clear what was in the bill and easier for the public to follow. Germaneness is the same concept that you have one issue, one subject area and you stick to that and don't start spreading all over the place with what is in the bill. So this would attempt to clarify and make sure that that is the case in this legislative body.

SPEAKER MARVEL: Senator Nichol. Number 15. The motion before the House is the adoption of item #15 on germaneness. All those in favor of that motion vote aye, opposed vote no. Twenty-five. Have you all voted? Have you all voted? Senator Wesely.

SENATOR WESELY: I think we're giving up.

SPEAKER MARVEL: Okay, record the vote.

CLERK: 19 ayes, 21 ayes, Mr. President.

SPEAKER MARVEL: The motion lost.

CLERK: Mr. President, if I may I would like to read some items. New bills, Mr. President. LB 665 offered by Senator DeCamp, Labedz, Wesely and Kilgarin. (Read by title for the first time, LB 665-677 as found on pages 124-126 of the Legislative Journal.)

Mr. President, Senator Johnson asks unanimous consent to be excused tomorrow, Senator Vard Johnson.

The Retirement Systems Committee gives notice of public hearing for next Tuesday.

Mr. President, Senator Vickers asks unanimous consent to add his name to LB 192 as cointroducer.

SPEAKER MARVEL: Hearing no objections, so ordered.

CLERK: Mr. President, I have a new resolution, LR 202 offered by Senator DeCamp. (Read LR 202 as found on page 127 of the Legislative Journal.) Mr. President, I have a request from Senator DeCamp to refer that, LR 202 to the Reference Committee for purposes of referencing it to committee for a public hearing.

SPEAKER MARVEL: No objections, so ordered. Senator Warner, are you ready to take up item #16? Oh, I'm sorry, Senator Wesely. It's #16, appropriations process.

SENATOR WESELY: Yes, Mr. Speaker, members of the Legislature there has been a great deal of discussion the last

CLERK: Mr. President, Senator Koch would like to be excused from legislative activities tomorrow for purposes of attending the Nebraska Assessment of Educational Progress meeting.

And finally, Mr. President, LR 217 is ready for your signature.

SPEAKER MARVEL: While the Legislature is in session and capable of transacting business I am about to sign and do sign LR 217.

CLERK: Mr. President, your committee on Ag and Environment whose chairman is Senator Schmit reports LB 648 advance to General File; LB 678 advance to General File; LB 668 General File with amendments and LB 713 General File with amendments, all signed by Senator Schmit. (See page 617 of the Journal.)

SPEAKER MARVEL: Do you have any other items under #3? Okay, we're ready for item #4.

CLERK: Mr. President, the first bill on Select File, LB 215. There are E & R amendments pending.

SPEAKER MARVEL: Senator Chronister, do you want to move the adoption of the E & R amendments?

SENATOR CHRONISTER: That is right, Mr. Speaker, I do.

SPEAKER MARVEL: The motion before the House is the adoption of E & R amendments to LB 215. All those in favor of the motion as presented by Senator Chronister vote aye, opposed no.

CLERK: Mr. President, I now have an amendment offered by Senator Vard Johnson and Senator Landis. The amendment is on page 297 of the Legislative Journal.

SPEAKER MARVEL: Senator Landis. I'm sorry. Senator Johnson.

SENATOR V. JOHNSON: (Mike not on.) ...amendments in the Journal. I would ask that they be withdrawn.

SPEAKER MARVEL: Any objection? So ordered.

CLERK: Mr. President, I now have an amendment from Senator Vard Johnson, Senator Landis and Senator Chronister. (See pages 617-619 of the Legislative Journal.)

SPEAKER MARVEL: Senator Johnson.

SENATOR V. JOHNSON: I would like to describe this amendment if I could, Mr. Speaker, members of the body. Senator Chron-

they think they should be getting. They will simply make that adjustment beforehand so that the provision relating to 75% of the request is not necessarily going to have any effect whatsoever and I think maybe a sham and I think that this bill needs further amendment in the sense that it needs some mechanism to ensure that the telephone companies will themselves continue to negotiate the rates in a good faith method and without delay. If nobody else makes that kind of amendment I suppose I will be back with some suggestions in that regard on Select File. Thank you.

PRESIDENT: Any further discussion? Senator Clark, you may close.

SENATOR CLARK: What Senator Beutler says has nothing to do with the telephone company negotiating anything. The PSC can set this rate within seven months time. That is what it is for. They can do it. I don't care if they ask for 5000% more than what they think they can get. If they do this within seven months which they should do and the law says they should do it now, the PSC sets their rate and that is all there is to it. What this will do will make them set that rate within a seven month period of time. The telephone company does not want to go in and put in any kind of an artificial rate. They would much prefer to have the rate that is going to be set eventually anyway by the PSC and that is what the bill does. So the PSC will still set the rate regardless of what happens. The telephone company cannot come in and ask for 5000% more. The PSC will set that rate within a seven month period and I merely ask for the bill to go to E & R.

PRESIDENT: The motion is to ... he was closing, Senator Higgins. The motion is the advance of LB 633. All those in favor vote aye, opposed nay. Have you all voted? Record the vote.

CLERK: 31 ayes, 1 nay, Mr. President, on the motion to advance the bill.

PRESIDENT: The motion carries. LB 633 is advanced to E & R initial. The next bill is LB 668.

CLERK: Mr. President, LB 668 offered by Senators Barrett, Remmers, Sieck, Schmit and Richard Peterson. (Read.) The bill was read on January 6 of this year. It was referred to the Ag and Environment Committee for public hearing. The bill was advanced to General File. Mr. President, I do have Agricultural and Environmental Committee amendments attached.

PRESIDENT: The Chair recognizes Senator Schmit for purposes of considering the committee amendments. Senator Schmit.

SENATOR SCHMIT: Mr. President and members of the Legislature, the committee amendments explain the definition of a farm as an area ten acres or more in size that produces products for commercial production of agriculture. We generally agree to what Senator Barrett is doing. The bill is really Senator Barrett's bill and I added my name to it. It is similar to a bill which we had several years ago which gave protection to feedlots. Many people remember that bill. It is required that if a feedlot were located in an area first and as an existing institution that anyone who came and built next to it or adjacent to it did so with full knowledge and, therefore, the lot did not have to be moved. What Senator Barrett's bill does is state that if you have an existing farm operation and someone comes and locates next to it, that they did so knowingly and the farm is not going to be subject to nuisance suits of that nature. Senator Barrett supports the amendment and I would ask for its adoption.

PRESIDENT: Any further discussion on the committee amendments? Senator Beutler, you didn't wish to speak on this... all right. The question then before the House is the adoption of the committee amendments on LB 668. All those in favor vote aye, opposed nay. Record the vote.

CLERK: 27 ayes, 0 nays, Mr. President, on adoption of the committee amendments.

PRESIDENT: The motion carries. The committee amendments are adopted on LB 668. The Chair recognizes Senator Barrett for purposes of discussion of the bill. Senator Barrett.

SENATOR BARRETT: Thank you, Mr. President and members, the intent of LB 668 is to say simply that a farm or a farm operation cannot be declared a nuisance if it existed before any nearby development existed and would not have been declared a nuisance before any such development occurred. Now the bill then is simply intended to protect existing, and I emphasize the word existing, farm operations from the so-called nuisance suits. The intention, of course, is to strike somewhat of a fair balance between the existing farmer, the farmstead who has been there for years and from the more recently arrived, perhaps urban oriented, neighbors who all of a sudden after having arrived in the countryside and built a hundred thousand dollar home, seem to feel that conditions and activities emanating from that farm or farmstead might all of a sudden be considered offensive. For example, dust, odors, noise and that type of thing. The bill is very

simple, very straightforward, very short. It has been left open to considerable judicial interpretation. As amended we attempt to define the farm and farm operation. Then in Section 2 we say that farmers shall not be found to be a private or a public nuisance if the farm existed before any change was made in the use or occupancy of the land, and if before any change, the farm or the farm operation would not have been considered to be a nuisance. I think with this bill that such suits alleging farmers to be nuisances will be minimized. I think they will be able to be disposed of more quickly and it's the purpose of the bill of course to provide that agricultural activities conducted on farm land have some semblance of protection from this type of suit. I would move, Mr. President, that LB 668 as amended be advanced to E & R initial.

PRESIDENT: The Chair recognizes Senator Kahle.

SENATOR KAHLE: Mr. President and members, perhaps a question of Senator Barrett.

PRESIDENT: Senator Barrett, would you respond?

SENATOR KAHLE: Would this also affect the situation if you were a farmer and another farmer expanded his operation next to you? I guess I'm thinking about the ~~Leid~~ situation that we've all heard about. Does it have any effect between farmers?

SENATOR BARRETT: This speaks to the matter of existing farm operations. I presume you are talking about expansions, Senator Kahle?

SENATOR KAHLE: Yes.

SENATOR BARRETT: No, expansion would have to be considered by the courts on the principles of equity I should think on a case by case basis.

SENATOR KAHLE: So as a result let's say I'm farming outside of Lexington a little ways and there is a fellow feeding a few cattle over there next to me and he decides to feed five thousand. This will not affect...help me any then?

SENATOR BARRETT: I should think under those conditions that the bill would not be a great deal of protection to that person who expands because it speaks only to the narrow instance of existing operations.

SENATOR KAHLE: Okay, thank you. Well I have some problems and of course being a farmer I certainly agree with most of this bill and realize that it has caused hardship for a

number of people on the edges of towns and cities but I wonder if we are protecting each other from ourselves enough and I don't want to hold this bill up but I think it is something we should be thinking about. We have in our county a zoning ordinance that you can't put a feedlot within 660 feet of a person's house. That isn't far enough when the wind is from the wrong direction, I'll guarantee you, but it does protect that person from a little bit of the dust and the flies perhaps. But I'm not going to bother this bill but I think maybe we should protect the farmer against the farmer also in the future because it can ruin your whole setup if another operator comes in, a large operator, and causes you a hardship. Thank you.

PRESIDENT: The Chair recognizes Senator Higgins. Oh, okay, thank you. It won't be necessary because you are the last speaker or the last one so we're ready then for Senator Barrett. Or wait a minute. Just a minute. Senator Peterson had his light on just before I called that, so, Senator Peterson.

SENATOR H. PETERSON: Mr. Chairman and members of the Legislature, I just want to call attention to what we are really doing. I, as all of you know, live in Grand Island and we have a large area northwest of Grand Island but it is not incorporated that is now on the very edge of three huge feedlots and what we're really doing is saying we will not have any more expansion west in that area if we pass this kind of a bill. One of them happens to be a commercial feedlot. Now one question I'd ask Senator Barrett, does this legislation apply to a commercial feedlot?

PRESIDENT: Senator Barrett, will you respond, please.

SENATOR BARRETT: Yes, Senator Peterson, it certainly could I should think if that feedlot were existing before the nearby development occurred, however, we do have in law at the present time statutes speaking specifically to the matter of feedlots which should be in compliance with the EPA, I believe, so they may take precedence.

SENATOR H. PETERSON: Well this particular feedlot does comply with EPA but it is a commercial feedlot, nothing else, and I just, you know, feel that we may be getting to the position and I understand what you are trying to do but by the same token I think we have to recognize that communities need to expand and particularly in the case of a city like Grand Island where everything has moved to the west. Our whole shopping center is now Center West. The whole Northwest High School area is west. There are now 5,000 people out in that community and there is no question in my mind it

is going to continue to move west and I think maybe in some ways this bill may try to hinder that movement in spite of the fact that those people would have some tremendous advantages in selling their feedlots in terms of dollars and cents. I just believe at the moment that I can't support the bill.

PRESIDENT: The Chair recognizes Senator Higgins. Senator Higgins does call for the question. Do I see five hands? do. The question is, shall debate cease? All those in favor vote aye, opposed nay. Record the vote.

CLERK: 27 ayes, 0 nays to cease debate, Mr. President.

PRESIDENT: The motion carries. Debate ceases. Senator Barrett, you may now close. I believe there is about five minutes left if you want to take it.

SENATOR BARRETT: I would simply waive closing, Mr. President, and move the bill.

PRESIDENT: Okay, the question then is the advance of LB 668 to E & R initial. All those in favor vote aye, opposed nay. Record the vote.

CLERK: 30 ayes, 2 nays, Mr. President, on advancement of the bill.

PRESIDENT: The motion carries and LB 668 is advanced to E & R initial. The next bill up is LB 708.

CLERK: Mr. President, LB 708 offered by Senator DeCamp. (Read title.) The bill was read on January 8 of this year, referred to the Banking Committee for a hearing. The bill was advanced to General File, Mr. President. There are Banking, Commerce and Insurance Committee amendments pending.

PRESIDENT: And before we get to the Banking and Insurance Committee amendments, the committee amendments, the Chair takes great pleasure in introducing from Senator Warner's district some 28 senior citizens from Louisville, Nebraska, Mr. Jim Keyser, member of the Senior Citizens Board. They are up here in the North balcony and we welcome all of you to your Unicameral Legislature. Welcome. Now the Chair recognizes Senator DeCamp for purposes of discussing the committee amendments.

SENATOR DeCAMP: Mr. President, members of the Legislature, the committee amendments gut the bill and they do become the bill so everybody is aware of that. This is kind of a major subject. Every 10, 20, 30, 50 years something that existed
