restrict weights and it doesn't restrict length. It doesn't restrict three trailers or any number of trailers under the way this bill has been drawn. So I guess I think if the concern is a testing program for triple trailers and the concern is not to increase weights, well that is what the bill should do but that is not what the bill does do. The bill allows weights and lengths and it leaves all that discretion in the Department of Roads. I, for one, think our roads in the State of Nebraska are so bad today that we ought not do anything that would even potentially damage the roads in the state further and I will have some more information and some more comments about that later and what trucks in the state are costing us today and how much we are already subsidizing the trucking industry in the state by constructing roads and all the taxpayers, particularly those who drive cars and pickups and other vehicles are paying to already subsidize the trucking industry. I don't think we ought to give this kind of discretion to the Department of Roads. I urge you to vote against the committee amendment and to vote against the bill.

SENATOR CLARK: We are going to stop right here and take up the three bills that we have at four o'clock on Select File. Then if we have time after that before then at four-thirty we will come back to the bill. Senator Kilgarin, we are going to take up Select File, LB 755 first.

CLERK: No E & R, Senator.

SENATOR KILGARIN: I move we advance LB 755.

SENATOR CLARK: You heard the motion. All those in favor say aye, opposed. The bill is advanced. 756.

SENATOR KILGARIN: I move we advance LB 756.

SENATOR CLARK: You have heard that motion. All those in favor say aye, opposed. The bill is advanced. LB 933.

SENATOR KILGARIN: I move we adopt the E & R amendments to LB 933.

SENATOR CLARK: The motion is to adopt the E & R amendments to 933. All those in favor say aye, opposed. The E & R amendments are adopted. Now the advancement.

SENATOR KILGARIN: I move we advance LB 933.

why you shouldn't. Senator Chambers.

SENATOR CHAMBERS: Mr. Chairman and members of the Legislature, I think what Senator Beutler is trying to get the Legislature to do is what a group of philosophers known as the School Men used to do. They were renowned for being able to split a philosophical hair between the North and the Northwest Side. Now when you find a subject which is related to another subject but you say they are different because they are found in different portions of the statute books, I think that is straining at a gnat while maybe at another point swallowing a camel. From my experience with traffic citations, I had to do research in the statutes and there is legislation dealing with citations found in Chapters 39 as well as Chapter 29. They overlap. They supplement each other. And if one provision were amended, then I am certain that the amendment could be made to apply to the other part also despite the fact that they are in different chapters. So I want that statement into the record and I will not make a formal challenge of the Chair because the Chair has ruled consistently on this point despite the fact that I disagree. I also learn, and I saw what happened yesterday, Mr. Chairman, so I will not make a formal challenge.

SENATOR CLARK: Senator Beutler. All right, we will go to the next amendment. The Clerk wants to read some things in first.

CLERK: Mr. President, if I may very quickly, your committee on Enrollment and Review respectfully reports they have carefully examined and engrossed LB 755 and find the same correctly engrossed; 756, 933, all correctly engrossed.

Senator Koch would like to print amendments to LB 761; and Senator Chambers to 761.

Mr. President, new resolutions, LR 277 (read). That will be laid over. LR 278 (read). (See pages 1489-1491, Legislative Journal.)

Mr. President, Senator Cullan would like to print amendments to LB 753.

And I have an Attorney General's opinion addressed to Senator Vickers regarding LB 816.

Mr. President, the next motion I have on LB 408 is a motion to indefinitely postpone the bill. That is offered by Senator Wesely.

SENATOR CLARK: Senator Wesely.

CLERK: Mr. President, I have another motion.

PRESIDENT: Oh, another motion on this bill, all right.  
Read the motion.

CLERK: Mr. President, if I may right before that. Your Enrolling Clerk has presented to the Governor for his approval the bills that were read on Final Reading yesterday. (See page 1763 regarding LBs 127, 127A, 605, 755 and 756 in the Legislative Journal.)

I have a supplement to an Attorney General's Opinion addressed to Senator Beutler. That will be inserted in the Journal. (See page 1764 of the Journal.)

Mr. President, Senator Newell would now move to return LB 757 to Select File for a specific amendment, that amendment being to eliminate the State Board of Equalization's authority to set the sales and income tax rates.

PRESIDENT: The Chair recognizes Senator Newell.

SENATOR NEWELL: I won't speak long if I could have some silence. Thank you, that's not a bad deal. The proposal that I am offering this Legislature is one of those that you might call a...to use a colloquialism, a "fess up" amendment, and that is simply that it will strike the State Board of Equalization's Authority to set sales and income tax rates. We would have to bring 757 back one more time to set the income tax rate after this amendment is passed but I don't think that is any great problem. I think then we have a philosophically reasonable way of explaining this to the public. We can take this out of all of the politics and so forth and have the Legislature do what 49 other states do and that is set the sales and income tax rates. I think it would be very responsible. It would help the public understand just exactly who creates the problem. It is not only the Legislature, it is also the Executive, but at least places that authority between the Legislature and the Executive Branch and not solely in the Executive Branch. That way we won't have these kinds of election year situations when we have a real fiscal crisis. I would hope this body would accept this amendment. It is the right and philosophically correct thing to do.

PRESIDENT: The Chair recognizes Senator Hefner. Okay. The Chair recognizes Senator Burrows.

SENATOR BURROWS: Mr. Chairman, I support the Newell amendment. I think the situation over the last year and the failure
