LB 389-433

SPEAKER MARVEL: Senator Higgins.

SENATOR HIGGINS: Mr. Chairman and Senator Chambers, I merely want to state the fact that your very presence here and the fact that we are listening to you is a contradiction of your remarks that you do not have freedom. Thank you, Mr. President.

SPEAKER MARVEL: Senator Burrows.

SENATOR BURROWS: Mr. Speaker, members of the body, I would like to request permission we lay over the resolution until the hostages are in the air.

SPEAKER MARVEL: Any objection? If not, so ordered. We will go to item #6 now, introduction of bills.

CLERK: Mr. President, new bills. (Read by title LB 389-432. See pages 271-280 of the Legislative Journal.)

SENATOR CLARK PRESIDING

SENATOR CLARK: Could I have your attention just a moment, please? The AP has reported that the American hostages will fly out of Iran in the next thirty minutes. (applause).

CLERK: (Read by title LB 433. See pages 280-281.)

SENATOR CLARK: Senator Nichol, for what purpose do you arise?

SENATOR NICHOL: Mr. Chairman, members of the Legislature, I wanted to say something but I don't want to say it if we have urgent business to do. This will take about two or three minutes.

SENATOR CLARK: Continue, we don't have any business right now.

SENATOR NICHOL: Okay, Senator Marsh has a bill in having to do with mammals and I wanted to tell you the story of the three mammals if I may. May I do that, sir?

SENATOR CLARK: Go right ahead if it is funny.

SENATOR NICHOL: Well, I don't know about that but once upon a time there were three mammals who lived happily in Mammalary Land. There was a papa mammal that we called Pappy and mama mammal that we called Mama and baby mammal we called Babble and the reason we called baby mammal Babble was because he talked a lot and asked embarrassing questions.

SPEAKER MARVEL: Senator Fitzgerald, do you want to adjourn us until nine o'clock tomorrow?

SENATOR FITZGERALD: Mr. Speaker, I would like to adjourn the body until February 19th at 9:00 a.m.

short comment. Keep in mind that recently this year the S & Ls obtained considerable additional powers with regard to what were originally thought of as being banking functions. In short, what is happening is that the banking and the S & L industry are moving closer and closer together. The banking industry is, as you know, in the stock form completely now. The S & L industry is in the mutual form so we have two different types of organizations that as far as their functions are concerned are becoming the same type of organization and I suggest to you that in the future there will be long term benefits to developing a situation where everything is in the stock form structure that we know and that we understand and that has the kinds of incentives that we have seen work in this country for hundreds of years. So I would just leave you with that last comment and ask your support for the bill.

SPEAKER MARVEL: The motion before the House is the advancement of LB 500. All those in favor of advancing the bill vote aye, opposed vote no. Record the vote.

CLERK: 33 ayes, 1 nay, Mr. President, on the motion to advance the bill.

SPEAKER MARVEL: Okay, the motion is carried and the bill is advanced. Now the next bill is LB 425.

CLERK: Mr. President, LB 425 was introduced by Senator Don Dworak and Senator Bill Barrett. (Read title.) The bill was read on January 20. It was referred to the Banking, Commerce and Insurance Committee. The bill was advanced to General File. There are committee amendments pending, Mr. President.

SPEAKER MARVEL: Senator DeCamp.

SENATOR DeCAMP: Mr. President, we now switch from the Johnnie-Chrissie to the Donnie and Johnnie. This is a bill dealing with insurance brought to us by Senator Dworak. It sought to repeal certain sections of Nebraska insurance law. The committee accepted an amendment which essentially guts the bill. The gutting of the bill allows for reciprocity in countersignatures and I think that is all it does. I move the adoption of the amendment, and then if Senator Dworak wants to address technical explanations further, that is fine.

SPEAKER MARVEL: The motion is the adoption of the committee amendments. Senator Dworak, do you wish to talk to the committee amendments? Okay, all those in favor

of adopting the committee amendments vote aye, opposed vote no. Record the vote.

CLERK: 25 ayes, 0 nays on the adoption of the committee amendments, Mr. President.

SPEAKER MARVEL: The motion is carried. The committee amendments were adopted. Now, Senator Dworak.

SENATOR DWORAK: Mr. President, colleagues, the committee amendments are the bill. The original bill was brought to me by Charlie Noren, Senator Noren, and I didn't particularly care for that bill. Essentially that bill would have eliminated the requirement for countersignatures on insurance policies in the State of Nebraska. The way the system works is that if a policy is sold out of Iowa, Kansas, Colorado and other states, before that policy can be effective in the State of Nebraska a resident agent must countersign it. With the strengthening, in my opinion, of the Insurance Commissioners through the National Association of Insurance Commissioners, the need for state scrutiny has diminished. We have become more federal in nature. We also buy more insurance from national companies that do business in a variety of states. In an effort to placate my feelings on it, it was offered that we go into a reciprocity arrangement whereby if the State of Iowa does not require a countersignature law, Nebraska would reciprocate and not require a countersignature law of those Iowans selling insurance in Nebraska or vice versa. I really do think that there are some strong arguments in abolishing the countersignature law because really in fact that agent countersigning does very little to justify the ten or fifteen dollar countersignature fee that is required. So the net result of the bill more indirectly, and I am stretching on this, should really probably reduce the cost of insurance to consumers because it is one less cost that is imposed upon the delivery of the product. I am going to give the rest of my time to Senator Barrett who has cosigned this bill with me and worked with me on it and who I consulted with in great depth before I agreed to put my name on it.

SPEAKER MARVEL: The Chair recognizes Senator Barrett. Senator Barrett.

SENATOR BARRETT: Yes, Mr. Speaker. I simply want to rise in wholehearted support of LB 425 as presented so ably by Senator Dworak. We have consulted on the bill. It is simply setting up a reciprocity agreement with other states. It modifies the present countersignature law, and as Senator Dworak suggested, there is some sympathy

March 6, 1981

LB 425

with the abolishment of the entire countersignature law and I would be amenable to that. However, this is a step in the right direction providing reciprocity with other states. It will avoid unnecessary delay and unnecessary expense in the delivery of the insurance product to the insurance buying public. I urge you to support LB 425.

SPEAKER MARVEL: The motion is the advancement of LB 425. Senator Vickers, do you wish to speak?

SENATOR VICKERS: Mr. President, I would like to ask Senator Dworak or Senator Barrett a question, if either one of them would respond?

SPEAKER MARVEL: Senator Dworak, do you wish to respond?

SENATOR VICKERS: Senator Dworak, this countersignature that is required, if I understand it correctly and I would like you to clarify for me, what we are talking about is all forms of insurance sold in the State of Nebraska with the exception of life insurance, is that correct?

SENATOR DWORAK: That would be my basic understanding. I would rather say, basically, it is property and casualty and fire insurance so I would imagine that is right, Senator Vickers, with the exception of life insurance.

SENATOR VICKERS: In other words, life insurance can be sold by representatives from other states in this state without any resident agent countersigning anything, is that correct?

SENATOR DWORAK: That is my understand, Senator Vickers, yes.

SENATOR VICKER: Okay, thank you, Senator Dworak. I just wanted to get that clear in my own mind and I assume that perhaps the members of this body. Would you turn Senator Dworak's button back on, please?

SENATOR DWORAK: I think the life insurance industry generally has been more countrywide and not as provincial as the property and casualty insurance market has been. Examples, Farmers Mutual here in Lincoln who really do business no place other than Nebraska but life insurance companies traditionally have been broader in their scope in their marketing than property-casualty and that is why this requirement has held on in the area of property-casualty rather than life insurance companies. I think the thing you have to remember on this, Senator Vickers, is

March 6, 1981

LB 425, 194

that these companies that do business in other states must make a filing with that insurance commissioner, and if they are a nonadmitted company, that that requires another kind of license and we are not eliminating that requirement. That is a surplus lines license. So we are really talking about only those companies that have prior filing in the states they are doing business with. Okay?

SENATOR VICKERS: Thank you, Senator Dworak. That was one of my concerns. It seems to me that we have had in the past, at least in life insurance, agents coming from God knows where into Nebraska selling life insurance and I wanted to make sure we weren't opening that door to that other set of insurance agents also. Thank you, Senator Dworak.

SPEAKER MARVEL: Now before we advance the bill, the Public Health and Welfare will meet under the South balcony at 10:30 a.m. for a short meeting. The motion is the advancement of LB 425 to E & R for Review. All those in favor of the motion vote aye, opposed vote no. Record the vote.

CLERK: 29 ayes, 0 nays on the motion to advance the bill, Mr. President.

SPEAKER MARVEL: The motion is carried. The bill is advanced. The next bill is LB 194.

CLERK: Mr. President, LB 194 was a bill introduced by Senator Robert Clark. (Read title.) The bill was first read on January 15, referred to the Urban Affairs Committee. It was advanced to General File. I have no amendments on the bill, Mr. President.

SPEAKER MARVEL: The Chair recognizes Senator Clark.

SENATOR CLARK: Mr. President and members, this is a very simple bill. What it does is allow the city council or the village board to pass one ordinance one time, and if they ever want to change it, they can change it at a future date, as to how they either want to appoint or elect a library board. Right now they have to do this every two years. It is not only costly, time consuming. I think that Senator Hoagland has an amendment to the bill to take out some obsolete language and I will certainly agree to that, and I would move that it goes to E & R Initial.

CLERK: Mr. President, Senator Hoagland moves to amend the bill. (Read Hoagland amendment found on page 781, Legislative Journal.) Is that right, Senator? Okay.

SENATOR KAHLE: Mr. Speaker, really no comment on what you just said but I wonder if we wouldn't be ahead if you scheduled some of the real heavy bills on Friday and Friday afternoon instead of the consent calendar. Maybe people would stay here. In the going on five years now that I have been here, I have never left on a Thursday or a Friday when we were in session, and I resent the fact that many of you do leave for the last day no matter when it is, and I just really feel that you are not being very responsible and perhaps if we would handle some of those real tough bills on Friday, you would stick around. Thank you.
