April 8, 1982

are going to have these questions that are going to be asked after lunch so we might as well get. . . while Senator Lamb is answering questions lets get them now. Senator Marsh.

SENATOR MARSH: Thank you, Mr. President. Senator Lamb, I realize that it would not be binding, but could we ask for a show of those who would indicate that they would like to recess today at 5:00 so that we would have some idea on the board. Realizing that that is not binding, that any elected official is able to change his or her mind. But, I would think that it would be helpful if the body would see in red or green if they at this time would intend to recess about 5:00.

PRESIDENT: Do you want to do that Senator Lamb? All right, lets ask. . . get Senator Koch's question in before. Do you have a question, Senator Koch? Senator Koch, do you have a question before we vote. . .

SENATOR KOCH: Thank you, Mr. President, prior to the time we take that issue of Senator Marsh is referring to, I think it would be appropriate that this body would agree with Senator Lamb that our work days next week would be Tuesday, Wednesday and Friday. That way those of us who have schedules, we could then make certain that this is what we are going to follow. Allows us some flexibility as well. It doesn't matter really, but I would put it in the form of a motion if we need that that we would accept Senator Lamb's decision. That we will work next week, Tuesday, Wednesday and Friday.

PRESIDENT: Senator Haberman, did you have an additional question?

SENATOR HABERMAN: Mr. President, I would like to remind the body of one thing before this vote. The time we adjourn I think is going to have something to do with how far we get down on the schedule. So, I want you to think about that, the progress we make this afternoon is going to make a difference to me as to whether we quit at five or nine.

PRESIDENT: This is what Senator Marsh said. So lets go to the board and if you feel that we should adjourn at 5:00 that is you feeling now vote green otherwise vote red. Go ahead. The board is opened. If some of you have commitments that you just can't be here of course then you will vote accordingly. While we are just talking I might just suggest that whoever is presiding at that moment can, when it comes time for adjournment, you know the Chair with a rigid gavel can adjourn rather rapidly, if you know what I mean. I would do that, I can tell you that. I learned that from Senator Warner's father how to do that. So it is not impossible to adjourn, as Senator Stoney says. All right does, that give you an indication, Senator Marsh? All right, Senator Lamb, do you see the board, do you see what the
