stood up and suggested that these things ought to go to committee. I have said, "Fine, we will send them to committee." They have went to committee and they have come back out. There has been a good discussion. There has been a public hearing and, in fact, both of those cases the resolutions^s passed without opposition and I thought that that wasn't such a bad thing. I mean I started to believe in that kind of a process since, in fact, we had more information and less confusion on which to vote. But now Senator DeCamp has forgot that he is the guardian of the process and wants to ram this thing through. And maybe Johnny knows what he is talking about and he knows why this, you know, this great necessity to move this resolution through without any great analysis. Maybe he knows that. I really doubt it. I think that Johnny has got this double standard and that double standard is applied in different ways as double standards are and that is why Johnny suggests today that we don't need to know what we are talking about since it is not important anyways. I think there is time for public hearing. I would encourage this body to look at this program, to really understand what they are doing, to know what the abuses are that were tightened up and to know whether or not we were party to those abuses, and to know even more than that, whether in the national context, in a national context in fact this is the kind of program that we need or that we cannot or could not and should not have done it a different way. With that in mind, I would urge this body to send this to committee so that we can have that hearing, so we can have that understanding. Thank you.

SENATOR FENGER: Mr. President, members of the Legislature, I rise this morning to ask you to recognize and acknowledge with me the accomplishments of another of Nebraska's favorite sons. I think it is real interesting to note that many of our young men have gone on to fame and glory in many areas and in their lifestyle have become ex-Nebraskans. This has never happened to Bob Gibson. Bob Gibson honored the greater Omaha area by being a member of that community for years. He honored Creighton University by being a member of students in that school, and in all of his accomplishments he has never forgotten that he is a Nebraskan, and I seek the affirmative vote of the fellow members of this body in the adoption of this Resolution. Thank you.

SPEAKER MARVEL: Senator Newell.

SENATOR NEWELL: Mr. President and members of the body, I rise to briefly explain a few things which caused me,
