LB 389-433

SPEAKER MARVEL: Senator Higgins.

SENATOR HIGGINS: Mr. Chairman and Senator Chambers, I merely want to state the fact that your very presence here and the fact that we are listening to you is a contradiction of your remarks that you do not have freedom. Thank you, Mr. President.

SPEAKER MARVEL: Senator Burrows.

SENATOR BURROWS: Mr. Speaker, members of the body, I would like to request permission we lay over the resolution until the hostages are in the air.

SPEAKER MARVEL: Any objection? If not, so ordered. We will go to item #6 now, introduction of bills.

CLERK: Mr. President, new bills. (Read by title LB 389-432. See pages 271-280 of the Legislative Journal.)

SENATOR CLARK PRESIDING

SENATOR CLARK: Could I have your attention just a moment, please? The AP has reported that the American hostages will fly out of Iran in the next thirty minutes. (applause).

CLERK: (Read by title LB 433. See pages 280-281.)

SENATOR CLARK: Senator Nichol, for what purpose do you arise?

SENATOR NICHOL: Mr. Chairman, members of the Legislature, I wanted to say something but I don't want to say it if we have urgent business to do. This will take about two or three minutes.

SENATOR CLARK: Continue, we don't have any business right now.

SENATOR NICHOL: Okay, Senator Marsh has a bill in having to do with mammals and I wanted to tell you the story of the three mammals if I may. May I do that, sir?

SENATOR CLARK: Go right ahead if it is funny.

SENATOR NICHOL: Well, I don't know about that but once upon a time there were three mammals who lived happily in Mammalary Land. There was a papa mammal that we called Pappy and mama mammal that we called Mama and baby mammal we called Babble and the reason we called baby mammal Babble was because he talked a lot and asked embarrassing questions.

SPEAKER MARVEL: Record.

CLERK: 27 ayes, 7 nays on the motion to advance the bill, Mr. President.

SPEAKER MARVEL: The motion is carried. The bill is advanced. The next bill is 396.

CLERK: Mr. President, LB 396 (read title). The bill was read on January 20, referred to Ag and Environment for hearing. It was advanced to General File. There are committee amendments pending by the Agriculture and Environment Committee, Mr. President.

SPEAKER MARVEL: Senator Schmit, do you wish to...LB 396 which has to do with...Senator Carsten's bill on adoption of agricultural lime testing and we need the committee amendments.

SENATOR SCHMIT: Mr. President, members of the Legislature, I am going to let Senator Carsten explain the committee amendments because they basically constitute the bill and it is his bill and I don't want to take anything from him, and I wasn't at the hearing.

SPEAKER MARVEL: Senator Carsten.

SENATOR CARSTEN: Mr. President, members of the Legislature, you are most kind, Senator Schmit. I appreciate that. Mr. Speaker and members of the Legislature, LB 396 as amended by the Agriculture and Environment Committee does make some changes from the original bill but I accept them believing them to be to the advantage of the bill. They amend to lessen the regulatory burden of the original bill and to also clarify some of the provisions. Changes include the reduction of the licensing fee from \$25 to \$5 to be paid by the manufacturer, a requirement of a labeled package of liming material stating quality and quantity information, registration of all liming material with the Department of Agriculture, optional testing by the Department and reporting by net tonnage annual sales by the registrants and the licensees. Mr. President, I move for the adoption of the committee amendments.

SPEAKER MARVEL: Motion is the adoption of the committee amendments as explained by Senator Carsten. Record the vote.

CLERK: 25 ayes, 0 nays, Mr. President, on adoption of the committee amendments.

May 1, 1981

LB 396, 543

SPEAKER MARVEL: The motion is carried. Senator Carsten.

SENATOR CARSTEN: Now, Mr. President, LB 396 is a bill that I introduced on behalf of the Nebraska Farm Bureau Federation and the farming industry. Several years ago the federal government had a combination of matching funds and a program whereby lime was tested. It was a program where there was cost sharing. At that time lime was tested and we did have an analysis before it was put on and we knew for sure. When that lime act was suspended the Ag College also suspended the testing process. Since that time we have had no real serious problems but we have had a few cases where at least the farmer himself felt that he was not getting that which he had been told he was receiving. It did seem appropriate that we reinstate that testing program. We were in contact with the Ag Department. There were no problems with that and so we proceeded then to draft the bill as it is. I want to alert you also that there is a fiscal note with this but due to the changes in the bill by way of the amendments there is a revised version and I was told that we had to have an A bill with it which I have introduced this morning. It is a minimal amount for the use of the sampling and the testing and the extra work that the Ag College is going to have to do. It amounts to \$21,167. We do believe that the bill is all right. There has been some question relative to the slurry in the lime products which we believe is all right but I assure you and want to alert you at this point that we are going to continue to look at that, and if there is a problem there, on Select File we will be ready to correct that problem but we believe the bill is worthy of your consideration and your support and I move, Mr. President, that LB 396 as amended be advanced to E & R Initial. Thank you.

SPEAKER MARVEL: Motion is to advance the bill as explained by Senator Carsten. All those in favor vote aye, opposed vote no. Record the vote.

CLERK: 31 ayes, 0 nays, Mr. President, on the motion to advance the bill.

SPEAKER MARVEL: The motion is carried. Next bill, 543.

ASSISTANT CLERK: Mr. President, LB 543 (read title). It was read for the first time on February 3rd and referred to the Banking, Commerce and Insurance Committee and there are committee amendments from the Banking, Commerce and Insurance Committee.

SENATOR SCHMIT: Okay, Mr. President, members of the Legislature,

SENATOR CLARK: The bill is declared passed. The Clerk will now read LB 138, a constitutional amendment. It will take 40 votes to put this on the primary ballot. Senator Johnson, for what purpose do you arise?

SENATOR V. JOHNSON: Yes, I would ask unanimous consent of the body to have this passed over. With five members excused and this bill requiring 40 votes to go on the primary ballot, it really is swimming upstream it seems to me and I think maybe tomorrow morning we would have more of our members here.

SENATOR CLARK: Senator Marvel. All right, we will pass over it.

SENATOR V. JOHNSON: Thank you.

SENATOR CLARK: The Clerk will now read LB 396. Senator Carsten, for what purpose do you arise?

CLERK: Mr. President, Senator Carsten would move to return LB 396 to Select File for a specific amendment.

SENATOR CLARK: Senator Carsten.

SENATOR CARSTEN: Mr. President, members of the Legislature, I certainly do want to apologize to you for having to do this but in order for this bill to be what we believe to be proper, we need to do this and it was from the Attorney General's opinion that we have done it and I would move then, Mr. President, that we return the bill for this specific amendment. I have circulated the amendment to you. It is basically a clarifying amendment. The decision that was rendered on the potash bill a couple of years ago said it lacked clarity and was not detailed enough. This language in these two parts is taken from the court decision, the first one on page 2, strike "product" and insert "finished product which is sold in the normal course of business to the ultimate consumer and". Secondly, on page 6, line 12, after the period, insert "The distributor who first causes the distribution of the agricultural liming material into or within this state shall be responsible for compliance with the registration requirements of this section." Now this language is taken out of the correction bill that was passed last year relative to that potash. It is a clarifying and does answer the objection that the Attorney General had and I do believe we need it and I would ask your cooperation in bringing this bill back and adopting this amendment.

SENATOR CLARK: The question before the House is the return of 396. Is there any discussion? All those in favor vote aye, opposed vote nay. Record the vote.

CLERK: 27 ayes, 0 nays, Mr. President, on the motion to return the bill.

SENATOR CLARK: The bill is returned.

SENATOR CARSTEN: Now, Mr. President, I move for the adoption of the amendment as I have explained it.

SENATOR CLARK: You heard the motion. All those in favor vote aye. All those opposed vote nay. Record the vote.

SENATOR CARSTEN: I move for the advancement of LB 396 to E & R for engrossment.

SENATOR CLARK: You heard the motion. All those in favor say aye, opposed no. The bill is readvanced. Mr. Speaker.

SPEAKER MARVEL: Mr. Clerk, do you want to report first of all on E & R?

CLERK: Mr. President, my best information is at this point that all bills that the Legislature has considered this day will be reported back to the body approximately at 7:00 p.m. Yes, sir.

SPEAKER MARVEL: Seven o'clock, okay. Is that your report? Okay, now we will proceed, since we have to wait until they come up with E & R amendments, so it will take, what, an hour and a half roughly?

CLERK: Approximately, yes, sir. It might be sooner.

SPEAKER MARVEL: Then I would move in item #7, that we pass over LB 376 and LB 466E and LB 512 which is on the agenda for tomorrow.

SENATOR CLARK: How about 234? We amended the A bill I think this morning. We can't read 234. There is a motion on the desk.

CLERK: Mr. President, Senator Warner would move to amend the rule suspension motion to read, "All bills on Final Reading under item #7 of the agenda to exclude LB 412E.

SENATOR CLARK: We don't have the motion yet. Or do you have it up there? All right, go ahead. Senator Warner.

SENATOR WARNER: I had not indicated to the Speaker but I had...was waiting for an Attorney General's opinion on some provisions of LB 412 other than the interest rate and I would like, if no one objects, that we pass over that pending a letter from the Attorney General. So I would move that the motion be amended to exclude 412 from the suspension.
