The bill was advanced to General File. There are committee amendments attached, Mr. President. The membership considered the bill April 6th of this year. At that time the committee amendments were adopted. There was a motion by Senator Warner that was adopted at that time. I now have, Mr. President, an amendment by Senator DeCamp to the bill.

Mr. President, members of the body this is the green belt law, basically there has been agreement on the language of the bill in terms of clarifying just when and how it is to be used. The only issue outstanding at this time is what the interest rate should be in terms of those taxes not paid. Basically the present law says the interest rates will be 6%. The original proposal was to raise that to 14% to be in line with what we have done on all other interest rates, delinquent interest rates. The amendment that I have, I know that Senator DeCamp has an amendment, the amendment that I will be offering I will explain later.

SENATOR CLARK: Senator DeCamp. Oh, are you going to withdraw them?

CLERK: I believe that he is, yes, sir.

Mr. President, that is all that I have, Mr. President.

SPEAKER MARVEL: Okay, are we ready for item #6? Senator Wesely, do you wish to be recognized on item #6? Okay.

SENATOR WESELY: Mr. Speaker, members of the Legislature, there is a motion pending to return LB 389 from Final Reading to Select File for a specific amendment. That amendment is an amendment cosponsored by Senator Schmit and myself, the cosponsors of this bill to delay the operative date of this bill, LB 389, which provides for disabled family members to be served in their home. This program would be delayed until July 1, 1982. This would effectively eliminate the need for an A bill this year and this provision in this amendment is one which has been worked out in cooperation with the Welfare Department and with the budget office. I think you have on your desk a handout that was presented by me. It is a letter from John Knight to myself concerning LB 389 and his support for the concepts and aims of that legislation. He talks a bit about the Minnesota program. I would urge you to take a look at that. Also attached is a sheet showing some of the cost savings. There were questions before about, well, can you be more specific on cost savings on this program. The handout will give you some idea of where we can save money depending on the certain facilities we are talking about in providing that assistance. So I think it clearly is a program that has a lot of support. The concerns that were in the past was the fact that we just did not have the money this year with the budget as it was and so we are asking to delay implementation and, thus, not have any need for an A

SENATOR CHAMBERS: Mr. Chairman and members of the Legislature this is an issue which we have discussed from time to time this session. It is one of those highly emotional matters and it is difficult to handle an emotional manner in an unemotional fashion. But on the chance that I may get carried away in trying to maintain my cool, I'm having sent around to you a one sheet statement of what it is that I am attempting to do. The amount of money which is involved and the
