SPEAKER MARVEL: Now the motion is to advance 274A. All those in favor of that motion vote aye, opposed vote no. Record the vote.

CLERK: 25 ayes, 4 nays, Mr. President, on the motion to advance the bill.

SPEAKER MARVEL: The motion is carried. The bill is advanced. The Clerk has some items on the desk.

CLERK: Mr. President, there is an announcement from the Executive Board that will be inserted in the Journal. (See pages 141 and 142 of the Journal).

Those are signed by their respective chairmen. (See pages 567-568 of the Legislative Journal.)

Mr. President, I have on 274A an amendment offered by Senator DeCamp to the bill.

PRESIDENT: Alright, Senator DeCamp, we are ready for your amendment to LB 274A.

SENATOR DeCAMP: Mr. President, the amendment is nothing more than the compliance with the new rules brought to me by the representative from the fiscal office or whoever hauls those things out and I put it up there. So we are going to spend the money that we are going to collect, Senator Warner says. In other words you collect money from them and then you spend it.

PRESIDENT: Any discussion on the DeCamp amendment to LB 274A? If not, the question then is the adoption of the DeCamp amendment to LB 274A. All those in favor vote aye, opposed nay. Have you all voted? Record the vote.

CLERK: 25 ayes, 0 nays, Mr. President, on adoption of the DeCamp amendment.

PRESIDENT: Senator Chronister, are you here? The Chair recognizes Senator Chronister, on your request to lay over LB 215, Senator.

SENATOR CHRONISTER: Yes, Mr. Speaker, that is right. I request to lay over until we clear up the amendment. We are going to have a new amendment on the bill.

PRESIDENT: Any objections? So ordered. It will be laid over. Go to the bottom of the heap the Speaker advises. The next bill then is LB 454.

CLERK: Mr. President, the first amendment I have to LB 454 is offered by Senator Fowler. Senator Fowler.

PRESIDENT: Would the Sergeant at Arms see if Senator Fowler is out there? If he is not there well let's proceed with... here he is. Senator Fowler, we're ready for your amendment on LB 454.

CLERK: Senator, your amendment is on page 398 of the Journal.

SENATOR FOWLER: Mr. President, this amendment deals with the question of how often the sales tax could be adjusted. The bill changes our system of adjusting the sales and income tax to provide smaller increments. The problem that has been expressed by retail merchants is that every time they have to adjust to a new sales tax rate that there is considerable expense to the business and, in fact, one of the misconceptions I had is that the disruption would be to those businesses that did not have modern electronic cash registers and what it
