LB 383, 547, 659, 854A

PRESIDENT: Before we get back into the agenda and taking up the agenda on Select File the Chair would like to announce that, some other birthdays. We have Senator Remmers. Senator Remmers, I believe you have a birthday on March 1 too, that you're trying to hide from us. We want to say happy birthday to you and to Senator Sieck whose birthday is the 29th day of February. You're one of those guys. You have a few birthdays so it is very important that we congratulate Senator Sieck on his birthday and Senator Remmers. Happy birthday. The Legislature will come back to order. Mr. Clerk, do you have some matters to read in at this time?

CLERK: Mr. President, very quickly, Senator Barrett would like to print amendments to LB 659. (See pages 904-905 of the Legislative Journal.)

Mr. President, a new A bill, LB 854A offered by Senator Fowler. (Read. See page 903 of the Legislative Journal.)

PRESIDENT: Alright we do have one more group. Oh, they have gone. We had a group from Senator Schmit's district from Wahoo. They were here during the ceremony. We will just note them for the record. We will go ahead then with Select File. The first bill is LB 547, Mr. Clerk, and Senator Kilgarin.

LB 854A

CLERK: Mr. President, (read title).

SENATOR FOWLER: Mr. President, if you look at the A bill, it kind of indicates the cost. The first year cost would be \$94,000. Subsequent years it would drop to \$43,000. The first year cost is higher because there is some equipment that needs to be purchased. Then the operating cost is simply for people to type up, develop this text that would be on the screen and to lease some text services and to operate the equipment. It would provide for someone that had a decoder on their TV, you would be able to get this screen of information of words of text anytime that ETV was being broadcast. Now if you don't have a decoder in your set, you would not get any information out of that. So it is essential that this only go to people who have decoders. The people that are purchasing those are the hearing impaired because they want to get this other service that Senator Pirsch was referring to and that is captioning under regular TV programs. So with that I would move for advancement of the A bill.

SENATOR LAMB: The motion is to advance the bill. All those in support vote aye, those opposed vote no.

CLERK: Senator Lamb voting yes.

SENATOR LAMB: Have you all voted? Record.

CLERK: 25 ayes, 8 nays, Mr. President, on the motion to advance the A bill.
