(Read record vote found on pages 853 and 854, Legislative Journal.) 28 ayes, 15 nays on the adoption of the resolution, Mr. President.

SPEAKER MARVEL: Motion is carried. The resolution is adopted. The Clerk has a couple of items to read into the record and then we will proceed with LB 304 on the agenda.

CLERK: Mr. President, your Committee on Education whose Chairman is Senator Koch instructs me to report LB 710 advanced to General File with committee amendments attached. That is signed by Senator Koch. (See page 854 of the Legislative Journal.) Your Committee on Ag and Environment reports LB 786 advanced to General File, and 962 advanced to General File, both signed by Senator Schmit as Chair. Senator Schmit would like to print amendments to LB 686 in the Journal; Senator DeCamp to print amendments to LB 936. (See pages 854 through 861.)

Mr. President, I have a report of Registered Lobbyists for the week of February 19 through February 24.

Your Committee on Public Health reports LB 456 advanced to General File with committee amendments attached; 835 to General File with committee amendments attached; 830 indefinitely postponed; 884 indefinitely postponed; 906 indefinitely postponed. (See pages 861 through 866 of the Legislative Journal.)

New resolution, LR 230 by Senator Wesely. (Read LR 230 as found on page 867 of the Legislative Journal.) That will be laid over, Mr. President.

Mr. President, LB 685, 834, 139 and 139A are ready for your signature.

SPEAKER MARVEL: While the Legislature is in session and capable of transacting business, I am about to sign and do sign engrossed LB 685, engrossed LB 834, re-engrossed LB 139, engrossed LB 139A. Now we are going to read the motion on LB 304.

CLERK: Mr. President, I have a motion from Senators Carsten and Warner to return LB 304 to Select File for a specific amendment. The amendment would read as follows: (Read the Carsten-Warner amendment.)

SPEAKER MARVEL: I failed to do one thing and I will do that and then we will come back to this. Senator Nichol asked for a short Exec Session of the Judiciary Committee

developed privately and I have stated that position on the floor of the Legislature many, many times. But I do not believe that checkoff dollars ought to be used to construct gasohol plants, and one of the reasons is the current situation that we see today. If you look at today's newspapers or watch the news today, you see that we have an oil glut in the United States, an oil glut worldwide. The Libyans are furious because they can't sell the oil that they have today.

SPEAKER MARVEL: Senator Cullan, you have one minute.

SENATOR CULLAN: And I guess that it's...I wonder, I have to question a little bit when those markets fluctuate so wildly whether it is wise of us to invest public dollars into that when private dollars are not being invested there today. If gasohol is fine, I think private money will take care of it and I don't think we need to put tax dollars into it. I would urge you to adopt the Warner motion.

SPEAKER MARVEL: Senator Kahle, do you wish to be recognized? We are almost finished with the time.

SENATOR KAHLE: Mr. Speaker and members, it is certainly not my intention to run out of time. I just have a...as I look at the bill and perhaps maybe a question of Senator Schmit, it does include the wheat checkoff, corn checkoff and the milo checkoff, does it not? He nods yes. I have always been an advocate of checkoffs and I am sorry, I guess, that we don't have better markets today, but we may have a poorer market if we didn't have the checkoffs. But I have, as Senator Cullan has mentioned, some misgivings about using that money for...certainly for gasohol plants at the present time, and I guess I am kind of concerned about these. I look at the committee statement where we have Ed Schrock, for instance, of the Cornrowers testifying for it and I know or think he is against this very thing of using the money for gasohol production. And, of course, we have the farmers organizations that are against it, at least some of them. So I guess I would resist at least part of the bill and perhaps it should be amended.

SPEAKER MARVEL: Okay, we turn to LB 962.

CLERK: LB 962 introduced by Senator Schmit, Hefner, VonMinden. (Read title.) The bill was read on January 19th. It was referred to Ag and Environment. The bill was advanced to General File, Mr. President. I have no amendments on the bill.

SPEAKER MARVEL: Senator Schmit.

March 5, 1982

LB 962, 839

SENATOR SCHMIT: Mr. President and members of the Legislature, this bill like many others has been around many, many times. At the present time it has several new wrinkles in it. Section 1 is very simple. It establishes the intent of the bill, and Section 2 has domestic firms, corporations and partnerships as well as individuals. It is a list of entities that would be afforded agistor lien protection. The section also modernizes various provisions regarding foreclosures of liens. Section 2 grants a first agistor's lien to domestic feeders when they feed cattle belonging to nonresidents. In other words, if I live...if I am operating a cattle feedlot and someone from Kansas ships cattle into Nebraska into my feedlot, it gives me a first lien on those cattle for the feed that I provide for them. In the past we have had other versions of the bill which have been opposed by the Bankers Association. This bill is supported by both the Nebraska Bankers Association and the Livestock Feeders Association. I am not familiar whether or not there was opposition at the hearing, but, very frankly, I believe the bill is a good bill, deserves to be advanced to Select File. I ask your support of the bill. In fact, Mr. President, there was no opposition to the bill.

SPEAKER MARVEL: Senator Hefner.

SENATOR HEFNER: Mr. President and members of the Legislature, I rise to support this bill. I am cosponsor of it, and I think it will help the livestock industry in Nebraska. I have tried to get some...I tried to get a bill passed several years ago and ran into problems with the Banking Association and now we have come to an agreement and, in fact, the Bankers Association spoke for the bill, and so, therefore, I would urge you to advance this bill.

SPEAKER MARVEL: The motion is to advance the bill. All those in favor of the Hefner motion vote aye, opposed vote no. The motion before the House is the Hefner amendment. Have you all voted? Do you want to advance the bill? Okay. Record the vote.

CLERK: 36 ayes, 0 nays on the motion to advance LB 962, Mr. President.

SPEAKER MARVEL: The motion is carried and the bill is advanced. The next bill is 839.

CLERK: Mr. President, LB 839 by Senator Beyer. (Read title.) The bill was read on January 14 of this year, referred to Miscellaneous Subjects. The bill was advanced to

SPEAKER MARVEL PRESIDING

REV. MORRIS VENDEN: Prayer offered.

SPEAKER MARVEL: If I could have your attention for a moment before we proceed. The chairmen had a meeting today and it was agreed that we would attempt to control debate as we have not done too well in the last few months and that we would try, for instance, with 652 to have the debate and the vote on advancement after one hour and that we try to have the pros and the cons of these issues so it doesn't take forever to get the point across. This time we're in a position where we either try to limit debate or many of the other issues will simply go down the drain. So the Chair would appreciate, the chairmen would appreciate your cooperation in trying to give people an opportunity on both sides and not spend all day in the discussion. Record.

PRESIDENT: Any further discussion? Senator Rumery, do you have any closing on the advance?

SENATOR RUMERY: Just this, Mr. President, there has been reference made to sinister moves by a lobbyist and I would like to say that Mr. Paul O'Hare worked with us and I can truthfully say that we have not considered that he was doing anything underhanded at all, and I would like to have that for the record. I ask you to move the bill.

Mr. President, I have a series of Attorney General's opinions. The first is to Senator Vickers regarding LB 647; one to Senator Wesely regarding LB 700; a third to Senator Hefner regarding LB 611; a fourth to Senator Haberman regarding LB 127; and a fifth to Senator Carsten regarding LB 816. All of those will be inserted in the Legislative Journal.

Mr. President, a new resolution, LR 270 offered by Senator Newell. (Read. See pages 1424 and 1425, Legislative Journal.) That will be laid over pursuant to our rules, Mr. President.

Finally, Mr. President, Senator Wiitala asks unanimous consent to remove his name as cosponsor from an amendment to LB 652, Request 2652.

SENATOR CLARK: Is there any objection? So ordered.

CLERK: That is all that I have, Mr. President.

SENATOR CLARK: All right, is Senator Koch here? I think we will go ahead and pass over Senator Koch's request here until he arrives. We will go to item #5 on General File, the priority bills, the revenue priorities, 757 is the first bill.

CLERK: Mr. President, LB 757 introduced by the Speaker at the request of the Governor. (Read title.) The bill was read on January 11 of this year, referred to the Revenue Committee for public hearing. The bill was advanced to General File, Mr. President.

SENATOR CLARK: Senator Carsten.

SENATOR CARSTEN: Mr. President and members of the Legislature, in the absence of Senator Marvel I suspect that I should take the bill. The bill is very straightforward. There is no committee amendment. It is in its original form to reduce the minimum of the overlevy or cushion from 3% to 2%. It was a recommendation from the Governor in a bill that he had introduced by Senator Marvel and I would move that it be moved from General File to E & R Initial.

SENATOR CLARK: We have a motion on the desk.
